Executive Dean's Message

Welcome to the Executive Dean's Awards Ceremony. As Executive Dean of the Faculty of Society & Design, I would like to thank you for joining us to celebrate the success of our award recipients.

This is a particularly important occasion where we as a Faculty formally recognise the outstanding achievements of our students within their fields of study during the 213 semester.

It takes significant dedication and commitment to attain the high standard of academic excellence our award recipients have achieved.

I would also like to recognise the significant role family members and friends serve as support networks, which is critical in reaching any level of success.

Thank you again for your attendance on this special evening. I would like to wish all our award recipients the best of luck with their current studies and future endeavours. We are delighted you have chosen to study with us and look forward to working in partnership with you now and in the future.
