Fees paid may be forfeited.
(b) The University may withdraw an offer of admission, refuse admission and/or cancel the enrolment of a student where such offer/admission/enrolment:

      (ii) the applicant or the presence of the applicant poses a risk to the students and/or staff of the University or the wider University community; and/or
(iii) the admission of the applicant may prejudice the reputation, management, good governance or discipline of the University.

(c) A student who decides to withdraw from on-campus accommodation and vacate their room at any time during the semester will be charged the appropriate weekly rate for the time spent in Residences plus a levy of up to a maximum forfeiture of the balance of their full semester accommodation fees.

46 Financial Aid Disbursements

(1) Provided financial aid is current and all conditions have been met in accordance with the Scholarships, Bursaries and Financial Aid Regulation

(a) Financial aid is disbursed as a reduction in tuition fees each semester by the percentage rate awarded.

(b) If a student is granted financial aid after the commencement of study, or if the value of the financial aid is amended, the financial aid will be applied to remaining subjects only. It is not retrospective.

(c) Financial aid is applicable to standard enrolments only; it does not apply to students auditing a subject.

(d) In the case of a combined degree where only one Faculty grants financial aid, or where each faculty grants a different percentage, the percentage rate will be calculated on the proportion of the degree delivered by each Faculty. This proportion is 50% of the whole in all cases EXCEPT where an LLB is included when the Law Faculty funds 66% and the other faculty funds 33%.

(e) All proportional allocations are undertaken on this basis at a program level – under no circumstances are the actual subjects taken into account or used in this calculation. For example, where a student is enrolled in Commerce/Arts degree (32 subjects) and is granted a Bond Business School scholarship of 40% and a Faculty of Society & Design scholarship of 20% the student will receive 20% discount from the Bond Business School and 10% from the Faculty of Society & Design for a total of 30% overall. This is calculated as the Commerce degree is nominally half the 32 subjects and the Arts degree is nominally half the 32 subjects. Therefore Bond
Business School will contribute 40% for 16 subjects, which is rounded down to 20% overall. The Faculty of Society & Design will contribute 20% for 16 subjects which is rounded to 10% overall.

(a) It is suggested that the Executive Dean or delegate and appropriate senior academic staff review these marks before the Board of Examiners meets, and only submit changes to the marks with the agreement of the staff member responsible for the subject.

(b) When there is a disagreement between the Executive Dean and the subject staff member, then the Board of Examiners will decide to accept or change the marks.

(c) If the marks are changed against the subject staff member’s wishes, then they may appeal to the Academic Senate Executive, which will make the final decision. If the Executive Dean involved is already a member of the Senate Executive, then an independent Executive Dean should be used as a replacement.

(5) The Board of Examiners will also be responsible for examining all grades and grade distributions.

(6) The Deputy Vice Chancellor (Students & Support Services) will not transmit results to students until ratified by the appropriate Board of Examiners.

51. Deferred Examinations

(1) A deferred examination may be granted to a student by the Deputy Vice Chancellor (Students & Support Services) or delegate where the student can demonstrate an inability to sit, or perform at the minimum level of their demonstrated abilities, the original examination for medical or compassionate reasons, or as a result of unexpected and exceptional circumstances beyond the student’s control.

(2) Students are required to apply using the official Application for Deferred Examination form within 2 working days following the day of the scheduled examination. The form must be submitted along with appropriate documentary evidence to the Student Business Centre.

(3) If an application is based on medical grounds, a student must submit the Bond University Student Medical Certificate completed by an Australian registered medical or dental practitioner stating:

(i) the date on which the medical practitioner examined the student
(ii) the severity and duration of the complaint, expressed as a medical opinion. Certificates merely reporting the student’s account of an illness will not be accepted.
(iii) the practitioner’s opinion that the student was unable to sit the exam on the scheduled date of the examination.

If it is not possible to use the Bond University Student Medical Certificate a student may submit a certificate from a medical practitioner provided the certificate contains information as requested on the University certificate and covers points (i), (ii), and (iii) above.

An application will not be approved if the medical certificate submitted by the student has been provided by:

(a) a family member who is a doctor; or
(b) a medical practitioner following an online or telephone medical consultation.

Foreign medical certificates will only be accepted in exceptional circumstances subject to approval by the Deputy Vice Chancellor (Students & Support Services) or delegate.
Applications based on non-medical grounds must be accompanied by documentary evidence supporting the case plus a signed statutory declaration attesting to the unexpected and exceptional circumstances beyond the student’s control that precluded them from sitting the relevant examination. Students who wish to defer a centrally scheduled end of semester examination due to religious commitments must provide written notice of their intention to the Student Business Centre no later than Week 7 of the relevant semester.

The following would normally be considered acceptable grounds for deferring an examination:

a) illness or medical reasons
b) accident
c) serious personal or emotional trauma (e.g. bereavement)
d) religious commitments
e) events or sporting commitments at a state, national or international representative level
f) 3 scheduled examinations which commence within less than 24 consecutive hours

Students who intend to rely on grounds 5 (c), (d) or (e) must seek advice from the Student Business Centre before the scheduled examination date if they are unsure whether their application would meet the criteria above. To the extent it is possible, students who have fallen ill or suffered an accident before the relevant examination should also seek advice from their program adviser if they are unsure whether their application would meet the criteria above.

Once an official examination period has commenced, including perusal time, a student undertaking the examination will be deemed to have sat the examination. A request for a deferred examination will not be considered if a student leaves an examination for any reason once the official examination period, including perusal time, has commenced.

(a) Approval will not be granted where it is reasonable to expect that the circumstances could have been avoided. The following would be considered unacceptable grounds for deferred examination:

i) travel or holiday arrangements
ii) misreading the examination timetable
iii) a desire to spread assessment tasks to yield improved performance*
iv) events and sporting commitments that are not at a state, national or international representative level
v) applications normally received after the prescribed deadline

(b) With the exception of students covered by sub-clause 6(c), a student will only be granted a deferred examination in one semester of their program, for no more than four subjects in that semester. In exceptional circumstances, which are properly substantiated, or in the case of a Faculty approved internship, a subsequent application may be approved.

(c) Students with disabilities or long term medical or psychological conditions, who by the nature of their condition may require deferred examinations more than once, may be exempted from the requirements of sub-clause 6(b) if they:

(i) are registered with the Disability Office; and
(ii) submit their applications in accordance with Clause 51(2); and
(iii) are able to support their application with current medical documentation in accordance with Clause 51(3).
* Applications may be rejected if there is reason to believe a student is trying to gain an unfair advantage through deferred examination. The student’s academic record and prior history of deferred examinations will be considered when making this judgement.

(7) The result of a deferred examination will be made available after being ratified by the Executive Dean or delegate as follows:
Mid Semester - normally no later than Friday of Week 12 of the current semester; and
End of Semester – normally no later than Friday of Week 1 of the semester immediately following the semester in which the original examination should have been undertaken.

(8) Deferred mid-semester examinations
(a) Deferred mid-semester examinations will be scheduled by the Student Business Centre on Friday and Saturday of Week 9. Applicants will be advised of the timetable by the Student Business Centre.
(b) For other interim examinations that are eligible to be deferred, students will be required to contact the relevant academic staff from the Faculty to organise alternative arrangements.

(9) End-of-semester deferred examinations are conducted during orientation week of the immediately following semester. Students must be available to sit their deferred examination/s on any day from Wednesday to Friday of that orientation week. The timetable for deferred exams will be published by close of business on Monday of Bond orientation week. It is the student’s responsibility to contact the Student Business Centre if their subject has not been scheduled or there is some other discrepancy.

(10) Assessment standards for deferred mid-semester and end-of-semester examinations will be the same as the assessment standards for standard mid-semester and end-of-semester examinations.

(11) Deferred Deferred Examinations
a) Deferring an existing deferred examination is not permitted. Students who do not sit the officially scheduled deferred examination are not permitted to apply for a further deferred examination for that subject and must accept a fail grade for the examination.

b) In extraordinary and severe circumstances the Deputy Vice Chancellor (Students & Support Services) or delegate may use his/her discretion to consider alternative arrangements.

c) Results for any approved alternative arrangements must be finalised by:
Mid Semester - the end of Week 12 of the current semester; and
End of Semester – the end of Week 3 of the semester immediately following the semester in which the original examination should have been undertaken.

(11) Deferred Deferred Examinations
a) Deferring an existing deferred examination is not permitted. Students who do not sit the officially scheduled deferred examination are not permitted to apply for a further deferred examination for that subject and must accept a fail grade for the examination.

b) In extraordinary and severe circumstances the Deputy Vice Chancellor (Students & Support Services) or delegate may use his/her discretion to consider alternative arrangements.

c) Results for any approved alternative arrangements must be finalised by:
Mid Semester - the end of Week 12 of the current semester; and
End of Semester – the end of Week 3 of the semester immediately following the semester in which the original examination should have been undertaken.

d) Students unable to undertake alternative arrangements are not permitted to apply for a further alternative arrangement for that subject and must accept a mark of zero for that assessment.

Note – Students on clerkships and study tours etc. would fall under sub-clause 11(b) but management of these cases is delegated by the Deputy Vice Chancellor (Students & Support Services) to the relevant Faculty.

52 Examiners
(1) The Chief Examiner and, where appropriate, assistant examiners, in each subject shall be appointed by the Executive Dean of the subject Faculty.
(2) The Executive Dean of the subject Faculty shall also be empowered to appoint such external examiners as are considered appropriate.

(3) The Chief Examiner in each subject shall be responsible for the preparation of any examination papers required for the subject. The papers shall be provided to the officer of the University in the time and form prescribed.

53 **Grading System**

(1) There are two grading systems:
- Graded system with HD, D, C, P, F; and
- Ungraded system with UGP and UGF.

(2) In addition, a student may be awarded:
- ATP, AN, EX, FSU, PSU, W, WF.

(3) The interim result codes are DE, INC, ICON SU and Z.

54 Release of results
Grade reports will be advised to students via the Bond Web site (www.bond.edu.au). Students with outstanding fees or other sanctions may have their results withheld.

55 Review of Results

(1) Review of Interim Assessment Items
(a) A student who is not satisfied with their marks for an interim assessment item should initially approach the lecturer or subject coordinator to discuss their marks,
(b) A student who is not satisfied with the outcome of the discussions with the lecturer or subject coordinator may request a formal review of their marks by the Executive Dean or delegate of the relevant Faculty.
(c) The request must be in writing and must provide the grounds for the seeking of a review.
(d) The request must be submitted within 14 semester days of the student being advised of the original marks.
(e) In exceptional circumstances only, the Executive Dean or delegate may approve an extension to the deadline for submission of a review of interim assessment marks.
(f) The Executive Dean or delegate will conduct the review and advise the individual of the outcome in writing within 14 semester days from the date of lodgement of the request for review. This period may be extended by the Vice Chancellor if satisfied that the delay is reasonable.
(g) A student who believes the outcome of the review to be incorrect may lodge an appeal against the decision in accordance with Division 9 – Complaints and Appeals for Review of Decisions (Clause 82.2).

(2) Review of Grade
(a) For the purposes of these regulations a Review of Grade is defined as a review of a final subject examination or other final assessment item. The review will determine whether the final subject examination or other final assessment item was correctly marked, and whether the aggregate marks for all assessment components for the subject have been taken into account.
(b) Reviews of interim assessment items are subject to the regulations outlined in Clause 55(1) and will not be undertaken as part of a Review of Grade.
(c) A student may seek a Review of Grade by lodging a Review of Grade/Final Examination Application with the Student Business Centre via eStudent, no later than the first Wednesday of the semester following the final examination or assessment.
(d) A student who has sat a deferred examination may seek a Review of Grade by lodging a Review of Grade/Final Examination Application with the Student Business Centre via eStudent no later than 14 semester days following publication of the result of that final deferred examination.
(e) In exceptional circumstances only, the Executive Dean or delegate of the relevant Faculty may approve an extension to the deadline for submission of a Review of Grade.
(f) A Review of Grade may lead to no change or to a less favourable or more favourable outcome for the student. Where there is no change of result, except where
the original result was a fail grade, a fee of $50 per subject will be charged to the student’s account.

(g) For the purposes of a Review of Grade the relevant Senior Officer will be the Executive Dean or delegate of the Faculty responsible for the program in which the individual is enrolled.

(h) The Student Business Centre will notify the student of the outcome of the review by email in due course and charge the student’s account if required.

(i) A student will be advised of the outcome of their Review of Grade normally no later than Wednesday of Week 2 of the semester following the final examination or assessment.

(j) A student who believes the outcome of the review to be incorrect may lodge an appeal against the decision in accordance with Division 9 – Complaints and Appeals for Review of Decisions (Clause 82.2).

56 Special Requirements Examinations

(1) Students may apply for special arrangements for their examination, for example if they have a medical condition or otherwise that will affect their ability to sit their examination(s) under normal circumstances.

(2) The form and supporting documentation from a relevant professional must be lodged with the Disabilities Officer no later than Friday, Week 4 of the semester.

(3) For the application to be considered, it must be accompanied by documentation which details the condition/impairment and which may also stipulate any special requirements. This information should be submitted to the Disabilities Officer in Student Services who will treat the matter in confidence.

(4) Special requirements are subject to approval by the Deputy Vice Chancellor (Students & Support Services) or nominee.

(5) Students, who do not utilise the additional time during the course of the examination, will have this extra time deducted from the examination period.

57 Supplementary Examinations

(1) A supplementary examination is an examination or assessment that may be granted at the discretion of the Executive Dean or delegate of the subject Faculty to a student who:

- has failed the final subject of their program, undertaken in their last semester required for graduation; or
- has failed a subject in their penultimate semester and this particular subject is required for graduation and it or an alternative subject is not offered in their last semester.

A supplementary examination is not available to a student who has failed a subject in their penultimate semester and credit for another subject undertaken in their last semester will allow the student to graduate.

(2) A student will only be entitled to one supplementary examination in a program.

(3) The discretion to grant a supplementary examination will not normally be exercised in favour of a student who has been found guilty of misconduct in relation to that subject.

(4) (a) The determination of what constitutes a penultimate semester is determined by the Faculty based on a normal and expected enrolment for a student.

(b) For the Medical Program, the penultimate and last semesters refer to those semesters in the final year of the Doctor of Medicine component of the program.
(5) Such an examination is a 100 per cent examination and attracts a pass/fail mark only which does not count towards a student’s overall Grade Point Average (GPA).

(6) A supplementary examination will be of the same length and of the same assessment standards as the original examination undertaken for the relevant subject.

(7) A pass mark obtained for a supplementary examination will be retained on a student’s academic transcript regardless of whether or not the student passes or fails any other of his/her remaining subjects.

(8) The result of a supplementary examination will be made available to a student after being ratified by the Executive Dean or delegate, normally no later than Friday of Week 1.

58 Examination Procedures

(1) Responsibility for official examinations:
   (a) The Deputy Vice Chancellor (Students & Support Services) is responsible for the conduct of all official examinations of the University. Official examinations are those that occur at the end of semester during the University examination period, are organized by the Student Business Centre and are centrally scheduled.
   (b) The Principal Invigilator is a member of Academic Staff determined by the Executive Dean of the Faculty responsible for the subject as the Principal Invigilator for a particular examination.
   (c) The Examination Supervisor is a member of the administrative staff in the Student Business Centre who has overall responsibility for the administration of an examination including recording student attendance, monitoring timing of the examination, distributing examination materials and setting up the examination venue.

(2) Examination Periods
   (a) At the end of the January, May and September semesters, 8 days will be set aside at the end of the teaching period for the conduct of official or final examinations.
   (b) Examinations may be held during this period on weekends, public holidays and in the evening.
   (c) Centrally scheduled deferred examinations will be held on the Wednesday, Thursday, and Friday of Bond Week for all final examinations and Thursday, Friday and Saturday of Week 9 for mid-semester examinations.
   (d) Where required, a Faculty mid-semester examination may be scheduled during regularly scheduled class time of Weeks 6, 7 and 8 of a semester or on the relevant Saturday of Weeks 6, 7 and 8 of a semester. The subject Faculty is responsible for the administration of these examinations including managing their conduct, notification and invigilation.

(3) Observance of Timetable required: Except where a supplementary or deferred examination is approved, students may not take a final examination at any time other than on the day and at the time published in the timetable.    (a) Candidates shall provide their own writing instruments at an examination. The University shall not supply instruments items or materials which are designated to be supplied by candidates.
(b) A candidate may not take into an examination materials other than those approved by the chief examiner for the subject concerned. Bilingual dictionaries, texts, calculators, textbooks or other reference materials, electronic devices including tablets, smart watches/pens and/or e-book readers, dictionaries, laptops or palmtop computers, mobile telephones are all, for the purpose of this regulation, defined as materials.

c) Where some of the materials or items in the above are permitted in a particular examination, the following conditions will apply:

   (i) Calculators - must be portable, silent, self-powered and must be used for numerical calculations only.

   (ii) Texts and references - must be limited to those specified for the examination and may be subject to further restrictions imposed by subject examiner.

   (iii) Dictionaries - must be printed, not electronic, and contain no additional notes or other annotations. Multi or bi-lingual dictionaries can be prohibited from an examination where:

      - the subject is a language subject;
      - it can be shown that a candidate will derive an unfair advantage that outweighs any possible disadvantage arising.

   (iv) Electronic devices (including tablets, smart watches/pens and/or e-book readers) - are restricted to those which are handheld, internally powered, silent and not capable of wireless communication with other devices.

   (v) Watches – all smart watches including fitness tracker watches are, for the purposes of this regulation, defined as electronic devices. All other watches must be removed and placed at the top of the examination desk, where they can be seen clearly and easily by Examination Supervisors. All alarms and alerts must be switched off.

6) Unauthorised examination materials

   a) All materials taken into an examination room shall be subject to the following checks. The Principal Invigilator is responsible for checking compliance.

      (i) A check for unauthorised material will commence once students are seated;

      (ii) The Principal Invigilator will check that students have not brought into the examination room any unauthorised material and that if they have, to raise their hand so that it can be collected from them before perusal time commences;

      (iii) Checking for material will continue during perusal and after the commencement of the examination at which time such unauthorised material will be removed from students.

   b) Any unauthorised examination materials discovered after the commencement of perusal time will be held by the Principal Invigilator and submitted to the University with an incident report, following which the matter will be investigated under the provisions of Part 3 Discipline Regulations.

7) Means of Identification

   a) Candidates shall bring with them to the examination room their current Student Identification Card.

   b) Students shall produce or keep displayed their card in accordance with any directions.

   c) If the Student Identification Card is not available, then a passport, drivers licence, or some other photographic identification will be required.

   d) Students will also be required to complete a declaration of identity form if they are unable to produce photographic identification.
(e) Should a student fail to bring photographic identification to an examination their results will be withheld.

(8) Bags and Personal effects: Candidates may take into the examination room a wallet or purse, which must be placed on the floor next to the candidate’s desk. Briefcases, attaché cases, shopping bags and other property or personal effects must not be taken into the examination room.

(9) Conduct during examination:
   (a) Students will be instructed not to read or open question papers until the commencement of perusal time is announced.
   (b) Students are not permitted to leave during the first 30 minutes from commencement of the examination or in the final 10 minutes of the examination period.

(10) Late admission to the examination room: At the discretion of the Principal Invigilator, candidates may be admitted up to 30 minutes after the commencement of the examination. Such candidates will not be given an extension of time to complete the examination.

(11) Communication in the examination room: Candidates shall not have any communication whatsoever with other candidates from the time of entering until leaving the examination room. Candidates wishing to communicate with an Invigilator or supervisor may do so by raising their hand.

(12) Conclusion of the Examination: The Examinations Supervisor shall indicate when 10 minutes of examination time remains. To minimise disruption, students will not be permitted to leave the examination room within the last 10 minutes of the examination. On the announcement “stop work”, candidates will stop work immediately and remain in their place until answer booklets and papers have been collected.

(13) Disruption and/or disturbances in the examination room: If, in the opinion of the Principal Invigilator or Examinations Supervisor, a student’s behaviour is such as to disturb or distract any other candidate, the Invigilator or Supervisor may require the offending candidate to leave the examination room and will report the circumstances in writing to the Deputy Vice Chancellor (Students & Support Services). Such disruption and/or disturbances may be considered as misconduct and subject to action under the Discipline Regulations.

(14) Emergency Procedures
   (a) In the event of an emergency requiring the evacuation of the examination room, the Principal Invigilator, Examinations Supervisor or any authorised officer of the University will coordinate the following procedures:
      (i) evacuation in a quick and orderly manner;
      (ii) assembly in the car park opposite the swimming pool.
   (b) Students will be required to remain in the assembly area until the Examinations Supervisor issues further instructions. No student will be permitted to leave the assembly area.
   (c) Students can be assured that academic compensation will be given for the loss of time and disruption incurred in the event of an emergency.
   (d) Depending on the progress of the examination at the point of evacuation, the University may:
      (i) assess the students based on the work completed up to the point of evacuation; or
      (ii) declare the examination null and void and reschedule another examination; or
      (iii) grant all students sitting the examination at the time of the evacuation a deferred examination.
Division 6 – Progression

The regulations relate to progression, the process by which students are able to advance in their program having fulfilled academic and administrative requirements.

59 Academic Progress

(1) Academic Warning

(a) A student will be issued with a warning if:
   (i) the student fails at least 50% of the credit points attempted in a semester; or
   (ii) the student fails a compulsory subject, program requirement or CORE curriculum subject; or
   (iii) the student fails any year-based subject in the Medical Program as determined by the Medical Program Rules of Assessment and Progression. (A year-based subject in the Medical Program is inclusive of all enrolled credit points across either two or three University academic semesters involving a minimum of 100 credit points.)
   (iv) the student fails a 10 week cycle in a level of the General or Business English programs.

(b) Under (a)(i), the Executive Dean of the Faculty of enrolment may authorize a withdrawal of the warning if the failure was derived from a single subject and if the student’s academic history is otherwise sound.

(c) Doctor of Physiotherapy students will be issued a warning if their performance in specified components of a subject is objectively determined by the Board of Examiners to be less than satisfactory.

(2) Academic Exclusion

(a) Unless 2(b) applies, a student will be excluded from the relevant program if:
   (i) the student has been placed on warning for failing at least 50% of the credit points attempted in a semester and then fails at least 50% of the credit points attempted in their following semester of study at Bond University or in two subsequent semesters; or
   (ii) the student has been placed on warning for failing a compulsory subject, program requirement or CORE curriculum subject and then fails the same subject or program requirement for the second time.
   (iii) the student has been placed on warning for failing any year-based subject in the Medical Program and then fails, based on the Medical Program Rules of Assessment and Progression, the same year-based subject in the following attempt. (A year-based subject in the Medical Program is inclusive of all enrolled credit points across either two or three University academic semesters involving a minimum of 100 credit points); or
   (iv) the student has been placed on warning for failing any year-based subject in the Medical Program and then fails the next sequential year-based subject following successful remediation for the first failed subject.
   (v) the student has been placed on warning for failing a 10 week cycle in a level of the General English or Business English programs and fails the
next 10 week cycle in the same level of the General English or Business English programs.

(b) The Faculty may permit a student who is liable to exclusion under (a) to re-enrol on such conditions as the Faculty deems appropriate.

(2) If possible, any complaint should be resolved by informal consultation between the student or applicant and the ‘appropriate person’ or original decision-maker wherever possible. The student or applicant should approach the ‘appropriate person’ regarding the complaint or the original decision maker to seek clarification of the reasons for the decision.

The ‘appropriate person’ means:
(a) For academic matters, the relevant Associate Dean in the Faculty to which the complaint relates or, if the complaint is about the Associate Dean, the Executive Dean of the Faculty.
