

2019

# Undergraduate Guide

Anita Kissi - Canada  
Robin Sutcliffe - Victoria, Australia

**RIGHT NOW, NO MATTER WHAT YOU'RE DOING - WORKING ON A BIG JOB, A SMALL JOB OR TRYING TO FIND A JOB - THIS IS THE MOST YOU'VE EVER THOUGHT, WORKED OR QUESTIONED WHAT LIFE IS ALL ABOUT, AND YOU'RE NOT THE ONLY ONE. THERE'S SEVEN BILLION DIFFERENT 'NOWS' HAPPENING IN THE WORLD. WITH SO MUCH GOING ON, WHY WOULDN'T YOU LEARN FROM IT?**

**AT BOND UNIVERSITY WE PRIZE CURRENT KNOWLEDGE FROM INNOVATORS. WE VALUE EXPERIENCE IN THE WORLD RIGHT NOW. WE MAKE EACH MOMENT COUNT WITH SMALL CLASS SIZES, PERSONAL ATTENTION AND ACCELERATED DEGREES.**

**BECAUSE THERE'S NO MOMENT LIKE THIS MOMENT.**

**BOND UNIVERSITY.  
THE UNIVERSITY OF NOW.**

# WELCOME

## Vice-Chancellor's Message

The world is changing. How we learn and respond to these changes is critical for our future successes.

The future belongs to those making it now, so finding the right university is the most important decision you will make at this stage of your life. It all starts with the right learning environment. Every Bond student receives a personalised, transformative learning experience thanks to practical learning opportunities that respond to our world moment by moment, smaller class sizes and the chance to collaborate with like-minded students.

As a Bond student, you will have a lifelong advantage, equipped with the skills to stand up to intense competition, become globally mobile and connected with the right people for career success.

When I venture around campus I feel a special kind of spirit at Bond. Guided by world-class lecturers, all of our students are eager, ambitious and ready to challenge the norm with innovation always top of mind. The accelerated degrees inspire a culture of discipline and focus. And the result? Graduates that are confident, capable and awake to opportunity.

We know you have the potential to make a real difference - because we have seen so many of our students over the years do just that. Living and working in every corner of the globe, they are now heading up major corporations, helping disadvantaged communities in developing countries, researching medical breakthroughs and engineering cutting-edge technologies.

As a graduate of Bond University, you will be joining their elite ranks.

I very much look forward to sharing the journey as you bring your ambition to life.

A handwritten signature in black ink that reads "Tim Brailsford". The signature is written in a cursive, flowing style.

**Professor Tim Brailsford**  
Vice-Chancellor and President

# WHY BOND?

Because we do things differently.

1

## FINISH YOUR DEGREE UP TO A YEAR AHEAD OF THE REST

At Bond, you won't lose time with long breaks between semesters. We run three full semesters a year, with intakes in January, May and September. This means that you can complete a standard bachelor's degree in just two years. It also means you will be out in the workforce up to a year ahead of the rest, earning sooner.

2

## BE MENTORED BY WORLD LEADING ACADEMICS

Bond's personalised teaching philosophy means you will learn in smaller class sizes with unprecedented one-on-one access to your professors. Even outside of class time, our academics have an open door policy that means they will not only know you by name, they'll actively mentor your progress.

3

## GRADUATE BETTER PREPARED

At Bond, we believe education goes beyond the classroom. Our unique Beyond Bond program will expand your horizons with internships, global volunteering programs, international competitions, industry conferences, study tours, community service and much, much more.

This is why our graduates are the first choice for many employers. They are immediately distinguishable in the workplace for their confidence, maturity, global awareness, skills and leadership qualities. Bond sets you up to succeed.

# STUDYING AT BOND

Bond University teaches over three semesters a year, allowing you to complete your studies much earlier than at other universities. For instance, a standard bachelor's degree that takes three years at other institutions with the traditional two-semester-per-year timetable, can be completed in just two years at Bond.

Bond's accelerated study mode, combined with the flexibility of our cross-faculty subject offerings, gives you the opportunity to tailor your studies to suit your specific career goals or enhance your employability by gaining extra qualifications.

## UNDERGRADUATE STUDY

Applicants who have not previously studied at university would normally enrol in a bachelor's degree. These undergraduate study programs typically comprise 24 subjects which can be completed in six semesters by undertaking a full-time load of four subjects per semester. Some undergraduate degrees are slightly longer, such as the Bachelor of Laws (32 subjects over eight semesters). Please visit [bond.edu.au/future-students/study-bond/how-apply/undergraduate-admissions-criteria](http://bond.edu.au/future-students/study-bond/how-apply/undergraduate-admissions-criteria).

## UNIVERSITY CORE SUBJECTS

At Bond University, we recognise that people have many careers throughout their lives where they require the soft skills to problem solve and apply their education to a variety of occupations. As a result, in every undergraduate degree (except the Medical Program<sup>^</sup>), you will complete three Bond Core subjects plus one not-for-credit component, please refer to page 15 for Beyond Bond.

### Critical Thinking and Communication (Core 1)

In this subject you will be introduced to critical thinking and clear expression. You will evaluate arguments, identify assumptions, judge patterns of inference, and recognise and apply various methods of reasoning. You will learn how to clarify and visually represent your thinking to make better decisions, evaluate and use evidence, and communicate more effectively in your writing and speaking. Using these skills, you will structure and write an academic essay and deliver an oral presentation.

### Leadership and Team Dynamics (Core 2)

This subject is designed to help you develop the intrapersonal and interpersonal skills to function effectively as individual contributors, team players and leaders in diverse social contexts. These skills will be essential to your personal and professional life in any current or future profession. You will gain a greater understanding of your personality, values, emotions, perceptions and related attributes, and develop an appreciation of the diversity of these characteristics in others. This perspective is required to work effectively in diverse multi-disciplinary groups and to develop the followership and leadership behaviours that are highly valued in contemporary organisations.

### Ethical Thought and Action (Core 3)

Using an applied case-based approach, this subject will help you gain ethical awareness, develop relevant reasoning skills, and empower yourself to act ethically in personal and professional contexts. This interdisciplinary subject explores critical ethical issues in science, law, business, media, and the environment. Topics remain flexible to reflect the dynamic nature of ethical issues in the 21st century.

## FOUNDATION SUBJECTS

Most degrees include a specified number of foundation subjects which all students must complete, regardless of their chosen major or specialisation.

## ELECTIVE SUBJECTS

Some degrees also allow you to choose elective subjects, either from the host faculty or from any other faculty in the University.

## MAJORS / SPECIALISATIONS

A major is a grouping of subjects (usually six) in a particular discipline that allows students to focus on a specialisation. Some degree programs also allow for a double major.

<sup>^</sup> The Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Program will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded

## HONOURS DEGREES

An honours degree is usually two or three semesters of additional coursework, seminars and supervised research taken after the completion of a bachelor's degree. It advances students' knowledge and experience, and helps prepare them for future research work and higher degree programs.

A high level of achievement in an undergraduate program is a prerequisite to entry into an honours degree. Honours degrees are available in selected disciplines within the Faculty of Health Sciences & Medicine, Faculty of Society & Design and Bond Business School.

## HIGHER LEVEL DEGREES

Our accelerated timetable enables you to complete most bachelor's degrees in two years and a master's degree in one year. Should you wish to continue studying, you can complete your undergraduate degree and gain a higher level qualification in the same time it will take students at most other universities to complete a bachelor's degree.

## STUDY SCHEDULE

Most students undertake four subjects per semester\* (equivalent to 40 credit points). You may, however, enrol in fewer subjects and extend your degree over a longer period\*\*. Bond's teaching methodology involves a combination of lectures, tutorials, seminars, examinations, projects, presentations, assignments, computer labs and industry projects.

## INTERNATIONAL STUDENTS

As a requirement of your Student Visa, international students must undertake four subjects per semester (equivalent to 40 credit points).

\* Australian students enrolled in at least three subjects may be eligible to claim Austudy benefits.

\*\* Not available for the Medical Program<sup>^</sup> or international students.

# BROADEN YOUR HORIZONS WITH A COMBINED DEGREE

Take advantage of Bond's accelerated timetable to study a combined degree in less time than it would take to complete a single degree elsewhere.

Having two degrees on your CV will give you a clear advantage with recruiters and open up a wider choice of career paths.

Choose complementary study areas from one faculty (e.g. Business / Commerce) or take a cross-disciplinary approach (International Relations / Laws). Some of our most popular combinations include:

- Bachelor of Actuarial Science / Bachelor of Laws (CRICOS 093910C)
- Bachelor of Arts / Bachelor of Laws (CRICOS 093912A)
- Bachelor of Biomedical Science / Bachelor of Laws (CRICOS 093911B)
- Bachelor of Business / Bachelor of Commerce (CRICOS 088305M)
- Bachelor of Business / Bachelor of Laws (CRICOS 093909G)
- Bachelor of Business / Bachelor of Social Science (CRICOS 088309G)
- Bachelor of Commerce / Bachelor of Laws (CRICOS 093908G)
- Bachelor of Communication / Bachelor of Laws (CRICOS 093915J)
- Bachelor of Communication (Business) / Bachelor of Laws (CRICOS 093914K)
- Bachelor of International Relations / Bachelor of Business (CRICOS 088310C)
- Bachelor of International Relations / Bachelor of Laws (CRICOS 093916G)
- Bachelor of Journalism / Bachelor of Laws (CRICOS 093918F)
- Bachelor of Psychological Science / Bachelor of Laws (CRICOS 093921M)

# RIGHT NOW, THINGS ARE CHANGING

Transformer is an Australian-first program aimed at teaching you big-picture thinking, creative problem solving and evidence-based decision making so you can make a real difference in the community, your own business or an existing one.

This fee-free co-curricular program is designed to encourage exploration, enable innovation and enhance your entrepreneurial skills, no matter what degree you are studying.

With unparalleled access to industry experts, mentors, academic coaches, workshops and a cutting-edge 24/7 co-working space, this is a transformational experience that will challenge you to adapt, create and collaborate, preparing you for today's ever-evolving workplaces and positions that might not yet even exist.

[bond.edu.au/transformer](http://bond.edu.au/transformer)

Refer to page 9  
for instructions.

## INVESTING IN YOUR FUTURE

Your university degree is one of the most important investments you will make in your lifetime. As with all investments, you must consider the rate of return for both your short term career opportunities and long term lifetime earnings. With FEE-HELP the benefits of a Bond University degree are available to everyone.

Bond University is a not-for-profit organisation. This means we're driven by your success. One hundred per cent of your tuition fees are reinvested back into the University, ensuring you have access to state-of-the-art facilities and personalised attention from world-class academics, preparing you for success in your chosen career.

Places at Bond University are not subsidised by the government and full tuition fees are charged each semester on a subject by subject basis. However, there are a number of options available to help you finance your educational investment, with assistance available from government loan programs FEE-HELP.

### **What is FEE-HELP?**

FEE-HELP is an interest free loan that helps eligible fee paying students pay their tuition fees. This accumulated debt is indexed annually by the Australian Taxation Office, according to the Consumer Price Index (CPI). Please refer to [studyassist.gov.au/sites/studyassist](https://studyassist.gov.au/sites/studyassist) for more information about the Australian Government assistance for financing study.

If you are an eligible student and wish to pay for part or all of your tuition fees through FEE-HELP, you must complete a Request for FEE-HELP Assistance form by the end of the second week of semester.

Please visit [bond.edu.au/fee-help](https://bond.edu.au/fee-help) for more information.

# BEYOND BOND

Beyond Bond is an innovative, student-focused, non-traditional program that presents a life-learning experience like no other.

It is embedded into our core curriculum as a degree requirement, but is personalised and tailored by the Career Development Centre team to match your specific interests and career goals, ensuring you make the most of all the wonderful opportunities available to you as a Bond student. There are no additional lectures or classes, no exams, no pass / fail grading system and no subject fee for participating in Beyond Bond. Our innovative delivery embeds our content within Bond's core curriculum, in addition to a variety of activities and workshops from which you can choose. You will gain awareness and understanding of the career development process and, through the use of various job-related tools, you will be empowered to create your own professional approach towards your future career aspirations. You will also acquire a realistic appreciation of the world of work and broaden your employment skills beyond the classroom.

Throughout the duration of your degree, you must accrue a minimum of 100 points by undertaking and reflecting on various activities and initiatives endorsed by the Beyond Bond program team.

Students need to attain a threshold of 100 points across four areas of the framework:

## WORK-BASED

# 870

STUDENTS WERE PLACED IN WORK-BASED ACTIVITIES OVER THE COURSE OF A YEAR INCLUDING: INTERNSHIPS, PART-TIME EMPLOYMENT, SERVICE-BASED LEARNING AND ELITE SPORTS ENGAGEMENT;

## WORK-RELATED

**MOOTING, BONDCO, CAPSTONE PROJECT, INDUSTRY-RELATED COMPETITIONS;**

## COMMUNITY-BASED

**VOLUNTEERING** **MENTORING** **COMMUNITY LEADERSHIP**  
COACHING / PROGRAMS **GLOBAL EXPERIENCE**

"I wanted to give back to the Vis Bond Mooting Team in a coaching capacity after my fantastic experience competing with the team in last year's competition. Acting as a coach enhanced my leadership skills by placing me in a position where I had to be unwavering in the face of difficulties because I was actively sought out by the team to **provide guidance** when the team was at an impasse. The highlight of the experience for me was seeing what the team achieved in the knowledge that I had some small part to play in it."

**Lachlan H**

Bachelor of Actuarial Science / Bachelor of Laws

## CAREER EXPLORATION

# 250

STUDENTS WERE PLACED IN CAREER EXPLORATION ACTIVITIES OVER THE COURSE OF A YEAR INCLUDING: ATTENDING CAREER EVENTS, INDUSTRY ENGAGEMENT, CAREER WORKSHOP.

## ALUMNI NETWORK

At Bond University, you don't have to wait until you graduate to enjoy the benefits of our global Alumni Network.

Our Alumni play an active role in life at Bond, offering you exclusive work experience opportunities, internships and clinical placements, as well as sharing their wealth of life and career experience as regular guest speakers and lecturers on campus.

Through our Alumni Mentor Program, they'll work with you one-on-one to help you explore your career options and expand your professional networks.

They also contribute to the Bond University Ambition Fund which supports various student grants and bursaries such as:

- Student Opportunity Fund: supporting unique and enriching student activities beyond the classroom
- Elite Athlete Fund: helping student-athletes achieve their dreams on the global stage
- Academic Support Fund: providing laptop and textbook bursaries to students facing genuine financial hardship
- Transformer Seed Funding: taking student ideas from the classroom to the boardroom

With more than 25,000 Bond graduates now living and working in over 130 countries worldwide, our alumni community is truly global. And when you graduate, they will extend a hand of help, friendship and professional development through the active Bond Alumni Committees found in every corner of the globe.

# THEA PHILIP

Bachelor of Arts / Bachelor of Laws

"The Student Opportunity Fund made it possible for me to travel to Washington D.C. and intern with the International Centre for Missing and Exploited Children, which is an international non-profit that seeks to eradicate child sexual abuse, exploitation and abduction. At times it was quite confronting, but it was also incredibly rewarding knowing that my work was contributing to a safer world for children."

# NAVTEJ CHHIBBER

Doctor of Medicine

"Through the help of the Student Opportunity Fund I was able to spend four weeks in Kirakira, a small community of around 4,000 people in the Solomon Islands. The experience made me appreciate our healthcare system a lot more, and also made me feel like I should be contributing a lot more to developing nations and their healthcare systems if I have the opportunity to do so."

## CAREER DEVELOPMENT SERVICES

The Career Development Centre is a one stop shop for all of your career and employment support. Our qualified and experienced team of Employment Services Specialists will assist you with everything from part-time employment, internships and work experience, through to graduate opportunities and alumni career support. Our Business Development Specialists work closely with industry partners from top tier blue chip and multinational companies through to small and medium enterprises to assist them in recruiting top Bond University talent.

They provide a broad range of personalised services including:

- Careers advice and guidance
- Career path planning
- Graduate recruitment resources and assistance
- Graduate training program
- Career clinics and seminars
- Resume and job application reviews
- Interview preparation and coaching
- Internship and work experience support
- Volunteering opportunities
- Beyond Bond: Professional Development and Community Engagement

The Career Development Centre also coordinates a number of events on campus:

- **Employer visits to campus** - Your chance to meet with prospective employers and learn what influences the selection process.

- **Careers Fair** - Hosted on campus in Semester 1 every year. The Career Development Centre team invites local, national and international employers to promote their employment and internship opportunities and meet with Bond students.
- **Migration information seminars** - A range of external migration agents and lawyers are hosted on campus to provide international students with migration information and advice.

The Centre also provides a broad range of career development resources:

- **Scout** - An online portal providing you with a diverse range of careers and employment resources and information, including job advertisements, company profiles, events, industry and degree specific news
- **Going Global** - An online resource that provides career information for 24 countries
- **Vault** - An online subscription based resource used by over 900 universities worldwide
- **Job Search Guide** - Taking you step-by-step through the career planning and job application process

In addition to the services provided by the Career Development Centre, Bond students develop vital employment contacts and business networks by liaising with their professors and through access to the high profile industry, government and political identities who regularly visit the campus as guest lecturers.

For more information about the Career Development Centre please visit [bond.edu.au/cdc](http://bond.edu.au/cdc).

# PATHWAYS TO BOND UNIVERSITY

Bond University College offers a range of pathway programs that assist students in achieving the academic and English language requirements for undergraduate study at Bond University.

Our Pathway programs provide a supported transition to tertiary studies where students can work together in small class groups and have one-on-one access to specialty teachers. As a student of Bond University College, you will benefit from academic and English language support that will prepare you for success in your future tertiary studies. The College offers a number of different entry point levels and all program outcomes are aligned with Bond University's entry requirements. Bond University College is located in the heart of the Bond University campus. You will have access to all University resources and facilities and will be welcomed as members of the Bond community from the day you arrive.

## DOMESTIC STUDENTS - BOND UNIVERSITY COLLEGE UNIVERSITY PREPARATION PROGRAM

**Duration:** 8 months (2 semesters)  
**Starting:** January, May, September

The Bond University College University Preparation Program provides a multi-disciplinary, highly supported pathway for Australian students to meet the entry requirements for Bond University undergraduate programs. This program is open to those that have completed Australian Year 11 or equivalent or who have commensurate work experience.

## INTERNATIONAL STUDENTS - BOND UNIVERSITY COLLEGE FOUNDATION PROGRAM

CRICOS Course Code O63151G

**Duration:** 8 months (2 semesters)  
**Starting:** January, May, September

The Bond University College Foundation Program has been specifically designed for international students. You will learn the core skills necessary for academic success, delivered by experienced and supportive teachers with small class sizes and access to state-of-the-art facilities. The Bond University College Foundation Program meets the requirements for Foundation Programs, which have been registered on CRICOS for delivery in Australia to overseas students. The Program provides an academic preparation for students seeking entry into first year undergraduate study.

### PATHWAYS TO BOND UNIVERSITY

\*The average Bond University undergraduate degree is two years but may be longer in some areas of study.

# HOW TO APPLY TO BOND

## 1

### PICK YOUR PROGRAM.

Deciding on a degree or program is a personal choice. It's about choosing the right program for you - your interests, your future.

Find more information about programs offered at Bond by visiting; [bond.edu.au/future-students/study-bond/search-program](http://bond.edu.au/future-students/study-bond/search-program).

## 2

### APPLICATION PROCESS.

Applying to study at Bond is easy! Applications for most Bond programs (excluding the Medical Program<sup>^</sup>) can be lodged at any time directly to the University, you do not need to go through QTAC.

Applications for the Medical Program<sup>^</sup> are only open to domestic students and must be lodged through Queensland Tertiary Admissions Centre (QTAC) at [qtac.edu.au](http://qtac.edu.au). For information on application closing dates, visit [bond.edu.au/timeline](http://bond.edu.au/timeline).

## 3

### REQUIRED DOCUMENTS.

Make sure that you complete all required fields in your application form including uploading required documentation.

This documentation may include:

- Academic Transcripts
- Academic References
- Passport
- Resume / CV
- Any other documents required for specific programs

For more information visit the Application Tips page; [bond.edu.au/future-students/study-bond/how-apply/application-process/application-tips](http://bond.edu.au/future-students/study-bond/how-apply/application-process/application-tips).

## 4

### APPLICATION SUBMISSION.

Agree to the application declaration and click 'Submit'. You'll receive an email from Bond University to confirm your application was successfully submitted.

## 5

### APPLICATION PROCESS TIME.

The application review process will normally take two weeks provided all supporting documentation has been provided.

## 6

### RECEIVE YOUR LETTER OF OFFER.

As a successful applicant, you will receive an email from us offering you to officially become a Bond student. This email includes:

- A formal Letter of Offer from Bond University
- A Response to Offer form
- Information about fee payment options and accommodation

## 7

### ACCEPT YOUR OFFER.

You are two steps away from confirming your place and joining the university of now! To accept your offer all you need to do is complete and return your Response to Offer form to [admissions@bond.edu.au](mailto:admissions@bond.edu.au) and pay the required fees as listed on your offer.

## 8

### ORIENTATION.

Your first introduction to university life! Orientation is the perfect time to make new friends, find your way around campus and complete your enrolment at Bond. The Orientation experience features an exciting program of social activities where you can relax and meet people, and there are lots of information hotspots to help you get ready for university life.

<sup>^</sup>The Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Program will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of Year 5.

# WHERE WILL YOUR DEGREE TAKE YOU?

There's a lot to consider when deciding what you will study. Knowing where your degree will take you after you graduate is very important. Use this index to explore your study options based on your career interests.

## BACHELOR OF ACTUARIAL SCIENCE

CRICOS Course Code 083205M

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 with a final score equivalent to OP 6 / ATAR 89 or better. Knowledge of advanced mathematics is assumed. For international student entry requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

Developed by Executive Dean Terry O'Neill, one of Australia's leading academic authorities in the field, the Bachelor of Actuarial Science is an innovative and immersive program that combines the elements of economics, finance, statistics and advanced mathematics to develop techniques for the management of risk, and is delivered in smaller classes for personalised attention. Bond is the only Australian university to provide the opportunity to combine the Actuarial degree with Big Data training in our Macquarie Trading Room. Big Data students have access to 40 Bloomberg terminals and get hands-on skills using live data. The Bachelor of Actuarial Science provides students with the opportunity to complete all Actuarial Part 1 subjects within two years and is designed to allow students to undertake a major in Finance or Big Data.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Core Subjects (14)

- Accounting for Decision Making
- Advanced Modelling
- Contemporary Macroeconomic Issues
- Contingencies
- Corporate Finance
- Econometrics
- Financial Mathematics
- Fundamentals of Finance
- Insurance Models
- Mathematical Statistics
- Options and Futures
- Portfolio Analysis and Investment Management
- Principles of Economics
- Quantitative Methods

#### Electives (7)

You must complete approved elective subjects. You are encouraged to complete a major to diversify your skills and enhance your employability.

### PROFESSIONAL OUTCOMES

Actuarial Science has emerged as a key growth sector of the 21st century and is consistently ranked among the best careers in the world. High graduate starting salaries and full employment rates reflect the growing demand for qualified analysts, with career opportunities predicted to increase substantially over the next five years. The Bachelor of Actuarial Science prepares students for rewarding careers in a diverse range of disciplines, including climatology, consulting, data analytics, e-commerce, economics, finance, health, insurance, infrastructure, research, risk management, safety, science, statistics, superannuation and technology.

### PROFESSIONAL RECOGNITION

- Actuaries Institute

### COMBINED PROGRAMS

Popular combined degrees include:

- Bachelor of Actuarial Science / Bachelor of Laws (CRICOS Course Code 093910C)

## BACHELOR OF ACTUARIAL SCIENCE (HONOURS)

CRICOS Course Code 086364E

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Students who successfully complete the Bachelor of Actuarial Science, or equivalent with a GPA of at least 2 out of 4 (credit average or better), have the opportunity to progress into Honours, which comprises two further semesters of study, including an Actuarial Research Thesis, and the following subjects:

#### Honours Subjects (5)

- Actuarial Control Cycle 1
- Actuarial Control Cycle 2
- Investments and Asset Modelling
- Actuarial Research Thesis Part A
- Actuarial Research Thesis Part B

#### Electives (1)

Honours students must complete an additional elective subject.

Students undertaking the Honours component have the opportunity to complete all the Part 2 subjects and receive a qualification with the Actuaries Institute. It is a requirement to complete Honours if you wish to become a Fellow. This program would suit a student considering continuing on to complete a postgraduate research degree.

### PROFESSIONAL OUTCOMES

Actuarial Science has emerged as a key growth sector of the 21st century and is consistently ranked among the best careers in the world. High graduate starting salaries and full employment rates reflect the growing demand for qualified analysts, with career opportunities predicted to increase substantially over the next five years. The Bachelor of Actuarial Science (Honours) prepares students for rewarding careers in a diverse range of disciplines, including climatology, consulting, data analytics, e-commerce, economics, finance, health, insurance, infrastructure, research, risk management, safety, science, statistics, superannuation and technology.

### PROFESSIONAL RECOGNITION

- Actuaries Institute

### HOW TO BECOME AN ACTUARY?

Bond University's Actuarial Science programs provide the content for the exams within the course. You will not need to do additional exams outside of your degree.

# NIKKI CORNWELL

Bachelor of Actuarial Science

**"BOND MADE A STRONG MARK ON ME. THE CAMPUS HAS A VERY PROFESSIONAL ATMOSPHERE, WHILE MAINTAINING A STRONG SENSE OF COMMUNITY. I CONTINUOUSLY FELT ENERGISED BY THE BONDIES AND STAFF I MET WHICH ALWAYS LEFT ME WANTING TO BE A PART OF THEIR COMMUNITY. IN ADDITION, BOND IS THE FIRST AND ONLY UNIVERSITY IN QUEENSLAND WHICH OFFERS ACTUARIAL SCIENCE AND HENCE THIS WAS A CONTRIBUTING FACTOR FOR ME TO CHOOSE BOND."**

---

## DIPLOMA OF BUSINESS

CRICOS Course Code 078663E

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Completion of Australian Year 12 or equivalent (OP 16 - 21 / ATAR 61.80 - 40.65). For international student entry requirements, visit [bond.edu.au/international-diploma-entry-requirements](http://bond.edu.au/international-diploma-entry-requirements).

### PROGRAM DESCRIPTION

The Diploma of Business offers a range of subjects to equip students with a broad foundation to prepare for work in the corporate sphere. Skills covered include: managing teams, leadership, communicating in groups, conflict resolution, problem solving, individual and group decision making, information management, the use of different network technologies, and an understanding of ethics, morals and cultural beliefs.

### PROGRAM STRUCTURE

University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component.

### Program Subjects (5)

- Accounting for Decision Making
- Introduction to Global Citizenship
- Marketing
- Digital Transformation of Business
- Principles of Economics

For full program details and structure, please visit [bond.edu.au/diplomas](http://bond.edu.au/diplomas).

### FURTHER STUDY

Successful completion of the Diploma of Business guarantees you a place in Bond's Bachelor of Business and Bachelor of Commerce, with 80 credit points credited towards your new program of study, reducing the duration of your undergraduate studies by up to two semesters.

The Diploma of Business is also a pathway into other Bachelor degrees with varying credit.

## BACHELOR OF BUSINESS

CRICOS Course Code 063055G

**Duration:** 2 years full time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent to a final score of OP 15 / ATAR 62 or better, or a Bond University College program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Business prepares you for leadership roles in today's global businesses. Business Model Generation and Business Model Execution subjects will develop every student's entrepreneurial and innovation abilities and their teamwork, leadership and project management skills. All students in this program will be involved with ideation, creation, validation and execution of a business. This gives you the edge over other business graduates.

### PROGRAM STRUCTURE

University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

### Core Subjects (9)

- Accounting for Decision Making
- Business Law
- Business Model Generation
- Business Model Execution
- Business Statistics or Quantitative Methods
- Digital Transformation of Business
- Fundamentals of Finance
- Marketing
- Principles of Economics

### Major Subjects (6)

You must complete six subjects towards one of the following majors:

- Entrepreneurship and Innovation
- International Business
- Management
- Marketing
- Marketing Communication
- Tourism Management

### Electives (6)

You must complete six subjects, of which at least three must come from the Bond Business School. You are encouraged to complete a second major to diversify your skills and enhance your employability.

### PROFESSIONAL OUTCOMES

The Bachelor of Business is a broad-based qualification accepted internationally by leading employers in a wide range of corporate disciplines. Graduates can work in a range of fields, including advertising, brand management, communications, consulting, human resource management, market research or general management.

### COMBINED PROGRAMS

Popular combined degrees include:

- Bachelor of Business / Bachelor of Commerce (CRICOS 088305M)
- Bachelor of Business / Bachelor of Laws (CRICOS 093909G)
- Bachelor of Business / Bachelor of Social Science (CRICOS 088309G)
- Bachelor of Business / Bachelor of International Relations (CRICOS 088310C)

### KEY FEATURES:

Finish your business degree up to a year ahead of the rest.

Smaller classes and personal mentoring - learn in groups of 20 to 30, delivering more interaction and support.

Every business student will learn how to open and close a business in Business Model Generation and Business Model Execution subjects.

## BACHELOR OF BUSINESS (3 YEAR PROGRAM)

CRICOS Course Code 077409E

**Duration:** 3 years full-time (6 semesters)

**Starting:** January, September

The Bachelor of Business (3 Year Program) is designed for international students who wish to study via a two semester model. This three year program means you will study during the January and September semesters of each year only and will complete the degree over three years rather than the usual two.

## BACHELOR OF COMMERCE

CRICOS Course Code 063059D

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent, or a Bond University College program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Commerce will equip you to think creatively and critically, communicate professionally, make ethical business decisions and work effectively in a global context. The program develops financial and business acumen through experiential learning.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Faculty Core Subjects (9)

- Accounting for Decision Making
- Accounting Information Systems or Digital Transformation of Business
- Business Law
- Econometrics
- Fundamentals of Finance
- Cost Management Systems or Financial Applications and Quantitative Analysis
- Marketing
- Principles of Economics
- Quantitative Methods

#### Major Subjects (6)

You must complete six subjects towards one of the following majors:

- Accounting
- Actuarial Science
- Big Data
- Economics
- Finance

#### Electives (6)

You must complete six elective business subjects. You are encouraged to complete a second major to diversify your skills and enhance your employability.

### PROFESSIONAL OUTCOMES

The Bachelor of Commerce is accepted around the world by leading employers in the commercial and public sectors. Graduates can work in a range of fields, including large multinational corporations, specialist organisations, government departments, consulting or research.

### PROFESSIONAL RECOGNITION, depending on major

- Australian Securities & Investment Commission (RG146)
- Chartered Financial Analyst (CFA) Institute
- Chartered Accountants Australia & New Zealand (CAANZ)
- Certified Practising Accountants (CPA) Australia
- Chartered Institute of Management Accounting (CIMA)
- Financial Services Institute of Australia (FINSIA)
- Institute of Public Accountants (IPA)

### COMBINED PROGRAMS

Popular combined degrees include:

- Bachelor of Commerce / Bachelor of Business (CRICOS 088305M)
- Bachelor of Commerce / Bachelor of Laws (CRICOS 093908G)

## BACHELOR OF COMMERCE (3 YEAR PROGRAM)

CRICOS Course Code 077411M

**Duration:** 3 years full-time (6 semesters)

**Starting:** January, September

The Bachelor of Commerce (3 Year Program) is designed for international students who wish to study via a two semester model. This three year program means you will study during the January and September semesters of each year only and will complete the degree over three years rather than the usual two.

for instructions.

## DIPLOMA OF INTERNATIONAL HOTEL AND TOURISM MANAGEMENT

CRICOS Course Code 088313M

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Completion of Australian Year 12 or equivalent (OP 16 - 21 / ATAR 61.80 -40.65). For international student entry requirements, please refer to [bond.edu.au/international-diplomas-entry-standards](http://bond.edu.au/international-diplomas-entry-standards).

### PROGRAM DESCRIPTION

The Diploma of International Hotel and Tourism Management is designed to prepare you for professional and managerial roles in the global tourism industries. Emphasis is placed on asset, revenue and human resource management within tourism and hotel businesses.

### PROGRAM STRUCTURE

University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component.

#### Program Subjects (2)

- Introduction to Global Citizenship
- Marketing

#### Elective Subjects (3)

Choose three of the approved elective subjects.

For full program details and structure, please visit [bond.edu.au/diplomas](http://bond.edu.au/diplomas).

### FURTHER STUDY

Successful completion of the Diploma of International Hotel and Tourism Management guarantees you a place in Bond's Bachelor of International Hotel and Tourism Management with 80 credit points credited to the degree, reducing the duration of your undergraduate studies by two semesters.

The Diploma of International Hotel and Tourism Management is also a pathway into other bachelor degrees with varying credit.

## BACHELOR OF INTERNATIONAL HOTEL AND TOURISM MANAGEMENT

CRICOS Course Code 063584E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent, or a Bond University College program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of International Hotel and Tourism Management is designed to prepare you for senior roles in the global tourism and hotel industries. Emphasis is placed on asset, revenue and event management within tourism and hotel businesses. You will complete 400 hours of work experience to complement the theoretical knowledge gained through the program.

### PROGRAM STRUCTURE

University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Core Subjects (12)

- Accounting for Decision Making
- Rooms Division Management
- Contemporary Issues in Hospitality and Tourism Management
- Strategic Pricing and Revenue Management
- Tourism Analysis and Evaluation
- WHS Risk Management
- Sustainable Tourism and Indigenous Culture
- Concepts of Strategy
- Digital Transformation of Business
- Business Law
- Human Resource Management
- Marketing

#### Alternate Choice Subjects (3)

Select three of the following:

- Wine Studies
- International Food and Beverage Management

- Event Operations
- Adventure Tourism

#### Major Subjects (6)

You have the option to complete one of the following majors with your six elective subjects:

- Entrepreneurship and Innovation
- International Business
- Management
- Marketing Communication
- Marketing

#### PROFESSIONAL OUTCOMES

The Bachelor of International Hotel and Tourism Management is a qualification accepted nationally and internationally by leading hotel and tourism industry employers. Graduates can work in a wide range of fields, including airlines, cruise lines, events, hotels, government, research, resorts, restaurants, theme parks and transportation.

### DIPLOMA OF SPORT MANAGEMENT

CRICOS Course Code 078901G

**Duration:** 8 months full time (2 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Completion of Australian Year 12 or equivalent (OP 16 - 21 / ATAR 62.10-40.65). For international student entry requirements, please refer to [bond.edu.au/international-diplomas-entry-standards](http://bond.edu.au/international-diplomas-entry-standards).

#### PROGRAM DESCRIPTION

The Diploma of Sport Management offers a range of subjects to equip students with the necessary knowledge to work with sporting teams, clubs, players and organisations. The Diploma of Sport Management will teach students an understanding of sport and athlete development, how to produce sporting information and media content, and gain skills such as managing teams, leadership, communicating in groups, conflict resolution, problem solving, rational and critical thinking, and managing finances.

#### PROGRAM STRUCTURE

##### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component.

##### Program Subjects (3)

- Introduction to Global Citizenship
- Personal Finance
- Sport Public Relations

##### Elective Subjects (2)

Choose two of the approved elective subjects.

For full program details and structure, please visit [bond.edu.au/diplomas](http://bond.edu.au/diplomas).

#### FURTHER STUDY

Successful completion of the Diploma of Sport Management guarantees you a place in Bond's Bachelor of Sport Management with 80 credit points credited to the degree, reducing the duration of your undergraduate studies by two semesters.

The Diploma of Sport Management is also a pathway into other bachelor degrees with varying credit.

### BACHELOR OF SPORT MANAGEMENT

CRICOS Course Code 096558A

**Duration:** 2 years full time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent, or a Bond University College program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

#### PROGRAM DESCRIPTION

The Bond University's Bachelor of Sport Management is designed and delivered by leading experts in sport, law, business, and public relations. You will be equipped with a strong foundation in contemporary business skills in addition to unique areas of sport specific practices.

#### PROGRAM STRUCTURE

##### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

##### Compulsory Subjects (18)

- Accounting for Decision Making
- Event Operations
- WHS Risk Management
- Business Law
- Sports Law
- Human Resource Management
- Negotiation
- Marketing
- Market Research and Analysis
- Internet and Social Media Marketing
- Sport Public Relations
- Sport Organisation, Governance and Policy
- Sport Information
- Sport Development
- Global Sport Industry
- High Performance Sport Management
- Professional Experience Sport Management
- Business Plan Development or Concepts of Strategy

##### Electives (3)

You must complete approved elective subjects.

#### PROFESSIONAL OUTCOMES

The Bachelor of Sport Management will position you to seek employment in the multi-faceted sport industry at the local, national and international level, including professional sporting teams, community service organisations, government sport and recreation services and major event corporations.

# FACULTY OF HEALTH SCIENCES & MEDICINE

held by Faculty of Health Sciences & Medicine alumni is

**Physiotherapist**

followed by **Doctor, Medical Officer and Director\***.

The programs in the Faculty of Health Sciences & Medicine provide you with extensive hands-on experiences and industry engagement in the classroom, as well as unique opportunities to participate in internship, fieldwork and placement experiences as part of your degree to equip you with skills to succeed in today's world.

Among the top  
**10** employers are

**Gold Coast Hospital, Queensland Health, Royal Brisbane Hospital and NSW Health\***

Our Faculty of Health Sciences & Medicine degrees are highly regarded by industry and internationally recognised to help you land that job after graduation.

**32%** of our alumni are  
from more than

**20 different countries\***.

\*Bond University Alumni Database, 2017.

Refer to page 9  
for instructions.

## DIPLOMA OF HEALTH SCIENCES

CRICOS Course Code 093260K

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, September

### ENTRY REQUIREMENTS

Completion of Australian Year 12 or equivalent (OP 16 - 18 / ATAR 61.80 - 50.15). For International student entry requirements, please refer to [bond.edu.au/international-diplomas-entry-standards](http://bond.edu.au/international-diplomas-entry-standards).

### PROGRAM DESCRIPTION

The Diploma of Health Sciences offers a broad foundation in biological and chemical sciences where you will gain an understanding of basic and applied sciences, including the anatomical, molecular and physiological processes of human health and function, in a supported learning environment. You will develop technical scientific and research skills using some of the latest research equipment, which can be applied across a broad range of industries.

### PROGRAM STRUCTURE

You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:

- Introduction to Chemistry
- Cell Biology
- Chemistry for Living Systems
- Principles of Human Structure and Function

For full program details and structure, please visit [bond.edu.au/diplomas](http://bond.edu.au/diplomas).

### FURTHER STUDY

Successful completion of the Diploma of Health Sciences guarantees students a place in Bond's Bachelor of Health Sciences with 80 credit points credited to the degree, reducing the duration of your undergraduate studies by up to two semesters.

The Diploma of Health Sciences is also a pathway into other bachelor degrees\* with varying credit.

\*Students wishing to pathway into the Bachelor of Exercise and Sports Science or Bachelor of Biomedical Science must have also completed the equivalent of Maths B or Physics.

## BACHELOR OF BIOMEDICAL SCIENCE

CRICOS Course Code 063085B

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12, Bond University College\* Foundation or Preparation Program or equivalent (OP 10 / ATAR 77) with successful completion of English and Maths B or Physics, or equivalent.

Students without the equivalent of English and Maths B or Physics, or equivalent will be required to successfully complete bridging subject/s in those disciplines. Pathways are available for applicants who do not meet the standard subject entry requirements. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

\*Students must undertake and pass Elementary Maths.

### PROGRAM DESCRIPTION

The Bachelor of Biomedical Science provides you with the ideal undergraduate foundation for a career in the health sciences. The program develops your knowledge in the molecular, cellular, anatomical and physiological processes of the human body and prepares you for graduate entry programs such as medicine and the allied health professions.

You will have the opportunity to focus your studies in the last few semesters in a major relevant to your area of interest. The majors are designed to develop detailed knowledge and skills relevant to the particular discipline of study undertaken, providing structured pathways to specialist postgraduate study.

Extensive laboratory training from the first semester, as well as case studies and problem-solving techniques are applied within a variety of clinical, research and allied healthcare settings.

### PROGRAM STRUCTURE

The Bachelor of Biomedical Science comprises 24 subjects, as follows:

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation Subjects (7)

- Australia's Health Issues and Priorities
- Biological and Physical Chemistry
- Cell Biology
- Chemistry for Living Systems
- Human Organ Systems 1
- Medical Biochemistry 1
- Principles of Human Structure and Function

#### Advanced discipline subjects (6)

- Health Research Methods
- Human Organ Systems 2
- Medical Biochemistry 2
- Medical and Molecular Genetics
- Microbiology
- Pathophysiology and Pharmacology

#### Majors (8)

Complete eight subjects from one of the following majors:

A portrait of Frank Guerrero, a man with short brown hair and a slight smile, wearing a blue and white vertically striped button-down shirt. The background is a blurred wall with a light-colored pattern.

---

# FRANK GUERRERA

Bachelor of Biomedical Science student and  
President of the Health Sciences and Medicine  
Student Association

**"I WAS INITIALLY DRAWN TO THE LOCATION OF BOND AND THE IDEA OF SUCH A FINELY TUNED, UNIQUE STUDENT EXPERIENCE BASED ON SIZE. AFTER VISITING THE CAMPUS, I WAS REALLY DRAWN TO THE COMMITMENT AND ENTHUSIASM OF THE ACADEMICS, THE PASSION THEY SHOW US AS STUDENTS AND THE FACT THAT ALL STAFF, NO MATTER WHAT LEVEL OF SENIORITY, ARE OPEN TO DISCUSSION AT ANY TIME.**

I feel like Bond has prepared me for my future career through the support of the academics, the modern facilities and the network that I am building during my time here."

---

#### > Laboratory / Research

- Advanced Bioscience Lab
- Exploring Human Disease
- Human Control Systems
- Immunology
- Laboratory Medicine
- Molecular Diagnostics
- Research Project A
- Research Project B

#### > Pre-Health Professional

- Exploring Human Disease
- Food, Nutrition and Health
- Health Communication
- Human Control Systems
- Immunology
- Laboratory Medicine

Plus two subjects from the following options:

- Exercise, Health and Disease
- Human Nutrition
- Molecular Diagnostics
- Sport and Exercise Nutrition
- Introduction to Psychology: Biology and Personality
- Introduction to Psychology: Learning and Social
- Principles of Biomechanics
- Physiology of Exercise

#### PROFESSIONAL OUTCOMES

The broad scope of the Bachelor of Biomedical Science program assists graduates to enter a wide range of professions that may include:

- Health promotion officer
- Laboratory assistant / technician
- Medical equipment
- Pathways to other health professions

The program provides opportunities for you to pursue postgraduate studies for a career in medicine and health sciences such as medical research, pharmacy, nutrition and dietetics, as well as broader public health programs.

Students who complete the Bachelor of Biomedical Science, and meet the entry requirements may apply for the following Bond University programs:

- Doctor of Physiotherapy
- Master of Nutrition and Dietetic Practice
- Master of Occupational Therapy

In addition, you can also undertake research-based honours studies, leading to a PhD.

#### PATHWAY TO MEDICINE

Depending on subjects completed in the Bachelor of Biomedical Science, as well as meeting specific criteria, this degree may be a pathway to study medicine.

Domestic and international\* students eligible to graduate from the Bond University Bachelor of Biomedical Science (in the Pre-Health Professional major), meeting the minimum required GPA will be eligible to be considered for selection to enter Year 2 of the Bachelor of Medical Studies (BMedSt) at Bond University. Currently, this is the only pathway into the Bachelor of Medical Studies available to international students.

Enrolments in the program are strictly limited to ensure small class sizes and sufficient clinical placements. As such, entry is extremely competitive. Places in Year 2 of the Bachelor of Medical Studies for the Bachelor of Biomedical Science (Pre-Health Professional major) graduates are limited and dependent on availability. Please note current Bachelor of Medical Studies entry requirements still apply.\*

\*Conditions apply, please visit [bond.edu.au/medicine](http://bond.edu.au/medicine) for more information.

#### KEY FEATURES:

Broad science degree with pathways into a number of areas including Medicine, Physiotherapy, Nutrition and Dietetics, Occupational Therapy and Physiotherapy

Small class sizes allow you more access to academics

Ability to learn using the latest virtual reality and augmented reality programs, developed by your own teachers

## BACHELOR OF EXERCISE AND SPORTS SCIENCE

CRICOS Course Code 080641D

**Duration:** 2 years full-time (6 semesters)

**Starting:** January

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12, Bond University College\* Foundation or Preparation Program or equivalent (OP 12 / ATAR 71) with successful completion of English and Mathematics at the level of Mathematics A or equivalent, and one of; Health and Physical Education or Biology or Chemistry or Physics or Science 21, or equivalent.

Students without the equivalent subjects will be required to successfully complete bridging subject/s in those disciplines. Pathways are available for applicants who do not meet the standard subject entry requirements. For international student requirements, please visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

\*Students must undertake and pass Elementary Maths.

### PROGRAM DESCRIPTION

The Bachelor of Exercise and Sports Science provides you with knowledge and skills in health, fitness and athletic performance. You will gain an understanding of basic and applied sciences utilised in various contexts including healthy ageing, chronic disease prevention, health promotion and elite sport performance.

You will study anatomy and physiology, biomechanics, exercise physiology, motor learning and control, exercise and sport psychology as well as exercise prescription and planning. Industry-recognised accreditations in strength and conditioning, fitness, sports medicine, anthropometry and a massage are also offered throughout the program.

The Bachelor of Exercise and Sports Science provides exciting career opportunities as well as a structured pathway to graduate-entry studies in physiotherapy,

occupational therapy, nutrition and dietetic practice, or sports science.

The program focuses on real-world learning with a significant proportion of the degree offering practical experience with strong links into Bond University Tier 1 sports and local club, semi-professional and professional sport.

Alignment of the program is primarily at the world-class Bond Institute of Health & Sport (BIHS), where you will gain exceptional, high-quality practical experience in our High Performance Training Centre, health science laboratories and sports science research laboratories.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation subjects (6)

- Chemistry for Living Systems
- Exercise Health and Disease
- Health Research Methods
- Human Control Systems
- Human Organ Systems 1
- Principles of Human Structure and Function

#### Introductory specialist subjects (8)

- Functional Anatomy
- Medical Biochemistry 1
- Medical Biochemistry 2
- Motor Control and Learning
- Physiology of Exercise
- Principles of Biomechanics
- Psychology of Sport and Exercise 1
- Sport and Exercise Nutrition

#### Advanced specialist subjects (7)

- Advanced Biomechanics and Motor Control
- Advanced Physiology of Exercise
- Exercise Prescription and Practice 1
- Exercise Prescription and Practice 2
- Professional Practice and Practicum 1
- Professional Practice and Practicum 2
- Psychology of Sport and Exercise 2

## PROFESSIONAL OUTCOMES

The Bachelor of Exercise and Sport Science will equip you with a strong understanding of exercise science and human biology, and graduates of this degree may seek employment in a range of careers in Australia and around the world that may include:

- Exercise scientist
- Strength and conditioning coach
- Athletic / sport program coordinator
- Corporate and community health and fitness consultant
- Cardiac technologist
- Sleep technician

The Bachelor of Exercise and Sports Science also provides you with an accelerated undergraduate pathway to postgraduate studies in sports science, physiotherapy, occupational therapy, nutrition and dietetics, as well as broader sporting and allied health programs.

Students who complete the Bachelor of Exercise and Sports Science, and meet the entry requirements may apply for the following Bond University programs:

- Doctor of Physiotherapy
- Master of Nutrition & Dietetic Practice
- Master of Occupational Therapy
- Master of Sports Science

You can also undertake higher degree qualifications by research in areas such as Strength and Conditioning through research-based honours studies, leading to a PhD.

## BACHELOR OF HEALTH SCIENCES

CRICOS Course Code 063068C

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62). Bond University College Foundation / University Preparation Program overall pass. For international student requirements, please visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bond University Bachelor of Health Sciences is designed for students who wish to explore a variety of disciplines in the health sciences, as well as providing a pathway to postgraduate specialised study.

During this program, you will gain an understanding of basic and applied sciences including the anatomical, molecular, physiological and psychological processes of human health and function.

The program provides a degree of flexibility, enabling you to select a variety of subjects to explore which best suit your career and study goals.

This program provides an undergraduate pathway into Bond University's Master of Occupational Therapy, Master of Nutrition and Dietetic Practice, or research based honours.

### STRUCTURE AND SUBJECTS

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Compulsory subjects (15)

- Australia's Health Issues and Priorities

- Cell Biology
- Chemistry for Living Systems
- Food, Nutrition and Health
- Global Health Issues
- Health Research Methods
- Health Communication
- Human Organ Systems 1
- Human Organ Systems 2
- Human Control Systems
- Introduction to Chemistry
- Introduction to Psychology, Biology and Personality
- Medical and Molecular Genetics
- Microbiology
- Principles of Human Structure and Function

#### Electives (6)

Complete six (6) subjects from the following electives:

- Biological and Physical Chemistry
- Biological Psychology
- Developmental Psychology
- Drugs and Behaviour
- Elementary Maths
- Exercise Health and Disease
- Exploring Human Disease
- Functional Anatomy
- Human Nutrition
- Immunology
- Introduction to Psychology: Learning and Social
- Laboratory Medicine
- Love, Sex and Relationships
- Medical Biochemistry 1
- Medical Biochemistry 2
- Molecular Diagnostics
- Pathophysiology and Pharmacology
- Psychology of Sport and Exercise 1
- Psychology of Sport and Exercise 2
- Physiology of Exercise
- Principles of Biomechanics
- Sport and Exercise Nutrition

### PROFESSIONAL OUTCOMES

The Bachelor of Health Sciences will equip you with a strong foundational understanding of the health sciences.

Graduates of this degree may seek employment in a range of careers in Australia and around the world that may include:

- Health promotion
- Community health
- Health education
- Health officer
- Health administration
- Laboratory assistant
- Clinical trials or drug registration
- Intellectual property
- Pathways to study other health professions

The Bachelor of Health Sciences will provide you with variety of career opportunities as well as an accelerated undergraduate pathway to graduate-entry studies in registered health professions such as occupational therapy, nutrition and dietetics, as well as broader public health programs and the education sector.

Students who complete the Bachelor of Health Sciences, and meet the entry requirements may apply for the following Bond University programs:

- Master of Nutrition and Dietetic Practice
- Master of Occupational Therapy

You can also undertake research-based honours studies, leading to master's and PhD programs.

## MEDICAL PROGRAM<sup>^</sup>

### BACHELOR OF MEDICAL STUDIES (BMedSt)

CRICOS: 087932C

**Duration:** 2 years 8 months (8 semesters)

### DOCTOR OF MEDICINE (MD)

CRICOS : 087933B

**Duration:** 2 years (6 semesters)

---

**Duration:** 4 years and 8 months full-time  
(3 semesters per year) (14 semesters total)

**Starting:** May

#### ACADEMIC ENTRY REQUIREMENTS

The Medical Program<sup>^</sup> is comprised of two sequential degrees – the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Program<sup>^</sup> will have to complete both the BMedSt and MD. Both degrees are awarded at the completion of Year 5.

The Medical Program<sup>^</sup> commences with the Bachelor of Medical Studies (BMedSt) which is an undergraduate program and so is open to Year 12 school leavers. The BMedSt is also open to students who have completed an undergraduate program.

Enrolments in the program are strictly limited to ensure small class sizes and sufficient clinical placements. As such, entry is extremely competitive.

Undergraduate applicants will be assessed on the following criteria:

1. Overall secondary academic results which must include Year 12 English and one of Chemistry or Maths B or Physics, or equivalent
2. Psychometric testing
3. Structured interview ranking

For full entry requirements visit [bond.edu.au/medicine](http://bond.edu.au/medicine).

Applicants are selected through a rigorous assessment process based on outstanding academic achievement, in combination with a demonstrated ability to achieve graduate outcomes of knowledge and critical thinking, leadership, initiative and teamwork, communication skills, responsibility, ethical decision making skills, motivation and non-verbal reasoning.

Approximately 50% of applicants will be offered the opportunity to complete an online psychometric test based on their academic achievement. This test will incur a fee, to be paid by the applicant direct to the test provider. The results of this test will determine eligibility for being offered an interview.

Applicants who have been shortlisted will be required to attend an interview in person at Bond University, where their general suitability to medicine and preparedness to undertake a highly demanding program will be examined. Applicants will be interviewed by individuals from medical and non-medical backgrounds who are trained in entry-style medicine interviews

#### APPLICATION PROCESS

1. Applications must be lodged through QTAC ([qtac.edu.au](http://qtac.edu.au)) and should include all required documentation.
2. Bond University will determine your eligibility to sit the psychometric test based on an assessment of your academic performance.
3. Bond University will invite shortlisted applicants to attend an on-campus interview.

#### PSYCHOMETRIC ASSESSMENT

Approximately 50% of eligible applicants will be invited to complete a compulsory online psychometric assessment. Applicants will be required to pay a fee to sit this test.

The results will identify approximately 50% of applicants who will be shortlisted and invited to attend an interview to gain selection into the Medical Program<sup>^</sup>.

#### DESCRIPTION

The Bachelor of Medical Studies (BMedSt) is the first of two sequential degrees at Bond University that must be completed in order to be eligible to practise medicine. The Bachelor of Medical Studies is an undergraduate program, located at level 7 of the Australian Qualifications Framework.

The Bachelor of Medical Studies is not available as a standalone program. All students must complete both the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD) at Bond University to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of the MD program.

The Bachelor of Medical Studies is designed to equip graduates with the foundational knowledge, skills and attributes required to safely and effectively practise medicine in today's complex healthcare environment.

The program is distinguished by its strong educational focus on case-based learning, evidence-based medicine and integrated clinical practice. Due to small class sizes, students learn in a highly personalised environment with state-of-the-art equipment. Students benefit from a variety of teaching and learning systems, including case-based small group tutorials, problem-based learning, practical classes, clinical skills and laboratory training, self-directed learning, web-based and e-learning, interactive seminars and lectures. This contemporary approach to medical education ensures that learning relates directly to patient care and prepares graduates to assume a high level of responsibility.

The Bachelor of Medical Studies comprises 8 semesters delivered over 2 years and 8 months and is followed by the Doctor of Medicine comprised of 6 semesters delivered over 2 years. The two sequential degrees are 14 semesters in total and are equivalent to 7 standard academic years in duration. However, with Bond University's three-semester-per-year timetable and intensive clinical training periods, these two programs are completed in just 4 years and 8 months, with graduates then eligible to apply for hospital internships.

**PROGRAM STRUCTURE\***  
**BACHELOR OF MEDICAL STUDIES**  
**YEARS 1 - 3 'THE PRE-CLINICAL YEARS'**

In the first two years (5 semesters) in the Bachelor of Medical Studies (BMedSt) learning and teaching occurs mainly in small group sessions comprised of interactive cases through problem-based learning, as well as clinical skills laboratories, simulation activities, community and clinical placements and a cultural immersion experience.

The program extensively uses a problem-based learning (PBL) approach, where each week introduces a clinical case around which the learning is integrated.

In the third year, students are located at the University Clinical Education and Research Centre at Robina Hospital. This enables students to have a full additional year immersed in the clinical environment and acts as an excellent transition from the campus based learning to the full immersion in the workplace in the MD component of the Medical Program<sup>^</sup>.

**Year 1**  
**2 semesters**

Year 1 commences with the molecular and cellular foundations of life and then guides learning through the first cycle of the body systems, arranged in generations. This cycle focuses on:

- Introducing the structure and function of discrete organs
- Psychological basis of normal human behaviour
- Sociological basis of the behaviours of populations

The foundations of an effective practitioner are explored through an introduction to conducting effective observations of people both healthy and ill. This involves the beginning of the development of the understanding of and the skills involved in effective interpersonal communication, group work and collaborative learning.

Collectively, integrated learning opportunities provide the foundations of:

- Awareness of the roles of the doctor and healthcare system
- The impact of illness on the patient, their family and society
- The ethical basis of patient-centred healthcare

Year 1 also includes an Indigenous focus, with a cultural immersion experience occurring in Semester 2 as part of Bond's innovative Aboriginal and Torres Strait Islander Health curriculum.

**Year 2**  
**3 semesters**

Year 2 is framed around a second cycle through the body systems and focuses on:

- Relationships between structure and function, building complexity into an integrative systems focus
- Mechanisms of disease and infectious organisms
- Normal compensatory mechanisms for restoring normal function

Knowledge of psychosocial frameworks is deepened and broadened to explore the varied responses of individuals, groups, populations and cultures to disease as well as the exploration of psychosocial factors that contribute to disease and impact on patient healthcare, highlighting the complexities of health inequities. The foundation knowledge and skills of a competent practitioner continue with a focus on history taking and physical examination of discrete systems. The ethical complexities of healthcare are then further explored inclusive of the legal framework for provision of healthcare and placements in healthcare settings will provide the context for introducing healthcare systems.

**Year 3**  
**3 semesters**

In Year 3, the format of learning changes from facilitator guided, problem-based learning to clinician lead, case-based learning. Bond has developed the Bond Virtual Hospital © which is a virtual clinical learning environment where students work in small groups to diagnose and manage a range of clinical cases. At both the University campus and the Clinical Education and Research Centre, Bond has an accredited, advanced simulation facility that provides an authentic context to the procedural and clinical skills that students acquire in preparation for their clinical work in the final two years of the program.

Over the course of the year, students complete clinical rotations which mirror where they will be placed in the final two years of the curriculum. The rotations include General Practice, Medicine, Surgery, Mental Health, Child Health, Women's Health, Emergency and Critical Care. Students are also exposed to the clinical sciences of pathology and pharmacology and learn the principles of medical imaging.

The Centre for Research in Evidence-Based Practice is the leading research centre at Bond University. Research activity is focused on understanding the gaps between research evidence and its application to practice. In Year 3, students will have the opportunity to complete a course through this centre. They will learn from academics of international standing, and gain first-class skills in assessing evidence in medical practice. In addition, students complete research modules and written assessments that provide them with the foundation skills they need to complete their project requirements for the MD.

Please be aware that due to placement opportunities, the length of semesters may vary compared to the standard Bond academic calendar.

**OUTCOMES**

Students who successfully complete the Bachelor of Medical Studies proceed directly into the Doctor of Medicine program.

<sup>^</sup>The Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Program will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of Year 5.

## DOCTOR OF MEDICINE YEARS 4 - 5 'THE CLINICAL YEARS'

The Doctor of Medicine (MD) component is an Extended Master's level program and is undertaken through clinical rotations in hospital and community healthcare settings, as well as face-to-face teaching at timetabled education sessions. During this time, students undertake a research or professional project, or a capstone experience and prepare a portfolio of their work.

### Year 4 3 semesters

Year 4 includes rotations through the following clinical disciplines:

- Child Health
- Medicine
- Mental Health
- Surgery
- Women's Health

In Training Assessment (ITA) is conducted throughout the year as well as end of year Written Assessment and Objective Structured Clinical Examinations (OSCEs). Students also collect the outcomes of their work in a portfolio.

Students will also plan their MD project, which will be undertaken in Year 5. The project involves a program of structured learning with independent or group research and practice based learning.

Students will be able to select one of three options:

1. A research-based project
2. A capstone experience
3. A professionally focused project.

Please be aware that due to placement opportunities, the length of semesters may vary compared to the standard Bond academic calendar.

### Year 5 3 semesters

Year 5 includes rotations through the following clinical disciplines:

- Emergency Medicine
- General Practice
- Critical Care / Anaesthetics / Orthopaedics
- Selective (students have the opportunity to select an area of sub-specialty interest)
- Elective / pre-internship rotation (students have another opportunity to undertake further clinical placements either in Australia or overseas, which can be their final capstone experience).

In Training Assessment (ITA) is conducted throughout the year as well as end-of-year Written Assessment and Objective Structured Clinical Examinations (OSCEs). Students also submit their final portfolio at the end-of-year for points accrual.

Students will also complete their MD project during their elective or selective, which is either a research or professional project, or a capstone experience. The project will culminate in the submission of a final report and presentation at the end-of-year conference.

Please be aware that due to placement opportunities, the length of semesters may vary compared to the standard Bond academic calendar.

### PROFESSIONAL OUTCOMES

Graduates of the sequential degrees (BMedSt and MD) will have the appropriate knowledge, attitudes and skills to function effectively as interns in Australian hospitals and will be ideally positioned to undergo further training in any of the Australasian specialty colleges.

Our previous Medical graduates have secured internships in hospitals across Australia and New Zealand.

### PROFESSIONAL RECOGNITION

The Bachelor of Medical Studies and Doctor of Medicine degrees are accredited by the Australian Medical Council (AMC) ensuring that they meet or exceed the agreed national guidelines for medical education. Upon successful completion of both of the degrees, graduates are eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand.

## BOND UNIVERSITY PATHWAYS INTO MEDICINE

Domestic and international\* students eligible to graduate from the Bond University programs: the Bachelor of Biomedical Science (in the Pre-Health Professional major), the Master of Occupational Therapy, the Doctor of Physiotherapy or the Master of Nutrition and Dietetic Practice, meeting the minimum required GPA will be eligible to be considered for selection to enter Year 2 of the Bachelor of Medical Studies (BMedSt). Currently, this is the only pathway into the Bachelor of Medical Studies available to international students.

\*Conditions apply please visit [bond.edu.au/medicine](http://bond.edu.au/medicine).

^The Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD).

All students selected for entry into the Medical Program will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of Year 5.

## BACHELOR OF HEALTH SCIENCES (HONOURS)

CRICOS Course Code 063044M

**Duration:** 1 year full-time (3 semesters)

**Starting:** January

### ENTRY REQUIREMENTS

Applicants for the Bachelor of Health Sciences (Honours) will be assessed on the following criteria;

- The completion (or expected completion) of a relevant bachelor's degree. The standard for admission into the Honours program is an overall GPA of 2.0 (credit) out of 4, (equivalent 5.0 out of 7).
- Candidates must have completed at least 60 credit points of study related to the general area of the proposed Honours research project in the last three semesters of their bachelor's degree.
- Candidates must have been awarded a bachelor's degree that is related to the proposed Honours research project within the previous three years.

Please note that applications close at the end of October each year for a January semester intake in the following year.

### PROGRAM DESCRIPTION

The Honours program is a one-year program of independent research and study concluding in the production of a research thesis and presentation of a research seminar. Students will undertake a program of coursework and research in which they conceptualise, plan, organise, undertake and report on an independent research project, whilst being supervised by a member of the academic staff.

Honours graduates are highly valued by employers as they have demonstrated skills in written and oral communication, critical thinking and interpretation, and project management.

### PROGRAM STRUCTURE

#### Semester 1

- Research Preparation and Design (HLSC41-141) (15CP)
- Honours Thesis A (HLSC44-140) (15CP)

#### Semester 2

- Research Analysis and Communication (HLSC41-140) (15CP)
- Honours Thesis B (HLSC44-141) (15CP)

#### Semester 3

- Honours Thesis C (HLSC44-142) (30CP)

### PROFESSIONAL OUTCOMES

The Honours program provides a pathway to postgraduate study, typically the Master of Science by Research (Health Sciences) or Doctor of Philosophy. Graduates may also seek employment as a research assistant in various industries.

# FACULTY OF LAW

[bond.edu.au/law](http://bond.edu.au/law)

# Our Alumni at a glance

The **#1** job title

held by Faculty of Law alumni is

## Lawyer

followed by **Partner and Managing Director\***.

At Bond, our academics have won some of the highest scholar and teaching awards in the country, delivering innovative law programs using world class teaching facilities. National and International legal experts in a variety of fields contribute to the delivery of programs at the cutting edge of contemporary legal scholarship and practice.

Among the top **10** employers are

**Clayton Utz, PwC, Minter Ellison, KPMG and Macquarie Group\***.

Our Faculty of Law degrees are highly regarded by industry and internationally recognised to help you land that job after graduation.

**51%** of our alumni came to Bond from overseas.

With a student body from more than 20 countries, your international experience starts as soon as you set foot on campus.

\*Bond University Alumni Database, 2017.

## INDUSTRY RELATIONSHIPS

Bond University provides dedicated staff specifically for extensive, individual support to find internships and later employment. We maintain industry partnerships with leading organisations. Some of these include:

Ashurst  
Clayton Utz

Cronin Litigation Lawyers  
LawRight

Wyndham Vacation Resorts, Asia Pacific Pty Ltd

## DIPLOMA OF LEGAL STUDIES

CRICOS Course Code 080298C

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Completion of Australian Year 12 or equivalent (OP 9 - 15 / ATAR 83.70 - 61.85). For international student requirements, please refer to [bond.edu.au/program/diploma-legal-studies](http://bond.edu.au/program/diploma-legal-studies).

### PROGRAM DESCRIPTION

The Diploma of Legal Studies provides students with a basic grounding in Australia's legal system, the principles of business law and contemporary legal issues confronting Australian society. This program provides a supported preparation and pathway for further undergraduate study in Law. You will also learn communication and problem solving skills, engage in individual and group decision making and develop an understanding of ethics, morals and cultural beliefs.

### PROGRAM STRUCTURE

You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:

- Legal Foundations A
- Legal Foundations B
- Business Law
- Contemporary Issues in Law and Society

Program requirements may change, for updated information and full program details and structure, please visit [bond.edu.au/diplomas](http://bond.edu.au/diplomas).

### FURTHER STUDY

Successful completion of the Diploma of Legal Studies guarantees students a place in Bond's Bachelor of Laws with 80 credit points credited to the degree, reducing the duration of your undergraduate studies by up to two semesters.

The Diploma of Legal Studies is also a pathway into other bachelor degrees with varying credit.

## BACHELOR OF LAWS

CRICOS Course Code 093922K

**Duration:** 2 years 8 months full-time (8 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 8 / ATAR 83.75) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements). If you have already completed an undergraduate degree in a discipline other than law, you would normally apply for our postgraduate professional qualification, the Juris Doctor.

### PROGRAM DESCRIPTION

Bond's Bachelor of Laws program is designed to equip you for a career in the legal profession, corporate sector or government sector, both within Australia and overseas. The

combination of excellent teaching, small class sizes and extensive legal skills program provides an exciting learning experience that both challenges you academically and prepares you practically for a legal career.

Our unique Integrated Skills and Professionalism Program is embedded in the Bachelor of Laws and focuses on core legal skills essential to the practice of law. These skills include:

- Dispute resolution and collaboration
- Legal ethics and professionalism
- Legal research and reasoning
- Legal writing and drafting
- Oral communication and advocacy

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Compulsory Law Subjects (17)

The 17 compulsory subjects cover all the 'Priestley Eleven' areas required to practise law in Australia.

- Legal Foundations A
- Legal Foundations B
- Foundations of Private Law
- Foundations of Public and Criminal Law
- Contract Law A
- Tort Law
- Criminal Law
- Property Law A
- Constitutional Law
- Contract Law B
- Property Law B
- Corporate Law
- Equity
- Administrative Law
- Evidence
- Civil Disputes Resolution
- Legal Profession

#### Law Elective Subjects (7)

A wide range of law electives is offered, with various specialisations, including:

- Canadian Law and Practice
- Contemporary Legal Issues
- Corporate and Commercial Law
- International and Comparative Law
- Legal Practice
- Media and Technology Law

#### General Elective Subjects (5)

Please visit [bond.edu.au/law-degrees](http://bond.edu.au/law-degrees) for more details.

### HONOURS PROGRAM

Outstanding graduates may qualify to receive their degree with Honours. Candidates for the Honours degree must fulfil the requirements for a pass degree, complete the elective subject Legal Research Project and achieve an Honours standard of proficiency as defined by the Faculty of Law.

### INDUSTRY EXPERIENCE

Clinical legal subjects are available as electives, with students placed in legal settings, working under the supervision of a practising lawyer. The Faculty also encourages you to complete clerkships with law firms during your holidays but these do not form part of degree requirements, unless a clinical legal subject is chosen as an elective. Our career development specialists are available to assist you in your search for a suitable placement.

# BETHANY ALLEN

Bachelor of Arts / Bachelor of Laws

**"WHEN I SAW THAT THE CAREER DEVELOPMENT CENTRE (CDC) WERE ADVERTISING A SIX-WEEK INTERNSHIP ABROAD, MY HEART SKIPPED A BEAT. FOR ME, THE UNPRECEDENTED SPEED AT WHICH EVERY MARKET IS GLOBALISING IS SIMULTANEOUSLY THE MOST FRIGHTENING AND THE MOST THRILLING ASPECT OF ENTERING THE JOB MARKET.**

**THE OPPORTUNITY TO GET A HEAD START IN WORKING IN THE GLOBAL MARKET, IN MADRID, NO LESS, WAS FASCINATING."**

Refer to page 9 for instructions.

## PROFESSIONAL OUTCOMES AND RECOGNITION

The Bachelor of Laws degree prepares you to pursue careers in both the public and private sectors. These positions include solicitor, barrister, government lawyer, in-house counsel or judge's associate. The Bachelor of Laws is an approved degree for the purposes of admission as a legal practitioner in all Australian jurisdictions, in conjunction with further study (Graduate Diploma in Legal Practice (PLT)) or a traineeship. The degree can also be used to apply for admission internationally. You are however advised to confirm admission requirements in the particular jurisdiction in which you wish to practise.

## POPULAR COMBINED DEGREES

- Bachelor of Actuarial Science / Bachelor of Laws (CRICOS 093910C)
- Bachelor of Arts / Bachelor of Laws (CRICOS 093912A)
- Bachelor of Biomedical Science / Bachelor of Laws (CRICOS 093911B)
- Bachelor of Business / Bachelor of Laws (CRICOS 093909G)
- Bachelor of Commerce / Bachelor of Laws (CRICOS 093908G)
- Bachelor of Communication / Bachelor of Laws (CRICOS 093915J)
- Bachelor of Communication (Business) / Bachelor of Laws (CRICOS 093914K)
- Bachelor of International Relations / Bachelor of Laws (CRICOS 093916G)
- Bachelor of Journalism / Bachelor of Laws (CRICOS 093918F)
- Bachelor of Psychological Science / Bachelor of Laws (CRICOS 093921M)

## FURTHER POSTGRADUATE STUDY

### Graduate Diploma in Legal Practice

The Graduate Diploma in Legal Practice, also known as Professional Legal Training (PLT), is the link between your law degree and becoming a practising lawyer in under a year. You'll receive extensive, individualised help to find a placement.

A portrait of a young woman with long, wavy blonde hair, smiling warmly. She is wearing a light blue denim jacket. The background is a blurred outdoor setting with a building and a blue awning.

# AMY KOSA

Bachelor of Arts / Bachelor of Laws

**"A MAJOR HIGHLIGHT FOR ME HAS BEEN MY INVOLVEMENT WITH BOND'S MOOTING PROGRAM. I STARTED OUT WITH INTERNAL COMPETITIONS AND THEN PARTICIPATED IN A DOMESTIC MOOT AS WELL AS AN INTERNATIONAL ONE. THESE EXPERIENCES HAVE HELPED TO GROW MY LEGAL SKILLS AND I HAVE MADE SOME AMAZING FRIENDS IN THE PROCESS."**

---

## BACHELOR OF BUSINESS LAW

CRICOS Course Code 063057F

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 10 / ATAR 77) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

This degree provides an opportunity to combine legal subjects of particular interest with study in related disciplines such as international business and management.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Law Compulsory Subjects (2)

- Legal Foundations A
- Legal Foundations B

#### Law Elective Subjects (10)

A wide range of law electives is offered, in various specialisations. You may use these subjects to focus on a particular area of law.

#### Business Subjects (8)

Eight undergraduate business subjects including a six-subject major.

#### Combined Faculty Elective

One undergraduate subject from either the Faculty of Law or Bond Business School.

### PROFESSIONAL OUTCOMES

Bond's flexible degree structure permits various combinations of law and non-law subjects. This flexibility enables you to design your program to meet a variety of career interests. Law is increasingly regarded as an excellent preparation for a wide range of careers and is an important source of liberal education within business and management. Careers in banking and finance, teaching, industrial relations, politics and public service are among the many opportunities available to graduates.

### PROFESSIONAL RECOGNITION

Unlike the Bachelor of Laws degree, the Bachelor of Business Law is not designed to provide a qualification for the professional practice of law. If you wish to practise law, you must complete a Bachelor of Laws or Juris Doctor degree.

## BACHELOR OF JURISPRUDENCE

CRICOS Course Code 063078A

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 10 / ATAR 77) or a Bond University College Program. For international student requirements, [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

This degree provides an opportunity to combine legal subjects of particular interest with study in related disciplines such as international relations, criminology, languages and communication.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Law Compulsory Subjects (2)

- Legal Foundations A
- Legal Foundations B

#### Law Elective Subjects (10)

A wide range of law electives is offered, in various specialisations. You may use these subjects to focus on a particular area of law.

#### Humanities Subjects (8)

Eight undergraduate humanities subjects including a six-subject major.

#### Combined Faculty Elective

One undergraduate subject from either the Faculty of Law or Bond Business School.

### PROFESSIONAL OUTCOMES

Bond's flexible degree structure permits various combinations of law and non-law subjects. This flexibility enables you to design your program to meet a variety of career interests. Law is increasingly regarded as an excellent preparation for a wide range of careers and, with arts and sciences, is an important source of a liberal education. Careers in politics, communications, teaching, public service, industrial relations and international relations are among the many open to graduates.

### PROFESSIONAL RECOGNITION

Unlike the Bachelor of Laws degree, the Bachelor of Jurisprudence is not designed to provide a qualification for the professional practice of law. If you wish to practise law, you must complete a Bachelor of Laws or Juris Doctor degree and a Graduate Diploma in Legal Practice.

# ARCHITECTURE

## BACHELOR OF ARCHITECTURAL STUDIES

CRICOS Course Code 072544E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 with an OP 12 or ATAR 71. Other applicants may be considered for admission on provision of a portfolio of design work. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Architectural Studies at the Abedian School of Architecture is designed to create emerging architectural professionals with fundamental competencies in design ability, problem solving, technical skill, and theoretical frameworks, that give graduates the capability to address complex problems of the built and natural environment in the 21st century and beyond. Professional architectural concerns of detailing, documentation, and basic practice concepts are delivered to establish a foundational basis for the commercial world of architectural practice. The Bachelor of Architectural Studies developed by the Abedian School of Architecture places emphasis on developing students that are experienced in innovative technologies and are adventurous in their creative design. This program recognises the challenges of designing for diverse communities and cultures in a globalised world where there are modernising threats to traditional cultures, complexities in generating sustainable environments and constant change in technological aspects of modern life.

The Abedian School of Architecture is a leading design-driven professional school, characterised by an international outlook and motivated by the goal of graduating architects capable of shifting the direction of future practice. In prioritising design, the School creates an atmosphere of intense collaboration, engagement, and experimentation, fuelled by an open discussion that is driven by academic staff and distinguished invited practitioners and professors.

The School is characterised by very small class sizes in a dedicated studio environment. Students have 24/7 access to the brand new architecture building, designed by Sir Peter Cook and Gavin Robotham of CRAB Studio, London. A strong studio culture is driven by student collaboration, social engagement, and consistent one-on-one interaction with academic staff.

A 'learning through making' ethos is supported by a state-of-the-art workshop and fabrication lab, featuring traditional woodworking equipment and a robust digital fabrication and rapid prototyping setup that includes 3D printers, a CNC router, laser cutter, and an industrial robotics lab. Public engagement is fostered through an annual lecture series that highlights the work and ideas of national and international practitioners and academics; special exhibitions of work; and various forms of publication and dissemination.

This degree provides the pathway for a career as a professional architect. Graduates of this program may progress to the Master of Architecture upon application and review of undergraduate performance. Completion of the bachelor program does not qualify for automatic entry to the Master's.

### PROGRAM STRUCTURE

University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

### Integrated Architectural Studios (6)

- Architectural Design Studio 1
- Architectural Design Studio 2\*
- Architectural Design Studio 3\*
- Architectural Design Studio 4\*
- Architectural Design Studio 5\*
- Architectural Design Studio 6\*

\*These five design studio subjects listed above are the equivalent study load of two traditional subjects each.

### Architecture Subjects (9)

- Architectural Technology: Structural Design
- Architectural Technology: Practice Methods
- Design Communication: Architectural Drawing
- Design Communication: NURBS Modelling
- Design Communication: Building Information Modelling
- Design Communication: Parametric Modelling
- History and Theory: Industrial Revolution to Present
- History and Theory: Ancient to Enlightenment
- Philosophy of Design

### Elective Subject (1)

Choose one of the approved elective subjects from the Faculty of Society & Design list of undergraduate subjects.

Architecture Study Tour option available as an elective.

### PROFESSIONAL OUTCOMES

This degree will prepare you with theoretical and practical experience relating to design, problem solving, construction and communication that can be applied to a wide range of careers. Graduates of this degree may gain employment in architectural firms, government, construction, development, infrastructure and planning industries in Australia and around the world. The strategic thinking, visual creativity, public engagement, design and technology skills, and entrepreneurial outlook developed in this degree will provide you with a wide range of career opportunities. Many architectural graduates establish careers in design studios, virtual environment design (such as gaming, cinema and animation), web and graphic design, fashion, advertising, industrial design, arts management and the visual arts.

To become a registered architect, you are required to complete both an undergraduate and postgraduate qualification as well as requisite work experience. Successful completion of the Bachelor of Architectural Studies will enable you to progress to the Master of Architecture.

### FURTHER POSTGRADUATE STUDY

- Master of Architecture

For more information go to [bond.edu.au/program/master-architecture](http://bond.edu.au/program/master-architecture)

- Master of Architecture / Master of Project Management

For more information go to [bond.edu.au/program/master-architecture-master-project-management](http://bond.edu.au/program/master-architecture-master-project-management)

### KEY FEATURES:

Experience first-hand state-of-the-art technology including 3D printers, laser cutters, CNC Routers and industrial robots

Enjoy learning in small class sizes and a dedicated studio environment

Learn from industry-leading architects through tutorials, critiques, competitions and the Architecture Lecture Series

Bond has Australia's lowest Student:Teacher ratio of 10:1. This means you will learn in small class sizes with unprecedented one-on-one access to your professors.

## BUILT ENVIRONMENT

### DIPLOMA OF SUSTAINABLE ENVIRONMENTS AND PLANNING

CRICOS Course Code 081521D

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Completion of Australian Year 12 or equivalent (OP 16 - 21 / ATAR 61.80 - 40.65). For international student entry requirements, please refer to [bond.edu.au/international-diplomas-entry-standards](http://bond.edu.au/international-diplomas-entry-standards).

#### PROGRAM DESCRIPTION

The Diploma of Sustainable Environments and Planning provides a foundation for those intending to pursue a career in a variety of natural and built environment professions involved in creating sustainable environments.

Students gain knowledge through studying the specified relevant subjects. Some core learning areas covered include; sustainability science, sustainability and society, urban design, communicating in groups, conflict resolution, problem solving, individual and group decision making, information management, and the use of different network technologies.

#### PROGRAM STRUCTURE

You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:

- Strategic Land Use and Planning
- Sustainability Science
- Sustainable Development and Society
- Planning Processes

For full program details and structure, please visit [bond.edu.au/diplomas](http://bond.edu.au/diplomas).

#### FURTHER STUDY

Successful completion of the Diploma of Sustainable Environments and Planning guarantees you a place in Bond's Bachelor of Sustainable Environments and Planning with a 80 credit points credited to the degree, reducing the duration of your undergraduate studies by two semesters.

The Diploma of Sustainable Environments and Planning is also a pathway into other Bachelor degrees with varying credit.

#### KEY FEATURES:

Learn in the University's Sustainable Development Building Precinct promoting sustainable practices of tomorrow

Graduate with a professionally recognised qualification

Apply theoretical knowledge learnt in two specialist majors to practical settings

## BACHELOR OF SUSTAINABLE ENVIRONMENTS AND PLANNING

CRICOS Course Code 079536D

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 10 / ATAR 77) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

This interdisciplinary program enables you to graduate with two specialised majors: Environmental Science and Management plus Urban Design and Planning.

The Urban Design and Planning major equips you with the theoretical and practical skills required to undertake the design, appraisal and management of urban and regional developments.

The Environmental Science and Management major equips you with specialist skills in environmental management, and the ability to apply relevant and sustainable solutions in a range of planning situations.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation subjects (7)

- Principles of Urban Design
- Planning Process
- Sustainable Development and Society
- Environmental and Economic Impact Assessment
- Strategic Land Use Planning
- Spatial Information Systems
- Economic and Social Foundations of Planning

#### Environmental Science and Management Major (6)

Choose any six subjects from the following list:

- Environmental Field Analysis of Rainforest and Coastal Regions
- Restoration Ecology
- Marine and Coastal Environments
- Sustainability Science
- Environmental Law
- Planning and Development Law
- Development Assessment
- Urban Wildlife Management

#### Urban Design and Planning Major (6)

- Managing Projects
- Sustainable Transport Planning
- Capstone Project
- Property Development
- Urban Design and Site Analysis Studio

Plus one of the following:

- Land Economy and the Environment
- Real Estate Property Rights

#### Elective subjects (2)

Choose two of the approved subjects from the Faculty of Society & Design list of undergraduate subject offerings.

### PROFESSIONAL OUTCOMES

This degree will provide you with access to a wide range of career pathways in the natural and built environments. Graduates will be equipped with the knowledge and practical experience required to be sustainability and planning professionals in business, industry, government and consulting firms. Graduates can progress into a wide range of careers in city and regional planning, community infrastructure, development assessment, fisheries and agriculture, mining and energy, property, strategic or social planning, tourism, transportation or urban design. You will be equipped with a comprehensive knowledge of sustainable environments, and will be able to seek work anywhere in Australia or around the world.

## PROFESSIONAL RECOGNITION

Students graduating with the Bachelor of Sustainable Environments and Planning are internationally recognised by the Royal Institution of Chartered Surveyors (RICS).

Graduates of the Bachelor of Sustainable Environments and Planning plus the Graduate Diploma of Sustainable Environments and Planning are recognised by the Planning Institute of Australia (PIA).

## BACHELOR OF CONSTRUCTION MANAGEMENT AND QUANTITY SURVEYING

CRICOS Course Code 078183K

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 10 / ATAR 77) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Construction Management and Quantity Surveying covers a comprehensive range of subjects in the field of construction management and quantity surveying, focusing on the management and delivery of complex construction projects. The curriculum addresses a range of topics including construction techniques, contract administration, finance, planning processes, plant and equipment and risks. It also contains a strong sustainability theme which equips you with distinctive skill sets that are highly sought after in the built environment. All classes in this program are delivered Monday to Wednesday. This provides you with the opportunity to schedule work and study, or participate in work experience.

### PROGRAM STRUCTURE

University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

### Construction Management and Quantity Surveying Subjects (21)

- Commercial Construction and Engineering
- Construction Site Management
- Construction Tendering and Finance
- Early Estimating and Cost Planning
- Integrated Measurement and Professional Practice
- Introduction to the Property and Construction Industries
- Land Economy and the Environment
- Managing Projects
- Measurement 1
- Measurement 2
- Planning Process
- Project Contract Administration
- Project Delivery Systems
- Project Planning and Scheduling
- Real Estate Property Rights
- Structural Engineering
- Building Services
- Sustainable Development and Society
- Understanding Buildings 1

- Understanding Buildings 2
- Capstone Project

### PROFESSIONAL OUTCOMES

This program will provide you with access to a wide range of career pathways in the construction industry. Opportunities include building and construction management, contract administration, site management, facilities management, building services, quantity surveying, property development, project management, cost management and general management. The skill sets obtained in this degree may also be applied to related sectors such as civil engineering and mining. You will be equipped with a comprehensive knowledge of sustainable development, and will be able to seek work anywhere in Australia or around the world.

### PROFESSIONAL RECOGNITION

Students graduating with this degree are internationally recognised by the Royal Institution of Chartered Surveyors (RICS) as well as the Chartered Institute of Building (CIOB). This program is also nationally accredited with the Australian Institute of Quantity Surveyors (AIQS), and meets the educational requirement set by the Queensland Building Construction Commission (QBCC) for the granting of an Open Builders Licence.

## BACHELOR OF PROPERTY

CRICOS Course Code 078181A

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 10 / ATAR 77) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Property covers a comprehensive range of subjects within the property development and management industry, including construction practices, feasibility studies, finance, investment and valuation, property markets, sustainable development and urban development. This program also provides you with the opportunity to specialise in property valuation.

All classes in this program are delivered Monday to Wednesday. This provides you with the opportunity to schedule work and study, or participate in work experience.

### PROGRAM STRUCTURE

University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

### Property Subjects (17)

- Asset and Facilities Management
- Economics of Sustainable Development
- Feasibility Analysis
- Introduction to Accounting
- Land Economy and the Environment

- Managing Projects
- Planning Process
- Principles of Property Valuation
- Property Agency and Marketing
- Property Development
- Property Trusts, Finance and Taxation
- Property Investment and Valuation
- Real Estate Property Rights
- Sustainable Development and Society
- Understanding Buildings 1
- Understanding Buildings 2
- Capstone Project

#### Elective Subjects (4)

Choose four of the approved subjects from the Faculty of Society & Design list of undergraduate subject offerings.

#### Property Valuation Specialisation

You may use two electives to specialise in Property Valuation. Completion of these subjects will result in recognition by the Australian Property Institute (API), and additional career opportunities in the property industry.

You must complete the following two subjects for API accreditation:

- Real Estate Investment
- Specialist and Statutory Valuation

#### PROFESSIONAL OUTCOMES

This degree will provide you with a dynamic range of career pathways in the property industry. Opportunities include property valuation, property development, project management, investment, finance, portfolio management, asset and facilities management and research. Graduates are also equipped with a comprehensive knowledge of sustainable development, and will be able to seek work anywhere in Australia or around the world.

#### PROFESSIONAL RECOGNITION

Students graduating with a Bachelor of Property are internationally recognised by the Royal Institution of Chartered Surveyors (RICS). Graduates of this program will also be recognised by the Australian Property Institute (API) for Associate Membership with Certified Property Practitioner Certification (CPP). Students who complete the relevant Property Valuation subjects as electives will qualify for certification with the Australian Property Institute as a Certified Practising Valuer with the Valuers Registration Board of Queensland, and New South Wales Fair Trading (conditional on meeting professional practice requirements).

#### KEY FEATURES:

Gain professional accreditation by some of the industry's leading professional bodies

Learn from nationally and internationally recognised industry professionals

Graduate sooner with Bond's accelerated degrees and kick start your career

## COMMUNICATION

### DIPLOMA OF COMMUNICATION

CRICOS Course Code 078664D

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Completion of Australian Year 12 or equivalent (OP 16 - 21 / ATAR 61.80 - 40.65). For international student entry requirements, please refer to [bond.edu.au/international-diplomas-entry-standards](http://bond.edu.au/international-diplomas-entry-standards).

#### PROGRAM DESCRIPTION

# ROSS HEALY

Bachelor of Communication and  
Master of Communication | Alumnus

**"MANY OF MY LECTURERS WERE INTERESTED IN WHAT THE FUTURE LOOKED LIKE AND THAT SHAPED WHAT THE CLASSES LOOKED LIKE, THAT DYNAMISM THE DEGREE OFFERED ME DEFINITELY HELPED IN THE FORM OF WHAT SORT OF SKILLS I COULD BRING TO THE WORKPLACE."**

## PROFESSIONAL OUTCOMES

You will be immersed in a range of professional experiences to give you a taste of the media careers to which you aspire. At the same time, a sound theoretical framework underpins studies so that you enter the communication and media industries understanding how to perform professional tasks and knowing why such tasks are important to your work. Potential career pathways include:

- Account manager
- Copywriter
- Event coordinator
- Journalist
- Marketing executive
- Media buyer
- Public relations practitioner

## BACHELOR OF COMMUNICATION (BUSINESS)

CRICOS Course Code 063063G

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

Accredited by AACSB International, the Bachelor of Communication (Business) will provide you with the knowledge and skills to work in marketing, advertising, organisational behaviour and communication. You may specialise further by combining a major in Marketing with a major from one of seven areas: Corporate Communication, Public Relations, Communication Studies, Journalism, Multimedia, Advertising and Social Media.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation Subjects (4)

- Advertising Principles and Practice
- Digital Media and Society
- Human Communication
- Marketing

#### Marketing Major (6)

- Consumer and Buyer Behaviour
- Market Research and Analysis
- Strategic Marketing

Plus three subjects from the following:

- Brand and Category Management
- International Marketing
- Internet Marketing
- Promotional Design and Planning
- Selling and Sales Management
- Services Marketing

#### Specialist Major (6)

Choose six subjects in one of the following areas:

- Advertising
- Communication
- Corporate Communication
- Journalism
- Media
- Public Relations
- Social Media

#### Electives (5)

Choose any five of the approved subjects of which at least three must come from the Faculty of Society & Design list of undergraduate subjects.

### PROFESSIONAL OUTCOMES

The Bachelor of Communication (Business) is designed to equip you with the theoretical knowledge and practical experience that will enable you to step into an organisation and assist with the development and implementation of communication strategies and marketing plans. Potential career pathways include:

- Account manager
- Copywriter
- Event coordinator
- Journalist
- Marketing executive
- Media buyer
- Public relations practitioner

## CREATIVE MEDIA

## BACHELOR OF CREATIVE ARTS

CRICOS Course Code 092144M

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

Creative industries are a core part of Australia's emerging services economy, and creative practitioners and innovators are increasingly finding themselves working and collaborating across boundaries. The Bachelor of Creative Arts is an innovative program that tailors its offerings to students' unique ambitions and interests. The personalised nature of the program empowers students to identify their own ambitions, then equips them with the skills, theory and practice to navigate existing pathways or design their own.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core Subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Creative Writing Major (6)

These subjects are a foundation part of your program and therefore must be taken

- Creative Writing: Fiction and Non-Fiction

- Screenwriting 1
- Screenwriting 2
- Plot and Genre
- Creative Writing Project 1

Plus one chosen from either:

- Creative Writing Project 2 (Faculty approval required)
- Major Australian Writing
- Great Narrative Literature
- Freelance Writing and Reporting Specialties

#### Creative Major Option (6)

Choose from one of the following majors:

- Advertising
- Communication
- Film and Television
- Journalism
- Media
- Multimedia Design
- Social Media
- Public Relations

#### Humanities or Business Major Option (6)

##### Humanities Major

Choose from one of the following majors:

- Advertising
- Australian Studies
- Behaviour Management
- Chinese Language (Mandarin)
- Chinese Studies
- Communication
- Corporate Communication
- Counselling
- Criminology
- English as an International Language (ENIL)
- Film and Television
- French Language
- French Studies
- Global Governance
- International Diplomacy
- International Relations
- Japanese Language
- Japanese Studies
- Journalism
- Media Studies
- Multimedia Design
- Philosophy
- Psychology
- Public Relations
- Social Media
- Spanish Language
- Spanish Studies

##### Business Majors

Choose from one of the following majors:

- Entrepreneurship and Innovation
- Event Management
- Marketing
- Marketing Communication

#### Electives (3)

You may choose three electives, of which two must come from the Faculty of Society & Design list of undergraduate subjects. It is recommended that students consider an internship as an elective option.

If students choose either the Marketing or Marketing Communication major they will be required to take business subject as their general elective, please refer to the Majors listing above for details of the required subject.

#### PROFESSIONAL OUTCOMES

Graduates of this program will be equipped for success in both creative and corporate environments and have the ability to integrate contemporary theory with cutting-edge creative practice, incorporating digital technologies. They will have critical and analytical cognitive skills, as well as the ability to consolidate and synthesise knowledge within their chosen discipline areas. They will also have the technical and creative skills for problem-solving, the ability to craft narratives that resonate with audiences, an understanding of the market and cultural forces that drive the creative industries, a command for the technologies of new-media storytelling and the flexibility to apply their creative practice to a range of industries.

Graduates of this program can expect to find a wide range of employment opportunities in the creative industries and various external industries depending on their chosen majors. This could include creative arts roles such as: creative writing, publishing, screenwriting, screen production, journalism (including long-form writing and documentary production), content creation, brand journalism, Podcasting, copywriting, social and digital media content creation, digital curatorship, graphic design, games writing, TV production, multimedia design, video animation, or creative direction. Graduates could also work in creative or communications roles within other industries, for example communications and content creation in corporate, political or not-for-profit sectors. Students may also start their own business or work on a freelance basis.

Refer to page 9  
for instructions.

## BACHELOR OF FILM AND TELEVISION

CRICOS Course Code 063066E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Film and Television is a heavily hands-on and project-based degree. You will balance creative practice theory with practical production experience, which enables you to explore and develop your individual creativity. The program is focused on the key creative areas of directing, producing, screenwriting, cinematography, editing, sound and production design. It is taught by staff with long careers in the film and television industry. You will acquire skills in traditional and emerging production technologies, develop cinema aesthetics and receive insight into the commercial and industrial aspects of the international film and television industry.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation Subjects (15)

- Cinematography and Lighting 1
- Directing Actors
- Documentary Production
- Film and Television Editing
- Film Style and Genre
- Film and Television Audio Production
- Image and Photography
- Producing 1: International Film Industry
- Producing 2: Project Development
- Screenwriting 1
- Screenwriting 2
- Screen Production 1
- Screen Production 2
- Screen Production 3
- Television 1: Studio Production

#### Elective Subjects (6)

Students must choose three (3) subjects from the following list:

- Music Video and TVC Production
- Sex, Society and the Movies
- Cinematography and Lighting 2
- Television 2: Sport and Live Production
- Directing 2: Camera and Coverage

Plus an additional three of the approved subjects from the Faculty of Society & Design list of undergraduate subjects.

### PROFESSIONAL OUTCOMES

The Bachelor of Film and Television is designed for those passionate about a career in film, television or related screen-based media in the Australian or international film industry. Potential career pathways include:

- Cinematographer
- Director
- Editor
- Producer
- Production designer
- Screenwriter
- Sound designer

## BACHELOR OF FILM AND TELEVISION (3 YEAR PROGRAM)

CRICOS Course Code 077410A

**Duration:** 3 years (6 semesters)

**Starting:** January, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Film and Television (3 year program) is for international students who wish to study via a two semester model. This three year program means you will study during the January and September semesters of each year only and will complete the degree over three years rather than the usual two.

It is a heavily hands-on and project-based degree, allowing you to balance creative practice theory with practical production experience, which enables you to explore and develop your individual creativity. The program is focused on the key creative areas of directing, producing, screenwriting, cinematography, editing, sound and production design and is taught by staff with long careers in the film and television industry. You will acquire skills in traditional and emerging production technologies, develop cinema aesthetics, critical faculties and receive insight into the commercial and industrial aspects of the international film and television industry.

### PROGRAM STRUCTURE

This degree comprises the same subjects to those in the Bachelor of Film and Television yet follows a structured degree sequencing format to ensure all the right subjects are completed at the right time.

### Level Up Lab and Development Studio

Level Up Lab is creative space that is fitted out with state-of-the-art equipment including the latest PC and Gaming consoles and Virtual Reality technologies. The Development Studio is a cutting-edge teaching space with the latest development software and technology.

## BACHELOR OF INTERACTIVE MEDIA AND DESIGN

CRICOS Course Code 077985F

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Interactive Media and Design prepares communicators and designers for careers in the dynamic field of interactive media applied to a wide range of technologies. The degree is founded on the growing market power of the creative industries, which are based on design, web and procedural communications. Specialisations within the degree include computer games, digital media and design, advertising, film and television and communications.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation Subjects (9)

- Design Communications
- Digital Media and Society
- Interactive Experience
- 3D Modelling and Visualisation
- Sketching with Code
- Responsive Web Design
- Interactive Media Studio 1
- Interactive Media Studio 2
- Interactive Media Studio 3

#### Specialist Majors (12)

Choose two majors from the following list:

#### Digital Media Design

You must complete:

- Animation

- Digital Media and Design
- Film and TV Audio Production
- Film and Television Editing
- Interactive Web Design

Plus one of the following:

- User Experience Design
- Industry Internship

#### Computer Games

You must complete:

- Computer Game Culture and Audience
- Computer Game Form, Narrative and Style
- Computer Game Industry and Policy
- Game Design and Logic
- Mobile Game Design

Plus one of the following:

- Design for Emerging Technology
- Industry Internship

If you do not wish to take both of the above, you may choose a second major in one of the following areas:

- Advertising
- Communication
- Film and Television

### PROFESSIONAL OUTCOMES

Graduates of the Bachelor of Interactive Media and Design will have conceptual and practical knowledge to enable them to enter the creative industries. You will have the skills to manage and advance this knowledge, identify and solve problems with creative solutions, produce new content for many purposes and demonstrate professional practice, initiative and the ability to work in dynamic multidisciplinary teams.

Potential career pathways include:

- 2D and 3D animator
- Advertising creative
- Art director / Visual designer
- Interface designer
- Level designer
- Multimedia developer
- Programmer
- Project designer
- Quality assurance tester
- Story writer
- Web designer

## BACHELOR OF JOURNALISM

CRICOS Course Code 063077B

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62) or a Bond University College program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Journalism is recognised internationally for its quality and innovation, incorporating foundations in journalistic traditions with emerging media trends. Students are trained in news writing, broadcast reporting, photography, media rounds and industries, digital publication and design, media ethics and law. Students can undertake specialised subjects such as Foreign Correspondence; Fashion, Travel and Sport Writing; Multimedia Production; Photojournalism; Creative Non-Fiction and Fiction Writing; Social Media and Citizen Journalism. Bond is committed to maintaining strong industry ties, with many assessment tasks linked to real world publication outcomes including internet publications. Students will have the opportunity to report for local, national and international media outlets throughout their degree and can undertake internships in Australia or internationally in places like New York, Washington DC and London.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation Subjects (13)

- Writing for News Media
- The Australian Media
- Ethical and Legal Strategies for Communication
- Investigative Journalism
- Foundations of Broadcast Journalism
- Image and Photography
- Digital Publishing and Design
- Creative Writing: Fiction and Non-Fiction Freelance Writing and Reporting Specialties
- Multimedia Journalism
- Journalism Project
- Television 1: Studio Production OR Social Media Tactics
- Journalism Internship OR Workplace Relations, Career Planning and Portfolio Development

#### Specialist Major (6)

Choose from one of the following majors:

- Advertising
- Australian Studies
- Communication or Corporate Communication
- Creative Writing
- Criminology
- Environmental Science and Management
- Film and Television
- International Relations
- Media or Social Media
- Multimedia
- Public Relations

- Sustainable Environment and Planning
- Sport Industry
- Legal, Government and Crime Studies
- Business Context and Environment

#### Electives (2)

Students must choose two (2) elective subjects of which at least one (1) must come from the Faculty of Society & Design list of undergraduate subjects.

### PROFESSIONAL OUTCOMES

This degree equips graduates with the ability to produce and edit content for a range of traditional and multimedia platforms, including newspapers, radio, television, web, tablet and social media. Students pursuing other vocations where journalistic skills are required will also find this program beneficial. Graduates could expect to find employment as broadcast journalists or hosts, television or radio producers, print journalists or editors, magazine feature writers or editors, web journalists or editors, photographers and photojournalists, professional writers or bloggers.

### KEY FEATURES:

Tailored study opportunities with the choice from 15 specialist majors

Learn practical and relevant skills from experienced industry professionals

Enhanced learning experience through small class sizes and accelerated degree options

- Language Studies
- Media
- Multimedia Design
- Philosophy
- Psychology\*
- Public Relations
- Social Media
- Spanish Language
- Spanish Studies
- Television Journalism

\*A double major may be undertaken in this area.

### Elective Subjects (9)

Choose nine of the approved subjects of which at least five must come from the Faculty of Society & Design list of undergraduate subjects.

### PROFESSIONAL OUTCOMES

The Bachelor of Arts will provide you with a strong, broad set of skills essential to all professions no matter what your chosen career.

## BACHELOR OF GLOBAL STUDIES (SUSTAINABILITY)

CRICOS Course Code 078186G

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP15 / ATAR 62) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Global Studies (Sustainability) is founded on the growing relevance of sustainability to business, government and community, integrating economic, social and environmental perspectives. It takes a multi-disciplinary approach to address the complex challenges of global sustainability and provides you with an understanding of the concepts as well as the tools used across planning, problem solving, diplomacy and decision making relevant to professional practice. The program challenges you to critically review local sustainability issues in a global context. Topics covered include: global issues of human development, such as social injustice, environmental degradation, conflict and resource scarcity; as well as local issues including environmental planning and impact assessment.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation Subjects (5)

- East-West International Diplomacy
- Economics of Sustainable Development
- Intercultural Communication
- Introduction to Geopolitics
- Introduction to International Relations

#### Global Studies Major (6)

- European Political Economy
- Global Development: Theory and Practice
- Global Institutions and Conflict Resolution
- Global Political Economy
- Prospects for Global Politics
- The United Nations

#### Sustainability Major (6)

- Environmental and Economic Impact Assessment
- Land Economy and the Environment
- Managing Projects
- Restoration Ecology
- Sustainable Development and Society
- Sustainable Transport Planning

#### Elective Subjects (4)

Choose any four of the approved general elective subjects from the Faculty of Society & Design list of undergraduate subjects.

#### PROFESSIONAL OUTCOMES

This degree will provide you with an understanding of critical sustainability issues in the global and local contexts. You will have cognitive skills to identify, analyse and synthesise knowledge relating to different causes and possible solutions for global sustainability challenges.

Potential career pathways include:

- Community development
- Diplomacy
- Environmental impact assessment
- Ethical supply chain management
- Agriculture and fisheries
- Foreign trade

## BACHELOR OF INTERNATIONAL RELATIONS

CRICOS Course Code 063074E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

#### PROGRAM DESCRIPTION

The Bachelor of International Relations will aim to prepare students for a career in a globalised economy. Global and regional interdependence means that no nation - least of all Australia - is unaffected by developments beyond its borders. National survival is now based on international orientation; businesses, governments and organisations need people equipped not only with relevant professional skills, but also with competencies in international relations.

#### PROGRAM STRUCTURE

##### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

##### Majors (12)

You must choose two majors (comprising six subjects each) from the following three areas:

##### International Diplomacy

You must complete:

- Introduction to International Relations
- Introduction to Geopolitics
- Diplomacy: Theory and Practice

Plus three of the following subjects:

- Australian Identity in the International Perspective
- East-West International Diplomacy
- Global Development (Theory and Practice)
- International Relations Practicum
- Strategic China
- Strategic India
- The United Nations

Or any two of the above subjects plus one foreign language subject.

##### International Relations

This major comprises six subjects drawn from any International Relations undergraduate subjects.

##### Global Governance and Regional Politics

You must complete:

- The United Nations

Plus:

- Alternative Globalisations OR
- Prospects for Global Politics

Plus four subjects from the following:

- Australia and the Asia Pacific
- East-West International Diplomacy
- Eurasia
- Global Political Economy
- Introduction to International Relations

- Introduction to Geopolitics
- Latin America in the International System
- Strategic China
- Strategic India

#### Elective Subjects (9)

Choose nine of the approved subjects of which at least five must come from the Faculty of Society & Design list of undergraduate subjects.

#### PROFESSIONAL OUTCOMES

This degree will give you a global perspective to suit your areas of interest and professional goals while developing the skill base necessary to operate in a global environment. Potential career pathways include:

- Defence
- Diplomacy
- Foreign affairs
- International business
- Media
- Trade

## BACHELOR OF INTERNATIONAL RELATIONS (3 YEAR PROGRAM)

CRICOS Course Code 094543B

**Duration:** 3 years full-time (9 semesters)

**Starting:** January, September

#### ENTRY REQUIREMENTS

The Bachelor International Relations (3 Year Program) is designed for international students who wish to study via a two-semester model, this three-year program means students will study during the January and September semesters of each year only and will complete the degree over three years rather than the usual two.

## SOCIAL SCIENCES, PSYCHOLOGY AND COUNSELLING

## DIPLOMA OF CRIMINOLOGY

CRICOS Course Code 078658B

**Duration:** 8 months full-time (2 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Completion of Australian Year 12 or equivalent (OP 16 - 21 / ATAR 61.80 - 40.65). For international student entry requirements, please refer to [bond.edu.au/international-diplomas-entry-standards](http://bond.edu.au/international-diplomas-entry-standards).

#### PROGRAM DESCRIPTION

The Diploma of Criminology provides a fascinating introduction to the study of criminology.

This Diploma will familiarise you with the criminal justice system and give you the ability to draw on knowledge and perspectives from a range of disciplines such as law, sociology, psychology and history. It will

also allow you to question why different societies define and respond to crime in different ways.

#### PROGRAM STRUCTURE

You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:

- Contemporary Issues in Law and Society
- Crime and Deviance
- Forensic Victimology
- Media and Crime

For full program details and structure, please visit [bond.edu.au/diplomas](http://bond.edu.au/diplomas).

#### FURTHER STUDY

Successful completion of the Diploma of Criminology guarantees you a place in Bond's Bachelor of Social Sciences with 80 credit points credited to the degree, reducing the duration of your undergraduate studies by up to two semesters.

The Diploma of Criminology is also a pathway to other bachelor degrees with varying credit.

## BACHELOR OF SOCIAL SCIENCE

CRICOS Course Code 063082E

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

#### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

#### PROGRAM DESCRIPTION

The Bachelor of Social Science encompasses a mix of several disciplines including criminology, psychology, counselling and behaviour management. The program allows you to combine subjects to complete a degree whose title reflects a specialisation of studies in the social sciences area of the Faculty.

#### PROGRAM STRUCTURE

University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Majors (12)

Choose from the following options:

##### Psychology and Criminology

Six subjects from undergraduate psychology offerings, plus six undergraduate criminology subjects.

##### Psychology and Behaviour Management

Six subjects from undergraduate psychology offerings and the following six undergraduate behaviour management subjects:

- Assessment and Diagnosis
- Behaviour Analysis and Interventions
- Interventions with People Experiencing Difficulties
- Policy, Case Management and Independent Living
- The Influence of Biology on Human Behaviour
- Understanding and Changing Human Behaviour

### Psychology and Counselling

Six subjects from undergraduate psychology offerings and the following six counselling subjects:

- Abnormality and Illness
- Assessment and Diagnosis
- Counselling Interventions for Specific Groups and Populations
- Ethical, Legal and Professional Issues in Counselling
- Foundations of Counselling
- Understanding and Changing Human Behaviour

### Criminology and Behaviour Management

Six undergraduate criminology subjects and the following six behaviour management subjects:

- Assessment and Diagnosis
- Behaviour Analysis and Interventions
- Interventions with People Experiencing Difficulties
- Policy, Case Management and Independent Living
- The Influence of Biology on Human Behaviour
- Understanding and Changing Human Behaviour

### Criminology and Counselling

Six undergraduate criminology subjects and the following six counselling subjects:

- Abnormality and Illness
- Assessment and Diagnosis
- Counselling Interventions for Specific Groups and Populations
- Ethical, Legal and Professional Issues in Counselling
- Foundations of Counselling
- Understanding and Changing Human Behaviour

### Double Major in Criminology

12 subjects drawn from the list of undergraduate criminology offerings.

### Elective Subjects (9)

Choose nine of the approved subjects of which at least five must come from the Faculty of Society & Design list of undergraduate subjects.

### PROFESSIONAL OUTCOMES

This degree will provide you with a basis for working in areas such as welfare, government departments, disability services or as disability officers or case workers, client support and advocacy as well as working with behavioural difficulties of children in educational settings.

Those students who choose a Behaviour Management focus will learn the framework and procedures for implementing functional analytical therapy with clients who have severe behavioural difficulties.

Students who choose a Criminology focus will gain the ability to understand atypical behaviour patterns.

Those students who combine their studies with Psychology will be provided with the basis for understanding the presenting problems with clients in order to develop effective needs-based treatment programs.

Students who choose a Counselling focus will gain the ability to assess, diagnose and understand human behaviour as well as be able to apply ethical, legal and professional issues in counselling.

## BACHELOR OF PSYCHOLOGICAL SCIENCE

CRICOS Course Code 062655C

**Duration:** 2 years full-time (6 semesters)

**Starting:** January, May, September

### ENTRY REQUIREMENTS

Successful completion of Australian Year 12 or equivalent (OP 15 / ATAR 62) or a Bond University College Program. For international student requirements, visit [bond.edu.au/international-students-entry-requirements](http://bond.edu.au/international-students-entry-requirements).

### PROGRAM DESCRIPTION

The Bachelor of Psychological Science will provide you with a scientific understanding of normal psychological processes such as perception, memory, learning, motivation, psychobiology, personality, emotion, developmental psychology and social relationships, as well as training in abnormal psychology. A basic understanding of these topics is acquired across the two introductory subjects before a greater depth of coverage is undertaken within the advanced second and third level subjects. You will also participate in laboratory work and be introduced to the Australian Psychological Society Code of Ethics. To underpin the scientific nature of the discipline, you will receive training in a range of data analytic techniques and research methods used by psychologists. The program is designed to equip you with the basic scientific grounding and theoretical understanding required for advanced level studies.

### PROGRAM STRUCTURE

#### University Core Subjects (3)

Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

#### Foundation Subjects (15)

- Biological Psychology
- Cognitive Psychology
- Developmental Psychology
- Introduction to Psychology: Biology and Personality
- Introduction to Psychology: Learning and Social Learning and Behaviour
- Motivation and Emotion
- Personality and Individual Differences
- Psychopathology
- Research Methods in Psychology
- Sensation and Perception
- Social Psychology
- Statistics and Data Analysis I
- Statistics and Data Analysis II
- Statistics and Data Analysis III

Plus one elective from the following:

- Drugs and Behaviour
- Introduction to Counselling Psychology
- Introduction to Forensic Psychology
- Love, Sex and Relationships
- Psychology at Work

#### Elective Subjects (5)

Choose five of the approved elective subjects of which at least three must come from the Faculty of Society & Design list of undergraduate subjects.

## PROFESSIONAL OUTCOMES

This degree will qualify you for employment in professional areas such as counselling and various functions associated with human resources. It is also the building block for further studies where you are able to pursue careers in the professional practice of psychology including clinical, organisational or forensic psychology, counselling, clinical neuropsychology, health and community psychology, research and other specialist areas.

## PROFESSIONAL RECOGNITION

This program is fully accredited by the Australian Psychology Accreditation Council (APAC) as the equivalent of three years' university training in psychology.

## FURTHER POSTGRADUATE STUDY

### Bachelor of Psychological Science (Honours)

The Bachelor of Psychological Science (Honours) is designed to provide students with an integrated, comprehensive, and complete education in the discipline of psychology.

### Graduate Diploma of Psychological Science

The Graduate Diploma of Psychological Science prepares you for entry into a career in psychology (that is provisional registration as a psychologist in addition to two years of supervised training).

### Master of Psychology (Clinical)

This program is designed for individuals seeking registration as a clinical psychologist or for registered psychologists seeking to upgrade their existing qualifications.

## BACHELOR OF PSYCHOLOGICAL SCIENCE (HONOURS)

CRICOS Course Code 063047G

**Duration:** 2 semesters, 8 months  
**Starting:** January, May, September

## ENTRY REQUIREMENTS

Completion of an accredited three-year sequence of study in psychology in Australia, or equivalent. Applicants are assessed on academic merit and must have achieved a minimum GPA of 2.5 on the Bond University 4.0 scale for all second and third level psychology subjects. Where students have not achieved this level or competition for places has excluded them, students may be offered a place in the Graduate Diploma of Psychological Science program.

## PROGRAM DESCRIPTION

The Honours program in psychology is designed to provide you with an integrated, comprehensive and complete education in the discipline of psychology. You will undertake advanced training in a range of methodological (research methods, psychometrics, statistics) and applied areas, and develop competence in conducting research. All applied material is based on the scientist-practitioner model and evidence-based approaches to psychological intervention are stressed.

The program will provide you with advanced education and training in the core psychology graduate attributes, including but not limited to the following:

- Advanced theoretical and empirical knowledge in some of the core research areas of the discipline.
- Explaining how the science and practice of psychology is influenced by social, historical, professional and cultural contexts.
- Knowledge of the theoretical and empirical bases underpinning evidenced-based approaches to psychological intervention.
- Knowledge of the theoretical and empirical bases underpinning the construction, implementation and interpretation of some of the most widely used cognitive and personality assessments.
- On completion of this course, you may apply for provisional registration as a psychologist providing you enrol in further postgraduate studies or undertake two years of supervised training.

## HONOURS CLASSIFICATION

The Honours ranking awarded at Graduation is determined according to the following scheme of classification:

Class of Honours GPA Cumulative % First Class 85% or above  
Second Class Division A 75 - 84%  
Second Class Division B 65 - 74%  
Third Class Honours 50 - 64%

The Honours ranking is calculated using the CPA achieved for all subjects in the Bachelor of Psychological Science (Honours) program, after factoring differential subject credit point weightings. Students who graduate with Second Class Honours Division A or above meet the academic eligibility criteria to apply for postgraduate studies in Psychology.

## PROGRAM STRUCTURE

### Foundation Subjects (5)

- Honours Thesis 1: Research Seminar and Ethics
- Honours Thesis 2
- Human Experimental Psychology
- Multivariate Research Methods
- Principles of Psychological Assessment

### Elective Subjects (2)

Plus two subjects from the following:

- Clinical Psychology
- Community and Health Psychology
- Forensic Psychology
- Industrial and Organisational Psychology
- Neuropsychology
- Social Cognition
- The Scientist Practitioner Model

## PROFESSIONAL OUTCOMES

Under supervision, you will be able to pursue careers in the professional practice of psychology including clinical, forensic or organisational psychology, counselling, clinical neuropsychology, health and community psychology, sports psychology, research and other specialist areas.

## PROFESSIONAL RECOGNITION

This program is fully accredited by the Australian Psychology Accreditation Council as the equivalent to four years of university training in psychology.

# EXCHANGE OPPORTUNITIES

Bond University has over 80 partnerships with leading universities in 27 countries, enabling you to benefit from a global educational experience. A semester abroad will enable you to begin your next adventure without disrupting the time it takes to complete your degree. Not only will you get to live and study in another country, there are educational, personal and future career benefits to going on exchange. You will gain an international perspective to your degree, develop increased self-confidence and maturity, and stand out to future employers from the challenges you overcome during the experience. There are also a variety of exchange grants from \$2,000 to \$7,500 that are available to assist with overseas living costs.

“

I was fortunate to study at Osaka University. Japan is one of many culturally rich countries within Asia, and throws you right in the deep end of life. I mean this in the most positive way. Trekking out in the snowy mountains of Hokkaido, escaping to Seoul for the weekend, 12 hour bike trips and so much more to explore. It's staggering, knowing just how much I could achieve in a single year. I met incredible people from all corners of the world, and together we explored Japan. This made for incredible memories. I took so much away from this experience.”

- Japan
- Singapore
- South Korea
- Taiwan
- Thailand

“

Living in the Netherlands and studying at Leiden University has been one of the most significant experiences of my life so far! Learning from leading experts at the Leiden Law School has greatly expanded my knowledge and understanding in areas such as privacy law, internet governance and European legal history. In addition, I have been learning Dutch, attended events at The Hague, and have travelled to Finland, Russia, Germany and Belgium. Moving to a new country alone is transformative; this experience has enabled me to step outside my comfort zone, to gain personal and professional growth and make new friendships with students from all over the world.”

# STATE-OF-THE-ART FACILITIES

Studying at Bond University provides you with access to world-class facilities on campus. You will gain a clear advantage through easy access to unparalleled academic, technological and recreational facilities.

## TECHNOLOGY

The Balnaves Foundation Multimedia Learning Centre (MLC) is a technology-rich and architecturally exciting learning environment. It provides over 300 collaborative study spaces and the latest audio visual and computer technology in a spectacular location. Access to study booths with LCD screens for interactive learning, a collaborative learning room with a Smartboard, HD projector and video conferencing facilities are provided together with flexible furniture arrangements to accommodate group work and discussion.

## LIBRARIES

Bond University's John and Alison Kearney Library provides access to a wide range of resources that support the teaching, research, and learning needs of the University. The collection contains over 240,000 ebooks, 120,000 physical items and 75,000 electronic and print journals.

The Library, which can accommodate over 450 students and has over 200 computer workstations, is housed in a contemporary setting with the lakeview room providing spectacular views over the campus.

The recently refurbished John and Alison Kearney Law Library has the capacity to accommodate over 350 students with over 40 computer workstations. It provides a fresh and modern environment that maximises natural views with flexible study options, consultation spaces, active, collaborative, and silent study areas. A unique feature of the refurbished space is the inclusion of a Moot Court.

The Library maintains an extensive collection of specialised law resources online and in print for Australian and selected international jurisdictions.

## CAFÉS AND RESTAURANTS

Bond University offers a range of dining styles on campus. Lakeside Bar and Restaurant and Papyrus Cafe offer dine-in and takeaway options, and the University Club hosts dine-in lunch overlooking the lake. Bond caters to most dietary requirements including gluten free, halal, vegetarian and vegan options.

## SPORT AT BOND

At Bond University, sport is a part of our DNA. We see sport and education entwined. We have a proud history of sporting tradition and we support all students in their endeavours to play, compete and represent at all levels.

### SPORTS CENTRE

Bond University's Sports Centre encompasses a gym with state-of-the-art fitness equipment and measures 2,700sqm. The Centre is truly the jewel in the crown of Bond University Sport. All students get free access to Bond's wide range of sporting facilities including:

- World-class gym
- 50 meter heated Olympic swimming pool
- Spa
- Beach volleyball courts
- Group exercise rooms and classes
- Rugby and AFL / Soccer fields
- Sports Hall
- Squash courts
- Tennis courts
- Golf and cricket practice nets

For more details visit [bond.edu.au/sports-centre](http://bond.edu.au/sports-centre).

### SPORT CLUBS

The University has over 20 sport clubs to choose from, which compete both socially and competitively. Our sport clubs compete under the Bond Bull Sharks banner and one of the many highlights includes participating at the Australian University Sport Nationals.

Joining a club is a great way to make new friends and stay active.

For information on Bond's Sport clubs and programs visit [sport.bond.edu.au](http://sport.bond.edu.au).

### PERFORMANCE SPORTS

At Bond we have a number of key performance sports in which we offer world-class coaching and facilities. These sports include swimming, rugby union including women's rugby 7's, AFL and netball. With each of these sports we have high level partnerships and strategies to ensure we compete at the highest level both domestically and on the global stage.

### BOND ELITE SPORT PROGRAM

At Bond we pride ourselves on being an elite athlete friendly university. Athletes at the very top of their sport have the chance to join Bond's Elite Sport Program (BESP). BESP allows athletes the flexibility to balance their goals both on the sport field and in the classroom.

For details on Bond's Elite Sport Program please visit [sport.bond.edu.au/programs/elite-sport-program](http://sport.bond.edu.au/programs/elite-sport-program).

# STUDENT SERVICES

Bond students benefit from the range of support services available on campus, relating to every aspect of study, medical and personal wellbeing and career development.

## SUPPORT SERVICES

Bond values the cultural differences and diversity brought to the campus by its Australian and international students and makes every attempt to ensure you feel welcome.

The personalised attention you receive in the classroom extends to every aspect of life at Bond. The University offers students numerous learning support services including:

- Computer support
- Disability support
- Medical services
- Nyombil Indigenous Support Centre
- Pastoral care
- Psychological services
- Safety on campus
- Student learning support
- LGBTIQ services and support

## RESPECT.NOW.ALWAYS

Bond University and the Bond University Student Association (BUSA) are jointly committed to a healthy culture of respect and responsibility that provides for a safe and supportive campus for everyone.

Bond University has a zero-tolerance approach to sexual assault, harassment and violence.

For more information on the student support services offered at Bond visit; [bond.edu.au/current-students/services-support/student-support](https://bond.edu.au/current-students/services-support/student-support).

# ACCOMMODATION

Bond has a distinctly global perspective aspiring to a 50:50 ratio of Australian to international students. So while studying you will have the opportunity to build a worldwide network that will last a lifetime.

## ACCOMMODATION OPTIONS

With the variety of accommodation options, there's something to suit most students' preferences, whether you wish to live on or off campus.

### STUDENT HOUSING

Bond offers a variety of accommodation options, all within easy walking distance of lecture theatres, Don's Tavern, restaurants, Bond's Sports Centre, sporting facilities and faculties.

In addition to the one-on-one academic and personal support available from the live-in team of Senior Resident Fellows, Resident Student Fellows and Tutor Fellows, resident students enjoy a great social life as they mix with classmates at mealtimes and in study sessions and there's always someone around to talk to in the shared common areas.

All student housing is air-conditioned with the following options available:

#### Single Room - Private Ensuite

Single rooms with private ensuite facilities.

#### Single Room - Share facilities

Single room with shared bathroom facilities.

#### Single Room - Flat

Single room in a flat comprising two or three bedrooms with shared bathroom and limited cooking facilities.

#### Twin Share Room - Standard

Twin room with two single beds and a shared ensuite.

#### Twin Share Room - Deluxe

Shared bedroom, ensuite and common area.

#### Twin Share Room - Premium

Larger shared accommodation with two private rooms and a shared ensuite.

## APPLYING FOR STUDENT HOUSING

Accommodation on campus is in high demand so it is best to complete your application for student housing as soon as it becomes available. To view rooms online and

complete your application for student housing, visit [bond.starrezhousing.com/StarRezPortal](http://bond.starrezhousing.com/StarRezPortal)

While residing on campus, it is mandatory to have a dining plan which can be used at Lakeside Bar and Restaurant, Papyrus Café, Don's Tavern, Coffee Cart, Serum Coffee, Bond Xpress and the University Club. Flexible dining plans are available allowing students to purchase on-campus meal options. You can top up your dining plan starting at \$110.

Current residents are welcome to stay in residences during the semester vacations. If Bond University has booked these rooms for outside conferences, all belongings are to be packed and placed into storage. Students are required to vacate rooms over the Christmas period. If no outside conferences are booked and you choose to stay in University accommodation during vacation periods, you will be charged a weekly rate (please refer to the website for accommodation costs).

For more information about Bond University on-campus accommodation, please visit our website at [bond.edu.au/accommodation](http://bond.edu.au/accommodation) or email [student\\_residences@bond.edu.au](mailto:student_residences@bond.edu.au).

## OFF-CAMPUS ACCOMMODATION

There is a wide range of rental accommodation surrounding the University if you would like to live off campus. Options include houses or apartments on a single or shared basis with weekly rent varying, depending on size, location and the number of bedrooms. You will also need to budget for a security deposit (bond), food, electricity, telephone, internet and cleaning. Students who reside off campus can also purchase a dining plan starting from \$110. For information on dining plans please visit [bond.edu.au/accommodation](http://bond.edu.au/accommodation).

## GETTING AROUND

The University is 30 minutes' drive from the Gold Coast Airport and just over one hour from Brisbane International and Domestic Airports. Airport transfers can be booked via [bond.starrezhousing.com/StarRezPortal](http://bond.starrezhousing.com/StarRezPortal) for either airport and transport you to your accommodation housing. A rail service operates between Varsity Lakes and Brisbane. Regular bus services operate from the University to the main shopping, residential and tourist areas on the Gold Coast and Brisbane. In addition, there are a number of shops, cafés, restaurants and facilities within walking distance of the campus at Varsity Lakes.

Student Accommodation

# LIFE AT BOND

Bond has a real community feel and a vibrant student social life. From sporting, social and special interest clubs, as well as a full calendar of events and gatherings. As a Bond student you have access to a variety of facilities including our world-class Sports Centre.

## STUDENT ACTIVITIES MEMBERSHIP

The Bond University Student Activities Membership (SAM) is a compulsory charge in accordance with the provision of the Student Services and Amenities Fee legislation.

SAM provides you with access to the Sports Centre and clubs offered by the Bond University Students Association (BUSA). The fee is used solely to support a wide and varied range of student events, activities and student services, as well as to purchase important equipment for the Sports Centre and to support the activities of Bond's wide range of social, sporting and cultural clubs.

The fees are paid each semester. In 2018 the fee for a full-time student is \$99.00 per semester. Part-time students are required to pay \$74.50. The fee is CPI adjusted each year.

### BOND UNIVERSITY SPORTS CENTRE

- Access to all group exercise classes
- Access to Sports Centre facilities and sports equipment hire
- Discounted prices on massage services
- Discounted prices on personal training packages

### BOND UNIVERSITY STUDENTS ASSOCIATION (BUSA)

- Discounted or waived sports coaching fees
- Discounted or waived ticket prices for BUSA events
- Discounts and special offers from local businesses
- Eligibility for membership of University sporting clubs
- Financial support for those travelling to university sports championships and university games
- Membership of BUSA
- Representation on academic and administrative issues
- Support for new sporting clubs and events

## CLUBS, SOCIETIES AND FACULTY STUDENT ASSOCIATIONS

You can sign up to over 100 student clubs at Club Sign On Day, held the first Friday of each semester. Below are a few examples of clubs and activities that you can access:

- Athletics and Running Club
- Badminton Club
- Basketball
- Bond Children's Holiday Camp
- Bond Christian Connection
- Bond Music Society
- Bond Pride Alliance
- Business Students' Association
- Canadian Law Students' Association
- Cheerleading
- Cricket
- Drama Society
- Equestrian Club
- Golf Club
- International student events
- Journalism Students' Association
- Law Students' Association
- Make a Difference - Global Health Group
- Muslim Students' Association
- Netball
- Rowing
- Rugby
- Soccer
- Tennis
- Touch Football
- United Nations Club
- Water Polo

## WEDNESDAY BY THE WATER

Wednesday by the Water is a weekly student event. Funded by your SAM fee, it is a great excuse to be outside enjoying the beautiful blue sky while having a barbeque lunch with friends by the lake.

## RES WARS

Resident students also get to take part in regular Res Wars activities where teams from each residential complex compete in a variety of sporting activities and other traditional university events.

#### YOUTH ALLOWANCE / AUSTUDY

If you are an Australian citizen or permanent resident aged 16 years or over and studying full-time, you may be eligible to apply for Austudy / Youth Allowance benefits from the Commonwealth Government. For more information, please contact Centrelink directly.

#### STUDENT OPPORTUNITY FUND

You will have the opportunity to undertake a range of experiences and activities which will enhance your university and learning experience while studying at Bond. To assist you in accessing these opportunities the Student Opportunity Fund was created for students to apply for financial assistance up to AUD\$2,000. For more information on eligibility and application closing dates, visit [bond.edu.au/student-opportunity-fund](http://bond.edu.au/student-opportunity-fund).

#### FAMILY LOYALTY DISCOUNT

A 10% rebate of tuition fees is available to students where an immediate family member is also studying at Bond or has graduated from Bond (conditions apply).

For more information, please visit [bond.edu.au/loyalty-discounts](http://bond.edu.au/loyalty-discounts).

#### ALUMNI LOYALTY DISCOUNT

A 10% discount on tuition fees is available to students who have completed a full degree program at Bond University and are granted admission to a further degree (conditions apply). For more information please visit [bond.edu.au/loyalty-discounts](http://bond.edu.au/loyalty-discounts).

#### LIVING COSTS

You should allow approximately AUD\$6,200 - \$9,000 for living costs each semester that you live on the Gold Coast. This may vary depending on your budget for rent, food, transport, clothing, recreation, textbooks, telephone, electricity and other living expenses. Please note this figure has been calculated using shared off-campus accommodation. For more information visit [bond.edu.au/study-at-bond/study-abroad/living-expenses](http://bond.edu.au/study-at-bond/study-abroad/living-expenses). At Bond University you will not need to budget for on-campus parking as it is made available free of charge to all students.

#### BOOKS AND STUDY MATERIALS

The costs for books, stationery, software and other resources tend to be the same at most universities. Allow around AUD\$300 per semester to help offset this cost. You may choose to sell your old textbooks and buy secondhand at the Bond Book Sale held the Friday of Week 1 each semester.

#### PART-TIME WORK FOR INTERNATIONAL STUDENTS

Australian Government regulations permit international students to work up to 40 hours a fortnight and full-time during semester breaks. Please note you cannot commence work until you commence your degree program in Australia. As work can't be guaranteed, it should be viewed as a supplementary source of funds only and not relied on to cover tuition or living costs.

# SCHOLARSHIPS

One of the key ways Bond University identifies future leaders is through our scholarship program. Full and part tuition scholarships are awarded to applicants who have demonstrated outstanding academic ability, community involvement, sporting achievements and strong leadership skills.

## BOND UNIVERSITY SCHOLARSHIPS

Bond University offers a number of full and part tuition scholarships to both school and non-school leavers, including the following:

### VICE-CHANCELLOR'S ELITE SCHOLARSHIPS

Our prestigious Vice-Chancellor's Elite Scholarships are awarded each year to a small group of outstanding applicants. These students are selected on the basis of their exceptional academic achievements, proven leadership abilities and strong personal character.

Recipients of the Vice-Chancellor's Elite Scholarships receive full tuition remission for any undergraduate degree combination (with the exception of the Bond Medical Program<sup>^</sup>), and in addition, every Vice-Chancellor's Elite Scholar is invited to participate in the Vice-Chancellor's Mentoring Program.

### EXCELLENCE SCHOLARSHIPS

Excellence Scholarships offer up to 50% tuition remission for any undergraduate degree combination (excluding the Bond Medical Program<sup>^</sup>) and are awarded annually to a number of outstanding applicants who have demonstrated high academic achievement, proven leadership skills and extensive community involvement.

## SPORTING SCHOLARSHIPS

Through key corporate partnerships, Bond University is proud to offer a number of unique sports scholarships to students with exceptional sporting achievements. These include the:

- ADCO Sports Excellence Scholarship
- Georgina Hope Rinehart Swimming Excellence Scholarship
- John Eales Rugby Excellence Scholarship
- Riewoldt Family AFL Excellence Scholarship

For information on all scholarships available at Bond, including selection criteria, application deadlines and scholarship conditions, please visit [bond.edu.au/scholarships](http://bond.edu.au/scholarships) or contact the Manager, Schools and Community in your area.

Please note, there are no scholarships available to applicants of Bond University's Medical Program<sup>^</sup>.

# SHANNON DE SOUSA

Bond University Scholarship Recipient 2017  
Bachelor of Architectural Studies

**"I INSTANTLY FELL IN LOVE WITH THE BOND UNIVERSITY CAMPUS. I DECIDED TO STUDY HERE AS I KNEW I WOULD LEARN BETTER IN SMALLER CLASSES WHERE I CAN HAVE ONE-ON-ONE CONTACT WITH MY LECTURERS.**

**I MADE THE MOVE FROM LAUNCESTON, TASMANIA TO THE GOLD COAST WHERE I NOW LIVE IN NORTH TOWER ON-CAMPUS ACCOMMODATION. IT HAS BEEN A VERY BIG CHANGE BUT I AM ENJOYING THE ADJUSTMENT AND I LOVE ON CAMPUS LIFE - THERE IS A GREAT ATMOSPHERE WHERE EVERYONE IS FRIENDLY.**

**I AM SURROUNDED BY PEOPLE WHO PUSH THEMSELVES TO STRIVE IN LIFE AND THAT INSPIRES ME TO TAKE ADVANTAGE OF THE OPPORTUNITIES THAT BOND PROVIDES."**

# APPLICATION AND ENTRY

This section contains application and entry information for domestic students (Australian citizens, Australian Permanent Resident Visa holders and New Zealand citizens, but not Permanent Resident Visa holders of New Zealand).

## ADMISSION INTO BOND

Bond University accepts undergraduate applications from students based anywhere in the world. Our applicants typically include students who have completed Year 12 in Queensland or elsewhere in Australia, and international students who have completed equivalent secondary school studies in their own countries.

As a general rule, Bond University imposes a minimum age requirement of 17 years and a minimum entry score (OP, ATAR, IB or equivalent). Applicants require a minimum entry score equivalent to OP15 or higher (ATAR 63.50 for admission in Semester 1, 2018) to be considered for admission into our bachelor programs. Applicants who are about to complete their final Year 12 assessment will be also considered, based on the predicted OP, ATAR or IB score provided by their school. Applicants who do not meet this minimum entry score will be considered for admission into a Bond University College pathway program.

### Previous Studies

Students who have successfully completed an Australian Qualifications Framework Certificate IV or above at TAFE or another institution, or who have undertaken at least one semester of tertiary study may be considered for entry into our undergraduate programs. Subjects completed at another university or tertiary institution may qualify as a credit toward your Bond University program. For further information on credit towards your degree, go to [bond.edu.au/credit](http://bond.edu.au/credit).

### English Language Requirements

If you have completed your studies in an institution where English is not the first language, you may be required to provide evidence of English language proficiency even if you are an Australian citizen.

### Transferring From Another University or Institution

Applicants wishing to transfer to Bond from another university or institution should contact their local Bond University Manager, Schools and Community. For further information on credit towards your degree, visit [bond.edu.au/credit](http://bond.edu.au/credit).

### Mature Age Students

Mature age applicants will be assessed on work experience (please include a current resume and employer references). Successful completion of a Special Tertiary Admissions Test (STAT) test may also satisfy academic entry requirements for some programs. STAT tests are normally conducted by QTAC. Visit [qtac.edu.au](http://qtac.edu.au) for more information.

### Bond University Medical Program^ Applications

Applications for the Medical Program^ are only open to domestic students and must be lodged through Queensland Tertiary Admissions Centre (QTAC) at [qtac.edu.au](http://qtac.edu.au). For information on application closing dates, visit [bond.edu.au/timeline](http://bond.edu.au/timeline).

### APPLICATION PROCEDURES

For full information on the application process, please visit [bond.edu.au/apply](http://bond.edu.au/apply).

### DEFERMENT

Once you have been offered a place, you may apply to postpone up to 12 months of study by:

- Completing Bond University's Response to Offer form
- Selecting the deferment option
- Returning it to the Office of Admissions

Deferment is not available to students offered a place in the Medical Program^ and deferment of scholarships will only be granted in exceptional circumstances.

### CLOSING DATES

Bond University accepts applications up to semester commencement\*:

### SEMESTER START DATES:

2018	2019
January 15	January 14
May 14	May 13
September 10	September 9
