GENERAL INFORMATION

PROGRAM INFORMATION

The Graduate Diploma can be completed in eight months full time or over multiple semesters part-time. Six core subjects must be completed, and two elective subjects chosen.

The Graduate Diploma in Healthcare Innovations will deepen professionals' knowledge of health systems, evidence-based practice, and organisational behaviour. Professionals will learn to use design thinking and problem-solving strategies to lead, educate, and influence colleagues and healthcare users towards improving and innovating healthcare practice.

SUBJECT INFORMATION

CC-63056		Graduate Diploma in Healthcare Innovations		
Version	1			
Total Subjects		Total Credit Points	80	Cricos Code
				099579E
Structure				
<p>Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge.</p>				
Available	Code	Title	Assumed Knowledge	Requisite
You must complete the following required subjects:
