SELECTION CRITERIA
Faculty of Business
Teaching Fellow or Senior Teaching Fellow Statistics (Position Reference No: BUS1575)

We are seeking to appoint a Teaching Fellow or Senior Teaching Fellow in Statistics (equivalent to Level A)

Applicants are required to demonstrate:
• At least a masters degree in statistics, mathematics, actuarial science, or a closely related field.
• Strong research training and skills.
• Established or emerging record of successful research and publication.
• Evidence of excellence in teaching business mathematics and statistics at undergraduate and postgraduate levels.
• A commitment to delivering the highest quality teaching and learning experience for students studying introductory or advanced mathematics and statistics and willingness to innovate in teaching methods.
• Willingness and ability to contribute to research and outreach via the Centre for Actuarial and Financial Big Data Analytics.
• Willingness to engage in departmental, faculty, and university service as well as curriculum development.
• High quality interpersonal and communication skills, and demonstrated commitment to teamwork and collegiality.
• Willingness to engage with the broader community, such as industry, professional associations, and/or schools.

The following attributes are highly regarded:
• Knowledge of blended learning.
• Links/involvement/experience with industry.
• Pursuing doctoral studies.
