GENERAL INFORMATION

The Master of Sport Management / Master of Project Management has been designed to equip students with the expertise in the planning, implementation and management of sporting projects and programs. The combination degree explores the professional challenges and opportunities for managers in the complex international sporting landscape from a grassroots level to elite professional sports organisations and events. The addition of project management skills enables graduates to access more strategic positions in their organisation and to be responsible for overseeing new initiatives involving the management of scope, time, cost and risk. The program is designed to enhance the career opportunities of established professionals, as well as assist individuals aspiring to develop a career in this unique sector.
