

# Master of Project Innovation / Master of Project Management

CRICOS Course Code 099216K

**Duration:** 2 years full-time  
(part-time available for domestic students only)

**Mode:** Intensive

**Starting:** January, May, September

## THE INNOVATION OF THINGS

The world of project management is changing. The nature of projects is becoming increasingly creative, embedding innovative thinking, and dealing with complex business environments. Disruption and change management are becoming normal. Innovation in project management requires a new approach that is not constrained by conventional ideologies or fear of failure. Stand out and level up, with up to six digital badges available.

## THE TRANSFORMER

Bond University's Transformer Program is an Australian-first entrepreneurship program available to all students, at all levels, across all disciplines. Transformer is aimed at teaching students self-belief, that it takes an idea to solve a problem and evidence-based decision making so they can make a real difference in the community and their own business. Students get unparalleled access to industry leaders, mentors, coaches, workshops and a cutting-edge 24 / 7 co-working space. This is a transformational experience that will challenge you to adapt, create and collaborate, preparing you for today's world.

## ON-CAMPUS WORK EXPERIENCE

Within the Transformer, full-time Project Innovation students can obtain up to one year of work experience assisting real clients to reach their goals through effective project management. This environment will enable you to build your CV while studying, and become better placed for full-time employment upon graduation.

## INTERNATIONAL STUDY TOUR\*

The subject International Project Management is delivered in the form of a 10-day overseas study tour. Flight and accommodation expenses are at no additional cost to the student. Students will undertake an immersive experience of project innovation and better appreciate other cultures and project management practices. Past study tours have visited the United Arab Emirates, Japan and Singapore.

\*Please note: International study tour is subject to relevant VISA approval.

## NEW DIGITAL BADGES

Digital badges are growing in popularity for those already in the workforce and looking to up-skill or extend upon and formalise their skills, qualifications and experience.

## INDUSTRY READINESS

Our six core Master of Project Innovation subjects look beyond the conventional by preparing you for a range of 'next generation' career opportunities, including:

- Agile Coach
- Business Analyst
- Change Agent
- Design Thinker
- Entrepreneur
- Product Manager

These core subjects will strengthen your creative thinking and problem solving skills by preparing you for emerging graduate roles in the global project management sector, and better position you as a future innovator and leader.

## ACCREDITATIONS

Our Project Management program is fully accredited by the the Royal Institution of Chartered Surveyors (RICS), the Australian Institute of Project Management (AIPM) and the Project Management Institute (PMI) Global Accreditation Center (GAC) for Project Management Education Programs.

## ENTRY REQUIREMENTS

Entry requirements for the program are a bachelor's degree in any discipline.

# PROGRAM STRUCTURE

## Master of Project Innovation / Master of Project Management

Below is an example of your study plan as a full-time, student in the combined degree program.

Intensive Mode Delivery is a compact and time efficient way to complete a postgraduate qualification with minimal impact on professional and personal lifestyles. Each subject is delivered over two weekends across three days during the semester.

Subjects are generally delivered as intensive blocks of study rather than weekly classes.

	January	May	September	January	May	September

# NEW DIGITAL BADGING

## Career Specialisation

Digital badges are awarded to graduates of project innovation programs who have achieved at least a credit in a designated pair of core subjects, as indicated by the matrix shown below.

Each digital badge represents an emerging career specialisation (i.e. professional role) related to the wider project management discipline.

Digital badges are issued by Bond University and may be displayed in various forms of social media such as LinkedIn.

	Project Innovation and Change	Behaviour in Organisations	Entrepreneurship and Innovation
International Project Management		 <b>CHANGE AGENT</b>	 <b>ENTREPRENEUR</b>
Systems Thinking and Management Modelling for Projects	 <b>DESIGN THINKER</b>	 <b>BUSINESS ANALYST</b>	
The Digital Project Manager	 <b>AGILE COACH</b>		 <b>PRODUCT MANAGER</b>

<b>DESIGN THINKER</b> deploys a user-centric approach to develop innovative solutions from engineering and design by combining ideas from the arts, social sciences and the business world	<b>PRODUCT MANAGER</b> responsible for defining the why, when and what of the product, leading cross-functional teams from a product's conception all the way through to launch	<b>CHANGE AGENT</b> helps an organisation transform itself by focusing on the effect of changing technologies, structures and tasks on vital interpersonal and group relationships	<b>AGILE COACH</b> available on staff to help oversee the adaptive methodology long term, guide and support agile teams and help the organisation embrace agile as a cultural shift	<b>BUSINESS ANALYST</b> helps facilitate solutions for stakeholders by defining business needs and extracting and documenting requirements aimed at resolving a current problem or future opportunity	<b>ENTREPRENEUR</b> leads the process of designing, launching and running a new venture often using a project-based approach to embrace economic, social and / or environmental innovation
