

2023

Postgraduate
Guide

Transform your career, transform your life.

When the sky is the limit, imagine where standout postgraduate qualifications could take you.

Underpinned by a highly personalised approach to postgraduate education, world-class academics, and industry connections - plus the flexibility to tailor your degree and timetable - further study at Bond can open doors to new opportunities, a new career, or a new role.

If you're seeking a change of career, a fresh challenge, or the next step, it all starts here at Bond University.

John Christie

FORMER US NAVY SEARCH AND RESCUE.
MANAGING DIRECTOR OF MODNPODS.
MBA AND FINANCE ALUMNUS.

"I started my business ModnPods in 2016 while I was getting my MBA from Bond, and went back for the Master of Finance when the business was established. Both degrees helped prepare me for different stages of ModnPods. I can confidently say a postgraduate degree is one of the best decisions I have ever made."

In a competitive workforce,
it pays to stand out.

Ongoing education is critical in today's ever-changing workplace, so it's important to choose a university and program that will set you up for success - and set you apart from the rest.

Learn from the best in the business

We know that the most valuable lessons can't be found in textbooks, but rather, are based in real-world experience. At Bond, you will learn under the mentorship and guidance of high-profile industry identities and internationally recognised researchers. With them, they bring decades of wisdom and a wealth of industry contacts, which ensure you will be gaining highly relevant skills and experiences that you can apply to your career immediately.

Build a global network

It isn't just your lecturers and tutors that will form part of your new network - future colleagues, clients and contacts are right by your side in class. Grow a lifelong professional network by studying alongside a diverse cohort of students from more than 90 countries, all of whom have a range of life and professional experiences to connect with and learn from.

Benefit from personalised career support

There are many reasons for pursuing postgraduate study. Whatever your ambition, you will have access to personalised career support services through our Career Development Centre. In the classroom, the connections you make with your industry experienced teachers - and their networks - have limitless potential to enrich your time at university, and your future career.

A postgraduate qualification, tailored to you.

Every person's background, experience, and personal and professional goals are different, so it's important that your postgraduate study path is created especially for you. Bond's postgraduate programs are designed with flexibility at their core, ensuring you can curate your studies to meet your career goals and to fit with life's many other commitments.

Start in January, May or September

Bond runs on an accelerated timetable with three semesters per year. Not only does this give you the flexibility to start your program on your terms, but it also enables you to complete a master's degree in as little as 12 months full time. Even if you choose to study part time, the three-semester schedule still permits you to accelerate your progress without an overwhelming workload.

Part-time study options

We understand that there's more to life than studying, which is why we offer part-time study options. You can complete your program with a reduced subject load each semester, creating space to pursue your academic dreams while chasing your professional or personal goals.

After-hours classes

Many of our programs offer after-hours classes, designed to fit around your professional and personal commitments.

Intensive subject delivery

Some subjects are also offered via an intensive mode of delivery, which means you can complete an entire subject over a short period of time - for example, a weekend or week-long period.

Career guidance, every step of the way

As a postgraduate student at Bond, you will have lifelong access to career development support through the Career Development Centre. Our team of experts are dedicated to ensuring your success, giving you access to a full suite of career services.

Be one of Australia's most sought-after graduates

Ask any employer - Bond has earned a reputation for its practical focus, global network, strong industry links, and world-class graduates. For three years, we have been rated Australia's top university for employer satisfaction*, recognising the quality of education, industry connections, facilities, resources and personalised experience that collectively set our graduates up for success in a constantly changing professional landscape.

Build a global network

Once a Bondy, always a Bondy. Our alumni know this to be true: Bondies are afforded ample opportunities to build lifelong and international connections with fellow students and academics across a diverse range of backgrounds. Dynamic discussion-based lectures and tutorials foster a collaborative environment that emulates the professional world, creating networking opportunities from your very first day.

Building a better business with bots

What started in the guest bedroom of Neeti Mehta Shukla's house has now become a \$US6.8 billion robotic process automation (RPA) company.

Ms Shukla graduated with an MBA from Bond in 1997 and launched her company, Automation Anywhere, with her husband in 2003. Within minutes they already had their first customer. Now, Automation Anywhere has its global headquarters in San Jose, California, and a client list including ANZ, University of Melbourne, Dell, Sprint and more. It has also deployed over 2.8 million bots to support some of the world's largest enterprises.

The company allows users to create custom software bots with Automation Anywhere technology that automates manual, repetitive business and IT processes. The bots, which utilise artificial intelligence (AI) and machine learning, can be configured to perform tasks assigned and controlled by the user.

The headquarters are a long way from Bond University, but Ms Shukla keeps the University close to her heart. She's even a member of the Bond Business School Advisory Board.

"The education, professors and courses were so impactful and also really diverse. I had the time of my life. All the friends I made there have been for life, and we still keep in touch and meet when we can," says Ms Shukla.

"It was a good combination of education that stretched my boundaries and allowed me to get the best from the world."

Neeti's full story at alumni.bond.edu.au/arch27

Choose your postgraduate path

Graduate certificate

A graduate certificate can be completed in just one semester full time – or four months at Bond. It is a postgraduate credential usually focused on a specific area of study. It typically includes four subjects.

Graduate diploma

A graduate diploma usually includes eight subjects and can be completed in two semesters – or eight months – full time at Bond.

Master's degree

A master's degree is a high-level qualification that can be completed in one to two years full time at Bond. Master's degree graduates demonstrate a strong understanding in a particular area of study. Many master's programs at Bond are accredited with professional organisations.

Research degree

Higher degree research programs suit students who want to pursue further research in a specific area. Bond offers a range of higher degree research programs including research master's programs and PhD study.

Microcredential

A microcredential is an executive training or professional development course which can often be completed online from anywhere in the world. They are often self-paced and relate to a specific, professional area of study. Learners who complete a Bond microcredential earn a digital certificate.

Note: For graduate certificate, graduate diploma and master's programs, each subject requires, on average, one two-hour lecture and one two-hour tutorial per week. Students should allow approximately six hours per subject per week for at-home preparation, additional reading and assignments – but this will vary from subject to subject.

I want to study and I have*...

Extensive professional work experience

You may be eligible to use your significant work experience to gain entry into some postgraduate programs, including a graduate certificate, graduate diploma, or master's degree.

A bachelor's degree

Enhance your existing qualifications, take the next step in your career, or change direction with a graduate certificate, graduate diploma, or master's degree.

A master's degree

Make an impact with further study that will set you apart from the rest with a Doctor of Philosophy (PhD).

Choose your study area

Deciding what to study next is a big decision, and one that usually involves careful consideration. In this Guide, you will get a glimpse into all of the possibilities postgraduate study at Bond can offer. Dive into our study areas, or visit our website to explore your program of choice in more detail.

	Actuarial Science and Data Analytics	12
	Architecture	12

Professor Steve Stern **PhD, MSci, BSc**

INTERNATIONAL STATISTICS EXPERT.
CUSTODIAN OF THE DUCKWORTH-LEWIS-STERN
METHOD. PROFESSOR OF DATA SCIENCE.

"I don't teach facts, I teach ideas. I'm not interested in my students regurgitating facts and theories about stats; I want them to understand the real reasons behind data analysis methods and understand how and when analytic techniques should, and more importantly shouldn't, be used.

"Data analysis is the skill of the future. If you know how to understand and analyse data, there is no industry or career in the world you can't be involved in somehow."

→ Communication and Creative Media

Bond's communication and creative media programs allow you to unlock your creative potential and tailor your degree to your unique goals. Learning from accomplished industry professionals, gain a diverse range of skills to further your career, and access state-of-the-art facilities that provide a platform for you to create, explore and grow.

Program	Starting	Duration	Fees per semester	CRICOS course code
Master of Communication	Jan, May, Sep	3 semesters (1 year)	\$16,840	078660G
Master of Communication / Master of Project Management	Jan, May, Sep	6 semesters (2 years)	\$13,440	088315J

Ross Healy

STORYTELLER. SENIOR CONTENT SPECIALIST.
COMMUNICATION ALUMNUS.

"I was working in a creative agency in Europe when I decided to return to Australia to complete my master's at Bond. I chose subjects I felt would give me the best transferrable skills. When I was studying, my job today didn't exist back then. Nobody would have known that social media would have taken over the way we communicate as it does today. Thanks to Bond, I left university with everything I needed to thrive."

→ Construction, Property and Planning

The construction industry is one of the largest economic sectors in Australia. Bond's construction, property and planning programs prepare graduates to take advantage of opportunities in these industries, gaining valuable connections and professionally recognised postgraduate qualifications that allow them to stand out in the workforce.

Professor Alan Patching

PROJECT DIRECTOR OF SYDNEY OLYMPIC STADIUM. PASSIONATE MENTOR. DIRECTOR OF INDUSTRY ENGAGEMENT.

"It's hard to imagine a better time to pursue a career in the construction, property and planning fields. The market is currently very strong, and with the Brisbane Olympics just ten years away, I strongly suspect these sectors will continue with vigour, and that will translate to ongoing opportunity for employment and rewarding careers. Bond's programs are delivered by experienced academics, many with substantial practical experience, which means students can be assured of cutting-edge information based on the very latest research and industry findings."

Sarah Marko

NUTRITION AND DIETETIC PRACTICE STUDENT.
PLANETARY HEALTH CAMPUS AMBASSADOR.
FOOD PHOTOGRAPHER.

"Bond has prepared me for the future in ways that I didn't expect. I've developed the knowledge and skills required to excel in my field, but beyond this, I've developed leadership skills that stem from the opportunities a small cohort brings. The individualised support I've received from professors has helped me not only to recognise my strengths, but to build on them - making a world of difference to how prepared I feel as I embark on my career."

→ International Relations, Politics and Arts

Informed by research, flexible in their structure and practical in their application, Bond offers a number of degrees in international relations, politics and arts. You will enjoy a challenging academic environment and direct access to your lecturers, inspiring you to reconsider what's possible in your chosen career and industry.

Tony Yang

MASTER OF INTERNATIONAL RELATIONS ALUMNUS.
FOOTBALL FANATIC. SPORTS DIPLOMAT.

"My passion for soccer paired with my international relations degree resulted in an opportunity to travel the world refereeing at different football clubs. The contexts I was able to explore, particularly after COVID-19, offered insight into how sports might relate to geopolitics and sociology.

"I was then fortunate enough to be introduced to sports diplomacy expert Dr Stuart Murray, who is now my current PhD supervisor. Now, I stay involved on the field as a referee, which in turn feeds into my research in sports diplomacy and my passion to continue exploring all the sporting industry has to offer."

→ Law

The Faculty of Law is one of Australia's most highly regarded law schools. Delivered by experienced, world-class legal practitioners in state-of-the-art teaching facilities, our range of innovative postgraduate law programs are designed for those who wish to switch to a career in law, or specialise in a particular field.

Jacqueline Yeats

**DIRECTOR AND FOUNDER OF MINDFUL & CO KIDS.
PSYCHOLOGY ALUMNA. ENTREPRENEUR.**

"My mantra is 'if it were easy, everybody would be doing it'. I came up with the idea for Mindful & Co Kids, a children's educational product-based business, while I was writing my thesis for my postgraduate psychology degree at Bond. My business is still new, but I'm so proud of my team and what we have achieved in such a short amount of time. In 2021 one of our products was featured in Oprah Winfrey's annual Oprah's Favourite Things list."

→ Psychology, Criminology and Social Sciences

Bond's psychology, criminology and social sciences courses lead the way in teaching and research. We offer postgraduate study options designed to help you achieve your career goals and make meaningful societal change. With small class sizes and a practical, hands-on approach, you'll have personal support every step of the way.

Dr Peta Stapleton

EMOTIONAL FREEDOM TECHNIQUES EXPERT.
2019 AUSTRALIAN PSYCHOLOGIST OF THE YEAR.
ASSOCIATE PROFESSOR.

"We tend to only properly celebrate the bigger, impressive, outstanding achievements in our lives. But if you think about it, most of our lives are spent between these large milestones. Make sure to celebrate the journey along the way, and the smaller wins too."

Higher Degrees by Research

At Bond, we offer postgraduate research degrees at master's and doctoral levels in all faculties, including the Master by Research, Master of Philosophy (MPhil), Doctor of Legal Science (SJD), and Doctor of Philosophy (PhD).

As a university, we foster innovative and entrepreneurial research that contributes to new ideas in regional, national and global contexts. Our partnerships with private enterprise, industry organisations, government agencies, and international universities give candidates opportunities to learn and work with world-leading ideas and people across a range of knowledge economy disciplines.

As a Bond research candidate, you will be part of a high-quality research environment, and will benefit from our strong focus on postgraduate research studies. The Bond experience enables a number of benefits, including:

- Access to external and University scholarships
- Our team supervision approach, which provides students with access to a broad range of research skills and expertise
- Access to a wide array of undergraduate and postgraduate subjects
- Foundational research training, including the theory of knowledge, research methodology, ethics, and research communication
- An 'innovation induction' and professional development programs to enhance the educational experiences of postgraduate research students
- Comprehensive research support including publications, grants and ethics

The Research Training Program provides fee-free postgraduate research degree places to eligible Australian and New Zealand citizens and Australian permanent residents. Each Faculty offers specialty expertise and independent research capabilities in a range of disciplines - explore our research areas.

For more information and to express your interest, visit bond.edu.au/postgradresearch.

Bond has a number of university research centres providing high-quality research opportunities to Higher Degree Research (HDR) students.

Take your degree for a test drive

Designed to help you make the best possible choice when considering further study, our unique Postgraduate Test Drive experiences provide unrivalled insight into what's to gain from commencing a postgraduate degree at Bond - in just one hour. Join us for a curated experience that answers all of your questions about postgraduate study, and connects you with the people and mentors you'll meet throughout your degree. Register for a Test Drive virtually, or in person at our Gold Coast campus, or at our new Brisbane teaching location.

During your Test Drive, you will:

Meet your academics

Begin forging those crucial connections before you even enrol in your degree! During your Test Drive, you will speak with someone who can equip you with the knowledge you need to excel at further study and in your career - one of our world-class academics.

Find the perfect fit

Explore our wide variety of study areas and postgraduate degrees, and emerge with confidence, knowing that your next step is the right one - the ideal next move along your journey to achieving your aspirations. Plus, tour our innovative facilities and discover the learning resources you can leverage throughout your degree.

Focus on student success

Learn more about the guidance we offer to postgraduate students, including personalised career support through our on-campus Career Development Centre, as well as unique networking, mentorship and industry engagement opportunities. And, no matter when you last studied, our Academic Skills Centre will provide you with all the support you need.

See what postgraduate life has to offer

It's our mission to help you get set up for a brilliant career, which is why relationship building and networking opportunities are central to our postgraduate degrees. Discover how we accelerate your industry readiness, and explore other facets of postgraduate life, such as social events and our award-winning student experience.

Test Drives now available in Brisbane

Our Postgraduate Test Drive experience can now be accessed at our new Brisbane teaching space. Established to help you connect with nearby businesses across a range of critical industries, our Brisbane teaching location is home to a curated range of postgraduate programs*.

Book an in-person or virtual test drive:

bond.edu.au/test-drive

* Our program offering in Brisbane is limited and does not encapsulate all study areas. For more information, visit bond.edu.au/brisbane

Financing your degree

An investment in your qualifications is an investment in your future. If you choose to complete postgraduate study at Bond, you can access a number of financing options to support your studies, from the Australian Government's interest-free FEE-HELP scheme, through to loyalty discounts and student funds.

FEE-HELP

FEE-HELP is an interest-free student loan program funded by the Australian Government for all Australian citizens and others who meet the eligibility requirements.

As of 2022, students can borrow up to \$109,206 for any program except medicine, which has a limit of \$156,847. Repayments are made through the taxation system at a minimum rate of 1 per cent per annum when your annual income reaches \$47,014 (2021-22 financial year). The rate of repayment increases as annual income increases.

You can apply for FEE-HELP online using your Student Identification Number once you have received an offer from Bond University.

studyassist.gov.au

Loyalty discounts

Bond offers a number of loyalty discounts to students who have a direct family member studying an eligible program at Bond, or who have already completed an eligible program here. These loyalty programs may provide a reduction of up to 10 per cent on tuition fees.

Other government assistance

Most Australian students who receive some form of government income support are on either Youth Allowance, Austudy or ABSTUDY. Contact Centrelink for more information on eligibility.

Student Opportunity Fund

As a Bond student, you will have access to a range of experiences and activities that will enhance your learning. The Student Opportunity Fund can help to finance those added extras with assistance available up to \$2,000. For more information, visit bond.edu.au/student-opportunity-fund.

Celine Xia

FORMER YOGA INSTRUCTOR.
JURIS DOCTOR STUDENT. LAW CLERK.

"Having previously studied a Master of Accounting and MBA at another university, I have been so impressed by Bond, its amazing facilities and how it provides a platform to learn, grow and make mistakes. I am mentored by my professors and have access to personal support. The Career Development Centre helped me to find a work placement at a local firm, where I'm practising my legal skills in industry and preparing to take the next step in my legal career."

Scholarships

Bond recognises and rewards future leaders through our scholarship program. Every year, we award part-fee scholarships and bursaries to postgraduate applicants who have demonstrated outstanding academic abilities, community involvement, sporting achievements and leadership skills.

Bond University scholarships (non-research based)

Bond University funds a number of scholarships for students studying at a postgraduate level.

For information on all postgraduate scholarship opportunities, including application deadlines, eligibility criteria and scholarship conditions, please visit bond.edu.au/scholarships or contact your Postgraduate Relationships Manager by visiting bond.edu.au/contact.

Bond University Higher Degree Research scholarships

Higher Degree Research (HDR) scholarships aim to ensure students have sufficient resources whilst studying at Bond.

Scholarships are awarded to commencing doctoral degree research students through a competitive selection process, and provide financial support to HDR students for a specified period while they are studying. Learn more at bond.edu.au/researchers/higher-degree/scholarships-support.

Research Training Program

These scholarships are funded by the Australian Government. Stipends and fee-waiver scholarships are available for domestic and international students seeking to undertake research-based postgraduate degrees. For further information, visit: education.gov.au/research-training-program or bond.edu.au/researchers/higher-degrees/scholarships-support.

Your postgraduate journey starts now

1

Take a test drive

Choosing to study is a big decision, so rest assured we are here to support you every step of the way. Take our postgraduate programs for a Postgraduate Test Drive before you apply. Contact us to arrange a personalised experience.

bond.edu.au/testdrive

2

Pick your program

Deciding on a postgraduate degree is a personal choice, but you're not alone - we're here to help. Browse our range of postgraduate programs online, and contact us if you have any questions.

3

Start your application

Apply direct to Bond through our online application form. Applications for most Bond programs (excluding the Medical Program[^]) can be lodged at any time directly to the University - you do not need to go through QTAC. Applications for the Medical Program are only open to domestic students and must be lodged through the Queensland Tertiary Admissions Centre (QTAC) at qtac.edu.au.

4

Upload all required documents

Make sure you complete all required fields in your application form and upload any required documentation.

You may be asked to submit documentation including:

- Academic transcripts
 - Photo identification
 - Professional references
 - Any other documents required for specific programs
-

5

Submit your application

Agree to the application declaration and click 'Submit'. You'll receive an email from Bond University to confirm your application was successfully submitted. The application review process will normally take two weeks, provided all your supporting documentation has been received.

6

Receive your Letter of Offer

Keep an eye on your inbox. If your application is successful, you will receive an official offer for your postgraduate program via email.

7

Accept your Letter of Offer

You are two steps away from confirming your place at Bond. To accept your offer, all you need to do is log in to our online application service and follow the instructions to complete the FEE-HELP form online or pay the required fees as listed on your offer.

8

Attend Orientation

Orientation is the perfect time to start building your network, learn your way around campus and complete your enrolment at Bond. The Orientation experience features an exciting program that includes dedicated postgraduate events. There are also lots of information sessions held on campus and online that will assist you with preparing to study.

* Fees per semester are based on an average calculation of 2023 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as the Student Services and Amenities Fee, accommodation, textbooks and living costs.

** Fees vary due to differences in individual study schedules. Contact hdr@bond.edu.au to learn more. For more information about entry requirements, visit bond.edu.au/program

[^] Additional costs may apply.

A standout career starts here.

If you're ready to transform your career – and transform your life – Bond University is the place to start. Lay the foundation for a brilliant future at our Gold Coast campus or our innovative new Brisbane teaching location. Scan the code to get in touch with our dedicated Postgraduate Relationships Manager to discuss your study and career options, and receive support at every step along the way.
