Everyone has expectations for their future...
And success means different things to different people.
Some are happy to live from day to day.
Others – like yourself – want much more.
You think bigger. You want to move faster.
You want to go further.
You’re determined to achieve something extraordinary.
At Bond University, we recognise your passion and
fast track your progress.

Bond University.
We Share Your Ambition.
We Bring It To Life.
Vice-Chancellor’s Message

Your Bond degree is your passport to an extraordinary career.

Choosing the right university is the most important decision you will make at this stage of your life. It’s your investment in the future – not just financially, but in terms of the time, energy and effort you will put into your studies over the next few years.

So, like any investment, your choice must be based on the potential returns: Which university will give you more than a degree? Which university will open the door to a truly extraordinary career? Bond University has positioned itself as a leading university, imbued with a spirit to innovate, a commitment to influence and a dedication to inspire tomorrow’s professionals. We believe that the knowledge and skills you learn in the classroom are simply the starting point.

Just imagine what you will achieve working with internationally renowned teachers in small personalised classes. Just imagine how quickly you could climb the corporate ladder if you graduated a full year ahead of your competitors and had specific training in leadership skills. And with a global network of contacts, you will be able to work anywhere in the world.

We know you have the potential to make a real difference – because we have seen so many of our students over the years do just that. Living and working in every corner of the globe, they are now heading up major corporations, helping disadvantaged communities in developing countries, researching medical breakthroughs, engineering cutting-edge technologies.

As a graduate of Bond University, you will be joining their elite ranks. If your goal is to be the best that you can be, to have your choice of the top jobs and to forge a successful and satisfying career at the highest level, Bond University can give you all the tools you need to bring your ambition to life.

I very much look forward to sharing your journey.

Professor Tim Brailsford
Vice-Chancellor and President
Why Bond?
Because we do things differently.

1. **FINISH YOUR DEGREE UP TO A YEAR AHEAD OF THE REST**
   At Bond, you won’t lose time with long breaks between semesters. We run three full semesters a year, with intakes in January, May and September. This means that you can complete standard bachelor’s degree in just two years. It also means you will be out in the workforce up to a year ahead of the rest, earning sooner.

2. **BE MENTORED BY WORLD LEADING ACADEMICS**
   Bond’s personalised teaching philosophy means you will learn in smaller class sizes with unprecedented one-on-one access to your professors. Even outside of class time, our academics have an open door policy that means they will not only know you by name, they’ll actively mentor your progress.

3. **GRADUATE BETTER PREPARED**
   At Bond, we believe education goes beyond the classroom. Our unique Beyond Bond program will expand your horizons with internships, global volunteering programs, international competitions, industry conferences, study tours, community service and much, much more.

   This is why our graduates are the first choice for many employers. They are immediately distinguishable in the workplace for their confidence, maturity, global awareness, communication skills and leadership qualities. Bond sets you up to succeed.
Bond University has a distinguished reputation as Australia’s first independent, not-for-profit university. Created in the scholarly traditions of pre-eminent private universities of world standing, Bond challenges students to be leaders and thinkers.

A Bond degree takes you beyond the accepted definition of a university education to develop initiative, enterprise, ambition and a lifelong commitment to making a meaningful contribution in your chosen field. A wide range of innovative and challenging undergraduate courses are offered through the:

- Bond Business
- Faculty of Health Sciences & Medicine
- Faculty of Law
- Faculty of Society & Design
- Bond University English Language Institute
- Bond College

Whatever degree you choose, you’ll find that Bond’s dedication to the highest academic standards, coupled with open access to world-class teaching professionals, industry leaders and blue chip employers will help you to reach your very highest potential.

Welcome to Bond University

Bond University rates 5 stars ★★★★★
UNDERGRADUATE STUDY

Applicants who have not previously studied at university would normally enrol in a bachelor’s degree. These undergraduate study programs typically comprise 24 subjects which can be completed in six semesters by undertaking a full-time load of four subjects per semester. Some undergraduate degrees are slightly longer, such as the Bachelor of Laws (32 subjects over eight semesters) and the Bachelor of Medicine Bachelor of Surgery (14 semesters).

UNIVERSITY CORE SUBJECTS

At Bond University, we recognise that people have many careers throughout their lives where they require the soft skills to problem solve and apply their education to a variety of occupations. As a result, in every undergraduate degree (except the Bachelor of Medicine Bachelor of Surgery), you will complete three Bond Core subjects plus one not-for-credit component.

Critical Thinking and Communication

In this subject you will be introduced to critical thinking and clear expression. You will evaluate arguments, identify assumptions, judge patterns of inference, and recognise and apply various methods of reasoning. You will learn how to clarify and visually represent your thinking to make better decisions, evaluate and use evidence, and communicate more effectively in your writing and speaking. Using these skills, you will structure and write an academic essay and deliver an oral presentation.

Leadership and Team Dynamics

This subject is designed to help you develop the intrapersonal and interpersonal skills to function effectively as individual contributors, team players and leaders in diverse social contexts. These skills will be essential to your personal and professional life in any current or future profession. You will gain a greater understanding of your personality, values, emotions, perceptions and related attributes, and develop an appreciation of the diversity of these characteristics in others. This perspective is required to work effectively in diverse multi-disciplinary groups and to develop the followership and leadership behaviours that are highly valued in contemporary organisations.

Ethical Thought and Action

Using an applied case-based approach, this subject will help you gain ethical awareness, develop relevant reasoning skills, and empower yourself to act ethically in personal and professional contexts. This interdisciplinary subject explores critical ethical issues in science, law, business, media, and the environment. Topics remain flexible to reflect the dynamic nature of ethical issues in the 21st century.

Beyond Bond: Professional Development and Community Engagement

This not-for-credit component aims to equip you with the knowledge, competencies and skills to effectively take responsibility and plan an appropriate career path. You will gain awareness and understanding of the career development process and, through the use of various job-related tools, you will be empowered to create your own professional approach towards your future career aspirations. You will also acquire a realistic appreciation of the world of work and broaden your employment skills beyond the classroom through a variety of work-integrated learning and/or global or community engagement activities.

FOUNDATION SUBJECTS

Most degrees include a specified number of foundation subjects which all students must complete, regardless of their chosen major or specialisation.

ELECTIVE SUBJECTS

Some degrees also allow you to choose elective subjects, either from the host faculty or from any other faculty in the University.

MAJORS / SPECIALISATIONS

A major is a grouping of subjects (usually six) in a particular discipline that allows students to focus on a specialisation. Some degree programs also allow for a double major.
COMBINED DEGREES
Bond University offers a range of combined degrees.

These include:
- Bachelor of Arts / Bachelor of Laws
- Bachelor of Biomedical Science / Bachelor of Laws
- Bachelor of Business / Bachelor of Commerce
- Bachelor of Business / Bachelor of Laws
- Bachelor of Business / Bachelor of Social Science
- Bachelor of Business / Bachelor of International Relations
- Bachelor of Commerce / Bachelor of Laws
- Bachelor of Communication / Bachelor of Laws
- Bachelor of Communication (Business) / Bachelor of Laws
- Bachelor of International Relations / Bachelor of Laws
- Bachelor of Journalism / Bachelor of Laws
- Bachelor of Psychological Science / Bachelor of Laws

Combined degrees in other combinations are available conditional upon subject availability*.

HONOURS DEGREES
An honours degree is usually two or three semesters of additional coursework, seminars and supervised research taken after the completion of a bachelor’s degree. It advances students’ knowledge and experience and helps prepare them for future research work and higher degree programs.

A high level of achievement in an undergraduate course is a prerequisite of entry into an honours degree program. Honours degrees are available in selected programs within the Faculty of Health Sciences & Medicine and Faculty of Society & Design.

HIGHER LEVEL DEGREES
Our accelerated timetable enables you to complete most bachelor’s degrees in two years and a master’s degree in one year. Should you wish to continue studying, you can complete your undergraduate degree and gain a higher level qualification in the same time it will take students at most other universities to complete a bachelor’s degree.

STUDY SCHEDULE
Most students undertake four subjects per semester^ (equivalent to 40 credit points). You may however, enrol in fewer subjects and extend your degree over a longer period^^. Bond’s teaching methodology involves a combination of lectures, tutorials, seminars, examinations, projects, presentations, assignments, computer labs and industry projects.

INTERNATIONAL STUDENTS
As a requirement of your visa, international students must undertake four subjects per semester (equivalent to 40 credit points).

* Not available for all programs.
^ Australian students enrolled in at least three subjects may be eligible to claim Austudy benefits.
^^ Not available for the Bachelor of Medicine Bachelor of Surgery or international students.
Pathways to Bond University

If you do not meet the stated academic requirements for direct entry into an undergraduate degree program, Bond offers alternative pathway programs.

DOMESTIC STUDENTS - BOND UNIVERSITY PREPARATION PROGRAM

Duration: 8 months (2 semesters)
Starting: January, May, September

The Bond University Preparation Program provides a pathway for Australian students to meet the entry requirements for Bond University programs. This program is open to those that have completed Year 11 or equivalent in the Australian education system, or who have commensurate work experience.

INTERNATIONAL STUDENTS - BOND COLLEGE FOUNDATION PROGRAM

CRICOS Course Code 063151G

Duration: 8 months (2 semesters)
Starting: January, May, September

The Bond College Foundation Program has been specifically designed for international students and accelerates your way to a university degree. The Bond College Foundation Program meets the requirements for foundation programs that have been registered for CRICOS delivery in Australia to overseas students. It provides academic preparation for students seeking entry to first year undergraduate study or equivalent.

PATHWAYS TO BOND UNIVERSITY

Australian Students

Successful completion of Year 11, or equivalent programs under the Australian Qualifications Framework (AQF) - for example, Certificate III level or Access 10 in TAFE system. Aptitude tests may also be available to determine suitability for entry to Bond College.

International Students

Relevant country specific academic entry requirements (see page 90)

IELTS 5.5 (no band less than 5.5) or equivalent

Bond University Higher Education Diploma (2 semesters)
Bond University degree (4 semesters*)

Bond University Preparation Program (Australian Students) (2 semesters)

Bond University Preparation Program (International Students)

Bond University degree (6 semesters*)

* The average Bond University undergraduate degree is six semesters but may be longer in some areas of study.
DIPLOMA OF BUSINESS
CRICOS Course Code 078663E

Duration: 8 months full time (2 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Completion of Year 12 or equivalent (OP 16 - 21 / ATAR 63.00 - 46.30).
For international student entry requirements, please refer to
Application and Entry section on page 88.

PROGRAM DESCRIPTION
The Diploma of Business offers a broad foundation for
a range of career opportunities in the corporate sphere. It will teach
you core skills to enhance your career prospects, whether you have
just finished school or you are looking to upgrade your
qualifications.

Successful completion of the Diploma of Business will provide you
with a pathway to Bond University's undergraduate degrees or
position you to seek employment in business, management,
marketing and advertising, market research or information
management.

PROGRAM STRUCTURE
You will complete a total of eight subjects comprising Bond
University Core subjects (refer to page 10) and discipline specific
foundation subjects such as:
• Introduction to Accounting
• Introduction to Global Citizenship
• Marketing
• Leadership and Team Dynamics
• Principles of Economics

For full program details and structure, please visit
bond.edu.au/diplomas.

FURTHER STUDY
Successful completion of the Diploma of Business guarantees you a
place in the Bachelor of Business with up to eight subjects credited
to the degree, and shortens the duration of your undergraduate
studies by two semesters.

The Diploma of Business is also a pathway into other bachelor
degrees with varying credit.
DIPLOMA OF COMMUNICATION
CRICOS Course Code 078664D

Duration: 8 months full time (2 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Completion of grade 12 or equivalent (OP 18 - 21 / ATAR 55.95 - 46.30). For international student entry requirements, please refer to Application and Entry section on page 88.

PROGRAM DESCRIPTION
The Diploma of Communication opens up a wide range of career and further study opportunities in disciplines ranging from film and television through to journalism and multimedia. It will teach you core skills to enhance your career prospects, whether you have just finished school or you are looking to upgrade your qualifications. Successful completion of the Diploma of Communication will provide you with a pathway to Bond University’s undergraduate degrees or position you to seek employment in media, corporate communications, public relations or event management.

PROGRAM STRUCTURE
You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:
- Digital Media and Society
- Personal Communication
- Public Relations Principles and Practice
- The Australian Media

For full program details and structure, please visit bond.edu.au/diplomas.

FURTHER STUDY
Successful completion of the Diploma of Communication guarantees you a place in Bond's Bachelor of Communication with up to eight subjects credited to the degree, and reduces the duration of your undergraduate studies by two semesters.

Entry into other degrees is with eight credits as follows:
- Bachelor Communication (Business)
- Bachelor of Arts
- Bachelor of Film and Television
- Bachelor of Multimedia and Design
- Bachelor of Journalism
- Bachelor of International Relations
- Bachelor of Social Sciences
- Bachelor of Psychological Science

The Diploma of Communication is also a pathway into other bachelor degrees with varying credit.
**DIPLOMA OF CRIMINOLOGY**  
CRICOS Course Code 078658B  

**Duration:** 8 months full time (2 semesters)  
**Starting:** January, May, September  

**ENTRY REQUIREMENTS**  
Completion of grade 12 or equivalent (OP 18 - 21 / ATAR 55.95 - 46.30). For international student entry requirements, please refer to Application and Entry section on page 88.  

**PROGRAM DESCRIPTION**  
The Diploma of Criminology provides a fascinating introduction to the study of criminology. It will teach you core skills to enhance your career prospects, whether you have just finished school or you are looking to upgrade your qualifications.  

This diploma will familiarise you with the criminal justice system and give you the ability to draw on knowledge and perspectives from a range of disciplines such as law, sociology, psychology and history. It will also allow you to question why different societies define and respond to crime in different ways.  

Successful completion of the Diploma of Criminology will provide you with a pathway to Bond University’s undergraduate degrees or position you to seek employment in intelligence analysis, research, or consulting in the areas of state and federal government, law enforcement or crime research.  

**PROGRAM STRUCTURE**  
You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:  
- Contemporary Issues in Law and Society  
- Crime and Deviance  
- Forensic Victimology  
- Media and Crime  
- The Australian Criminal Justice System  

For full program details and structure, please visit bond.edu.au/diplomas.  

**FURTHER STUDY**  
Successful completion of the Diploma of Criminology guarantees you a place in the Bachelor of Social Sciences (major in Criminology) with up to eight subjects credited to the degree, and reduces the duration of your undergraduate studies by two semesters. The Diploma of Criminology is also a pathway to the Bachelor of Arts, Bachelor of Behaviour Management, Bachelor of Social Science, Bachelor of Counselling and Bachelor of Social Science (Psychology).  

---  

**DIPLOMA OF SPORTS MANAGEMENT**  
CRICOS Course Code 078901G  

**Duration:** 8 months full time (2 semesters)  
**Starting:** January, May, September  

**ENTRY REQUIREMENTS**  
Completion of grade 12 or equivalent (OP 16 - 21 / ATAR 63.00 - 46.30). For international student entry requirements, please refer to Application and Entry section on page 88.  

**PROGRAM DESCRIPTION**  
The Diploma of Sports Management offers a range of subjects to equip you with the necessary knowledge to work with sporting teams, clubs, players and organisations. It will teach you core skills to enhance your career prospects, whether you have just finished school or you are looking to upgrade your qualifications.  

Successful completion of the Diploma of Sports Management will provide you with a pathway to Bond University’s undergraduate degrees or position you to seek employment in sports, event or player management, as well as sporting and recreational clubs and professional organisations.  

**PROGRAM STRUCTURE**  
You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:  
- Personal Finance  
- Sport Development  
- Sport Public Relations  
- Sport Information  
- Sports Marketing  

For full program details and structure, please visit bond.edu.au/diplomas.  

**FURTHER STUDY**  
Successful completion of the Diploma of Sports Management guarantees you a place in the Bachelor of Sports Management with up to eight subjects credited to the degree, and shortens the duration of your undergraduate studies by two semesters. The Diploma of Sports Management is also a pathway into the Bachelor of Communication, Bachelor of Business and Bachelor of Communications (Business).
DIPLOMA OF LEGAL STUDIES
CRICOS Course Code 080298C

Duration: 8 months full time (2 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Completion of grade 12 or equivalent (OP 10 - 15 / ATAR 78.25 - 65.80). For international student entry requirements, please refer to Application and Entry section on page 88.

PROGRAM DESCRIPTION
The Diploma of Legal Studies will help you plan a career where knowledge of fundamental legal principles and basic legal skills will be of use; such as business administration, legal administration, and Federal, State or local government administration. It will teach you core skills to enhance your career prospects, whether you have just finished school or you are looking to upgrade your qualifications.

The Diploma of Legal Studies will teach you fundamental features of Australia's legal system, the principles of business law and contract law, contemporary legal and ethical issues confronting Australian society, how to communicate in groups, conflict resolution, problem solving, individual and group decision making, and an understanding of ethics, morals and cultural beliefs.

Successful completion of the Diploma of Legal Studies will provide you with a pathway to Bond University's undergraduate degrees or position you to seek employment in areas where knowledge of fundamental legal principles and basic legal skills will be of use.

PROGRAM STRUCTURE
You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:
- Australian Legal System
- Business Law
- Contemporary Issues in Law and Society
- Principles of Contractual Liability

For full program details and structure, please visit bond.edu.au/diplomas.

FURTHER STUDY
Successful completion of the Diploma of Legal Studies guarantees you a place in the Bachelor of Laws with up to eight subjects credited to the degree, and reduces the duration of your undergraduate studies by two semesters.

The Diploma of Legal Studies is also a pathway into the Bachelor of Communication, Bachelor of Communications (Business), Bachelor of Business, Bachelor of Arts, Bachelor of Social Science and Bachelor of Social Science (Criminology).

---

DIPLOMA OF SUSTAINABLE ENVIRONMENTS AND PLANNING
CRICOS Course Code 081521D

Duration: 8 months full time (2 semesters)
Starting: September

ENTRY REQUIREMENTS
Completion of grade 12 or equivalent (OP 10 - 15 / ATAR 78.25 - 65.80). For international student entry requirements, please refer to Application and Entry section on page 88.

PROGRAM DESCRIPTION
The Diploma of Sustainable Environments and Planning provides a foundation for those intending to pursue a career in a variety of natural and built environment professions involved in creating sustainable environments.

This Diploma will teach students core skills to enhance their career prospects, whether that be a student fresh out of school or someone wishing to upgrade their qualifications. Students gain knowledge through studying the specified relevant subjects. Some core skills covered include: sustainability science, sustainability and society, urban design, communicating in groups, conflict resolution, problem solving, individual and group decision making, information management, and the use of different network technologies.

Successful completion of the Diploma of Sustainable Environments and Planning will provide students with either a pathway to Bond University undergraduate degrees or to start their career in a broad range of opportunities in environmental science, property and urban development. Graduates will be equipped to take advantage of work opportunities in government and private consultancies.

PROGRAM STRUCTURE
You will complete a total of eight subjects comprising Bond University Core subjects (refer to page 10) and discipline specific foundation subjects such as:
- Strategic Land Use and Planning
- Spatial Information Systems
- Sustainable Development and Society
- Planning processes

PROFESSIONAL OUTCOMES
This diploma will provide you with access to a wide range of career pathways in the natural and built environments. Graduates will be equipped with the knowledge and practical experience required to be sustainability professionals in business, industry, government, consulting firms and non-government organisations.

Graduates can progress into a wide range of careers in mining and energy, fisheries and agriculture, tourism, property, community infrastructure, city and regional planning, development assessment, transportation, strategic or social planning or urban design.

Graduates of this program will be equipped with a comprehensive knowledge of sustainable environments, and will be able to seek work anywhere in Australia or around the world.
International students can improve their English language skills by enrolling in the various ELICOS programs available on campus at the Bond University English Language Institute (BUELI). In addition to enjoying access to all the University facilities and activities, you will benefit from learning in small classes with individual attention provided by our highly qualified teachers, many of whom have international experience.

**GENERAL ENGLISH**
CRICOS Course Code 065668G
Speaking, listening, reading, writing and grammar from elementary to advanced levels

Faculty of Business

bond.edu.au/business

Bond Business is dedicated to building tomorrow’s business leaders, one by one.

We are comprised of dedicated professionals who have real world experience as advisors, consultants, entrepreneurs, investors and executives. Attracting the highest calibre academics and students, Bond Business delivers truly personalised educational experiences to every student, encouraging them to unleash their potential, accentuate their strengths, and achieve their individual ambitions.

The Faculty of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB), placing them in among the top 5% of business schools worldwide.

INDUSTRY LINKS

The Faculty of Business has established relationships with many local and international organisations, including:

- Accor
- ANZ
- ASX
- Austrade
- Bartercard
- Cisco
- Deloitte
- Disney
- Ernst & Young
- Goldman Sachs
- Hilton
- IBM
- IHG
- J. P. Morgan
- KPMG
- Macquarie Group
- Marriott
- Microsoft
- Oracle
- PwC
- Stockland
- Suncorp
- Virgin Group
- Wyndham

FACULTY FACILITIES

Created in collaboration with the Macquarie Group, the Macquarie Trading Room gives you access to market information through internal and external tickers, and dual screen technology featuring accounting, economic and financial data from Bloomberg. It allows lecturers to set up simulated trading environments and adjust the market conditions to demonstrate different market situations and theories. You will gain practical experience in executing deals and managing portfolios, with trading conditions almost identical to those encountered by seasoned financial traders around the world.
**BACHELOR OF ACTUARIAL SCIENCE**  
CRICOS Course Code 083205M

**Duration:** 2 years full time (6 semesters)  
**Starting:** January, May, September

**ENTRY REQUIREMENTS**  
Successful completion of Year 12, with a score of OP 6, or ATAR 90. Knowledge of Mathematics B or equivalent is assumed.

**PROGRAM DESCRIPTION**  
The Bachelor of Actuarial Science is an innovative and immersive program that combines the elements of economics, finance, statistics and advanced mathematics to develop techniques for the management of risk. Developed and taught by Professor Terence O’Neill, one of Australia’s leading academic authorities in the field, the Bachelor of Actuarial Science will deliver smaller classes for personalised attention and unparalleled access to Bond University’s Macquarie Trading Room and Bloomberg data-sourcing terminals.

**PROGRAM STRUCTURE**  
University Core Subjects (3)  
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (7)  
- Business Statistics  
- Contemporary Macroeconomics Issues  
- Econometrics  
- Fundamentals of Finance  
- Introduction to Accounting  
- Mathematical Statistics  
- Principles of Economics

Specialist Subjects (10)  
- Contingencies  
- Corporate Finance  
- Financial Applications and Quantitative Analysis  
- Financial Mathematics  
- Financial Markets and Institutions  
- Insurance Models  
- Options and Futures  
- Portfolio Analysis and Investment Management  
- Stochastic Modelling

Electives (4)  
You must also complete four elective subjects.

**PROFESSIONAL OUTCOMES**  
Actuarial Science has emerged as a key growth sector of the 21st century and was recently ranked the number one career in the Wall Street Journal, 2013. High graduate starting salaries and full employment rates reflect the growing demand for qualified analysts, with career opportunities predicted to increase substantially over the next five years. The Bachelor of Actuarial Science will prepare students for rewarding careers in a range of disciplines, including climatology, finance, health, insurance, research, safety, science and technology.

**PROFESSIONAL RECOGNITION**  
- Actuaries Institute

**COMBINED PROGRAMS**  
Some popular combined degrees for the Bachelor of Actuarial Science include:  
- Bachelor of Actuarial Science / Bachelor of Business  
- Bachelor of Actuarial Science / Bachelor of Commerce  
- Bachelor of Actuarial Science / Bachelor of Laws

**BACHELOR OF ACTUARIAL SCIENCE (HONOURS)**  
CRICOS Course Code 083207J

Students who perform well in the Bachelor of Actuarial Science can opt to complete an additional two semesters to graduate with a Bachelor of Actuarial Science (Honours), allowing them to accelerate their career as an actuary. This decision is made on an individual basis by the Faculty.

Honours Subjects (4)  
- Actuarial Control Cycle 1  
- Actuarial Control Cycle 2  
- Investments and Asset Modeling  
- Actuarial Research Thesis

Electives (3)  
Honours students must complete an additional three elective subjects.
Simone is head of the Finance Department and a qualified Chartered Accountant with 23 years teaching experience. She started her career in Arthur Anderson before undertaking a PhD, applying real-options to the valuation of mining companies. She is a staunch believer in women’s ability to have both a career and a family. Simone moved to Bond in 2001 where she was part of the planning team for Bond Finance programs. Simone developed our Personal Finance program obtaining RG146 recognition for our graduates. Simone is passionate about finance and education and is dedicated to improving financial literacy through Australia’s education system. Her research interests include real options, valuation, governance, financial literacy and wealth management.

**TEACHING SUBJECTS**
- FINC13-308 Personal Finance
- FINC71-318 Personal Investment

**TEACHING AWARDS**
- Department of Commerce University of Queensland Teaching Prize 1998

**INDUSTRY CONNECTIONS**
Prior to undertaking her PhD, Simone worked for Chartered Accountant firm Arthur Anderson and Coopers and Lybrand whilst undertaking her professional qualifications to earn chartered status. She had both domestic and international appointments, working as the external auditor for Breakwater Casino Townsville, Jupiter’s Casino Gold Coast, Sheraton Corporation, Ariadne, and Bank of New Zealand. She is also a regularly invited speaker at mining industry conferences.

**INTERESTING FACTS**
- Owner of four dogs, one being a Saint Bernard puppy (a.k.a the live vacuum cleaner).
- Competitive dressage rider when younger and now avid rose grower and member of the Rose Society.
BACHELOR OF BUSINESS
CRICOS Course Code 063055G

You must complete five subjects from one of the following majors:
- Digital Business
- Entrepreneurship
- International Business
- Management
- Marketing
- Marketing Communication

Electives (5)
You must complete five elective subjects, of which at least three must come from the Business list of undergraduate subjects.

PROFESSIONAL OUTCOMES
The Bachelor of Business is a broad-based qualification accepted internationally by leading employers in a wide range of corporate disciplines. Graduates can work in a range of fields, including advertising, brand management, communications, informatics, human resource management, market research or general management.

COMBINED PROGRAMS
Some popular combined degrees for the Bachelor of Business include:
- Bachelor of Business / Bachelor of Commerce
- Bachelor of Business / Bachelor of International Relations
- Bachelor of Business / Bachelor of Laws
The Bachelor of Business (3 Year Program) is designed for students who wish to study via a two semester model. This three year program means you will study during the January and September semesters of each year only and will complete the degree over three years rather than the usual two.

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Business will equip you to think creatively and critically, communicate professionally, make ethical business decisions and work effectively in a global context. The program develops financial literacy, leadership and management skills through experiential learning. You can also combine your specialist major in Accounting, Economics or Finance with a minor of your choice.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (8)
- Business Law
- Business Mathematics
- Cost Management Systems
- Econometrics
- Fundamentals of Finance
- Introduction to Accounting
- Marketing
- Principles of Economics

Major (6)
You must complete six subjects from one of the following majors:
- Accounting
- Economics
- Finance

Electives (7)
You must complete seven elective subjects, of which at least three must come from the Business list of undergraduate subjects.

PROFESSIONAL OUTCOMES
The Bachelor of Commerce is accepted around the world by leading employers in the commercial and public sectors. Graduates can work in a range of fields, including large multinational corporations, specialist organisations, government departments, consulting or research.

PROFESSIONAL RECOGNITION
- Australian Securities and Investment Commission RG146
- Financial Services Institute of Australia
- CPA Australia
- Chartered Accountants Australian and New Zealand (CAANZ)
- Institute of Public Accountants

COMBINED PROGRAMS
Some popular combined degrees for the Bachelor of Commerce include:
- Bachelor of Commerce / Bachelor of Business
- Bachelor of Commerce / Bachelor of International Relations
- Bachelor of Commerce / Bachelor of Laws

The Bachelor of Commerce (3 Year Program) is designed for students who wish to study via a two semester model. This three year program means you will study during the January and September semesters of each year only and will complete the degree over three years rather than the usual two.

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of International Hotel and Tourism Management is designed to prepare you for senior roles in the global tourism and hotel industries. Emphasis is placed on asset, revenue and event management within tourism and hotel businesses. You will complete 400 hours of work experience to compliment the theoretical knowledge gained through the program.
PROGRAM STRUCTURE

University Core Subjects (3)
Three Bond Core subjects plus one compulsory
not-for-credit component. Please refer to page 10.

Foundation Subjects (4)
- Business Law
- Human Resource Management
- Introduction to Accounting
- Marketing
- Organisational Behaviour

Advanced Subjects (10)
- Adventure Tourism
- Contemporary Issues in Hospitality and Tourism
  Management
- Hotel and Tourism Strategic Management
- International Food and Beverage Management
- Risk Management
- Rooms Division Management
- Strategic Pricing and Revenue Management
- Sustainable Tourism and Indigenous Culture
- Tourism and Hospitality Economics
- Tourism and Leisure Analysis and Evaluation

Major (6)
You must complete six subjects from one of the
following majors:
- Revenue Management
- Event Management

PROFESSIONAL OUTCOMES
The Bachelor of International Hotel and Tourism
Management is a qualification accepted nationally and
internationally by leading hotel and tourism industry
employers. Graduates can work in a range of fields,
including conference and exhibitions, event
management, hotel and resort management, leisure
management, tourism development and transportation.
The Faculty of Health Sciences & Medicine at Bond University provides opportunities for students to forge specialised careers in medicine, allied health, sports and research.

All programs place a strong emphasis on real world experience from the first semester. Students are able to develop specialist skills through extensive practical experience which also provides the opportunity to build industry networks. Many programs involve students in interdisciplinary learning which mirrors the team approach in sports and health care today.

**INDUSTRY PARTNERS**
- Australian Institute of Sport
- Australian Rugby Union
- New South Wales Health
- Queensland Health
- Ramsay Health Care
- Royal Flying Doctor Service
- Sullivan Nicolaides Pathology
- Uniting Care Health

**FACULTY FACILITIES**
The Faculty contains several state-of-the-art laboratories, teaching facilities and research spaces incorporating the latest technology and industry standard equipment. Exercise and sport science, sports management and physiotherapy students study at both the main campus and purpose-built Bond University Institute of Health and Sport, located in Robina.

- Anatomy Laboratory
- Biomechanics Laboratory
- Body Composition Laboratory
- Clinical Education and Research Centre
- Clinical Skills Rooms
- Exercise Physiology Laboratory
- Pathology Museum
- Physiotherapy Laboratory
- Science Laboratory
- Sports Science Laboratories
BACHELOR OF BIOMEDICAL SCIENCE
CRICOS Course Code 063085B

Duration: 2 years full time (6 semesters). Flexible part-time options are available for domestic students.

Starting: January, May

ENTRY REQUIREMENTS
Successful completion of Year 12, Bond College certificate or equivalent with successful completion of English and Maths B (students without the equivalent of Maths B will be required to successfully complete bridging subject/s in those disciplines). Pathways are available for applicants who do not meet the standard subject entry requirements.

PROGRAM DESCRIPTION
The Bachelor of Biomedical Science provides you with the ideal undergraduate foundation for a career in the health sciences. The program develops your knowledge in the molecular, cellular, anatomical and physiological processes of the human body and prepares you for graduate-entry programs such as medicine and the allied health professions.

You will have the opportunity to focus your studies in the last few semesters in four majors relevant to your area of interest.

Majors include:
- Pre-Health Professional (for students interested in graduate entry medicine or other health professional programs)
- Laboratory Science (for students interested in graduate entry medical laboratory science and research)
- Nutrition (for students interested in graduate entry studies in nutrition and dietetics)
- Forensics

Extensive laboratory training from the first semester, as well as case studies and problem-solving techniques are applied within a variety of clinical, research and allied health care settings.

PROGRAM STRUCTURE*

University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (7)
- Australia's Health Issues and Priorities
- Biological and Physical Chemistry
- Cell Biology
- Chemistry for Living Systems
- Human Organ Systems 1
- Medical Biochemistry 1
- Principles of Human Structure and Function

Advanced Discipline Subjects (6)
- Health Research Methods
- Human Organ Systems 2
- Medical Biochemistry 2
- Medical and Molecular Genetics
- Microbiology
- Pathophysiology and Pharmacology

Majors (8)
Complete eight subjects from one of the following majors:
- Pre-Health Professional
  - Exercise, Health and Disease
  - Exploring Human Disease
  - Food, Nutrition and Health
  - Health Communication
  - Health Promotion
  - Human Control Systems
  - Immunology
  - Laboratory Medicine
- Laboratory / Research
  - Advanced Bioscience Lab
  - Exploring Human Disease
  - Human Control Systems
  - Immunology
  - Laboratory Medicine
  - Molecular Diagnostics
  - Research Project A
  - Research Project B
- Nutrition
  - Exploring Human Disease
  - Food, Nutrition and Health
  - Human Nutrition
  - Health Communication
  - Human Control Systems
  - Immunology
  - Nutrition Assessment
  - Sport and Exercise Nutrition
- Forensics
  - Advanced Bioscience Lab
  - Exploring Human Disease
  - Forensic Biology
  - Forensic Chemistry
  - Forensic Science
  - Human Control Systems
  - Interpretation of Evidence
  - Molecular Diagnostics
PROFESSIONAL OUTCOMES
The Bachelor of Biomedical Science provides you with an accelerated undergraduate pathway into further study for careers in a variety of areas such as:
• Biomedical research
• Diagnostic industries
• Health administration
• Medical laboratory science
• Medicine
• Nutrition and dietetics
• Pathology
• Pharmacy
• Podiatry

You can also undertake honours studies, followed by postgraduate degrees such as a PhD.

Pathway to Medicine
Depending on subjects completed in the Bachelor of Biomedical Science, as well as meeting specific criteria, this degree may provide a stepping stone into medicine.

Students eligible to graduate from the Bond Bachelor of Biomedical Science in the Pre-Health Professional major meeting the minimum required GPA will be eligible to be considered for selection to enter Year 2 of the Bond Bachelor of Medicine Bachelor of Surgery (MBBS) program**. The selection process will be based on GPA, performance on the GAMSAT and an interview with offers made once results and final GPA become available. Up to five places in Year 2 will be reserved for the Bond Biomedical Science (Pre-Health Professional major) graduates. Please note, current MBBS requirements still apply.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
* * Please note, the Bachelor of Medicine Bachelor of Surgery program is only open to Australian citizens, Australian permanent residents, holders of an Australian Humanitarian Visa and New Zealand citizens (but not to New Zealand permanent residents.

BACHELOR OF EXERCISE AND SPORTS SCIENCE
CRICOS Course Code 080641D

Duration: 2 years full time (6 semesters). Flexible part-time options are available for domestic students.
Starting: January

ENTRY REQUIREMENTS
Successful completion of Year 12, Bond College certificate or equivalent with successful completion of English and Maths B (students without the equivalent of Maths B will be required to successfully complete bridging subject/s in those disciplines). Pathways are available for applicants who do not meet the standard subject entry requirements.

PROGRAM DESCRIPTION
The Bachelor of Exercise and Sports Science provides you with knowledge and skills in health, fitness and athletic performance. You will gain an understanding of basic and applied sciences utilised in various contexts including healthy ageing, chronic disease prevention, health promotion and elite sport performance.

You will study anatomy and physiology, biomechanics, motor learning and control, exercise and sport psychology as well as exercise prescription and planning.

The Bachelor of Exercise and Sports Science provides a structured pathway to postgraduate studies in physiotherapy, nutrition and dietetic practice, or sports science.

The program features a minimum of 140 hours of practical experience in a variety of sport, exercise and healthcare environments. This provides you with valuable hands-on work placement experience before career commencement.
Previous Bond students have completed placements at organisations such as the Australian Rugby Union and Australian Institute of Sport.

PROGRAM STRUCTURE*

University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (6)
- Chemistry for Living Systems
- Exercise, Health & Disease
- Health Research Methods
- Human Control Systems
- Human Organ Systems 1
- Principles of Human Structure & Function

Introductory Specialist Subjects (8)
- Functional Anatomy
- Medical Biochemistry 1
- Medical Biochemistry 2
- Motor Control & Learning
- Physiology of Exercise
- Principles of Biomechanics
- Psychology of Sport & Exercise I
- Sport & Exercise Nutrition

Advanced Specialist Subjects (21)
- Advanced Biomechanics & Motor Control
- Advanced Physiology of Exercise
- Exercise Prescription & Practice 1
- Exercise Prescription & Practice 2
- Professional Practice & Practicum 1
- Professional Practice & Practicum 2
- Psychology of Sport & Exercise II

PROFESSIONAL OUTCOMES

The Bachelor of Exercise and Sport Science will equip you with a strong understanding of exercise science and human biology, and will provide you with an accelerated undergraduate pathway to postgraduate studies in sports science, nutrition and physiotherapy, as well as broader sporting and allied health programs.

Graduates of this degree may seek employment in a range of careers in Australia and around the world including:
- Exercise instructors and trainers
- Strength and conditioning coach
- Athletic / sport program coordinator
- Corporate and community health and fitness consultant

Successful completion of this degree guarantees graduates an interview for the following Bond University programs:
- Doctor of Physiotherapy
- Master of Sports Science
- Master of Nutrition & Dietetic Practice
- Master of Public Health Nutrition

As entry into these programs is highly competitive, an offer will be dependent on a candidate's final GPA and interview outcomes.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.

BACHELOR OF HEALTH SCIENCES

CRICOS Course Code 063068C

Duration: 2 years full time (6 semesters).
Flexible part-time options are available for domestic students.
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent or Bond College certificate (minimum overall 65 per cent average).

PROGRAM DESCRIPTION*

The Bachelor of Health Sciences is designed for students who wish to explore a variety of disciplines by undertaking studies across a broad range of subjects. You will be able to undertake introductory studies across various specialist areas in:
- Biomedical Science
- Exercise Science
- Forensic Science
- Nutrition and Health
- Sports Science

This enables you to explore a range of health science disciplines before progressing into particular specialist programs.

You will be equipped with a broad knowledge across science disciplines including chemistry and cell biology, in addition to some specialised knowledge of human anatomy and physiology. You will develop your skills in laboratory methods including the handling of chemicals, reagents and bodily fluids, preparing solutions, microscopy and physiological measurements. You will also learn how to locate, retrieve and interpret scientific information.

PROFESSIONAL OUTCOMES

The Bachelor of Health Sciences provides a two-year undergraduate pathway for students pursuing careers in health and biomedical research in Australia or around the world. The Bachelor of Health Sciences positions graduates to seek employment in a range of settings including:
- Laboratory assistant
- Clinical trials or drug registration
- Laboratory research
- Scientific publishing
- Pathways to other health professions

Graduates also have the opportunity to complete a research-based Honours, Bachelor of Health Sciences (Honours), leading to masters and PhD programs.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
Originally from Scotland, Allan has been at Bond University since 2007. His background as a medical doctor allows him to make his teaching relevant and clinically applied for any students pursuing a career in allied health, medicine and sports science. As a self-confessed ‘gadget geek,’ Allan loves to incorporate technology in the student learning experience to demonstrate difficult concepts such as 3-dimensional anatomical structures.

TEACHING SUBJECTS
- BMED 11-113: Musculoskeletal Anatomy
- BMED 13-125: Exploring Human Disease
- MBBS YR1: Medicine
- MBBS YR2: Medicine
- MBBS YR3: Medicine

TEACHING AWARDS
- 2013 Vice Chancellor’s Award for Teaching Excellence
- 2013 Faculty Teaching Excellence Award
- 2011 Faculty nominee for Vice Chancellor’s Teaching Award
- 2010 ALTC National Citation Winner – Teaching Excellence

INDUSTRY CONNECTIONS
- Works as an accredited medical practitioner in Pindara Hospital in the operating theatres and intensive care unit.
- On the board of advisors for a local Gold Coast digital health media company, 3Dme.

INTERESTING FACTS
Outside of Bond, Allan is a father, amateur mechanic, mediocre guitar player and has even tried his hand at stand-up-comedy.
**BACHELOR OF SPORTS MANAGEMENT**

**CRICOS Course Code 063083D**

Duration: 2 years full time (6 semesters). Flexible part-time options are available for domestic students.

Starting: January, May, September

**ENTRY REQUIREMENTS**
Successful completion of Year 12 or equivalent or Bond College certificate (minimum overall 65 per cent average).

**PROGRAM DESCRIPTION**
The Bachelor of Sports Management is taught by leading experts in sport management, marketing, law, business and public relations. This program provides you with the knowledge and skills to successfully forge a career in the various areas of the sport industry such as professional and community-based sport clubs and leagues, elite athlete development, sport development agencies, sport governing bodies, media, sport marketing and sponsorships, the sport tourism sector, and event management.

You will have access to internship and work experience opportunities. Bond University enjoys relationships with a network of sporting partners which range from amateur sporting organisations through to elite high performance teams. Sports Management students have conducted their industry experience with a varied range of sporting organisations, a selection of which are listed below:
- Australian Olympic Committee
- Australian Institute of Sport
- Australian Sports Commission
- Gold Coast City Council (Sport and Economic Development)
- Association of Surfing Professionals International
- International Rugby Board
- Australian Rugby Union
- Australian Football League
- Queensland Academy of Sport
- Netball Queensland
- Baseball Queensland
- Australian University Games
- Skateboarding Australia

**PROGRAM STRUCTURE**
* University Core Subjects (3)
  Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

* Compulsory Subjects (20)
  - Asset and Facilities Management
  - Business Law
  - Business Plan Development
  - Event Management
  - Global Sport Industry
  - Health Research Methods
  - High Performance Sport Management
  - Human Resource Management
  - Negotiation
  - Organisational Behaviour
  - Personal Finance
  - Risk Management
  - Professional Experience Sport Management
  - Sport Tourism

**PROFESSIONAL OUTCOMES**
The Bachelor of Sports Management will position you to seek employment in the multi-faceted sport industry at the local, national and international level, including:
- Professional sporting teams, leagues and affiliated organisations
- Community service organisations
- Government sport and recreation services
- Local, state and national sports governing bodies
- Major event corporations
- Sporting venue management
- Recreational and amateur sporting organisations
- High performance sport development and player management
- Sport advertising, media relations, sponsorship and marketing
- Apparel and merchandising companies
- Not-for-profit organisations
- Logistics, compliance and financial operations

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.

---

**BACHELOR OF MEDICINE**

**BACHELOR OF SURGERY**

This program is only open to Australian citizens, Australian permanent residents, holders of an Australian Humanitarian visa and New Zealand citizens (but not New Zealand permanent residents).

Duration: 4 years and 8 months full time (3 semesters per year) (14 semesters total)

Starting: May

**ACADEMIC ENTRY REQUIREMENTS**
The Bachelor of Medicine Bachelor of Surgery (MBBS) program is an undergraduate program, however it is also open to postgraduate students. Enrolments in the program are strictly limited to ensure small class sizes and sufficient clinical placements. As such, entry is extremely competitive.

Undergraduate applicants will be assessed on the following criteria:
1. Overall secondary academic results which must include Year 12 Chemistry, Maths B (or equivalent) and English
2. Undergraduate Medical Admissions Test (UMAT) results
3. Structured interview ranking

For full entry requirements, visit bond.edu.au/mbbs.
Applicants are selected through a rigorous assessment process based on outstanding academic achievement, in combination with a demonstrated ability to achieve graduate outcomes of knowledge and critical thinking, leadership, initiative and teamwork, communication skills, responsibility, ethical decision-making skills, motivation and non-verbal reasoning.

Short-listed applicants will be required to attend an interview in person at Bond University, where their general suitability to medicine and preparedness to undertake a highly demanding course will be examined. Applicants will be interviewed by individuals from medical and non-medical backgrounds who are trained in entry-style medicine interviews.

PROGRAM DESCRIPTION
Bond University’s Bachelor of Medicine Bachelor of Surgery Program (MBBS) is an accredited, integrated evidence-based course offering direct entry to both Year 12 school-leavers and other university graduates.

Established by one of the world’s leading authorities in Evidence-Based Medicine, the program is distinguished by its strong educational focus on problem-based learning. Rather than studying one specialist area at a time, the curriculum challenges you with clinical cases that combine a range of symptoms, possible diagnoses and disciplines. The holistic learning strategy is complemented by extensive clinical practice and patient contact integrated with the theoretical study elements.

The Bond MBBS program is designed to equip you with the knowledge and practical skills that a doctor needs to practice medicine in a modern clinical setting. A variety of teaching and learning systems are employed including case-based small group tutorials, problem-based tutorials, practical classes, clinical skills and laboratory training, self-directed learning, web-based and e-learning, interactive seminars and lectures. This combination of contemporary medical education approaches ensures that learning relates directly to patient care and prepares you to assume a high level of responsibility.

A strong emphasis is placed on clinical skills training and due to small class sizes, you will learn in a highly personalised environment with state-of-the-art equipment. With Bond’s three-semesters-per-year timetable and intensive clinical training periods, the MBBS degree is completed in just 4 years 8 months, with graduates then eligible to apply for hospital internships.

WORK EXPERIENCE AND PLACEMENTS
This program features extensive clinical training, during which students are located in various workplace settings from the first semester including child care, aged care, community clinics, rehabilitation centres, general practice and hospitals. For the senior years of the program, students will be located in the hospital full-time, mentored by senior specialists. In Year 5, there is also an elective term which students can spend at any pre-approved hospital in Australia or overseas.

PROGRAM STRUCTURE
The Bond MBBS program comprises five academic years. The first three years of the program align with Bond University’s 12-week semester format with extensive use of small group and problem-based learning. Each week involves a clinical case around which the learning is integrated.

Year 1
Year 1 commences with the molecular and cellular foundations of life and then guides learning through the first cycle of the body systems.

This cycle focuses on:
- Introducing the structure and function of discrete organs
- Psychological basis of normal human behaviour
- Sociological basis of the behaviours of populations

The foundations of an effective practitioner are explored through an introduction to conducting effective observations of people both healthy and ill. This involves the beginning of the development of the understanding of and the skills involved in effective interpersonal communication, group work and collaborative learning.
Collectively, integrated learning opportunities seed:

- Awareness of the roles of the doctor and healthcare system
- The impact of illness on the patient, their family and society
- The ethical basis of patient-centred health care

**Year 2**

Year 2 is framed around a second cycle through the body systems and focuses on:

- Relationships between structure and function, building complexity into an integrative systems focus
- Mechanisms of disease and infectious organisms
- Compensatory mechanisms for restoring normal function

Knowledge of psychosocial frameworks is deepened and broadened to explore the varied responses of individuals, groups, populations and cultures to disease as well as the exploration of psychosocial factors that contribute to disease and impact on patient healthcare, highlighting the complexities of health inequities.

The foundation knowledge and skills of a competent practitioner continue with a focus on history taking and physical examination of discrete systems. The ethical complexities of health care are then further explored inclusive of the legal framework for provision of health care and placements in health care settings will provide the context for introducing healthcare systems.

**Year 3**

The year will be structured around the core rotations of:

- Child Health
- Medicine
- Mental Health

With a focus in specific areas of:

- Clinical Pharmacology
- Endocrinology
- Imaging
- Immunology
- Neurology
- Oncology
- Pathology
- Surgery
- Women's Health

Year 3 focuses on the use of evidence in the practice of medicine. Acquisition of clinical reasoning skills will be based on the appropriate prioritisation of diagnostic possibilities, after the synthesis of complete examinations and the application of knowledge of normal structure and function and disease processes.

Learning will occur in a rich clinical environment, deepening the experiential base of the impacts of psychosocial and cultural constructs on illness and healthcare and will provide the context to further explore community and population health. Professional development continues guiding development of competencies to effectively manage complex and stressful situations involving both individuals and groups. This year completes preparation for full immersion in the clinical learning environment in the Years 4 and 5.

**Year 4**

Year 4 consists of approximately 43 academic weeks, which includes rotations through the following clinical disciplines:

- Child Health
- Medicine
- Mental Health
- Surgery
- Women's Health

In-Training Assessment (ITA) is conducted throughout the year.

**Year 5**

Year 5 consists of approximately 42 academic weeks, including rotations through the following clinical disciplines:

- Emergency Medicine
- General Practice
- Critical Care
- Selective (an area of sub-speciality interest)
- An elective (e.g. clinical placement in Australia or overseas, research)

In-training Assessment (ITA) is conducted throughout the year.

**PROFESSIONAL OUTCOMES**

Graduates will be qualified for registration as a medical practitioner in any State or Territory in Australia. They will have the appropriate knowledge, attitudes and skills to function effectively as interns in Australian hospitals and will be ideally positioned to undergo further training in any of the Australasian specialty colleges. Internship places are assessed by individual states and are separate from universities.

**PROFESSIONAL RECOGNITION**

The Bond MBBS program is accredited by the Australian Medical Council (AMC), ensuring that it meets or exceeds the agreed national guidelines for medical education. Upon successful completion of the program, graduates are eligible for registration as a medical practitioner in any state or territory in Australia.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
Faculty of Law
bond.edu.au/law

Bond Law has earned an international reputation for its personalised teaching environment, its integrated legal skills training and the international focus of its degree offerings. The Faculty’s Legal Skills Program enables students to not only experience mooting, but also ensures they are equipped with the practical skills training necessary to produce work place ready graduates.

INDUSTRY PARTNERS

The Faculty has developed industry partnerships with leading organisations that provide work experience opportunities to our students. These include:

- Ashurst
- Clayton Utz
- Corrs Chambers Westgarth
- Cronin Litigation Lawyers
- Queensland Public Interest Law Clearing
- Wyndham Vacation Resorts
- Asia Pacific Pty Ltd

FACULTY FACILITIES

Bond Law’s Legal Skills Centre is the first of its kind to integrate the full complement of legal-based training facilities, with Moot Courtrooms and purpose-built suites designed for interviewing, dispute resolution and Professional Legal Training. Designed on input provided by judges, legal practitioners and the Faculty, this world class facility is designed to give you simulated real world experience in practising your legal skills.
BACHELOR OF LAWS
CRICOS Course Code 063405B

Duration: 2 years 8 months full time (8 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent. If you have already completed an undergraduate degree in a discipline other than law, you would normally apply for our postgraduate professional qualification, the Juris Doctor.

PROGRAM DESCRIPTION
Bond's law program is designed to equip you for a career in the legal profession, corporate sector or government sector, both within Australia and overseas. The combination of excellent teaching, small class sizes and extensive legal skills program provides an exciting learning experience that both challenges you academically and prepares you practically for a legal career.

Our unique integrated Legal Skills Program is part of the Bachelor of Laws and focuses on core skills essential to the practice of law. The individual modules are taught in conjunction with relevant legal subjects over a number of semesters during your degree. These include:
- Oral communication and presentation
- Legal research and analysis
- Legal writing and drafting
- Negotiation

PROGRAM STRUCTURE*

University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Compulsory Law Subjects (19)
The 19 compulsory subjects cover all the 'Priestley Eleven' areas required to practise law in Australia.
- Administrative Law
- Australian Legal System
- Bookkeeping and Trust Accounts**
- Business Associations
- Civil Procedure
- Constitutional Law
- Corporations Law
- Criminal Law and Procedure A
- Criminal Law and Procedure B
- Equity
- Evidence
- Land Law
- Law of Civil Remedies
- Law of Obligations
- Legal Ethics and Professional Conduct**
- Legal Skills
- Personal Property Transactions
- Principles of Contractual Liability
- Principles of Tortious Liability
- Property Law

Law Elective Subjects (6)
A wide range of law electives are offered, with particular emphasis on corporate and commercial law subjects. A range of specialty streams are available, including:
- Corporate and Commercial Law
- International and Comparative Law
- Legal Practice
- Media and Technology Law
- Contemporary Legal Issues

General Elective Subjects (4)
Please visit bond.edu.au/law-degrees for more details.

HONOURS PROGRAM
Outstanding graduates may qualify to receive their degree with Honours. Candidates for the Honours degree must (1) fulfil the requirements for the pass degree; (2) achieve such overall standard of proficiency as the Executive Dean may from time-to-time determine; and (3) if the student commenced their degree in or after 2015, complete the elective subject Legal Research Project and achieve such result for the subject as the Executive Dean may from time-to-time determine.

INDUSTRY EXPERIENCE
You are encouraged to complete clerkships with law firms during your holidays but these do not form part of degree requirements, unless a clinical legal subject is chosen as an elective. Our career specialists are available to assist you in your search for a suitable placement.

PROFESSIONAL OUTCOMES AND RECOGNITION
The Bachelor of Laws degree prepares you to pursue careers in both the public and private sectors. These positions include solicitor, barrister, government lawyer, in-house counsel or judge's associate. The Bachelor of Laws is an approved degree for the purposes of admission as a legal practitioner in all Australian jurisdictions, in conjunction with further study (Graduate Diploma in Legal Practice (PLT)) or a traineeship. The degree can also be used to apply for admission internationally. You are however advised to confirm admission requirements in the particular jurisdiction in which you wish to practise.

POPULAR COMBINED DEGREES
- Bachelor of Laws / Bachelor of Arts
- Bachelor of Laws / Bachelor of Business
- Bachelor of Laws / Bachelor of Commerce
- Bachelor of Laws / Bachelor of Communication
- Bachelor of Laws / Bachelor of International Relations
- Bachelor of Laws / Bachelor of Journalism
- Bachelor of Laws / Bachelor of Psychological Science

* The number of compulsory subjects is likely to change following a review of the curriculum, which is due to take place in 2015.
** Half unit subject.
I am currently conducting frontier research into the offence of stalking. This is part of a PhD (criminology) at Bond University, for which I was awarded a Pro Vice-Chancellor (Research) Scholarship in 2013. I hold an LLB (Hons) with Criminology from Kingston Law School (London) and a Postgraduate Diploma in Legal Practice from the Inns of Court School of Law (London). I spent a year studying abroad at Bond University in 2008. I was Called to the Bar of England and Wales by the Honourable Society of the Inner Temple in 2011 (Deferred Trinity Call). I am a member of the Bar Council (England & Wales), Criminal Bar Association (England & Wales), and an associate member of the Society of Legal Scholars.

TEACHING SUBJECTS
• LAWS11-214 Criminal Law and Procedure A
• LAWS11-215 Criminal Law and Procedure B

INDUSTRY CONNECTIONS
I have also worked at a large multinational pharmaceutical company, Astellas Pharma Ltd where I managed contracts. Here, I also developed and maintained an international project with senior counsel for the global transfer of data and prepared EU model clause agreements.

INTERESTING FACTS
I worked on one of the first Dangerous Dogs Act appeals in London. We were trying to argue that the dog was no longer a danger to others seeing as he had only bitten a police officer as a puppy during a raid! The story has a sad ending, but the legal arguments were fascinating.

FAVOURITE CAREER HIGHLIGHTS
• I was interviewed by Channel 9 in relation to the stalking study at Bond - my mum was pretty impressed.
• Being nominated by the United Nations Association of Australian for a Media Peace Award 2014.
BACHELOR OF BUSINESS LAW
CRICOS Course Code 063405B

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent.

PROGRAM DESCRIPTION
This degree provides an opportunity to combine legal subjects of particular interest with study in related disciplines such as international business and management.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Law Compulsory Subject (1)
- Australian Legal System

Law Elective Subjects (12)
A wide range of law electives are offered, with particular emphasis on corporate and commercial law subjects. You may use these subjects to specialise in one particular area, such as:
- Corporate and Commercial Law
- International and Comparative Law
- Media and Technology Law
- Contemporary Legal Issues

Business Subjects (8)
Eight undergraduate business subjects including a six-subject major.

PROFESSIONAL OUTCOMES
Bond’s flexible degree structure permits various combinations of law and non-law subjects. This flexibility enables you to design your program to meet a variety of career interests. Law is increasingly regarded as an excellent preparation for a wide range of careers and is an important source of liberal education within business and management. Careers in banking and finance, teaching, industrial relations, politics and public service are among the many opportunities available to graduates.

PROFESSIONAL RECOGNITION
Unlike the Bachelor of Laws degree, the Bachelor of Business Law is not designed to provide a qualification for the professional practise of law. If you wish to practise law, you must complete a Bachelor of Laws or Juris Doctor degree.
BACHELOR OF JURISPRUDENCE
CRICOS Course Code 063078A

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent.

PROGRAM DESCRIPTION
These degrees provide an opportunity to combine legal subjects of particular interest with study in related disciplines such as international relations, criminology, languages and communication.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Law Compulsory Subject (1)
- Australian Legal System

Law Elective Subjects (12)
A wide range of law electives are offered, with particular emphasis on corporate and commercial law subjects. You may use these subjects to specialise in one particular area, such as:
- Corporate and Commercial Law
- International and Comparative Law
- Media and Technology Law
- Contemporary Legal Issues

Humanities Subjects (8)
Eight undergraduate Humanities subjects including a six-subject major.

PROFESSIONAL OUTCOMES
Bond's flexible degree structure permits various combinations of law and non-law subjects. This flexibility enables you to design your program to meet a variety of career interests. Law is increasingly regarded as an excellent preparation for a wide range of careers and, with arts and sciences, is an important source of a liberal education. Careers in politics, communications, teaching, public service, industrial relations and international relations are among the many open to graduates.

PROFESSIONAL RECOGNITION
Unlike the Bachelor of Laws degree, the Bachelor of Jurisprudence is not designed to provide a qualification for the professional practise of law. If you wish to practise law, you must complete a Bachelor of Laws or Juris Doctor degree.
Faculty of Society & Design

One of the most innovative of its kind; the Faculty of Society & Design applies the latest theory, research and sustainable practices to its programs. With a strong focus on practical experience, the Faculty offers degrees in the areas of architecture, communication, creative media, humanities, social sciences and sustainable development. The Faculty prides itself on offering a challenging academic environment with direct access to lecturers, encouraging you to widen your sense to what is humanly possible.

INDUSTRY LINKS
The Faculty has developed industry partnerships with leading organisations including:
- Amnesty International
- Austrade
- Australian Good Food Guide
- Australian Institute of Building Surveyors
- Australian Institute of International Affairs
- Australian Institute of Project Management
- Australian Institute of Quantity Surveyors
- Australian Property Institute
- Channel 7 Australia
- Channel 10 Australia
- General Electric
- Gold Coast Bulletin
- Lend Lease
- Royal Institute of Chartered Surveyors
- Soheil Abedian
- Smart Erickson
- Washington Internship Institute

FACULTY FACILITIES
The Faculty of Society & Design has several state-of-the-art teaching and learning facilities including:
- Abedian School of Architecture - Architecturally designed learning space including design studios, reading and resource rooms as well as an exhibition area.
- Level-up Lab - A media facility specifically tailored for the development of 2D and 3D digital media.
- Film and Television Studios - One of the largest production facilities in South East Queensland.
- Psychology Clinic - A modern clinic with observation and consulting rooms; including a test library and student training area.
- Sustainable Development Building - 6 Star Green Star Certificate learning facility.
**Program Description**

The Bachelor of Architectural Studies at the Abedian School of Architecture is designed to create emerging architectural professionals with fundamental competencies in design ability, problem solving, technical skill, and theoretical frameworks, that give graduates the capability to address complex problems of the built and natural environment in the 21st century and beyond. Professional architectural concerns of detailing, documentation, and basic practice concepts are delivered to establish a foundational basis for the commercial world of architectural practice. The Abedian School of Architectural Studies developed by the Abedian School of Architecture places emphasis on developing students that are experienced in innovative technologies and are adventurous in their creative design. This program recognises the challenges of designing for diverse communities and cultures in a globalised world where there are modernising threats to traditional cultures, complexities in generating sustainable environments and constant change in technological aspects of modern life.

The Abedian School of Architecture aims to be a leading design-driven professional school, characterised by an international outlook and motivated by the goal of graduating architects capable of shifting the direction of future practice. In prioritising design, the School creates an atmosphere of intense collaboration, engagement, and experimentation, fuelled by an open discussion that is driven by academic staff and distinguished invited practitioners and professors.

The School is characterised by very small class sizes in a dedicated studio environment. Students have 24/7 access to the brand new architecture building, designed by Sir Peter Cook and Gavin Robotham of CRAB Studio, London. A strong studio culture is driven by student collaboration, social engagement, and consistent one-on-one interaction with academic staff.

A ‘learning through making’ ethos is supported by a state of the art workshop and fabrication lab, featuring traditional woodworking equipment and a robust digital fabrication and rapid prototyping setup that includes 3D printers, a CNC router, laser cutter, and an industrial robotics lab.

Public engagement is fostered through an annual lecture series that highlights the work and ideas of national and international practitioners and academics; special exhibitions of work; and various forms of publication and dissemination.

This degree provides the pathway for a career as a professional architect. Graduates of this program may progress to the Master of Architecture upon application and review of undergraduate performance. Completion of the bachelor program does not qualify for automatic entry to the master’s.

**Program Structure**

**University Core Subjects (3)**
- Integrated Architectural Studios (6)
- Architectural Design Studio 1
- Architectural Design Studio 2
- Architectural Design Studio 3
- Architectural Design Studio 4
- Architectural Design Studio 5
- Architectural Design Studio 6

The six design studio subjects listed above are the equivalent study load of 20 traditional subjects.

**Architecture Subjects (9)**
- Architectural Technology: Structural Design
- Architectural Technology: Practice Methods
- Design Communication: Architectural Drawing
- Design Communication: NURBS Modelling
- Design Communication: Building Information Modelling
- Design Communication: Parametric Modelling
- History & Theory: Industrial Revolution to Present
- History & Theory: Ancient to Enlightenment
- Philosophy of Design

**Elective Subject (1)**

Choose one elective subject from the Faculty of Society & Design list of undergraduate subjects.

**Professional Outcomes**

This degree will prepare you with theoretical and practical experience relating to design, problem solving, construction and communication that can be applied to a wide range of career opportunities. Many architectural graduates establish careers in design studios, virtual environment design (such as gaming, cinema and animation), web and graphic design, fashion, advertising, industrial design, arts management and the visual arts.

To become a registered architect, you are required to complete both an undergraduate and postgraduate qualification as well as requisite work experience. Successful completion of the Bachelor of Architectural Studies will enable you to progress to the Master of Architecture.
ASSOCIATE DEGREES
CRICOS Course Code 063154E

The Faculty of Society & Design offers associate degrees in real estate and sustainable development that will give you the fundamental tools to either further your university education or venture into your chosen career path.

**REAL ESTATE**

**ENTRY REQUIREMENTS**
Successful completion of Year 12 or equivalent, or Bond College certificate.

**PROGRAM DESCRIPTION**
The Associate Degree in Real Estate provides a solid foundation into the workings of the property sector including sustainable property, principles of valuation, project management, investment analysis, planning and property management.

All classes in this program are delivered Monday to Wednesday. This provides you with the opportunity to schedule work and study, or participate in work experience.

**PROGRAM STRUCTURE***
- University Core Subjects (2)
  - Critical Thinking and Communication
  - Leadership and Team Dynamics
- Real Estate Subjects (10)
  - Land Economy and the Environment
  - Managing Projects
  - Planning Process
  - Principles of Property Valuation
  - Property Agency and Marketing
  - Property Finance and Taxation
  - Property Management
  - Real Estate Property Rights
  - Sustainable Development and Society
  - Understanding Buildings 1

**PROFESSIONAL OUTCOMES**
The Associate Degree in Real Estate develops theoretical and practical skills in many aspects of the property industry. You will gain an understanding of planning processes, property management and property agency. You will also be equipped with a comprehensive knowledge of sustainability. A qualification in this field is highly regarded in the industry.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.

**SUSTAINABLE DEVELOPMENT**

**ENTRY REQUIREMENTS**
Successful completion of Year 12 or equivalent, or Bond College certificate.

**PROGRAM DESCRIPTION**
The Associate Degree in Sustainable Development provides a solid foundation for a career in the various property sectors. This degree enables you to specialise in property construction management and quantity surveying, urban planning and valuation. All classes in this program are delivered Monday to Wednesday. This provides you with the opportunity to schedule work and study, or participate in work experience.

This Associate Degree also provides a pathway into several of the Faculty’s undergraduate programs including Bachelor of Construction Management and Quantity Surveying, Bachelor of Property and Bachelor of Sustainable Environments and Planning.

**PROGRAM STRUCTURE***
- University Core Subjects (2)
  - Critical Thinking and Communication
  - Leadership and Team Dynamics
- Foundation Subjects (4)
  - Land Economy and the Environment
  - Planning Process
  - Sustainable Development and Society
  - Understanding Buildings 1
- Specialisation Subjects (6)
  - Housing and Urban Design
  - Property Law and Policy
  - Building Technology
  - Sustainability and the Built Environment
  - Property Management
  - Real Estate Property Rights
- Sustainable Development and Society
- Understanding Buildings 1

**PROFESSIONAL OUTCOMES**
The Associate Degree in Sustainable Development develops theoretical and practical skills in many aspects of the property industry. You will gain an understanding of planning processes, property management and development. You will also be equipped with a comprehensive knowledge of sustainability. A qualification in this field is highly regarded in the industry.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
BACHELOR OF CONSTRUCTION MANAGEMENT AND QUANTITY SURVEYING
CRICOS Course Code 078183K

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Construction Management and Quantity Surveying covers a comprehensive range of subjects in the field of construction management and quantity surveying, focusing on the management and delivery of complex construction projects. The curriculum addresses a range of topics including construction techniques, contract administration, finance, planning processes, plant and equipment and risks. It also contains a strong sustainability theme which equips you with distinctive skill sets that are highly sought after in the built environment. All classes in this program are delivered Monday to Wednesday. This provides you with the opportunity to schedule work and study, or participate in work experience.

PROGRAM STRUCTURE*
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Construction Management and Quantity Surveying Subjects (21)
- Commercial Construction and Engineering
- Construction Site Management
- Construction Tendering and Finance
- Early Estimating and Cost Planning
- Integrated Measurement and Professional Practice
- Introduction to the Property and Construction Industries
- Land Economy and the Environment
- Managing Projects
- Measurement 1
- Measurement 2
- Planning Process
- Project Contract Administration
- Project Delivery Systems
- Project Planning and Scheduling
- Real Estate Property Rights
- Structural Engineering
- Sustainable Building Services
- Sustainable Development and Society
- Understanding Buildings 1
- Understanding Buildings 2
- Capstone Project

PROFESSIONAL OUTCOMES
This program will provide you with access to a wide range of career pathways in the construction industry. Opportunities include building and construction management, contract administration, site management, facilities management, building services, quantity surveying, property development, project management, cost management and general management. The skill sets obtained in this degree may also be applied to related sectors such as civil engineering and mining. You will be equipped with a comprehensive knowledge of sustainable development, and will be able to seek work anywhere in Australia or around the world.

PROFESSIONAL RECOGNITION
Students graduating with this degree are internationally recognised by the Royal Institution of Chartered Surveyors (RICS) as well as the Chartered Institute of Building (CIOB). This program is also nationally accredited with the Australian Institute of Quantity Surveyors, and meets the educational requirement set by the Building Services Authority, Queensland for the granting of an Open Builders Licence.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
BACHELOR OF PROPERTY
CRICOS Course Code 078181A

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Property covers a comprehensive range of subjects within the property development and management industry, including construction practices, feasibility studies, finance, investment and valuation, property markets, sustainable development and urban development. This program also provides you with the opportunity to specialise in property valuation.

All classes in this program are delivered Monday to Wednesday. This provides you with the opportunity to schedule work and study, or participate in work experience.

PROGRAM STRUCTURE*

University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Property Subjects (17)
- Asset and Facilities Management
- Economics of Sustainable Development
- Feasibility Studies
- Introduction to Accounting
- Land Economy and the Environment
- Managing Projects
- Planning Process
- Principles of Property Valuation
- Property Agency and Marketing
- Property Development
- Property Trusts, Finance and Taxation
- Property Investment and Valuation
- Real Estate Property Rights
- Sustainable Development and Society
- Understanding Buildings 1
- Understanding Buildings 2
- Capstone Project

Elective Subjects (4)
Four subjects from the Faculty of Society & Design list of undergraduate subject offerings.

Property Valuation Specialisation
You may use two electives to specialise in Property Valuation. Completion of these subjects will result in recognition by the Australian Property Institute (API), and additional career opportunities in the property industry. You must complete the following two subjects for API accreditation:
- Real Estate Investment
- Property Management

PROFESSIONAL OUTCOMES
This degree will provide you with a dynamic range of career pathways in the property industry. Opportunities include property valuation, property development, project management, investment, finance, portfolio management, asset and facilities management and research. Graduates are also equipped with a comprehensive knowledge of sustainable development, and will be able to seek work anywhere in Australia or around the world.

PROFESSIONAL RECOGNITION
Students graduating with a Bachelor of Property are internationally recognised by the Royal Institution of Chartered Surveyors (RICS). Graduates of this program will also be recognised by the Australian Property Institute (API) for Associate Membership with Certified Property Practitioner Certification (CPP). Students who complete the relevant Property Valuation subjects as electives will qualify for certification with the Australian Property Institute as a Certified Practising Valuer with the Valuers Registration Board of Queensland, and New South Wales Fair Trading (conditional on meeting professional practice requirements).

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.

BACHELOR OF SUSTAINABLE ENVIRONMENTS AND PLANNING
CRICOS Course Code 079536D

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
This interdisciplinary program enables you to graduate with two specialised majors: Environmental Science and Management plus Urban Design and Planning.

The Urban Design and Planning major equips you with the theoretical and practical skills required to undertake the design, appraisal and management of urban and regional developments.

The Environmental Science and Management major equips you with specialist skills in environmental management, and the ability to apply relevant and sustainable solutions in a range of planning situations.

PROGRAM STRUCTURE*

University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation subjects (7)
- Principles of Urban Design
- Planning Process
- Sustainable Development and Society
- Environmental and Economic Impact Assessment
- Strategic Land Use Planning
- Spatial Information Systems
- Economic and Social Foundations of Planning

Environmental Science and Management Major (6)
Choose any six subjects from the following list:
- Environmental Field Analysis of Rainforest and Coastal Regions
- Restoration Ecology
- Marine and Coastal Environments
- Sustainability Science
- Environmental Law
- Planning and Development Law
- Development Assessment
- Urban Wildlife Management

**Urban Design and Planning Major (6)**
- Managing Projects
- Sustainable Transport Planning
- Capstone Project
- Property Development
- Urban Design and Site Analysis Studio

Plus one of the following:
- Land Economy and the Environment
- Real Estate Property Rights

**Elective subjects (2)**
Choose any two subjects from the Faculty of Society & Design list of undergraduate subject offerings.

**Specialisation Subjects (13)**
You may then elect to specialise in one of the following:

- Foundation subjects
  - Principles of Urban Design
  - Planning Process
  - Sustainable Development and Society
  - Environmental and Economic Impact Assessment
  - Strategic Land Use Planning
  - Spatial Information Systems
  - Economic and Social Foundations of Planning

- Environmental Science and Management Major
  Choose any six subjects from the following list:
  - Environmental Field Analysis of Rainforest and Coastal Regions
  - Restoration Ecology
  - Marine and Coastal Environments
  - Sustainability Science
  - Environmental Law
  - Planning and Development Law
  - Development Assessment
  - Urban Wildlife Management

- Urban Design and Planning Major (6)
  - Managing Projects
  - Sustainable Transport Planning
  - Capstone Project
  - Property Development
  - Urban Design & Site Analysis Studio

Plus one of the following:
- Land Economy and the Environment
- Real Estate Property Rights

**Elective subjects (2)**
Choose any two subjects from the Faculty of Society & Design list of undergraduate subject offerings.

**PROFESSIONAL OUTCOMES**
This degree will provide you with access to a wide range of career pathways in the natural and built environments. Graduates will be equipped with the knowledge and practical experience required to be sustainability and planning professionals in business, industry, government and consulting firms. Graduates can progress into a wide range of careers in city and regional planning, community infrastructure, development assessment, fisheries and agriculture, mining and energy, property, strategic or social planning, tourism, transportation or urban design. You will be equipped with a comprehensive knowledge of sustainable environments, and will be able to seek work anywhere in Australia or around the world.

**PROFESSIONAL RECOGNITION**
Students graduating with the Bachelor of Sustainable Environments and Planning are internationally recognised by the Royal Institution of Chartered Surveyors (RICS).

Graduates of the Bachelor of Sustainable Environments and Planning PLUS the Graduate Diploma of Sustainable Environments and Planning are recognised by the Planning Institute of Australia (PIA).

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
BACHELOR OF COMMUNICATION
CRICOS Course Code 063062J

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Communication gives you the ideal mix of theory and practice, combining foundational studies in communication and media with focused studies in professional disciplines including journalism and public relations. It also allows you to pursue focused areas of study in the fields of corporate communication, media and advertising. The degree allows you to select a combination which will give you the best of both worlds: excellent career prospects and a stimulating course of study.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Communication Major (6)
You must complete:
- Communication Research
- Human Communication
- Mass Media

Plus three subjects from the following:
- Digital Media and Society
- Interpersonal Communication
- Organisational Communication and Leadership
- Public Relations Principles and Practice
- The Australian Media
- Writing for the News Media

Specialist Major (6)
Students must choose six subjects from one of the following specialist areas:
- Advertising
- Communication
- Corporate Communication
- Film and Television*
- Journalism*
- Media
- Multimedia
- Social Media
- Public Relations

Electives or Additional Major (9)
Students must choose nine elective subjects of which at least five must come from the Faculty of Society & Design list of undergraduate subjects. Students are encouraged to choose six subjects from one of the specialist area to constitute an additional major.

PROFESSIONAL OUTCOMES
You will be immersed in a range of professional experiences to give you a taste of the media careers to which you aspire. At the same time, a sound theoretical framework underpins studies so that you enter the communication and media industries understanding how to perform professional tasks and knowing why such tasks are important to your work. Potential career pathways include:
- Account manager
- Copywriter
- Event coordinator
- Journalist
- Marketing executive
- Media buyer
- Public relations practitioner

*A double major may be undertaken in this area.

BACHELOR OF COMMUNICATION (BUSINESS)
CRICOS Course Code 063063G

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
Accredited by AACSB International, the Bachelor of Communication (Business) will provide you with the knowledge and skills to work in marketing, advertising, organisational behaviour and communication. You may specialise further by combining a major in Marketing with a major from one of seven areas: Corporate Communication, Public Relations, Communication Studies, Journalism, Multimedia, Advertising and Social Media.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (5)
- Advertising Principles and Practice
- Digital Media and Society
- Human Communication
- Marketing
- Organisational Behaviour

Majors
You must complete the specified number of subjects from one of the following majors:
- Marketing Major (5)
- Consumer and Buyer Behaviour
- Market Research and Analysis
- Strategic Marketing
BACHELOR OF FILM AND TELEVISION
CRICOS Course Code 063066E

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Film and Television is a heavily hands-on and project-based degree. You will balance creative practice theory with practical production experience, which enables you to explore and develop your individual creativity. The program is focused on the key creative areas of directing, producing, screenwriting, cinematography, editing, sound and production design. It is taught by staff with long careers in the film and television industry. You will acquire skills in traditional and emerging production technologies, develop cinema aesthetics and receive insight into the commercial and industrial aspects of the international film and television industry.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (15)
- Cinematography and Lighting 1
- Directing Actors
- Document Production
- Film and Television Editing
- Film Style and Genre
- Film and Television Audio Production
- Image and Photography

Specialist Major (6)
Choose six subjects in one of the following areas:
- Brand and Category Management
- International Marketing
- Internet Marketing
- Promotional Design and Planning
- Selling and Sales Management
- Services Marketing

Electives (5)
Any five other subjects of which at least three must come from the Faculty of Society & Design list of undergraduate subjects.

PROFESSIONAL OUTCOMES
The Bachelor of Communication (Business) is designed to equip you with the theoretical knowledge and practical experience that will enable you to step into an organisation and assist with the development and implementation of communication strategies and marketing plans. Potential career pathways include:
- Account manager
- Copywriter
- Event coordinator
- Journalist
- Marketing executive
- Media buyer
- Public relations practitioner
BACHELOR OF FILM AND TELEVISION
(3 YEAR PROGRAM)
CRICOS Course Code 077410A

Duration: 3 years (6 semesters)
Starting: September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Film and Television (3 year program) is for international students who wish to study via a two semester model. This three year program means you will study during the January and September semesters of each year only and will complete the degree over three years rather than the usual two.

It is a heavily hands-on and project-based degree, allowing you to balance creative practice theory with practical production experience, which enables you to explore and develop your individual creativity. The program is focused on the key creative areas of directing, producing, screenwriting, cinematography, editing, sound and production design and is taught by staff with long careers in the film and television industry. You will acquire skills in traditional and emerging production technologies, develop cinema aesthetics, critical faculties and receive insight into the commercial and industrial aspects of the international film and television industry.

PROGRAM STRUCTURE
This degree comprises the same subjects to those in the Bachelor of Film and Television yet follows a structured degree sequencing format to ensure all the right subjects are completed at the right time.

Degree Sequencing
> Semester 1 (September)
  - 1 x Core Subject
  - Cinematography and Lighting
  - Film and Television Editing
  - Image and Photography

> Semester 2 (January)
  - 1 x Core Subject
  - Directing Actors
  - Film Style and Genre
  - Film and Television Audio Production

> Semester 3 (September)
  - 1 x Core Subject
  - Screen Production 1
  - Screenwriting 1
  - Television 1: Studio Production

> Semester 4 (January)
  - Screenwriting 2
  - Documentary Production
  - Producing 1: International Film Industry
  - 1 x Elective Subject

> Semester 5 (September)
  - Screen Production 2
  - Producing 2: Film Project Development
  - 2 x Elective Subjects

> Semester 6 (January)
  - Screen Production 3
  - 3 x Elective Subjects

BACHELOR OF INTERACTIVE MEDIA AND DESIGN
CRICOS Course Code 077985F

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Interactive Media and Design prepares communicators and designers for careers in the dynamic field of interactive media applied to a wide range of technologies. The degree is founded on the growing market power of the creative industries, which are based on design, web and procedural communications. Specialisations within the degree include computer games, digital media and design, advertising, film and television and communications.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.
Foundation Subjects (6)
- Design Communications
- Digital Media and Society
- Interactive Experience
- Modelling
- Procedural Literacy
- Web Communication

Specialist Majors (12)
Choose two majors from the following list:
> Digital Media Design
You must complete:
- Animation
- Digital Media and Design
- Film and TV Audio Production
- Editing 1
- Website Design

Plus one of the following:
- Interactive Multimedia Project
- Internship

> Computer Games
You must complete:
- Computer Game Culture and Audience
- Computer Game Form, Narrative and Style
- Computer Game Industry and Policy
- Game Design and Logic
- Mobile Games

Plus one of the following:
- Game Project
- Internship

Or one other major from Advertising, Film and Television or Communication.

Elective Subjects (3)
Any three general elective subjects from the Faculty of Society & Design list of undergraduate subjects.

PROFESSIONAL OUTCOMES
Graduates of the Bachelor of Interactive Media and Design will have conceptual and practical knowledge to enable them to enter the creative industries. You will have the skills to manage and advance this knowledge, identify and solve problems with creative solutions, produce new content for many purposes and demonstrate professional practice, initiative and the ability to work in dynamic multidisciplinary teams.

Potential career pathways include:
- 2D and 3D animator
- Advertising creative
- Art director / visual designer
- Interface designer
- Level designer
- Multimedia developer
- Programmer
- Project designer
- Quality assurance tester
- Story writer
- Web designer

BACHELOR OF JOURNALISM
CRICOS Course Code 063077B

Duration: 2 years full time (6 semesters)
Starting: January, May, September

PROGRAM DESCRIPTION
The Bachelor of Journalism is recognised internationally for its quality and innovation, incorporating foundation studies in journalistic traditions with emerging media trends. You will be trained in news writing, broadcast reporting, photography, media rounds and industries, digital publication and design, media ethics and law. We are committed to maintaining strong industry ties with many assessment tasks linked to real world publication outcomes including internet publications. You will have the opportunity to report for local, national and international media outlets throughout your degree and can undertake internships in Australia or internationally in places like New York, Washington and London.
PROGRAM STRUCTURE

University Core Subjects (3)
Three Bond core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (16)
You must complete all of the following subjects:
- Ethical and Legal Strategies for Communication
- Foundations of Broadcast Journalism
- Global Political Economy
- Image and Photography
- Introduction to International Relations
- Investigative Journalism
- Journalism Internship OR Journalism Project
- The Australian Media
- Writing for New Media

Plus choose an additional seven subjects from the following:
- Creative Writing: Fiction and Non-Fiction
- Digital Publishing and Design
- Foreign Correspondence
- Freelance Writing and Reporting Specialties
- Major Australian Writing
- Photojournalism
- Social Media Tactics
- Television 1: Studio Production
- Workplace Relations, Career Planning and Portfolio Development

Reporting Specialisation or Elective Subjects (5)
Choose five elective subjects of which at least three must come from the Faculty of Society & Design list of undergraduate subjects.

PROFESSIONAL OUTCOMES
The program is designed to equip you with the knowledge and skills required to work in mainstream journalism, initially as a reporter in newspapers, radio, television or digital media. Potential career pathways include:
- Advertorial writer
- Broadcast journalist or editor
- Magazine writer or editor
- Print journalist or editor
- Public relations practitioner
- Web writer or editor

INTERNATIONAL RELATIONS AND HUMANITIES

ASSOCIATE DEGREE
CRICOS Course Code 063154E

Duration: 1 year full time (3 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
This program allows qualified applicants to undertake university-level study without enrolling in a full degree program. It may be selected for a variety of reasons, including professional and personal development.

PROGRAM STRUCTURE
University Core Subject (1)
- Critical Thinking and Communication

Foundation Subjects (8)
You must complete eight subjects from the Faculty of Society & Design schedule, including one major (six subjects).

Elective Subjects (3)
Three subjects of which at least two must come from the Faculty of Society & Design list of undergraduate subjects.
Dr James Birt
Assistant Professor of Interactive Media and Design

From mobile web to 3D modelling and games development, James has a passion for teaching cutting edge technology, data visualisation and 3D software development. With a PhD in Software Engineering and Artificial Intelligence he has been at Bond since 2010 teaching around the fascinating subject area of Interactive Multimedia Technology and Computer Games.

TEACHING SUBJECTS
• MMDE11-150: Website Design
• MMDE11-200: Web Communication
• MMDE12-250: 3D Modelling
• GAME13-374: Capstone Games Project

TEACHING AWARDS
• 2014 Australian Office for Learning and Teaching Citation for Outstanding Contribution to Student Learning
• 2011 Bond University Faculty of Humanities & Social Sciences Award for Teaching Excellence

INDUSTRY CONNECTIONS
• Worked as a Software Engineering Consultant for several organisations including Compaq, Work Cover Queensland and KJ Ross and Associates
• Mentor and Technology Specialist for the Gold Coast Mayor’s Telstra Technology Awards

FAVOURITE HIGHLIGHT
Having the opportunity to work with multi-disciplinary teams, cutting edge technology and respected colleagues.
**BACHELOR OF ARTS**  
CRICOS Course Code 063052M

**Duration:** 2 years full time (6 semesters)  
**Starting:** January, May, September

**ENTRY REQUIREMENTS**  
Successful completion of Year 12 or equivalent, or Bond College certificate.

**PROGRAM DESCRIPTION**  
The Bachelor of Arts allows you to select combinations of subject areas and particular subjects which best suit your interests and aspirations. It is a generalist program offering you flexibility in your choice of majors with the opportunity to either specialise in a particular area of study, or to select complementary majors.

**PROGRAM STRUCTURE**

**University Core Subjects (3)**  
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

**Majors (12)**  
You must complete two majors or one double major, selected from the list of available majors below:
- Advertising
- Australian Studies
- Behaviour Management
- Chinese Language (Mandarin)
- Chinese Studies
- Criminology*
- Communication
- Corporate Communication
- Counselling
- English as an International Language
- Film and Television*
- French Language
- French Studies
- Global Governance and Regional Politics
- International Diplomacy
- International Relations*
- Japanese Language
- Japanese Studies
- Journalism*
- Language Studies
- Media
- Multimedia Design
- Philosophy
- Psychology*
- Public Relations
- Social Media
- Spanish Language
- Spanish Studies
- Television Journalism
- TESOL (Language Teaching)

**Elective Subjects (9)**  
Nine subjects of which at least four must come from the Faculty of Society & Design list of undergraduate subjects.

**PROFESSIONAL OUTCOMES**  
The Bachelor of Arts will provide you with a strong, broad set of skills essential to all professions no matter what your chosen career.

* A double major may be undertaken in this area.

---

**BACHELOR OF ARTS**  
(ENGLISH AS AN INTERNATIONAL LANGUAGE)  
CRICOS Course Code 063053K

**Duration:** 2 years full time (6 semesters)  
**Starting:** January, May, September

**ENTRY REQUIREMENTS**  
In addition to general University entry requirements, the English Language requirement is IELTS 5.5 with no band score less than IELTS 5.0.

**PROGRAM DESCRIPTION**  
This program is a university pathway program for students from non-English speaking backgrounds. Successful completion of two semesters leads to the award of Diploma in University English studies. The two semesters will provide you with advanced level English language.

**PROGRAM STRUCTURE**

**University Core Subjects (3)**  
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

**Foundation Subjects (6)**
- English as an International Language 1A
- English as an International Language 1B
- Academic Speaking and Listening 1
- English as an International Language 2
- Academic Speaking and Listening 2
- Persuasive Speaking and Writing

On successful completion of these subjects (with no further IELTS*) you may:
- Graduate with a Diploma in University English Studies
- Continue with the Bachelor of Arts (EIL) which will require completion of a further 16 subjects.

**English Language Subject (1)**  
One English language subject in the Faculty of Society & Design.

**Major (6)**  
One specialist major of six subjects drawn from the Faculty Society & Design list of undergraduate subjects.

**Elective Subjects (8)**  
Eight subjects of which at least four must come from the Faculty of Society & Design list of undergraduate subjects.

**PROFESSIONAL OUTCOMES**  
This degree will provide you with the opportunity to raise your English language level during rather than prior to tertiary study. Combined with the Bachelor of Arts, you will be able to select combinations of subject areas and particular subjects which will best suit your interests and aspirations.

* With the exception of those programs requiring IELTS 7.0.
BACHELOR OF GLOBAL STUDIES (SUSTAINABILITY)
CRICOS Course Code 078186G

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Global Studies (Sustainability) is founded on the growing relevance of sustainability to business, government and community, integrating economic, social and environmental perspectives. It takes a multi-disciplinary approach to address the complex challenges of global sustainability and provides you with an understanding of the concepts as well as the tools used across planning, problem solving, diplomacy and decision making relevant to professional practice. The program challenges you to critically review local sustainability issues in a global context. Topics covered include global issues of human development, such as social injustice, environmental degradation, conflict and resource scarcity, as well as local issues including environmental planning and impact assessment.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (5)
- East-West International Diplomacy
- Economics of Sustainable Development
- Interpersonal Communication
- Introduction to Geopolitics
- Introduction to International Relations

Specialist Majors (12)
- Global Studies Major
  - European Political Economy
  - Global Development: Theory and Practice
  - Global Institutions and Conflict Resolution
  - Global Political Economy
  - Prospects for Global Politics
  - The United Nations
- Sustainability Major
  - Environmental and Economic Impact Assessment
  - Land Economy and the Environment
  - Managing Projects
  - Restoration Ecology
  - Sustainable Development and Society
  - Sustainable Transport Planning

Elective Subjects (4)
Any four general elective subjects from the Faculty of Society & Design list of undergraduate subjects.

PROFESSIONAL OUTCOMES
This degree will provide you with an understanding of critical sustainability issues in the global and local contexts. You will have cognitive skills to identify, analyse and synthesise knowledge relating to different causes and possible solutions for global sustainability challenges. Potential career pathways include:
- Community development
- Diplomacy
- Environmental impact assessment
- Ethical supply chain management
- Agriculture and fisheries
- Foreign trade
BACHELOR OF INTERNATIONAL RELATIONS  
CRICOS Course Code 063074E

Duration: 2 years full time (6 semesters)  
Starting: January, May, September

ENTRY REQUIREMENTS  
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION  
Global and regional interdependence means that no nation, least of all Australia, is unaffected by developments beyond its borders. National survival is now premised on international orientation. This means that businesses, for example, need people equipped not only with business skills but also with competencies in international relations.

PROGRAM STRUCTURE  
University Core Subjects (3)  
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Majors (12)  
You must choose two majors (comprising six subjects each) from the following three areas:

> International Diplomacy  
You must complete:  
• Introduction to International Relations  
• Introduction to Geopolitics  
• Diplomacy: Theory and Practice

Or any two of the above subjects plus one foreign language subject.

> International Relations  
This major comprises six subjects drawn from any International Relations undergraduate subjects.

> Global Governance and Regional Politics  
You must complete:  
• The United Nations

And either:  
• Alternative Globalisations OR  
• Prospects for Global Politics

Plus four subjects from the following:  
• Australia and the Asia Pacific  
• East-West International Diplomacy  
• Eurasia  
• European Political Economy  
• Introduction to International Relations  
• Introduction to Geopolitics  
• Latin America in the International System  
• Strategic China  
• Strategic India

Elective Subjects (9)  
Nine subjects of which at least five must come from the Faculty of Society & Design list of undergraduate subjects.

PROFESSIONAL OUTCOMES  
This degree will give you a global perspective to suit your areas of interest and professional goals while developing the skill base necessary to operate in a global environment. Potential career pathways include:  
• Defence  
• Diplomacy  
• Foreign affairs  
• International business  
• Media  
• Trade
BACHELOR OF SOCIAL SCIENCE
CRICOS Course Code 063082E

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Social Science encompasses a mix of several disciplines including criminology, psychology, counselling and behaviour management. The program allows you to combine subjects to complete a degree whose title reflects a specialisation of studies in the social sciences area of the faculty.

PROGRAM STRUCTURE
University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Majors (12)
Choose from the following options:
> Psychology and Criminology
Six subjects from undergraduate psychology offerings, plus six undergraduate criminology subjects.

> Psychology and Behaviour Management
Six subjects from undergraduate psychology offerings and the following six undergraduate behaviour management subjects:
  - Assessment and Diagnosis
  - Behaviour Analysis and Interventions
  - Interventions with People Experiencing Difficulties
  - Policy, Case Management and Independent Living
  - The Influence of Biology on Human Behaviour
  - Understanding and Changing Human Behaviour

> Psychology and Counselling
Six subjects from undergraduate psychology offerings and the following six counselling subjects:
  - Abnormality and Illness
  - Assessment and Diagnosis
  - Counselling Interventions for Specific Groups and Populations
  - Ethical, Legal and Professional Issues in Counselling
  - Foundations of Counselling
  - Understanding and Changing Human Behaviour

> Criminology and Behaviour Management
Six undergraduate criminology subjects and the following six behaviour management subjects:
  - Assessment and Diagnosis
  - Behaviour Analysis and Interventions
  - Interventions with People Experiencing Difficulties
  - Policy, Case Management and Independent Living
  - The Influence of Biology on Human Behaviour
  - Understanding and Changing Human Behaviour

> Criminology and Counselling
Six undergraduate criminology subjects and the following six counselling subjects:
  - Abnormality and Illness
  - Assessment and Diagnosis
  - Counselling Interventions for Specific Groups and Populations
  - Ethical, Legal and Professional Issues in Counselling
  - Foundations of Counselling
  - Understanding and Changing Human Behaviour

> Double Major in Criminology
Twelve subjects drawn from the list of undergraduate criminology offerings.

Elective Subjects (9)
Nine subjects of which at least five must come from the Faculty of Society & Design list of undergraduate subjects.

PROFESSIONAL OUTCOMES
This degree will provide you with a basis for working in areas such as welfare, government departments, disability services or as a disability officer or case worker, client support and advocacy as well as working with behavioural difficulties of children in educational settings. Those who choose a behaviour management focus will learn the framework and procedures for implementing functional analytical therapy with clients who have severe behavioural difficulties.

Those who choose a criminology focus combined with behaviour management will gain the ability to understand atypical behaviour patterns. Those who combine their studies with psychology will be provided with a basis for understanding the presenting problems with clients in order to develop effective needs-based treatment programs.

BACHELOR OF PSYCHOLOGICAL SCIENCE
CRICOS Course Code 062655C

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of Year 12 or equivalent, or Bond College certificate.

PROGRAM DESCRIPTION
The Bachelor of Psychological Science will provide you with a scientific understanding of normal psychological processes such as perception, memory, learning, motivation, psychobiology, personality, emotion, developmental psychology and social relationships, as well as training in abnormal psychology. A basic understanding of these topics is acquired across the two introductory subjects before a greater depth of coverage is undertaken within the advanced second and third level subjects. You will also participate in laboratory work and be introduced to the Australian Psychological Society Code of Ethics. To underpin the scientific nature of the discipline, you will receive training in a range of data analytic techniques and research methods used by psychologists. The program is designed to equip you with the basic scientific
grounding and theoretical understanding required for advanced level studies.

PROGRAM STRUCTURE

University Core Subjects (3)
Three Bond Core subjects plus one compulsory not-for-credit component. Please refer to page 10.

Foundation Subjects (15)
- Biological Psychology
- Cognitive Psychology
- Developmental Psychology
- Introduction to Psychology: Biology and Personality
- Introduction to Psychology: Learning and Social
- Learning and Behaviour
- Motivation and Emotion
- Personality and Individual Differences
- Psychopathology
- Research Methods in Psychology
- Sensation and Perception
- Social Psychology
- Statistics and Data Analysis I
- Statistics and Data Analysis II
- Statistics and Data Analysis III

Plus one elective from the following:
- Drugs and Behaviour
- Introduction to Counselling Psychology
- Introduction to Forensic Psychology
- Love, Sex and Relationships
- Psychology at Work

ELECTIVE SUBJECTS (5)
Five elective subjects of which at least three must come from the Faculty of Society & Design list of undergraduate subjects.

PROFESSIONAL OUTCOMES
This degree will qualify you for employment in professional areas such as counselling and various functions associated with human resources. It is also the building block for further studies where you are able to pursue careers in the professional practice of psychology including clinical, organisational or forensic psychology, counselling, clinical neuropsychology, health and community psychology, research and other specialist areas.

PROFESSIONAL RECOGNITION
This program is fully accredited by the Australian Psychology Accreditation Council as the equivalent of three years university training in psychology.

BACHELOR OF PSYCHOLOGICAL SCIENCE (HONOURS)
CRICOS Course Code 063047G

Duration: 2 semesters, 8 months
Starting: January, May, September

ENTRY REQUIREMENTS
Completion of an accredited three-year sequence of study in psychology in Australia, or equivalent. Applicants are assessed on academic merit and must have achieved a minimum GPA of 2.5 on the Bond University 4.0 scale for all second and third level psychology subjects. Where students have not achieved this level or competition for places has excluded them, students may be offered a place in the Graduate Diploma of Psychological Science program.

PROGRAM DESCRIPTION
The Honours program in psychology is designed to provide you with an integrated, comprehensive and complete education in the discipline of psychology. You will undertake advanced training in a range of methodological (research methods, psychometrics,
and applied areas, and develop competence in conducting research. All applied material is based on the scientist-practitioner model and evidence-based approaches to psychological intervention are stressed. The program will provide you with advanced education and training in the core psychology graduate attributes, including but not limited to the following:

- Advanced theoretical and empirical knowledge in some of the core research areas of the discipline.
- Explaining how the science and practice of psychology is influenced by social, historical, professional and cultural contexts.
- Knowledge of the theoretical and empirical bases underpinning evidenced based approached to psychological intervention.
- Knowledge of the theoretical and empirical bases underpinning the construction, implementation and interpretation of some of the most widely used cognitive and personality assessments.
- On completion of this course, you may apply for provisional registration as a psychologist providing you enrol in further postgraduate studies or undertake two years of supervised training.

**PROGRAM STRUCTURE**

You must complete:

- Honours Thesis 1: Research Seminar and Ethics
- Honours Thesis 2
- Human Experimental Psychology
- Multivariate Research Methods
- Principles of Psychological Assessment

Plus two subjects from the following:

- Clinical Psychology
- Community and Health Psychology
- Forensic Psychology
- Industrial and Organisational Psychology
- Neuropsychology
- Social Cognition
- The Scientist Practitioner Model

**PROFESSIONAL OUTCOMES**

Under supervision, you will be able to pursue careers in the professional practice of psychology including clinical, forensic or organisational psychology, counselling, clinical neuropsychology, health and community psychology, sports psychology, research and other specialist areas.

**PROFESSIONAL RECOGNITION**

This program is fully accredited by the Australian Psychology Accreditation Council as the equivalent to four years of university training in psychology.
Psychology Clinic

For more information about our international exchange program please visit bond.edu.au/exchange.
State-of-the-Art Facilities

Studying at Bond University provides you with access to world-class facilities on campus. You will gain a clear advantage through easy access to unparalleled academic, technological and recreational facilities.

TECHNOLOGY
The Balnaves Foundation Multimedia Learning Centre is a technology-rich and architecturally exciting learning environment. It provides you with access to collaborative-friendly study spaces and the latest audio visual and computer technology in a spectacular location. You will have access to a laptop bar, study booths with LCD screens for interactive learning, a collaborative learning room with a Smartboard, HD projector and video conferencing facilities and flexible furniture arrangements to accommodate group work and discussion.

LIBRARIES
Bond University’s John and Alison Kearney Library includes over 235,000 volumes and 1,800 journal titles in print, as well as hundreds of DVDs, laserdiscs, CD ROMs, and video and audio cassettes. Access is provided to over 22,000 full-text electronic journals and over 100 journal databases.

Bond University’s John and Alison Kearney Law Library has an extensive collection of specialised law materials available for the Australian and selected international legal systems.

SPORTING
Bond University has an active sporting and recreation program on campus housing a fully equipped gymnasium including an Olympic size swimming pool, spa and sauna. Also located on campus are beach volleyball courts, a sports hall for basketball and netball, tennis courts and sports fields.

Students compete in both the summer and winter competitions of the Australian University Games. Some students also play competitive sport representing Queensland or Australia in national and international sporting codes.
OUTDOOR AMPHITHEATRE
The ADCO Amphitheatre is quite a feature at Bond University. With a seating capacity of more than 400 and facilities including change rooms, ancillary lighting and state-of-the-art audio and video equipment, the amphitheatre has become a cultural and artistic venue for all Bond students, staff, alumni, family members, friends and the broader Gold Coast community. It is also the venue for the weekly event, Wednesday by the Water, a free barbeque for all Bond students.

CAFÉS AND RESTAURANTS
Bond University offers a range of dining styles on campus. The Brasserie offers, dine-in and takeaway options, Papyrus Café offers dine-in and takeaway and the University Club hosts dine-in lunch overlooking the lake. Bond caters to most dietary requirements including gluten free, halal, vegetarian and vegan options.

LEARNING FACILITIES
Our first-class learning environment will give you the opportunity to learn in facilities that are as close to the real world as possible. Future lawyers will practise in our Moot Court which is a replica of the Supreme Court of Australia. Future physiotherapists will train with the best in sports equipment. Future stockbrokers will learn using equipment that simulates real trading in the Macquarie Trading Room and future news reporters will experience reporting in a real television studio.
Bond students benefit from the range of support services available on campus, relating to every aspect of study, medical and personal well-being and career development.

**SUPPORT SERVICES**
Bond values the cultural differences and diversity brought to the campus by its Australian and international students and makes every attempt to ensure you feel welcome.

**COMPUTER SUPPORT**
Information Services operates a Service Desk to help students needing computer support. The Service Desk supports all University-owned equipment, as well as providing instruction for connection of privately owned equipment to the network.

**COMMERCIAL CENTRE**
Your everyday needs are well catered for and easy to access at the on-campus Commercial Centre where you will find ATMs, the University bookshop stocking all required textbooks, a printing shop, a travel agent and a coffee shop.

**COUNSELLING SERVICES**
Qualified psychologists offer a totally confidential on-campus counselling service to assist with anything from transitioning or returning to university, to study pressures and personal problems.

**DISABILITY SUPPORT**
If you have a disability, illness, injury, mental or health condition that you believe may affect your capacity to complete your studies, exams or assessment tasks, we have a dedicated Disability Office here to help you. They will discuss strategies and / or academic adjustments that may be required for your assistance. If you would like to be considered for support, you will need to complete an application form and submit it with recent and comprehensive specialist documentation to the Disability Office before Week 4 of each semester.

**MEDICAL SERVICES**
The on-campus Student and Staff Medical Clinic provides general medical treatment, advice and testing, referrals, immunisation and vaccinations. The campus doctor and nurse are available for appointments from Monday to Friday.

**PASTORAL CARE**
Bond University is a non-denominational campus. However, we have prayer rooms on campus and our Pastoral Care Services can provide information about local worship centres and different faiths.

**SAFETY ON CAMPUS**
The Bond University campus is patrolled 24 hours a day, seven days a week, by our on-staff security officers and monitored by security cameras. Security officers can be contacted at any hour by phone to assist in an emergency or even just to walk you to your car after dark.

**STUDENT LEARNING SUPPORT**
This centre is designed to help all students improve their academic skills. You can seek assistance with understanding assignment questions, organisation, structure and referencing, grammar and presentations. English language help is also available for international students and Bond English Language Assessment (BELA) test can be taken for international students to assess your English level. Workshops and individual appointments are available.
CAREER DEVELOPMENT SERVICES

The Career Development Centre is a one stop shop for all of your career and employment support. Our qualified and experienced team of Employment Services Specialists will assist you with everything from part time employment, internships and work experience, through to graduate opportunities and alumni career support. Our Business Development Specialists work closely with industry partners from top tier blue chip and multinational companies through to small and medium enterprises to assist them in recruiting top Bond University talent.

They provide a broad range of personalised services including:
- Careers advice and guidance
- Career path planning
- Graduate recruitment resources and assistance
- Graduate training program
- Career clinics and seminars
- Resume and job application reviews
- Interview preparation and coaching
- Internship and work experience support
- Volunteering opportunities
- Beyond Bond: Professional Development and Community Engagement - Beyond Bond is an innovative, student-focused, personal development program which includes professional development and community engagement.

The Centre also provides a broad range of career development resources:
- Scout - An online portal providing you with a diverse range of careers and employment resources and information, including job advertisements, company profiles, events, news, industry and degree-specific information.
- Going Global - An online resource that provides career information for 24 countries.
- Vault - An online subscription-based resource used by over 900 universities worldwide.
- Job Search Guide - Taking you step-by-step through the career planning and job application process.

In addition to the services provided by the Career Development Centre, Bond students develop vital employment contacts and business networks by liaising with their professors and through access to the high profile industry, government and political identities who regularly visit the campus as guest lecturers.

For more information about the Career Development Centre please visit bond.edu.au/cdc.
Bond has a distinctly global perspective aspiring to a 50:50 ratio of Australian to international students. So while studying you will have the opportunity to build a worldwide network that will last a lifetime.

**ACCOMMODATION OPTIONS**

With the variety of accommodation options, there’s something to suit most students’ preferences, whether you wish to live on or off campus.

**ON-CAMPUS ACCOMMODATION**

Bond offers a variety of accommodation options, all within easy walking distance of lecture theatres, Don’s, restaurants, Bond’s Sports Centre, sporting facilities and faculties.

In addition to the one-on-one academic and personal support available from the live-in team of Senior Resident Fellows, Resident Student Fellows and Tutor Fellows, resident students enjoy a great social life as they mix with classmates at mealtimes and in study sessions. And there’s always someone around to talk to in the shared common areas.

All on-campus accommodation is air-conditioned with the following options available:

- **Single Room - Private Ensuite**
  - Single rooms with private ensuite facilities.

- **Single Room - Share facilities**
  - Single room with shared bathroom facilities.

- **Single Room - Flat**
  - Single room in a flat comprising two or three bedrooms with shared bathroom and limited cooking facilities.

- **Twin Share Room - Standard**
  - Twin room with two single beds and a shared ensuite.

- **Twin Share Room - Premium**
  - Larger shared accommodation with two private rooms and a shared ensuite. Bed Linen only is supplied.

**APPLYING FOR ON-CAMPUS ACCOMMODATION**

While residing on campus, it is mandatory to have a dining plan which can be used at, The Brasserie, Papyrus Café, Don’s, Coffee Cart, Serum Coffee, Bond Xpress, Coffee @ Don’s and the University Club. Flexible dining plans are available allowing students to purchase on-campus meal options. You can top up your dining plan starting at $110.

Current residents are welcome to stay in residences during the May and September semester vacations, if Bond University has booked these rooms for outside conferences all belongings are to be packed and placed into storage. Students are required to vacate rooms over the Christmas period. If no outside conferences are booked and you choose to stay in University accommodation during April and August vacation periods, you will be charged a weekly rate (please refer to the website for accommodation costs).

For more information about Bond University on-campus accommodation, please visit our website at bond.edu.au/accommodation or email student_residences@bond.edu.au.

**OFF-CAMPUS ACCOMMODATION**

There is a wide range of rental accommodation surrounding the University if you would like to live off campus. Options include houses or apartments on a single or shared basis with weekly rent varying, depending on size, location and the number of bedrooms. You will also need to budget for a security deposit (bond), food, electricity, telephone, internet and cleaning. Students who reside off campus can also purchase a dining plan starting from $110. For information on dining plans please visit bond.edu.au/accommodation.

**GETTING AROUND**

The University is 30 minutes drive from the Gold Coast Airport and just over one hour from Brisbane International and Domestic Airports. Airport transfers can be booked via www.myroom.bond.edu.au for either airport and transport you to your accommodation housing. A rail service operates between Robina and Brisbane. Regular bus services operate from the University to the main shopping, residential and tourist areas on the Gold Coast and Brisbane. In addition, there are a number of shops, cafés, restaurants and facilities within walking distance of the campus at Varsity Lakes.
Bond has a real community feel and a vibrant student social life. From sporting, social and special interest clubs, as well as a full calendar of events and gatherings, there’s so much to enjoy. Once your Student Activities Membership is paid you will have access to a variety of facilities and events on campus as well as discounted prices on some services offered through the Sports Centre.

**STUDENT ACTIVITIES MEMBERSHIP**

The Bond University Student Activities Membership (SAM) is a compulsory charge in accordance with the provision of the Student Services and Amenities Fee legislation.

SAM provides you with access to the Sports Centre and clubs offered by the Bond University Students Association (BUSA). The fee is used solely to support a wide and varied range of student events, activities and student services as well as to purchase important equipment for the Sports Centre and to support the activities of Bond’s wide range of social, sporting and cultural clubs.

The fees are paid each semester. In 2015 the fee for a full-time student is $95 per semester. Part-time students are required to pay $71.50. The fee is CPI adjusted each year.

**BOND UNIVERSITY SPORTS CENTRE**
- Access to all group exercise classes
- Access to Sports Centre facilities and sports equipment hire
- Discounted prices on massage services
- Discounted prices on personal training packages

**BOND UNIVERSITY STUDENTS ASSOCIATION (BUSA)**
- Discounted or waived sports coaching fees
- Discounted or waived ticket prices for BUSA events
- Discounts and special offers from local businesses
- Eligibility for membership of University sporting clubs
- Financial support for those travelling to university sports championships and university games
- Membership of BUSA
- Representation on academic and administrative issues
- Support for new sporting clubs and events

**CLUBS, SOCIETIES AND FACULTY STUDENT ASSOCIATIONS**

You can sign up to over 70 student clubs at Club Sign On Day, held the first Friday of each semester. Below are a few examples of clubs and activities that you can access:
- Athletics and Running Club
- Badminton Club
- Basketball

**WEDNESDAY BY THE WATER**

Wednesday by the Water is a weekly student event. Funded by your student activities fee it is a great excuse to be outside enjoying the beautiful blue sky while having a free barbeque lunch with friends by the lake.

**RES WARS**

Resident students also get to take part in the weekly Res Wars where teams from each residential complex compete in a variety of sporting activities and other traditional university events.

**UNIVERSITY SPORT**

Bond students also have the opportunity to represent the University in their chosen sport. One of the highlights of each year is our participation at the Australian University Games. The Bond Bullsharks have a proud success history in the Games, including winning the 2014 per capita trophy and finishing in the top ten universities in Australia. Bond University has also been named the overall per capita champion by Australian University Sport.
Your university degree is one of the most important investments you will make in your lifetime. As with all investments, you must consider the rate of return of both the short term career opportunities and your long term lifetime earnings.

FINANCING YOUR DEGREE
Bond University is a not-for-profit, independent university which means that fees are directly reinvested to provide outstanding education and facilities for students.

Tuition is charged at the beginning of each semester as you enrol. The fees payable by international students are the same as those for Australian students.

FEE-HELP
If you are an Australian citizen or a holder of a permanent humanitarian visa and have a tax file number, you will be able to access the Australian Government's loan scheme called FEE-HELP. FEE-HELP is an interest free loan that helps eligible fee paying students pay their tuition fees. The accumulated debt is indexed annually according to the Consumer Price Index (CPI).

Eligible students who wish to pay for part or all of their tuition fees through FEE-HELP must complete a Request for FEE-HELP Assistance form by the end of the second week of the semester. You can elect to pay a portion of fees directly to the University, and the remaining debt will be deferred as a loan through the Australian Taxation Office, or you can also choose to defer the full amount.

If you want to use FEE-HELP to cover all tuition costs and do not complete the form by the end of Week 4, you will be liable for payment of all tuition fees.

For 2015, the maximum loan available through FEE-HELP is AUD$122,162 for Medicine and AUD$97,728 for all other programs. The loan is repaid to the Australian Taxation Office taking compulsory repayments through the taxation system when your income exceeds AUD$53,345 in the 2014 – 2015 financial year. A five per cent bonus is granted for any voluntary repayments over $500 paid directly to the Australian Taxation Office. Please note that the voluntary repayment bonus could be removed by the Australian Government from as early as 1 January 2015. For further information please go to: studyassist.gov.au/sites/studyassist/payingbackmyloan/loan-repayment/pages/loan-repayment. A loan administration fee of 25 per cent applies for undergraduate programs. Please visit www.studyassist.gov.au for current loan thresholds and to view the government publications on FEE-HELP.

Maximum loan limits are adjusted each year.

STUDENT ACTIVITIES MEMBERSHIP
The Bond University Student Activities Membership, commonly known as SAM, became a compulsory fee from May 2012 semester in accordance with the provision of the Student Services and Amenities Fee legislation.

SAM provides students with access to the Sports Centre and clubs offered by the Bond University Students Association (BUSA). The fee is used solely to support a wide and varied range of student events, activities and student services as well as purchase important equipment for the Sports Centre and to support the activities of Bond's wide range of social, sporting and cultural clubs. Australian citizens and holders of an Australian Permanent Humanitarian visa who are enrolled in a program at Bond University are eligible to defer their Student Activities Membership fee through a loan program called SA-HELP. Eligible students must complete the Request for SA-HELP form and provide their tax file number by the census date of the semester. There is no administrative loan fee for SA-HELP and there is no interest on the debt. The accumulated HELP debt is indexed annually. Repayment arrangements will be the same as other HELP loans. For more information, visit bond.edu.au/sa-help-loan.

YOUTH ALLOWANCE / AUSTUDY
If you are an Australian citizen or permanent resident aged 16 years or over and studying full-time, you may be eligible to apply for Austudy / Youth Allowance benefits from the Commonwealth Government. For more information, please contact Centrelink directly.

STUDENT OPPORTUNITY FUND
You will have the opportunity to undertake a range of experiences and activities which will enhance your university and learning experience while studying at Bond. To assist you in accessing these opportunities the Student Opportunity Fund was created for students to apply for financial assistance up to AUD$2,000. For more information on eligibility and application closing dates, visit bond.edu.au/student-opportunity-fund.

FAMILY LOYALTY DISCOUNT
A 10 per cent rebate of tuition fees is available to students where an immediate family member is also studying at Bond or has graduated from Bond (conditions apply).

For more information, please visit bond.edu.au/loyalty-discounts.
ALUMNI LOYALTY DISCOUNT
A 10 per cent discount on tuition fees is available to students who have completed a full degree program at Bond University and are granted admission to a further degree (conditions apply). For more information please visit bond.edu.au/loyalty-discounts.

LIVING COSTS
You should allow approximately AUD$6,200 - $9,000 for living costs each semester that you live on the Gold Coast. This may vary depending on your budget for rent, food, transport, clothing, recreation, textbooks, telephone, electricity and other living expenses. Please note this figure has been calculated using shared off-campus accommodation. For more information visit bond.edu.au/study-at-bond/study-abroad/living-expenses. At Bond University you will not need to budget for on-campus parking as it is made available free of charge to all students.

BOOKS AND STUDY MATERIALS
The costs for books, stationery, software and other resources tend to be the same at most universities. Allow around AUD$300 per semester to help offset this cost, you may choose to sell your old textbooks and buy secondhand at the Bond Book Sale held the Friday of Week 1 each semester.

PART-TIME WORK FOR INTERNATIONAL STUDENTS
Australian Government regulations permit international students to work up to 40 hours in a fortnight and full time during semester breaks. Please note you cannot commence work until you commence your degree program in Australia. As work can’t be guaranteed, it should be viewed as a supplementary source of funds only and not relied on to cover tuition or living costs.

HEALTH COVER FOR INTERNATIONAL STUDENTS
Overseas Student Health Cover (OSHC) is an Australian Government requirement for all international students and their dependents, and needs to be paid prior to visa issue. Allianz Global Assistance is the preferred OSHC provider for international students at Bond University.

You can opt to pay a higher level of private medical health insurance. This will give you extra cover for the cost of services such as optical treatment, physiotherapy and private hospital treatment with a doctor of your choice.

In some circumstances, Norwegian, Swedish and Belgium students are exempt from OSHC. Please check with your local representatives to confirm whether you will require health cover to study in Australia.

* Charges current at time of printing (December 2014).
** Covers one valid student visa holder plus either one adult spouse or recognised de facto partner or one or more dependent children.
One of the key ways Bond University identifies future leaders is through our Scholarship Program. Available to Australian and international students, full and part tuition scholarships* are awarded to applicants who have demonstrated outstanding academic ability, community involvement, sporting achievements and strong leadership skills.

AUSTRALIAN STUDENTS
BOND UNIVERSITY SCHOLARSHIPS
For information on Bond’s Undergraduate scholarship opportunities, selection criteria, deadlines and conditions, please contact the Manager for Schools and Community in your area or visit our website at bond.edu.au/scholarships/australian-applicants.

* Excluding Bond University’s Medicine Program.

INTERNATIONAL STUDENTS
BOND UNIVERSITY SCHOLARSHIPS
For information on Bonds international student scholarship opportunities, selection criteria, deadlines and conditions contact your International Regional Manager or visit our website at bond.edu.au/scholarships/international-applicants.

AUSTRALIAN GOVERNMENT SCHOLARSHIPS
The Australian Government offers a number of scholarships to increase access to and the quality of education and training for people in partner countries.

- **Australia Awards Scholarships and Fellowships**
  (Department of Foreign Affairs and Trade)
  Aimed to provide opportunities for people from developing countries, particularly those countries located in the Indo-Pacific region, to undertake full time undergraduate study.

- **Australia Awards Endeavour Scholarships and Fellowships**
  (Department of Education)
  Merit-based scholarships that support citizens of the Asia-Pacific, the Middle East, Europe and the Americas to undertake study, research and professional development programmes in Australia.

For further information on these external scholarships, please visit the respective organisations’ websites or [www.australiaawards.gov.au](http://www.australiaawards.gov.au).

INTERNATIONAL ASSISTANCE
Bond University has developed significant relationships with a number of international government agencies, which provides international students looking to study at Bond University with the opportunity to apply for financial support and scholarships. For information on country specific financial assistance please visit bond.edu.au/financing-your-study or contact your in-country representative.
This section contains application and entry information for domestic students (Australian citizens, Australian Permanent Resident Visa Holders and New Zealand citizens, but not Permanent Resident Visa holders of New Zealand). For information relating to international students please refer to page 88.

**ENTRY INTO BOND**
Bond University’s entry criteria are based on more than just final Year 12 results. There is also an emphasis on leadership qualities, extracurricular activities, life experience and potential.

**ACADEMIC ENTRY REQUIREMENTS**

**Secondary School Leavers**
When assessing your eligibility, Bond University does not rely solely on the Overall Position (OP) scores or the Australian Tertiary Admission Rank (ATAR). Rather, the Office of Admissions adopts a broad range of criteria to assess applicants based on their academic achievement, extracurricular involvement and personal attributes, such as outstanding leadership and community involvement qualities.

**Previous Tertiary Studies**
Students who have successfully completed an Australian Qualifications Framework Certificate IV or above at TAFE or another institution, or who have undertaken at least one semester of tertiary study may be considered for entry into our undergraduate programs. Subjects completed at another university or tertiary institution may qualify as a credit toward your Bond University program. For further information on credit towards your degree, go to bond.edu.au/credit.

**English Language Requirements**
If you have completed your studies in an institution or country where English is not the first language, you may be required to provide evidence of English language proficiency even if you are an Australian citizen. Please refer to page 94 for further information.

**Transferring From Another University or Institution**
Applicants wishing to transfer to Bond from another university or institution should contact their local Bond University Manager for Schools and Community. For further information on credit towards your degree, go to bond.edu.au/credit.

**Mature Age Students**
Mature-age applicants will be assessed on work experience (please include a current resume and employer references). Successful completion of a Special Tertiary Admissions Test (STAT) test may also satisfy academic entry requirements for some programs. STAT tests are normally conducted by QTAC. Visit www.qtac.edu.au/OtherServices/STAT.html for more information.

**Combined Degrees**
Bond University offers a range of combined degrees. For further information on combined degrees, please go to page 11.

**Bond University Bachelor of Medicine Bachelor of Surgery Applications**
Applications for the Bachelor of Medicine Bachelor of Surgery are only open to domestic students and must be lodged through Queensland Tertiary Admissions Centre (QTAC) at www.qtac.edu.au. For information on application closing dates, visit bond.edu.au/timeline.

To apply for the Bachelor of Medicine Bachelor of Surgery:
1. Lodge an application through QTAC www.qtac.edu.au. You will be required to provide all accompanying documentation, providing evidence of your UMAT score and subject results in Chemistry, English and Maths B.
2. Applications will then be assessed by the Faculty of Health Sciences & Medicine to determine your eligibility based on an assessment of academic performance.
3. Short-listed applicants will be asked to attend an on-campus interview.

*Assessed on a case-by-case basis and not applicable to all programs.
APPLICATION PROCEDURES
For full information on the application process, please visit bond.edu.au/apply.

DEFERMENT
Once you have been offered a place, you may apply to postpone up to 12 months of study by:
- Completing Bond University’s Response to Offer form
- Selecting the deferment option
- Returning it to the Office of Admissions

Deferment is not available to students offered a place in the Bachelor of Medicine Bachelor of Surgery and deferment of scholarships will only be granted in exceptional circumstances.

CLOSING DATES
Bond University accepts applications up to semester commencement**:

This section contains application and entry information for international students. For information relating to domestic students (Australian citizens, Australian permanent residents and New Zealand citizens) please refer to page 86.
DEFERMENT
Once you have been made an offer, you can apply to postpone the commencement of your first year of studies by:
Selecting the deferment option on your Bond University Response to Offer form returning the form with your tuition deposit to the Office of Admissions as soon as possible.

Please note that deferment of scholarships will only be granted in certain circumstances, such as illness, family bereavement or essential overseas travel. Students seeking deferment of scholarships should send a letter stating the reasons for seeking deferment, with supporting documentation, to the Office of Admissions.

ENGLISH LANGUAGE REQUIREMENTS

If you have completed your studies in an institution or country where English is not the first language, you may be required to provide evidence of English language proficiency as per the stated requirements below. If an applicant provides evidence that fits under more than one category, then the most recent evidence will be used for admission. This document is to be read in conjunction with the University academic entry requirements. Please go the Handbook Part 2: Academic Regulations for more information on the academic and English language proficiency. For more information, please go to bond.edu.au/english-requirements.

1. APPROVED ENGLISH LANGUAGE TEST
The University accepts the International English Language Testing System (IELTS), Academic Test of English as a Foreign Language internet-Based Test (TOEFL iBT), the Cambridge English Advanced (CAE) and the Pearson Test of English Academic (PTE).

Please note that approved English language test results must have been achieved not more than 24 months before the applicant commences their degree.

2. SUCCESSFULLY COMPLETED EDUCATION IN ENGLISH
Applicants who are able to present evidence of successfully completed secondary education (equivalent to Australian Senior Certificate of Education) or greater that was taught and assessed in English in one of the countries listed below where English is the first language are not required to complete an English language test:
- Australia
- Canada
- England
- New Zealand
- Northern Ireland
- Republic of Ireland
- Scotland
- South Africa
- United States of America
- Wales

3. STUDENTS FROM INTERNATIONAL SECONDARY SCHOOLS WHERE THE FULL MEDIUM OF INSTRUCTION IS ENGLISH
Applicants to undergraduate programs from overseas international secondary schools where the full medium of instruction is English (such as members listed at www.cois.org) will be required to submit a letter from the Principal certifying the medium of instruction unless evidence to that effect is located on the transcripts.

Please note: In the interests of ensuring students’ academic competency, students admitted under any of the above, who are having academic difficulties due to English language, may be asked to undertake an English language test at the discretion of the faculty of enrolment.

4. BOND UNIVERSITY ENGLISH LANGUAGE INSTITUTE’S (BUELI) ENGLISH FOR ACADEMIC PURPOSES
Where individual Bond University programs require an IELTS result of 6.5 or equivalent, an applicant may use BUELI’s English for Academic Purposes (EAP) Level 3 to meet the English language requirements. EAP level 3 students must successfully complete all assessment and achieve an overall pass. Successful completion of the Bond University English Language Test (BELT) may also meet English language entrance requirements. Students who attain a grade of Distinction or higher in EAP 3 will gain direct entry into University programs that have an entry requirement of IELTS 7.0.

These entry requirements are correct as of December 2014 and are subject to change. These are presented as a guide only and Bond University reserves the right to make the final decision regarding admission to the University.

For updated information, please visit bond.edu.au/english-requirements.
