BMBA71-204	Strategy and Foresight	J | S	

Available J | S	Program Overview	Cricos TBA	Version 1

The Graduate Certificate in Business Administration comprises 40 credit points of Required Subjects, completed in one semester. The program provides a contemporary introduction to business administration, developing foundational capabilities in leadership, decision-making, negotiation, strategy, finance, and organisational performance. Delivered through intensive teaching blocks and an MBA orientation retreat, the program offers a flexible pathway into postgraduate business study, including progression to the Master of Business Administration and related MBA pathway programs.

Assumed Knowledge

Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.
