Translational Simulation at NZASM

Vic Brazil spoke at the NZ Anaesthesia Society meeting last week in a session with Carl Horsley and Dan Hartwell – focused on reshaping patient safety approaches, including the use of simulation. They discussed embedding simulation as a process to explore the context in which teams work. For more from Carl Horsley - excellent book chapter on the topic here.

Pandemic Preparedness from Gandel Sim

The GSS team presented at the recent ASSH symposium on Translational Simulation for Pandemic preparedness: The Melbourne Experience. Congratulations to the team on their work and their talk!

Translational Sim subject approved

If you’re looking for a formal qualification in Translational Simulation, we’ll be offering a subject at Bond in 2022. Modular, online, and for anyone working toward better quality and safety in healthcare. Also counts toward Masters of Healthcare Innovations.
