### **Bond Introduction - in 100 words**

As Australia's first private, not-for-profit university, Bond University is consistently rated #1 in Australia for student experience\*, offering a personalised study environment with small class sizes and Australia's lowest student: teacher ratio. Known for its three-semester-per-year timetable, students can fast-track their studies and graduate sooner. With limitless opportunities to gain a global perspective through internships, volunteering, international competitions, industry conferences, study tours and more, Bond students stand out at university and after they graduate. All students have access to state-of-the-art academic, technological and recreational facilities on its campus on the Gold Coast, Australia's sixth largest and fastest growing city.

### **Bond Introduction – in 200 words**

As Australia's first private, not-for-profit university, Bond University is consistently rated #1 in Australia for student experience\*, offering a personalised study environment with Australia's lowest student: teacher ratio. Students thrive in smaller study groups with individual attention from academics who know them by name.

With limitless opportunities to gain a global perspective through internships, volunteering, international competitions, industry conferences, study tours and more, Bond students stand out at university and after they graduate. This strong focus on employability is why Bond was again Australia's top-rated university in the 2019 Federal Government's Employer Satisfaction Survey.

By undertaking three-semesters-per-year instead of the usual two, its students can fast-track their studies and graduate sooner, thereby gaining a vital advantage in the ultra-competitive careers market.

Bond's campus is located on the Gold Coast, Australia's sixth largest and fastest growing city, known for its affordable cost of living, beautiful beaches, and 300 days of sunshine per year.

The university offers a wide range of programs in Law, Business, Communication, Creative Arts, Film, International Relations, Architecture, Built Environment and Health Sciences, as well as a range of pathway programs. All students have access to state-of-the-art academic, technological and recreational facilities.
