PSYC13-339	Introduction to Forensic Psychology	Nil	September

General Electives (5)

Students are able to choose five other subjects of which at least three must come from the Faculty of Society & Design list of undergraduate subjects.

NOTE: It is <u>strongly recommended</u> that students complete PSYC11 subjects first, followed by PSYC12 then PSYC13 in the order that the degree sequencer stipulates. Any diversion from this recommended sequence will result in students not acquiring the necessary levels of knowledge to successfully complete the degree. Any awarding of advanced standing/credit will have the potential to reduce the number of subjects available to enrol in during some semesters, however, this is not a reason to divert from the degree sequencer for the reasons outlined.

Degree Planner

The following Degree sequence is recommended for students commencing the Bachelor of Psychological Science in the **JANUARY** semester:

January (Semester 1)	May (Semester 2)	September (Semester 3)
 PSYC11-101 Intro to Psych: Learning & Social PSYC11-105 Statistics & Data Analysis I Core 1 General Elective 	PSYC11-100 Intro to Psych: Biology & Personality PSYC12-200 Statistics & Data Analysis II Core 2 PLUS one PSYC elective which may include: PSYC11-116 Love, Sex & Relationships PSYC13-306 Introduction to Counselling Psychology OR one General Elective	 PSYC12-214 Biological Psychology PSYC13-345 Statistics & Data Analysis III Core 3 PLUS one PSYC elective which may include: PSYC11-116 Love, Sex & Relationships PSYC13-308 Drugs & Behaviour PSYC12-211 Psychology at Work PSYC13-339 Introduction to Forensic Psychology OR one General Elective
January (Semester 4)	May (Semester 5)	September (Semester 6)
 PSYC12-210 Sensation & Perception PSYC12-250 Learning & Behaviour PSYC12-325 Social Psychology PSYC13-316 Motivation & Emotion 	 PSYC12-315 Developmental Psychology PSYC13-301 Cognitive Psychology PSYC13-305 Research Methods in Psychology PLUS one PSYC elective which may include: PSYC11-116 Love, Sex & Relationships PSYC13-306 Introduction to Counselling Psychology OR one General Elective 	PSYC13-302 Personality & Individual Differences PSYC13-312 Psychopathology PLUS one or two PSYC electives which may include: PSYC11-116 Love, Sex & Relationships PSYC13-308 Drugs & Behaviour PSYC13-309 Introduction to Forensic Psychology PSYC12-211 Psychology at Work OR one or two General Electives

NOTE: It is <u>strongly recommended</u> that students complete PSYC11 subjects first, followed by PSYC12 then PSYC13 in the order that the degree sequencer stipulates. Any diversion from this recommended sequence will result in students not acquiring the necessary levels of knowledge to successfully complete the degree. Any awarding of advanced standing/credit will have the potential to reduce the number of subjects available to enrol in during some semesters, however, this is not a reason to divert from the degree sequencer for the reasons outlined.

Degree Planner

The following Degree sequence is recommended for students commencing the Bachelor of Psychological Science in the MAY semester:

May (Semester 1)	September (Semester 2)	January (Semester 3)
 PSYC11-100 Intro to Psych: Biology & Personality PSYC11-101 Intro to Psych: Learning & Social Core 1 PLUS one PSYC elective which may include: PSYC11-116 Love, Sex & Relationships PSYC13-306 Introduction to Counselling Psychology OR one General Elective 	 PSYC11-105 Statistics & Data Analysis I CORE 2 PLUS one or two PSYC electives which may include: PSYC11-116 Love, Sex & Relationships PSYC12-211 Psychology at Work PSYC13-339 Introduction to Forensic Psychology OR one or two General Electives 	 PSYC12-210 Sensation & Perception PSYC12-250 Learning & Behaviour PSYC13-325 Social Psychology Core 3
May (Semester 4)	September (Semester 5)	January (Semester 6)
 PSYC12-200 Statistics & Data Analysis II PSYC12-315 Developmental Psychology PSYC13-301 Cognitive Psychology PSYC13-305 Research Methods in Psychology 	 PSYC13-345 Statistics & Data Analysis III PSYC12-214 Biological Psychology PSYC13-302 Personality & Individual Differences PSYC13-312 Psychopathology 	 PSYC13-316 Motivation & Emotion PLUS one or two PSYC electives which may include: PSYC11-116 Love, Sex & Relationships PSYC13-308 Drugs & Behaviour OR one or two General Electives e.g., PSYC12-225 Cross Cultural Psychology
