Spend your summer at SULaw!

Join us for our annual international summer programme!

Together with the Stockholm Business School (SBS), you will get the opportunity to study both law courses and current topics in business administration. You can choose to stay with us for 2, 4 or 6 weeks and either combine both areas of studies or just focus on one of them. At the same time, you will get to know beautiful Stockholm, Scandinavia's business and cultural hub, which currently ranks as no. 37 on the list of Best Student Cities (QS, 2019)!

Besides being the capital of Sweden, Stockholm is unique in many ways. It offers everything you expect to find in a cosmopolitan city: beautiful architecture, trendy shopping, museums, theatres, night clubs, international food and a music scene that attracts stars nationwide and globally. Stockholm being built on fourteen islands, you are also close to nature and are met by stunning waterfront views almost wherever you go. Our campus is situated in the Royal National City Park, Sweden's only national urban park, just minutes away from the city centre.

Stockholm is rated as one of the safest capitals in Europe and is often praised for its quality of life and proximity to nature. Did you know that in Stockholm you are never more than 300 meters away from a park?

Ask your home coordinators for more information!

Our Courses

Our Summer Programme lasts for 6 weeks, divided into three 2-week sessions, starting in early July till mid-August. Students can choose to stay for 1, 2, or all 3 sessions.

Since the programme is collaboration with SBS, students are able to study both law courses and courses in business management. The course offer varies from year to year but we at SULaw offer on average 5 to 8 law courses focusing on International, European and Business Law, while SBS usually offers 5 courses (e.g in finance/accounting, PR or marketing). Our law courses are taught by both faculty members from SULaw and invited guest professors from partner universities around the world. We recommend that students take an average of 2 courses per session.

Our law courses are worth 3,5 ECTS and students are issued an official transcript of record at the end of their stay. The courses provided by the Business School are worth 3 ECTS.

Social Programme: Discover Stockholm with us

In order to help you make the most of your visit to Sweden, and because summer should not only be about studying, we also organise social and cultural activities as part of our summer programme. You will get to experience Swedish culture through, among others, visits to local landmarks such as the Stockholm City Hall, the Skansen Outdoor Museum or the Vasa Museum, and excursions to places of natural beauty such as Skinnarviksberget or Djurgården. You will also get an insight into the Swedish business world thanks to company visits.

The coordinators from SULaw and SBS will socialize with you during these activities, but you will still have plenty of time to discover Stockholm on your own or with your fellow summer students!
