

**BOND
UNIVERSITY**
TRANSLATIONAL SIMULATION

Translational Sim subject approved

If you're looking for a formal qualification in Translational Simulation, we'll be offering a subject at Bond in 2022. Modular, online, and for anyone working toward better quality and safety in healthcare. Also counts toward Masters of Healthcare Innovations .

[For more details ...](#)

What we're doing

Translational Simulation at NZASM

Vic Brazil spoke at the NZ Anaesthesia Society meeting last week in a session with [Carl Horsley](#) and [Dan Hartwell](#) - focused on reshaping patient safety approaches, including the use of simulation. They discussed embedding simulation as a process to explore the context in which teams work. For more from Carl Horsley - excellent [book chapter on the topic here](#).
