Postgraduate Guide
Everyone has expectations for their future...
And success means different things to different people.
Some are happy to live from day to day.
Others – like yourself – want much more.
You think bigger. You want to move faster.
You want to go further.
You’re determined to achieve something extraordinary.
At Bond University, we recognise your passion and
fast track your progress.

Bond University.
We Share Your Ambition.
We Bring It To Life.
Vice-Chancellor’s Message

Your Bond degree is your passport to an extraordinary career.

Choosing the right university is the most important decision you will make at this stage of your life. It’s your investment in the future – not just financially, but in terms of the time, energy and effort you will put into your studies over the next few years.

So, like any investment, your choice must be based on the potential returns: Which university will give you more than a degree? Which university will open the door to a truly extraordinary career? Bond University has positioned itself as a leading university, imbued with a spirit to innovate, a commitment to influence and a dedication to inspire tomorrow’s professionals. We believe that the knowledge and skills you learn in the classroom are simply the starting point.

Just imagine what you will achieve working with internationally renowned teachers in small personalised classes. Just imagine how quickly you could climb the corporate ladder if you graduated a full year ahead of your competitors and had specific training in leadership skills. And with a global network of contacts, you will be able to work anywhere in the world.

We know you have the potential to make a real difference – because we have seen so many of our students over the years do just that. Living and working in every corner of the globe, they are now heading up major corporations, helping disadvantaged communities in developing countries, researching medical breakthroughs, engineering cutting-edge technologies.

As a graduate of Bond University, you will be joining their elite ranks. If your goal is to be the best that you can be, to have your choice of the top jobs and to forge a successful and satisfying career at the highest level, Bond University can give you all the tools you need to bring your ambition to life.

I very much look forward to sharing your journey.

Professor Tim Brailsford
Vice-Chancellor and President

Bond University has a distinguished reputation as Australia’s first independent, not-for-profit university. Created in the scholarly traditions of pre-eminent private universities of world standing, Bond challenges students to be leaders and thinkers.

A Bond degree takes you beyond the accepted definition of a university education to develop initiative, enterprise, ambition and a lifelong commitment to making a meaningful contribution in your chosen field. A wide range of innovative and challenging postgraduate programs are offered through the:

- Faculty of Business
- Faculty of Health Sciences & Medicine
- Faculty of Law
- Faculty of Society & Design
- Bond University English Language Institute

Whatever degree you choose, you’ll find that Bond’s dedication to the highest academic standards, coupled with open access to world-class teaching professionals, industry leaders and blue chip employers will help you to reach your very highest potential.

Welcome to Bond University
Why Bond?

Because we do things differently.

From a student perspective, Bond University stands alone. The reason why? Well, actually there are three of them, all which add up to a far better university experience and outcome for you – regardless of which field of study you choose.

FINISH YOUR DEGREE SOONER
At Bond, you won’t be losing time with long breaks between semesters. We run three full semesters a year, with intakes in January, May and September. This means that you can complete 12-subject master’s in just a year.

It also means you don’t have to wait until next February or July to get started on your degree. If you’re ready to get your future underway, our next intake is just around the corner.

BE MENTORED BY WORLD LEADING ACADEMICS
Bond’s personalised teaching philosophy means you will learn in smaller class sizes with unprecedented one-on-one access to your professors. Even outside class time, our academics have an open door policy that means they will not only know you by name, they’ll actively mentor your progress.

GRADUATE BETTER PREPARED
At Bond, we believe education goes beyond the classroom. Part of our unique approach is to help you develop a strong foundation of leadership attributes that will prepare you for success and rapid career progression.

This is why our graduates are the first choice for many employers. They are immediately distinguishable in the workplace for their confidence, maturity, global awareness, communication skills and leadership qualities. Bond sets you up to succeed.
Bond University offers three semesters a year, allowing you to complete your studies much earlier than at other universities. For instance, you may be able to complete a master’s degree between one year (3 semesters) and one year and four months (4 semesters) at Bond.

Bond’s accelerated study mode, combined with the flexibility of our cross-faculty subject offerings, gives you the opportunity to tailor your studies to suit your specific career goals or enhance your employability by gaining extra qualifications.

**POSTGRADUATE STUDY**

Bond University offers a range of higher degrees by coursework or research.

Admission to postgraduate coursework degrees generally requires an undergraduate qualification from a recognised institution. In some cases, however, extensive career experience in a relevant discipline may meet the entry criteria.

Doctoral studies are completed predominantly through research guided and supervised by specialist advisors. Each faculty at Bond incorporates world-renowned research centres, headed by international authorities in their respective fields.

**HONOURS DEGREE**

An honours degree is usually two or three semesters of additional coursework, seminars and supervised research taken after completion of a bachelor’s degree. It advances your knowledge and experience and helps prepare you for future research work and higher degree programs. A high level of achievement in an undergraduate course is a prerequisite of entry into an honours degree program. Honours degrees are available in the Faculty of Society & Design (Psychology only) and the Faculty of Health Sciences & Medicine.

**GRADUATE DIPLoma**

Completed in just eight months (two semesters), the graduate diploma normally comprises eight subjects. This is an excellent option for those wishing to update their skills and qualifications in a specialist area and may be credited towards a full master’s degree*.

**MASTER’S DEGREE**

Master’s degrees are available in a wide range of disciplines in all faculties. If you hold a bachelor degree in a similar discipline, the master’s program generally comprises 12 subjects. Master’s programs can be undertaken by coursework only, a combination of coursework and research, or by research only.

**DOCTOR OF PHILOSOPHY (PHD)**

Higher Degrees by Research are completed predominantly through research, with candidates guided and supervised by specialist advisors. The PhD degree may be awarded for thesis only, or thesis and coursework or publication.

**DOCTORATE**

Doctoral degrees are offered by Bond in the areas of legal science, laws, health sciences and physiotherapy.

*Excludes Psychology. Please refer to pages 76 - 78 for Psychology specific outcomes.
PROFESSIONAL DEGREE
Professional master’s degrees are four semesters plus 20 weeks Work Integrated Learning to promote student learning and professional practice in the workplace. The total degree duration is 92 weeks (two academic years). Open to all students eligible to undertake master’s level postgraduate studies, these degrees are offered within the following areas:

Faculty of Business
Professional degrees are offered through the Faculty of Business in the areas of accounting, business, finance and financial management. All professional degrees are available each semester. These degrees follow the same course structure as that of the existing degrees, but include a 20-week Work Integrated Learning component designed to promote and support student learning, personal development and professional practice.

Faculty of Society & Design
Professional degrees are offered in the areas of real estate, construction, project management and urban planning. Most are available each semester.

CREDIT TRANSFER
Subject credits may be available for previous tertiary studies in a relevant or related field. You can apply for subject credits on the Bond University application form by including certified copies of transcripts from your previous studies, detailed course outlines and subject descriptions.

STUDY SCHEDULE
Bond’s teaching methodology involves a combination of lectures, tutorials, seminars, examinations, projects, presentations, assignments, computer labs and industry projects. The typical full-time study load for a postgraduate student is four subjects (40 credit points) per semester, meaning you can complete most master’s programs in a year.

Most master’s programs require enrolment in 30 credit points per semester. Where the enrolment requirement is 30 credit points a semester, students may request approval from the faculty to enrol in four subjects (equivalent to 40 credit points) per semester to accelerate their degree.

### Humanities, Languages and International Relations
For careers relating to applied linguistics, Australian studies, language and culture, international relations, foreign correspondence, politics, international trade law and philosophy.

- Master of Arts (Coursework) 66
- Master of Arts (TESOL) 69
- Graduate Certificate In TESOL 69
- Master of International Relations 70
- Master of International Relations (Professional) 70
Faculty of Business

bond.edu.au/business

Bond Business is comprised of dedicated professionals who have real world experience as advisors, consultants, entrepreneurs, investors and executives. Attracting the highest calibre academics and students, we deliver truly personalised educational experiences to every student, encouraging them to unleash their potential, accentuate their strengths, and achieve their individual ambitions.

The Faculty of Business is accredited but the Australian Association to Advance Collegiate Schools of Business (AACSB), placing them in the top 5% of business schools worldwide.

INDUSTRY LINKS
The Faculty of Business has established relationships with many local and international organisations, including:

- Accor
- ANZ
- ASX
- Austrade
- Bartercard
- Cisco
- Deloitte
- Disney
- Ernst & Young
- Goldman Sachs
- Hilton
- IBM
- IHG
- J. P. Morgan
- KPMG
- Macquarie Group
- Marriott
- Microsoft
- Oracle
- PwC
- Stockland
- Suncorp
- Virgin Group
- Wyndham

FACULTY FACILITIES
Created in collaboration with the Macquarie Group, the Macquarie Trading Room gives you access to market information through internal and external tickers, and dual screen technology featuring accounting, economic and financial data from Bloomberg. It allows lecturers to set up simulated trading environments and adjust the market conditions to demonstrate different market situations and theories. You will gain practical experience in executing deals and managing portfolios, with trading conditions almost identical to those encountered by seasoned financial traders around the world.
MASTER OF ACCOUNTING (PROFESSIONAL)
CRICOS Course Code 063521J

**Duration:** 1 year 4 months plus 20 weeks (92 weeks)
**Starting:** January, May, September

The professional program follows the same structure as the Master of Accounting program with an additional 20-week Work Integrated Learning component. Work Integrated Learning is a 45 credit point subject designed to promote and support learning, personal development and professional practice. The subject focuses on developing self-analysis and reflective learning skills, and applying theoretical solutions for practical workplace problems.

MASTER OF ACTUARIAL SCIENCE
CRICOS Course Code 083208G

**Duration:** 1 year 4 months (4 semesters).
**Starting:** January, May, September

ENTRY REQUIREMENTS
Applicants must have completed an undergraduate degree at a credit average in any discipline other than actuarial science.

**PROGRAM DESCRIPTION**
The Master of Actuarial Science combines advanced mathematics, statistics, data analytics, actuarial risk theory, finance, economics and accounting subjects with large-scale, real-life commercial data analysis.

**PROGRAM STRUCTURE**
Complete the following foundation subjects:
- Macroeconomics
- Mathematical Statistics
- Statistical Methods for Business
- Law of Commercial Entities
- Management Accounting and Strategy
- Managerial Finance
- Principles of Taxation Law
- Security Appraisal and Valuation

PROFESSIONAL OUTCOMES
Graduates can work in a range of fields, including large corporations, professional accounting practices, government departments or research.

PROFESSIONAL RECOGNITION
- CPA Australia
- Chartered Accountants Australian and New Zealand (CAANZ)
- Institute of Public Accountants

Plus three approved Faculty postgraduate elective subjects.
PROFESSIONAL OUTCOMES
Graduates can work in a range of fields, including climatology, finance, health, insurance, research, safety, science and technology.

PROFESSIONAL RECOGNITION
- Actuaries Institute

MASTER OF ACTUARIAL SCIENCE (PROFESSIONAL)
CRICOS Course Code 083209G

Duration: 1 year 4 months plus 20 weeks (92 weeks)
Starting: January, May, September

The professional program follows the same structure as the Master of Actuarial Science program with an additional 20-week Work Integrated Learning component. Work Integrated Learning is a 45 credit point subject designed to promote and support learning, personal development and professional practice. The subject focuses on developing self-analysis and reflective learning skills, and applying theoretical solutions for practical workplace problems.

MASTER OF ACTUARIAL PRACTICE
CRICOS Course Code 083211B

Duration: 1 year 8 months full time (5 semesters)
Starting: January, May, September

Students who perform well in the Master of Actuarial Science can opt to complete an additional semester to graduate with a Master of Actuarial Practice, allowing them to accelerate their career as an Actuary. This decision is made on an individual basis by the Faculty.

Practice Subjects (4)
- Actuarial Control Cycle 1
- Actuarial Control Cycle 2
- Investments and Asset Modeling
- Actuarial Research Thesis
MASTER OF BUSINESS
CRICOS Course Code 063119G

Duration: 1 year 4 months full time (4 semesters). Students may seek approval to enrol in four subjects per semester (40 credit points) and complete their degree in 1 year. For further study schedule information refer to page 11.

Starting: January, May, September

ENTRY REQUIREMENTS
Applicants must have completed an undergraduate degree at a credit average from a recognised institution.

PROGRAM DESCRIPTION
The Master of Business provides students with a foundation in a variety of business practices, plus the ability to specialise in Finance, International Business or Marketing. Designed for recent graduates and professionals looking to change their career focus, the Master of Business provides a strong grounding for advancement in business.

PROGRAM STRUCTURE
Complete the following subjects:
- Accounting Principles
- Analysis and Application
- Behaviour in Organisations
- Economics for Business
- Managerial Finance
- Marketing Fundamentals
- Strategy OR Entrepreneurship

Plus five subjects from the following streams:
- Finance
- International Business
- Marketing

PROFESSIONAL OUTCOMES
Graduates can use their highly developed planning, analytical and interpersonal skills to work in senior business positions.

MASTER OF BUSINESS (PROFESSIONAL)
CRICOS Course Code 063520K

Duration: 1 year 4 months plus 20 weeks (92 weeks)
Starting: January, May, September

The professional program follows the same structure as the Master of Business program with an additional 20-week Work Integrated Learning component. Work Integrated Learning is a 45 credit point subject designed to promote and support learning, personal development and professional practice. The subject focuses on developing self-analysis and reflective learning skills, and applying theoretical solutions for practical workplace problems.
**MASTER OF BUSINESS ADMINISTRATION (MBA)**
CRICOS Course Code 065679D

**Duration:** 1 year 4 months full time (4 semesters). Students may seek approval to enrol in four subjects per semester (40 credit points) and complete their degree in 1 year. For further study schedule information refer to page 11.

**Starting:** January, May, September

**Program Description**
Ranked number one for student satisfaction in the latest Financial Review BOSS Rankings, the Bond MBA is built on the three pillars of leadership, global business and entrepreneurship. Designed by internationally renowned educators, the program features our unique three day orientation at the O'Reilly's Rainforest Retreat, a range of flexible delivery options, and one of the most internationally diverse cohorts in Australia.

**Entry Requirements**
Bond's MBA program focuses on creating a cohort of students drawn from diverse backgrounds and cultures. The entry criteria are listed below:
- A quality undergraduate degree from a recognised institution
- Minimum three years professional work experience
- Detailed curriculum vitae documenting work experience
- Two references, one of which must be work related

If you do not strictly meet the above entry requirements a GMAT (score 580) and an interview may be required.

**Program Structure**
Complete the following subjects:
- Accounting Principles
- Business Strategy
- Entrepreneurship and Innovation
- International Business
- Management Accounting and Strategy
- Managerial Economics
- Managerial Finance
- Managing People
- Marketing Management
- Statistical Methods for Business
- MBA Orientation

Plus two postgraduate elective subjects.

**MBA Specialisations**
You can add on specialisation to your MBA program by undertaking an additional semester of study in the following disciplines:
- Finance
- Marketing

You can choose to study full time, or you can study part time by choosing the following delivery options:
- Part-time options (Study one, two, three or four subjects per semester).
- Evening classes (choose selected classes during afterhours).
- Intensive classes (study selected classes over two Friday / Saturday / Sunday intensive weekends).

**Professional Outcomes**
The MBA experience is designed to be transformational, both professionally and personally. Most graduates strike out into entrepreneurial ventures, move into new industries, or return to their previous industries at higher management levels.

**Combined Degrees**
Some popular combined degrees for the MBA include:
- MBA / Master of Accounting
- MBA / Master of Finance

---

**MASTER OF BUSINESS ADMINISTRATION (PROFESSIONAL)**
CRICOS Course Code 069029F

**Duration:** 1 year 4 months plus 20 weeks (92 weeks)
**Starting:** January, May, September

The professional program follows the same structure as the MBA program with an additional 20-week Work Integrated Learning component. Work Integrated Learning is a 45 credit point subject designed to promote and support learning, personal development and professional practice. The subject focuses on developing self-analysis and reflective learning skills, and applying theoretical solutions for practical workplace problems.
Program Structure

Students must complete the following core subjects:
- Self Insights, Teamwork and Strategic Thinking
- Leadership Skill Development
- Strategic Tools and Leadership
- Strategic People Management and Organisational Change
- Creating and Growing a Business
- Market Orientated Decision Making
- Financial Accounting and Analysis
- Managing Resources
- Markets and Organisations
- Valuation
- Cross Cultural Management
- Global Business
- Major Application Project

Plus four of the following half-unit elective subjects:
- Corporate Governance
- Executive Negotiation Strategies
- Management Consulting
- Mergers and Takeovers
- Project Management
- Leadership Agility
- Social Media Strategic Marketing

The Executive MBA is structured to accommodate senior managers who cannot afford to take time out for full-time study. On-campus classes are scheduled in a series of one and two-week in-residence sessions, spaced out over a 13-month period or extended over 26 months, allowing managers to utilise their allotted holiday and long service leave to earn senior level qualifications with minimum interruption to their work commitments.
Baden draws upon his industry and startup knowledge to deliver a practical and relevant educational experience to his students. He started his first business, a US-based fashion importer and wholesaler, at the age of 23 and has worked for firms including NAB and QIC's Private Equity division. He began his PhD in Finance in 2006 and now heads up Bond’s Entrepreneurship activities, where he was instrumental in developing an on-campus incubator and co-working space. Baden completed the Lean Launchpad Educators Course run at Stanford in 2014 and is dedicated to driving an entrepreneurship imperative through Australia’s education system.

**TEACHING SUBJECTS**
- Creating and Growing a Business Entrepreneurship
- Innovation Venture Capital
- Private Equity

**TEACHING AWARDS**
- Faculty of Business Teaching Award (2013)
- Dean’s Excellence in Teaching Award (2009)
- Australian Award for University Teaching
- Australian Learning and Teaching Council (2008)

**JOURNALS PUBLISHED**
Baden’s research interests lie in the ways in which entrepreneurship education, both inside and outside the classroom, contributes to entrepreneurial knowledge, commercialisation outcomes and graduate employability.

**BEST THING ABOUT BOND**
The day that Richard Branson arrived in his helicopter, we hosted him in an informal Q&A session with a packed theatre of wide-eyed Bondies, and he left with one of our entrepreneurship students bound for the V Festival in Byron Bay.
PROFESSIONAL OUTCOMES
The Master of Finance will provide a pathway to a professional career with financial sector employers including commercial banks, insurance companies, merchant and investment banks, superannuation funds and treasury.

PROFESSIONAL RECOGNITION
- Australian Securities and Investment Commission RG 146

COMBINED DEGREES
The following combined degree is available:
- MBA / Master of Finance

*Required for Australian Securities and Investment Commission RG 146 compliance (training of financial product advisers).

MASTER OF FINANCE (PROFESSIONAL)
CRICOS Course Code 077989B
Duration: 1 year 4 months plus 20 weeks (92 weeks)
Starting: January, May, September
The professional program follows the same structure as the Master of Finance program with an additional 20-week Work Integrated Learning component. Work Integrated Learning is a 45 credit point subject designed to promote and support learning, personal development and professional practice. The subject focuses on developing self-analysis and reflective learning skills, and applying theoretical solutions for practical workplace problems.

ENTRY REQUIREMENTS
Admission to the Master of Finance will require an undergraduate degree with a credit average from a recognised institution and completion of a subject within the last seven years deemed equivalent to either Fundamentals of Finance or Managerial Finance. A personal interview may also be required.

PROGRAM DESCRIPTION
Admission to the Master of Finance will require an undergraduate degree with a credit average from a recognised institution and completion of a subject within the last seven years deemed equivalent to either Fundamentals of Finance or Managerial Finance. A personal interview may also be required.

PROGRAM STRUCTURE

- Managerial Finance
MASTER OF FINANCIAL MANAGEMENT

CRICOS Course Code 077990J

Duration: 1 year 4 months full time (4 semesters)
Students may seek approval to enrol in four subjects per semester (40 credit points) and complete their degree in 1 year. For further study schedule information refer to page 11.
Starting: January, May, September

ENTRY REQUIREMENTS
Admission to the Master of Financial Management requires completion of an undergraduate degree with a credit average from a recognised institution.

PROGRAM DESCRIPTION
The Master of Financial Management provides students with the essential knowledge and analytical skills for making key financial decisions faced by corporate managers. Designed for recent graduates and professionals in fields other than finance, the program’s free choice of business electives give students the opportunity to customise it to meet their individual interests and objectives.

PROGRAM STRUCTURE
You must complete:
• Accounting Principles
• Analysis and Application
• Economics for Business
• Managerial Finance
• Corporate Finance
• International Financial Management

Plus two of the following:
• Finance Applications and Analysis
• Derivative Products
• Personal Investment*
• Investments
• Capital Markets
• Mergers & Acquisitions
• Financial Trading Systems
• Business Internship

Plus four postgraduate elective subjects.

PROFESSIONAL OUTCOMES
The Master of Financial Management prepares you for a financial management role within a corporation, consulting firm, accounting firm or entrepreneurial venture within the commercial sector or private practice.

PROFESSIONAL RECOGNITION
• Australian Securities and Investment Commission RG 146

* Required for Australian Securities and Investment Commission RG 146 compliance (training of financial product advisers).

MASTER OF FINANCIAL MANAGEMENT (PROFESSIONAL)

CRICOS Course Code 077991G

Duration: 1 year 4 months plus 20 weeks (92 weeks)
Starting: January, May, September

The professional program follows the same structure as the Master of Financial Management program with an additional 20-week Work Integrated Learning component. Work Integrated Learning is a 45 credit point subject designed to promote and support learning, personal development and professional practice. The subject focuses on developing self-analysis and reflective learning skills, and applying theoretical solutions for practical workplace problems.

MASTER OF PHILOSOPHY

CRICOS Course Code 072092F

Duration: Minimum 1.5 years and a maximum 2 years full time, or equivalent part time
Starting: January, May, September

ENTRY REQUIREMENTS
The minimum requirements for this program are a Bond University Bachelor's Degree with Honours in a relevant discipline, with evidence of the ability to conduct supervised research; or a qualification or combination of qualifications deemed to be equivalent by the Faculty Research Committee.

PROGRAM DESCRIPTION
The Master of Philosophy develops independent research skills and the ability to relate a specific research topic to a broad framework of knowledge. The program places a major emphasis on independent inquiry (initiative), a thorough understanding of domain specific knowledge, competence in research methodologies and on the ability to communicate research results.

English language proficiency requirements
As tuition is delivered in English, all international students will be required to provide documented evidence of the required level of proficiency in the English language.

PROGRAM STRUCTURE
Master candidates will be required to successfully complete three research methodology subjects, including qualitative and quantitative analysis, in the first year of candidature. A confirmation of candidature process occurs at the end of the first year of enrolment to evaluate progress and suitability to continue in the degree.

The dissertation should be a major, substantially original, theoretical or empirical study of an issue pertaining to the student’s major field of study. The Faculty expects students to work closely with staff and be exposed to the research activities of the staff and other students. It would not be uncommon for the student and the supervisor to be co-authors in publications resulting from the student’s dissertation.
SUPERVISION
Each student will be supervised by at least two appropriately qualified academic staff. The Faculty is responsible for approving the student’s dissertation proposal prior to the examination process.

PROFESSIONAL OUTCOMES
The Master of Philosophy will provide you with the research skills for academic careers in the University sector or for the role of researcher in business research-intensive organisations.

DOCTOR OF PHILOSOPHY
CRICOS Course Code 063150J

Duration: 4 years full time
Starting: January, May, September

ENTRY REQUIREMENTS
Applicants are normally required to have a minimum first or upper second class undergraduate honours degree (equal to at least a grade point average of 80%), Master (Honours) degree, Master by research degree and/or corresponding demonstration of research capacity. Masters coursework degrees or MBA degrees do not normally satisfy academic requirements for direct entry into the doctoral program; however, a suitably completed thesis component may be considered. Without evidence of research capacity, as is likely to occur in a Master degree by coursework, applicants are directed to the Master of Philosophy program.

PROGRAM DESCRIPTION
The Doctor of Philosophy develops independent research skills and the ability to relate a specific research topic to a broad framework of knowledge. The program places a major emphasis on independent enquiry, a thorough understanding of domain specific knowledge, competence in research methodologies and the ability to communicate research results.

English language proficiency requirements
As tuition is delivered in English, all international students will be required to provide documented evidence of the required level of proficiency in the English language.

PROGRAM STRUCTURE
Doctoral candidates may be required to successfully complete three research methodology subjects, including qualitative and quantitative analysis, in the first year of candidature. A confirmation of candidature process occurs at the end of the first year of enrolment to evaluate progress and suitability to continue in the degree.

The dissertation should be a major, substantially original, theoretical or empirical study of an issue pertaining to the student’s major field of study. The Faculty expects students to work closely with staff and be exposed to the research activities of the staff and other students. It would not be uncommon for the student and the supervisor to be co-authors in publications resulting from the student’s dissertation.

Each student will be supervised by at least two appropriately qualified academic staff. The Faculty is responsible for approving the student’s dissertation proposal prior to the examination process.

PROFESSIONAL OUTCOMES
The Doctor of Philosophy will provide you with the research skills for academic careers in the university sector or for research-orientated roles in corporations.
The Faculty of Health Sciences & Medicine at Bond University provides opportunities for you to forge a specialised career in medicine, allied health, sports and research.

All programs place a strong emphasis on real world experience from the first semester. Our health programs place a strong focus on workplace learning in a wide range of settings to ensure that theory is informed by practice and that experiences are aligned with specialty interests. Many programs involve you in interdisciplinary learning which mirrors the team approach in health care today.

Research centres provide you with first-hand access to highly qualified academics with international research track records, some of whom are responsible for developing global evidence-based guidelines.

**INDUSTRY PARTNERS**

- Australian Institute of Sport
- Australian Rugby Union
- New South Wales Health
- Royal Flying Doctor Service
- Queensland Health
- Ramsay Health Care
- Sullivan Nicolaides Pathology
- Uniting Care Health

**FACULTY FACILITIES**

The faculty contains several state-of-the-art laboratories, teaching facilities and research spaces incorporating the latest technology and industry standard equipment. Exercise and sport science, sports management and physiotherapy students study at the purpose-built Bond University Institute of Health and Sport, located in Robina.

- Anatomy Laboratory
- Biomechanics Laboratory
- Body Composition Laboratory
- Clinical Education and Research Centre
- Clinical Skills Rooms
- Exercise Physiology Laboratory
- Pathology Museum
- Physiotherapy Laboratory
- Science Laboratory
- Sports Science Laboratories
BACHELOR OF MEDICINE / BACHELOR OF SURGERY
CRICOS Course Code 063420C

This program is only open to Australian citizens, Australian permanent residents, holders of an Australian Humanitarian visa and New Zealand citizens (but not New Zealand permanent residents).

**Duration:** 4 years 8 months full time
(3 semesters per year) 14 semesters total

**Starting:** May

---

**ENTRY REQUIREMENTS**
The Bachelor of Medicine Bachelor of Surgery (MBBS) program is an undergraduate program, however it is also open to postgraduate students. Enrolments in the program are strictly limited to ensure small class sizes and sufficient clinical placements. As such, entry is extremely competitive.

Postgraduate applicants will be evaluated based on the following criteria:

1. GPA from a previous university degree (all subjects within the qualification completed within the last nine years) which also demonstrates qualifications at least equivalent to Queensland Year 12 Chemistry, Maths B (or equivalent) and English. ([bond.edu.au/mbbs-prerequisites](http://bond.edu.au/mbbs-prerequisites))
   - Applicants who do not meet these requirements must complete an approved bridging course before their application can be considered (qualification must be completed in coursework as we do not accept research or thesis).

2. Structured interview ranking.

Applicants are selected through a rigorous assessment process based on outstanding academic achievement, in combination with a demonstrated ability to achieve graduate outcomes of knowledge and critical thinking, leadership, initiative and teamwork, communication skills, responsibility, ethical decision-making skills, motivation and non-verbal reasoning.

Short-listed applicants will be required to attend an interview in person at Bond University, where their general suitability to medicine and preparedness to undertake a highly demanding course will be examined in a structured multi mini interview, comprising eight individual interviewers from both medical and non-medical backgrounds who are trained in entry-style medicine interviews.

**PROGRAM DESCRIPTION**
Bond University's Bachelor of Medicine Bachelor of Surgery Program (MBBS) is an accredited, integrated evidence-based course offering direct entry to both Year 12 school-leavers and other university graduates.

Established by one of the world’s leading authorities in Evidence-Based Medicine, the program is distinguished by its strong educational focus on problem-based learning. Rather than studying one specialist area at a time, the curriculum challenges students with clinical cases that combine a range of symptoms, possible diagnoses and disciplines. The holistic learning strategy is complemented by extensive clinical practice and patient contact integrated with the theoretical study elements.

The Bond MBBS program is designed to equip graduates with the knowledge and practical skills that a doctor needs to practice medicine in a modern clinical setting. A variety of teaching and learning systems are employed including case-based group tutorials, problem-based tutorials, practical classes, clinical skills and laboratory training, self-directed learning, web-based and e-learning, interactive seminars and lectures. This combination of contemporary medical education approaches ensures that learning relates directly to patient care and prepares graduates to assume a high level of responsibility.

A strong emphasis is placed on clinical skills training and due to small class sizes, students learn in a highly personalised environment with state-of-the-art equipment. With Bond’s three-semesters-per-year timetable and intensive clinical training periods, the MBBS degree is completed in just 4 years 8 months, with graduates then eligible to apply for hospital internships.

**PROGRAM STRUCTURE***
The Bond MBBS program comprises five academic years. The first three years of the program align with Bond University’s 12-week semester format and extensively use problem-based learning. Each week involves a clinical case around which the learning is integrated.

**Year 1**
Year 1 commences with the molecular and cellular foundations of life and then guides learning through the first cycle of the body systems.

This cycle focuses on:
- Introducing the structure and function of discrete organs
- Psychological basis of normal human behaviour
- Sociological basis of the behaviours of populations

The foundations of an effective practitioner are explored through an introduction to conducting effective observations of people both healthy and ill. This involves the beginning of the development of the understanding of and the skills involved in effective interpersonal communication, group work and collaborative learning.
Collectively integrated learning opportunities seed:
- Awareness of the roles of the doctor and healthcare system
- The impact of illness on the patient, their family and society
- The ethical basis of patient-centred health care

**Year 2**
Year 2 is framed around a second cycle through the body systems and focuses on:
- Relationships between structure and function, building complexity into an integrative systems focus
- Mechanisms of disease and infectious organisms
- Compensatory mechanisms for restoring normal function

Knowledge of psychosocial frameworks is deepened and broadened to explore the varied responses of individuals, groups, populations and cultures to disease as well as the exploration of psychosocial factors that contribute to disease and impact on patient healthcare, highlighting the complexities of health inequities.

The foundation knowledge and skills of a competent practitioner continue with a focus on history taking and physical examination of discrete systems. The ethical complexities of health care are then further explored inclusive of the legal framework for provision of health care and placements in health care settings will provide the context for introducing healthcare systems.

**Year 3**
The year will be structured around the core rotations of:
- Child Health
- Medicine
- Mental Health
- Surgery
- Women’s Health

With a focus in specific areas of:
- Clinical Pharmacology
- Endocrinology
- Imaging
- Immunology
- Neurology
- Oncology
- Pathology

Year 3 focuses on the use of evidence in the practice of medicine. Acquisition of clinical reasoning skills will be based on the appropriate prioritisation of diagnostic possibilities, after the synthesis of complete examinations and the application of knowledge of normal structure and function and disease processes. Learning will occur in a rich clinical environment, deepening the experiential base of the impacts of psychosocial and cultural constructs on illness and healthcare and will provide the context to further explore community and population health. Professional development continues guiding development of competencies to effectively manage complex and stressful situations involving both individuals and groups. This year completes preparation for full immersion in the clinical learning environment in the Years 4 and 5.

**Year 4**
Year 4 consists of approximately 43 academic weeks, which includes rotations through the following clinical disciplines:
- Child Health
- Medicine
- Mental Health
- Surgery
- Women’s Health

In-Training Assessment (ITA) is conducted throughout the year.

**Year 5**
Year 5 consists of approximately 42 academic weeks, including rotations through the following clinical disciplines:
- Emergency Medicine
- General Practice
- Critical Care
- Selective (an area of sub-speciality interest )
- Elective (Students have another opportunity to undertake further clinical placements either in Australia or overseas. Opportunities for research are also available during the elective period)

In-Training Assessment (ITA) is conducted throughout the year.

**WORK EXPERIENCE AND PLACEMENTS**
This program features extensive clinical training, during which students are located in various workplace settings from the first semester including child care, aged care, community clinics, rehabilitation centres, general practice and hospitals. For the senior years of the program, students will be located in the hospital full time, mentored by senior specialists. In Year 5, there is also an elective term which students can spend at any pre-approved hospital in Australia or overseas.

Applicants should be aware that they may be required to attend assigned clinical and professional placements and teaching at locations other than the Gold Coast Region. These placements may involve additional associated costs (i.e. accommodation and travel) which may be at the student’s expense.

**PROFESSIONAL OUTCOMES**
Graduates are qualified for registration as a medical practitioner in any State or Territory in Australia. They will have the appropriate knowledge, attitudes and skills to function effectively as interns in Australian hospitals and will be ideally positioned to undergo further training in any of the Australasian specialty colleges. Internship places are assessed by individual states and are separate from universities.

**PROFESSIONAL RECOGNITION**
The Bond MBBS program is accredited by the Australian Medical Council (AMC), ensuring that it meets or exceeds the agreed national guidelines for medical education. Upon successful completion of the program, graduates are eligible for registration as a medical practitioner in any state or territory in Australia.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
MASTER OF CLINICAL EDUCATION

This program is currently only open to Australian citizens, Australian permanent residents, holders of an Australian Humanitarian visa and New Zealand citizens (but not New Zealand permanent residents).

Duration: 6 semesters part time
Starting: Contact Bond University for intake details

ENTRY REQUIREMENTS
Successful completion of an appropriate bachelor degree or equivalent in medicine or other relevant health science program in Australia, New Zealand or equivalent.

PROGRAM DESCRIPTION
The Master of Clinical Education is designed for educators involved in the teaching, mentoring and supervision of medical and health science students in the hospital, community and university settings.

This program has been designed to produce high quality graduates with the knowledge and skills to deliver quality education using a full range of contemporary teaching, learning, assessment and evaluation initiatives.

The program is purposely progressive in that it builds on the principles and theories of adult learning, teaching and assessment in the certificate level subjects, applies these at the graduate diploma level, through to undertaking research at the master’s level. Learning strategies include online delivery combined with intensive face-to-face workshops and learning and assessment in the clinical education environment.

PROGRAM STRUCTURE*
This program allows you to exit after two semesters with a graduate certificate, after four semesters with a graduate diploma or complete all six semesters for a master’s degree.

Semester 1
- Introduction to Teaching and Learning
- Supervision, Mentoring and Support

Semester 2
- Curriculum Design, Planning and Evaluation
- Assessment in the Workplace

Semester 3
- Learner-centred Education - Theory and Practice
- Assessment - Planning, Implementation and Analysis

Semester 4
- Leadership, Management and Professionalism
- Research Methods for Health Professionals

Semester 5
- Planning a Research Project

Semester 6
- Research Project

PROFESSIONAL OUTCOMES
Bond University’s Master of Clinical Education program is intended to equip novice clinical and non-clinical teachers with the theoretical and practical skills to become effective educators.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
MASTER OF NUTRITION AND DIETETIC PRACTICE
CRICOS Course Code 079259J

Duration: 2 years full time (6 semesters)
Starting: May

ENTRY REQUIREMENTS
An undergraduate degree in health science or other related degree with at least two biochemistry subjects at second year level where first year chemistry is a pre-requisite of these subjects and two physiology subjects also at second year level.

PROGRAM DESCRIPTION
Bond University’s Master of Nutrition and Dietetic Practice is the first program of its kind in Australia. As the only Australian Qualifications Framework (AQF) Level 9 Masters Degree (Extended) dietetics program, it places a distinct emphasis on developing evidence-based practitioners with extensive participation in dietetics practice in various contexts both locally and abroad, as well as possessing research experience.

You will have the opportunity to develop specialist skills related to the practice of nutrition and dietetics through extensive professional practice placements.

A unique feature of this program is the completion of an international placement. This experience develops your skills in international nutrition and dietetic practice, including the development of cultural competency. You will gain a global perspective of the effects of different cultural, political, economic and physical environments on nutrition and dietetic issues which you can integrate into your professional practice.

You will also engage in projects and opportunities that focus on the entrepreneurial practice of nutrition and dietetics to develop leadership, management, media and marketing skills.

PROGRAM STRUCTURE*
You must complete all of the following subjects:

Semester 1
- Nutrition and Food Science
- Nutrition Assessment and Diagnosis
- Nutrition Communication and Behaviour
- Nutrition Issues and Priorities

Semester 2
- Clinical Dietetics A
- Food Service Dietetics
- Nutrition and Chronic Disease Management
- Public Health Nutrition Practice

Semester 3
- Clinical Dietetics B
- Evidence-Based Practice for Health Professionals
- Professional Placement Internship - Clinical Dietetics A
- Professional Placement Internship - Public Health Nutrition

Semester 4
- Health Research Design and Planning
- Professional Placement Internship - Food Service Management
- Professional Placement Internship - Clinical Dietetics B
- Sports Nutrition

Semester 5
- Management and Leadership for Nutrition Professionals
- Nutrition Research Internship A**

Semester 6
- Nutrition Research Internship B**
- International Nutrition Practice

PROFESSIONAL OUTCOMES
The Bond University Master of Nutrition and Dietetic Practice program has been designed to produce nutrition professionals who are equipped with a unique set of knowledge, skills and experience in research and practice. Graduates of the program will be able to apply their skills and experience across a range of areas including clinical dietetics, private practice, food service management, public health nutrition, corporate health and wellness programs, sports nutrition, the food industry, nutrition in child care centres, schools and aged care facilities, as well as research.

PROFESSIONAL RECOGNITION
The University is formally engaged in the accreditation process with the Dietitians Association of Australia (DAA) and will be submitting a provisional accreditation review report in due course. A graduate of an accredited program is eligible to become a DAA member with dietetic qualifications and can join the Accredited Practising Dietitian (APD) Program. Full details of the stages in the DAA accreditation process are available at daa.asn.au.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
** 30 credit point subject.
ENTRY REQUIREMENTS
An undergraduate degree in health science or other related degree with at least two biochemistry subjects at second year level where first year chemistry is a pre-requisite of these subjects and two physiology subjects also at second year level.

PROGRAM DESCRIPTION
The Bond University Master of Public Health Nutrition is the first in Australia to be benchmarked against the World Public Health Nutrition Association's competency standards, and one of three programs worldwide piloting international accreditation processes. The program is designed to develop evidence-based practitioners that have had intensive preparation in public health nutrition practice, intervention research and evaluation and international engagement.

With increasing recognition of the competencies required for public health nutrition practice that is distinct from dietetics, you will have intensive preparation in public health nutrition including advanced research and evaluation, consultancy management, leadership, project management, intervention research and international engagement.

You will also participate in an international placement and engage in projects which consider international transferability and relevance of practice. The Master of Public Health Nutrition is developed on extensive national and international workforce development research to produce professionals who are work-ready for both Australia and internationally to forge a career in public health.

PROGRAM STRUCTURE*
You must complete all of the following subjects:

Semester 1
- Nutrition and Food Science
- Nutrition Assessment and Diagnosis
- Nutrition Communication and Behaviour
- Nutrition Issues and Priorities

Semester 2
- Food Service Dietetics
- Nutrition and Chronic Disease Management
- Nutrition Epidemiology
- Public Health Nutrition Practice

Semester 3
- Capacity Building in Public Health Nutrition Practice
- Evidence-Based Nutrition Interventions A
- Evidence-Based Practice for Health Professionals
- Professional Placement Internship - Public Health Nutrition A

Semester 4
- Evidence-Based Nutrition Interventions B
- Health Research Design and Planning
- Physical Activity Promotion
- Professional Placement Internship - Public Health Nutrition B

Semester 5
- Management and Leadership for Nutrition Professionals
- Nutrition Research Internship A**

Semester 6
- Nutrition Research Internship B**
- International Nutrition Practice

PROFESSIONAL OUTCOMES
The Master of Public Health Nutrition equips graduates with international employment mobility in a range of settings that may include:
- Community Health Centres
- International Aid Agencies
- International Health Organisations
- Non-government Nutrition and Health Organisations
- Public and Population Health Units

PROFESSIONAL RECOGNITION
The Bond University Master of Public Health Nutrition will develop the graduate competencies that exceed the requirements of World Public Health Nutrition Association's (WPHNA) practitioner certification program. Once certified, graduates will be eligible to be internationally recognised as WPHNA Certified Public Health Nutritionists (cPHN).

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
** 30 credit point subject.
The Graduate Certificate component is designed for health professionals already working or planning to work in the field and will equip you with the advanced practical skills and theoretical knowledge to be well positioned to further your career in retrieval medicine.

The Graduate Certificate combines online delivery that enables networking opportunities with intensive practical residential components. The residential components are held as a compulsory 3 to 4 day intensive per semester. They include case-based discussions and hands-on immersive learning sessions covering technical and physical aspects of retrieval medicine.

Graduate Diploma
> Semester 3 (May)
  - Organisational Aspects of Retrieval Medicine
  - Special Conditions in Retrieval Medicine

> Semester 4 (September)
  - Human Factors in Retrieval Medicine
  - Research Methods for Health Professionals - Retrieval Medicine

The Graduate Diploma is designed to equip you with the advanced practical skills and theoretical knowledge to be well positioned for leadership roles in retrieval medicine.

You will be able to provide a patient-oriented, preventative and systematic approach using advanced clinical problem-solving skills to complex situations in critical care and emergency medicine in the pre-hospital and retrieval medicine environment.

Masters
> Semester 5 (January)
  - Retrieval Medicine Research Project A**

> Semester 6 (May)
  - Retrieval Medicine Research Project B **

The Masters component aims to produce high quality graduates who can apply advanced knowledge and skills to the implementation of a research project and make a significant contribution to the field of knowledge within the retrieval medicine environment.

You will be able to plan, develop, implement and evaluate a retrieval medicine research project relevant to your scope of practice, which has the potential to contribute to the body of knowledge in retrieval medicine and bring about change in the clinical setting. You will be prepared for both academic and executive careers in retrieval medicine.

PROFESSIONAL OUTCOMES
Medical practitioners, nurses and paramedics will be equipped with advanced practical skills and theoretical knowledge to be well positioned to further their careers in retrieval medicine.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
** 20 credit point system.
MASTER OF SCIENCE BY RESEARCH (HEALTH SCIENCES)
CRICOS Course Code 073729K

Duration: 2 years full time
Starting: Anytime throughout the academic year

ENTRY REQUIREMENTS
Successful completion of a relevant undergraduate degree with honours in a relevant discipline, with evidence of the ability to conduct supervised research, or a qualification or combination of qualifications deemed to be equivalent by the Faculty Research Committee.

PROGRAM DESCRIPTION
The Master of Science by Research gives you the opportunity to undertake research studies in a selected and approved aspect of health sciences. This includes evidence-based practice, immunology, neuroscience, physiology pharmacology, forensic science, sports and exercise science, medical research and sports management. This program will provide you with access to Bond’s state-of-the-art learning facilities and supervision by world-renowned academics.

PROGRAM STRUCTURE
Prior to formal application, you must make contact with a potential supervisor. Applications will only be considered for enrolment where a supervisor is available. If you wish to undertake a research project outside of the approved projects then the proposed research must fit within the Faculty’s strategic research plan. Once a potential supervisor has been sourced, the following information is required in order for applications to be assessed:
- A detailed thesis proposal (if not undertaking an approved project).
- University academic transcripts for all studies to date (undergraduate and postgraduate).
- A resume detailing previous work and study history.
- Two written references which should highlight your abilities, key personal attributes and capabilities.
- International students previously instructed in a language other than English are required to provide certified translated and untranslated copies of both transcripts and a Certificate of Completion.
- A budget proposal for all research supplies (if not undertaking an approved project).

PROFESSIONAL OUTCOMES
The Master of Science by Research provides you with scientific research expertise, as well as managerial and leadership skills. The program prepares you for both academic and executive careers in the health industries and related fields.

You may be eligible to progress to further postgraduate research, leading to potential career options in research organisations and academia.
WORK EXPERIENCE AND INTERNSHIPS
You will have the opportunity to gain practical industry experience and to network through an optional internship component. Through this component, you will gain valuable insight into the practice requirements and career opportunities of the global sport industry. Bond University enjoys affiliations with numerous local, national and international sport organisations which grant access to real life opportunities including internships, work experience and research.

Alternatively, you may undertake an Evidence-Based Research Project related to your field of interest or work.

PROFESSIONAL OUTCOMES
The Bond University Master of Sports Management program is designed to prepare you for a range of leadership and management roles in sport specific disciplines.

Upon completion of the program, you will be well-positioned to seek employment in a range of settings in the multi-faceted sport industry at the local, national and international levels. The global context of the program will enable you to seek employment in Australia and abroad. You may find employment in the government, community, private and not-for-profit sectors including:

- Professional sport teams, leagues and affiliated organisations
- Community and government sport and recreation services
- Local, state and national sport governing bodies
- Major event corporations
- Sport venue management
- High performance sport development and player management
- Sport advertising, media relations, sponsorship and marketing
- Apparel and merchandising companies
- Logistics, compliance and financial operations
**ENTRY REQUIREMENTS**
1. Successful completion of a Bachelor of Exercise and Sports Science degree or equivalent degree from a recognised institution such as Sports Science, Exercise Science or Human Movements, meeting the following minimum academic entry criteria:
   - Two semesters of Human Anatomy
   - Two semesters of Human Physiology
   - Two semesters of Biomechanics
   - One semester of Research Design / Statistics
   - One semester of Physiology of Exercise
   - One semester of Exercise Prescription
   - One semester of clinical exercise testing

   Transcripts of completion of primary degree and specific subject outlines need to be supplied with applications.

2. Successful performance at a selection interview.

**PROGRAM DESCRIPTION**
The Master of Sports Science is a masters by research program designed to produce high quality graduates who possess an excellent understanding of advanced sports science practice. The program provides you with advanced studies in the behavioural and cognitive sciences, applied sports sciences including biomechanics, physiology and biochemistry and the principles of high performance sciences that incorporate athlete monitoring and emerging technology in sports.

The Master of Sports Science is delivered through a select blend of on-campus coursework, applied research and industry internship units. A unique feature of this program is the opportunity to gain comprehensive professional experience through the completion of a 10-month internship with a sports organisation relevant to the Masters Research Project to be undertaken.

The program will culminate with the submission of a peer-reviewed manuscript that may be eligible for publication, providing an additional pathway for graduates to progress to further postgraduate research.

The program will culminate with the submission of a peer-reviewed manuscript that may be eligible for publication, providing an additional pathway for graduates to progress to further postgraduate research in the field of exercise & sports science.

**PROGRAM STRUCTURE**
- **Semester 1 (Starts May)**
  - Communication, Leadership and Negotiation in Sport
  - Clinical Sports Science
  - Performance Analysis in Sport
  - Injury Prevention and Rehabilitation Principles and Practice

- **Semester 2**
  - Athlete Preparation Principles and Practice
  - Sports Science Research Project

- **Semester 3**
  - Sports Science Research and Internship A

- **Semester 4**
  - Sports Science Research and Internship B

**PROFESSIONAL OUTCOMES**
The Master of Sports Science will enable students to apply advanced clinical skills and practical experience in the areas of biomedical science, physiology, biomechanics, nutrition, psychology and performance analysis to pursue a career in sports science across all levels of national and international sport.

**PROFESSIONAL RECOGNITION**
The Master of Sports Science has been developed to meet the requisite coursework and practical experience to apply for accreditation as a Sports Scientist with Exercise and Sports Science Australia (ESSA). Please contact Exercise and Sports Science Australia for conditions for accreditation: www.essa.org.au.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
My academic research interests are in sustainable surf tourism, event leveraging, and organisational change in sport. I am also Associate Editor of one of the field’s leading journals, Sport Management Review.

TEACHING SUBJECTS
• SPMT11-115 Sport Organisation, Governance and Policy
• SPMT12-107 Sport Tourism
• SPMT11-103 Event Management
• SPMT71-113 Strategic Sport Management

INDUSTRY CONNECTIONS
Currently, I serve on the “Embracing 2018 Evaluation and Monitoring Working Group” that is tasked with devising mechanisms for the evaluation and monitoring of legacies derived from the Gold Coast 2018 Commonwealth Games.

BEST THING ABOUT BOND
For me, the most satisfying thing since starting at Bond in 2012 has been seeing hard working, motivated graduates placed in great jobs with organisations such as the International Rugby Board, Anaheim Angels (USA), Queensland Reds and IMG Reliance (Mumbai).

INTERESTING FACTS
I am a husband and proud Dad and in my spare time enjoy all things sport, especially surfing; in 2014, I won the Queensland State O/45 longboard surfing title, and was a semi-finalist at the Australian titles.
DOCTOR OF PHILOSOPHY (FACULTY OF HEALTH SCIENCES & MEDICINE)
CRICOS Course Code 063150J

Duration: 4 years full time (6 years part time available for Australian students only)
Starting: Anytime throughout the academic year

ENTRY REQUIREMENTS
Successful completion of an undergraduate degree with honours (first class or 2A) or a research master’s degree in a relevant discipline, with evidence of the ability to conduct supervised research, or a qualification or combination of qualifications deemed to be equivalent by the Postgraduate Research Committee.

PROGRAM DESCRIPTION
The Doctor of Philosophy (Faculty of Health Sciences & Medicine) allows you to undertake supervised research studies in one of the Faculty’s research areas and centres:
- Bond Urology Group (BUG)
- Centre for Research in Evidence-Based Practice (CREBP)
- Chemistry Research & Interest Group (CRaIG)
- Clem Jones Centre for Stem Cells and Tissue Regenerative Therapies
- Health Professions Education (HPE)
- Water Based Research Unit

Selected and approved aspect of health sciences, including:
- Evidence Based Practice
- Forensic Science
- Genetics
- Immunology
- Medical Research
- Neuroscience

- Physiology/Pharmacology
- Sports and Exercise Science
- Sports Management

You will have access to supervision by world-renowned academics and state-of-the-art learning facilities.

PROGRAM STRUCTURE
Prior to formal application, you must contact a potential supervisor. Applications will only be considered for enrolment if a supervisor is available. If you wish to undertake a research project outside of the approved projects then the proposed research must fit within the Faculty’s strategic research plan. Once a potential supervisor has been sourced, the following information is required in order for an application to be assessed:
- A detailed thesis proposal (if not undertaking an approved project).
- University academic transcripts for all studies to date (undergraduate and postgraduate).
- A resume detailing previous work and study history.
- Two written references which should cover your abilities, key personal attributes and capabilities.
- International students previously instructed in a language other than English are required to provide certified translated and untranslated copies of both transcripts and Certificate of Completion.
- A budget proposal for all research supplies (if not undertaking an approved project).

PROFESSIONAL OUTCOMES
The Doctor of Philosophy (Faculty of Health Sciences & Medicine) program provides you with the necessary research skills for academic careers in the university or research sector. You may also obtain employment in government, private or research organisations in areas such as pharmaceuticals, biotechnology or sport science.
DOCTOR OF PHYSIOTHERAPY
CRICOS Course Code 075478G

Duration: 2 years full time (6 semesters)
Starting: May

ENTRY REQUIREMENTS
1. Successful completion of a Bachelor of Exercise and Sports Science degree from Bond University, or equivalent degree from a recognised institution, meeting the following minimum academic entry criteria:
   • Two semesters of Human Anatomy
   • Two semesters of Human Physiology
   • One semester of Biomechanics
   • One semester of Research Design / Statistics
   • One semester of Physiology of Exercise
   • One semester of Exercise Prescription
   • Transcripts of completion of primary degree and specific subject outlines need to be supplied with applications

2. Successful performance at a selection interview.

PROGRAM DESCRIPTION
The Doctor of Physiotherapy offers an innovative problem based learning model of physiotherapy education to prepare entry level physiotherapists for their roles and responsibilities as first contact practitioners. The program integrates the clinical, pathological and related sciences with the physiotherapy knowledge, skills and professional behaviours and attitudes required to examine, diagnose and treat physiotherapy clients.

The Doctor of Physiotherapy assists you to progressively develop and apply your knowledge, skills and professional attitudes and behaviour for physiotherapy practice and places a strong emphasis on clinical experiential learning with 50 per cent of the program undertaken in a clinical context. The first 30 weeks of clinical practice addresses five core areas in both hospital and community settings and one elective. Variable experiences across the lifespan are sought in the clinical areas of:
   • Orthopaedics
   • Cardio-respiratory practice;
   • Out-patient musculo-skeletal practice (hospital or private practice settings);
   • Neurological and ortho-geriatric rehabilitation (hospital and community settings);
   • Chronic Disease and Disability, whether paediatric or adult in context
   • Paediatrics or women’s / men’s health, or private / sports practice

WORK EXPERIENCE AND INTERNSHIPS
The first 30 weeks of clinical experience take place in hospital and community settings working within the clinical areas outlined above. You will also complete a clinical internship (12 weeks) with an embedded research project in your final semester. This final placement is designed to ensure graduates are ideally prepared for entering the workforce.

PROFESSIONAL OUTCOMES
The Doctor of Physiotherapy produces work-ready graduates equipped with the knowledge, skills and professional attributes and behaviours to be eligible for registration as a physiotherapist in Australia.

PROFESSIONAL RECOGNITION
The Bond University Doctor of Physiotherapy program has been accredited as an entry-level program by the Australian Physiotherapy Council and is listed as an approved program of study by the Physiotherapy Board of Australia.

* Subject names and structure may change - please refer to bond.edu.au for updated information on program structure.
Bond Law has earned an international reputation for its personalised teaching environment, its integrated legal skills training and the international focus of its degree offerings.

Recognised as one of Australia’s top law faculties, Bond Law’s focus on practical ‘lawyering’ skills and its international perspective provides an exciting and innovative learning experience. Our law students combine the Priestly Eleven with global mooting competitions, international exchange opportunities, practical experience in mediation and dispute resolution, simulated hearings in our paperless e-courtrooms and high level internships.

Bond’s trademark small classes ensure that every student has access to the state-of-the-art equipment and facilities housed in our multimillion dollar Legal Skills Centre and our Professional Legal Training program is one of Australia’s most respected.

INDUSTRY PARTNERS
The Faculty of Law has strong links with the practising profession locally and internationally. We encourage and are grateful for the active participation of the profession in our advisory committees, as part-time lecturers or tutors and as supervisors and mentors for the on-the-job work experience their law firms and organisations provide to our law students.

These leading law firms and organisations include:

- Ashurst
- Clayton Utz
- Corrs Chambers Westgarth
- Cronin Litigation Lawyers
- Queensland Public Interest Law Clearing House
- Wyndham Vacation Resorts
- Asia Pacific Pty Ltd

FACULTY FACILITIES
Bond Law’s Legal Skills Centre is the first of its kind to integrate the full complement of legal-based training facilities, with moot courtrooms and purpose-built suites designed for interviewing, dispute resolution and Professional Legal Training. Designed on input provided by judges, legal practitioners and the faculty, this world-class facility is designed to give you simulated real-world experience in practising your legal skills.
JURIS DOCTOR
CRICOS Course Code 075083E

Duration: 2 years full time (6 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
A prior degree in any discipline. Applicants are required to have at least a 70 per cent grade average in an undergraduate degree. Consideration is also given to relevant work experience and referees’ reports on the suitability of the applicant for studying law.

PROGRAM DESCRIPTION
The Juris Doctor is a professional legal qualification which prepares you to become a legal professional in the corporate, government, community or not for profit sectors, both within Australia and overseas. Bond’s Juris Doctor provides an engaging learning experience that both challenges students academically and prepares them practically for a legal career. Our unique integrated Legal Skills Program is part of the Juris Doctor and focuses on core skills essential to the practice of law. The individual modules are taught in conjunction with relevant legal subjects over a number of semesters during your degree. These include:
- Oral communication and presentation
- Legal research and analysis
- Legal writing and drafting
- Negotiation

PROGRAM STRUCTURE*
Compulsory Law Subjects (19)
The 19 compulsory subjects cover all the ‘Priestley Eleven’ areas required to practise law in Australia.
- Administrative Law
- Australian Legal System
- Bookkeeping and Trust Accounts**
- Business Associations
- Civil Procedure
- Constitutional Law
- Corporations Law
- Criminal Law and Procedure A
- Criminal Law and Procedure B
- Equity
- Evidence
- Land Law
- Law of Civil Remedies
- Law of Obligations
- Legal Ethics and Professional Conduct**
- Legal Skills
- Personal Property Transactions
- Principles of Contractual Liability
- Principles of Tortious Liability
- Property Law

Law Elective Subjects (5)
A wide range of law elective subjects are offered, with particular emphasis on corporate and commercial law. A range of specialty streams are available, including:
- Canadian Law and Practice
- Corporate and Commercial Law and Practice
- Dispute Resolution
- International Business and Finance Law
- Legal Practice

* The number of compulsory subjects is likely to change following a review of the curriculum, which is due to take place in 2015.
** Half-unit subject.

INDUSTRY EXPERIENCE
Clinical legal subjects are available as electives, with students placed in legal settings, working under the supervision of a practising lawyer. The faculty also encourages you to complete clerkships or internships with law firms during your holidays, but these do not form part of program requirements. Our career development specialists are available to assist you in your search for a suitable placement.

PROFESSIONAL OUTCOMES
Some students will plan to seek admission as a lawyer on the completion of their Juris Doctor, while others will be well established in their careers and will be undertaking the Juris Doctor in order to enhance their career options.

The Bond Law Juris Doctor is specifically designed to develop well rounded legal practitioners equipped with the practical legal skills to take leading positions in both the public and private sectors. Our graduates are employed in top tier law firms throughout Australia and across 38 countries (including the USA, United Kingdom, Canada, Scandinavia, France, China and Malaysia) as solicitors in private practice, associates to Supreme and High Court justices, barristers, government lawyers, in-house counsel academics and business leaders. You are encouraged to focus on the specific areas of study that you feel best serves your future career path.

PROFESSIONAL RECOGNITION
In conjunction with further study (Graduate Diploma in Legal Practice) and meeting the requirements of the Legal Practitioner Boards of the various Australian states and territories, the Juris Doctor is an approved degree for purposes of admission as a legal practitioner. This degree can also be used to gain admission in certain other jurisdictions; however, you are advised to confirm admission requirements in the particular jurisdiction in which you wish to practise.
I am devoted to plain English. Lack of clarity is the scourge of legal and business writing. Law is a very demanding area of knowledge; and respect for the rule of law is the main attribute of a good society.

TEACHING SUBJECTS
- LAW77543 Sports Law
- LAW75316 Corporations Law
- LAW77542 Comparative Law

INDUSTRY CONNECTIONS
- Admitted Barrister and Solicitor in several jurisdictions.
- Director of Centre for Commercial Law, Bond University.

BEST THING ABOUT BOND
The opening day on 15 May 1989 was hard to forget. Winning the Battle for Bond in 1997 was magnificent. The abiding highlight is the people at the finest start up university of our times.

INTERESTING FACTS
I gave the first undergraduate lecture in law at Bond in 1989, arriving through the mud and rain on crutches, sporting a broken leg from rugby with the students. I participated in the ‘Battle for Bond’ in the mid-1990s, the fight to retain Bond as a private and independent university. It was a victorious battle.
GRADUATE DIPLOMA IN LEGAL PRACTICE

**Duration:** On-campus PLT Program (full time)*
1 semester and 75 days of work experience
**Starting:** January, May, September
(CRICOS Course Code 063183M)

**Duration:** Online PLT Program (full time)*
1 semester and 75 days of work experience
**Starting:** January, May, September

**Duration:** Online PLT Program (part time)*
2 semesters and 75 days of work experience
**Starting:** January, May, September

ENTRY REQUIREMENTS
Bachelor of Laws or Juris Doctor qualification from an Australian Institution.

PROGRAM DESCRIPTION
The Graduate Diploma in Legal Practice, also known as Professional Legal Training (PLT), is the link between your law degree and becoming a practising lawyer. The PLT program is an alternative to undertaking a legal traineeship for admission in Queensland. Our PLT program is a coursework degree that provides structured and supervised legal training, based on the Competency Standards for entry level lawyers developed by the admitting authorities and the Australasian Professional Legal Education Council (APLEC).

PROGRAM STRUCTURE
The PLT program has three components:

1. **Practical Legal Training**
The Practical Legal Training component is led by our PLT legal academics and offered every semester in each of our three different modes of delivery: on campus (full time), online (full time) or online (part time). For on campus students, this component is delivered in person and on campus. For online students it is delivered through intensive sessions on campus and learning online. Online students have the flexibility to complete their online learning from anywhere in Australia or overseas.

2. **Practical Experience**
This component requires that students complete 75 days of work experience under the supervision of a practising lawyer in an approved law office or organisation in Australia. We have a dedicated and experienced career development professionals to actively assist you in securing your work placement.

Work experience can be undertaken in more than one law office or organisation and can be completed prior to or after the Practical Legal Training component. Work experience undertaken as a law student may also receive credit. Online part-time students can complete their work experience simultaneously with the Practical Legal Training component.

3. **Continuing Practical Training**
This component provides students with a further 75 hours of training and is completed online. It supports and draws on the knowledge and skills enhanced, honed and learned by students during their work in the Practical Legal Training and Practical Experience components. Students are provided with ongoing, one-on-one support from the PLT Director who acts as their mentor for this component.

PROFESSIONAL OUTCOMES
Successful completion of the Graduate Diploma in Legal Practice will enable you to apply for admission to legal practice in Australia. You should contact the relevant admitting authority to ascertain the requirements for admission in your state or territory. Mutual recognition legislation also facilitates the process of practitioners admitted in one state seeking admission in other Australian jurisdictions.

* The Online PLT program is not CRICOS registered and therefore not available to student visa holders.

MASTER OF LAWS
CRICOS Course Code 084235G

**Duration:** 8 months full time (2 semesters)
**Starting:** January, May, September

ENTRY REQUIREMENTS
The Master of Laws program is offered to those with a professional law qualification (Bachelor of Laws, Juris Doctor or equivalent).

PROGRAM DESCRIPTION
The Master of Laws is a postgraduate law qualification that provides maximum flexibility and choice with a wide range of specialist areas, meaning you can design your master’s degree to suit your area of interest and professional needs. Those looking to expand their knowledge in a particular area will benefit from investigating contemporary legal issues, from both international and local perspectives, while developing their legal research and writing skills.

PROGRAM STRUCTURE
You must complete 8 subjects:
- **Compulsory Law Subject (1)**
- **Law Electives (7)**
  - Advanced Legal Reasoning, Research and Writing

Students must choose seven subjects from the list of postgraduate law electives.
Students may also wish to undertake a specialisation within their degree, choosing four law subjects within an approved study area. These include:

- Canadian Law and Practice
- Corporate and Commercial Law and Practice
- Dispute Resolution
- International Business and Finance Law

Students are able to opt out of a specialisation but must take all electives (total 70CP) from the postgraduate offerings in the Faculty of Law. No general electives are offered in this program.

If appropriate supervision is available, you may elect to replace two elective subjects with a minor dissertation upon approval by the Executive Dean or delegate.

PROFESSIONAL OUTCOMES
The Master of Laws provides a postgraduate qualification that broadens a graduate's or practitioner's knowledge in a chosen area of specialisation.

MASTER OF LEGAL ADMINISTRATION
CRICOS Course Code 084236G

Duration: 1 year full time (3 semesters)
Starting: January, May, September

ACADEMIC ENTRY REQUIREMENTS
Completion of an undergraduate program (or equivalent) at an approved Australian institution.

PROGRAM DESCRIPTION
The Master of Legal Administration offers students with a non-law undergraduate degree the opportunity to attain postgraduate qualifications in law. Students may complete a generalist degree or elect to specialise in a particular area of law, combined with up to four postgraduate subjects from other disciplines.

PROGRAM STRUCTURE
The Master of Legal Administration comprises of 12 subjects, as follows:

- Advanced Legal Reasoning, Research and Writing
- Australian Legal System
- Principles of Contractual Liability
- Principles of Tortious Liability
- Criminal Law and Procedure A

Law Electives (4)
Students must choose four subjects from the list of postgraduate law subjects.

General Electives (4)
Students in the Master of Legal Administration may also undertake additional law electives or take up to four postgraduate subjects from other disciplines, such as Business, Humanities, Social Sciences or Communication and Media.

PROFESSIONAL OUTCOMES
This degree does not qualify a graduate for admission as a legal practitioner; rather, the program is intended for students from other fields and professions who wish to supplement their knowledge of law in a particular area.
**MASTER OF LAWS (BY RESEARCH)**
CRICOS Course Code 063455C

**Duration:** 2 years full time (6 semesters)
**Starting:** January, May, September

**ENTRY REQUIREMENTS**
The Master of Laws (Research) is offered to those with a professional law qualification (Bachelor of Laws, Juris Doctor or equivalent). Applications are required to have at least 70 per cent average and / or extensive professional experience.

**PROGRAM DESCRIPTION**
The Master of Laws (by Research) program can be completed via a 50,000 word research thesis. While the faculty can offer supervision in most areas of law, it has particular strengths in:
- Corporate and Commercial Law
- Criminal Law
- Constitutional Law
- Dispute Resolution
- International Trade Law
- Intellectual Property, Information Technology and E-Commerce

**PROFESSIONAL OUTCOMES**
The Master of Laws (by Research) provides a specialist postgraduate qualification to broaden an undergraduate law qualification.

---

**DOCTOR OF LEGAL SCIENCE (RESEARCH)**
CRICOS Course Code 063149B

**Duration:** 3 years
**Starting:** Anytime throughout the academic year

**ENTRY REQUIREMENTS**
Applicants must have a Bachelor of Laws or Juris Doctor with Honours, Master of Laws degree or with an average of at least 75 per cent. Candidates for the Doctor of Legal Science (Research) degree must satisfy the Dean that they have the academic, research and writing abilities to produce a written research thesis in English of approximately 50,000 words.

Admission is on the basis of an approved research proposal and availability of appropriate supervision. Applicants are required to complete six subjects listed under the Master of Laws before undertaking the thesis component. Alternatively, admission may be awarded through transferring from the Master of Laws coursework to the thesis component of the research. Applicants will have achieved an average of at least 75 per cent in the Master of Laws coursework.

---

**DOCTOR OF PHILOSOPHY**
CRICOS Course Code 063150J

**Duration:** 4 years full time
**Starting:** Anytime throughout the academic year

**ENTRY REQUIREMENTS**
Applicants must have:
- Completed a Master of Laws degree from a recognised university; or
- A Bachelor of Laws or Juris Doctor degree with an Honours average of at least 75 per cent or an equivalent grade elsewhere; or
- Other qualifications that, in the opinion of the Academic Senate, acting on the advice of the Dean, are equivalent to or are a satisfactory substitute for either of the qualifications prescribed above.

Admission is on the basis of an approved research proposal and availability of appropriate supervision. In addition to the above requirements, candidates for the PhD degree must satisfy the Dean that they have the academic, research and writing abilities to produce a major thesis that represents a substantial contribution to the exposition, knowledge or understanding of the field of study concerned.

**PROGRAM STRUCTURE**
The Doctor of Philosophy program is a research higher degree awarded for a substantial thesis or for published papers, that is a significant contribution to the knowledge or understanding of an aspect of law. The PhD will display the capacity of the student to carry out independent research at the appropriate level. PhD candidates are required to submit for external examination a written research thesis of between 70,000 and 100,000 words. The topic must be approved by the Faculty of Law and appropriate supervision must be available.
One of the most innovative of its kind; the Faculty of Society & Design applies the latest theory, research and sustainable practices to its programs. With a strong focus on practical experience, the faculty offers degrees in the areas of architecture, communication, creative media, humanities, social sciences and sustainable development. The faculty prides itself on offering a challenging academic environment with direct access to lecturers, encouraging you to widen your sense to what is humanly possible.

INDUSTRY LINKS
The Faculty has developed industry partnerships with leading organisations including:

- Amnesty International
- Austrade
- Australian Good Food Guide
- Australian Institute of Building Surveyors
- Australian Institute of International Affairs
- Australian Institute of Project Management
- Australian Institute of Quantity Surveyors
- Australian Property Institute
- Channel 7 Australia
- Channel 10 Australia
- General Electric
- Gold Coast Bulletin
- Lend Lease
- Royal Institute of Chartered Surveyors
- Soheil Abedian
- Smart Erickson
- Washington Internship Institute

FACULTY FACILITIES
The Faculty of Society & Design has several state-of-the-art teaching and learning facilities including:

- Abedian School of Architecture - Architecturally designed learning space including design studios, reading and resource rooms as well as an exhibition area.
- Level-up Lab - A media facility specifically tailored for the development of 2D and 3D digital media.
- Film and Television Studios - One of the largest production facilities in South East Queensland.
- Psychology Clinic - A modern clinic with observation and consulting rooms; including a test library and student training area.
- Sustainable Development Building - 6 Star Green Star Certificate learning facility.
The concept of the building aims to foster collaboration at all levels from undergraduates to postgraduates where architectural students and academics can learn, create and exhibit in an open plan studio environment. The striking design of the building also acts as a teaching tool where theory comes to life, and will inspire innovation and creativity in students. The floating mezzanine, spiral stair cases, and internal 'street' are just some of the design features that will excite and stimulate a contemporary education space in which students, industry and the community can learn, gather, and exhibit.

You will benefit from exclusive access to seven new design studios, computing and fabrication laboratories, a digital robotics laboratory, traditional workshops, reading and resource rooms, an atelier as well as impressive exhibition and event space.

The School is one of a select number of architectural schools worldwide that incorporate architectural design through digital robotics, providing opportunities in design as part of the new generation of architecture.

The Abedian School of Architecture features one of the lowest student to staff ratio of any architectural program offered in Australia, ensuring unrivalled access to state of the art equipment, as well as personalised attention and mentoring.

**PROGRAM STRUCTURE***
Delivered within a comprehensive design studio environment, each studio contains a combination of practical and professional applications, theoretical studies, technical proficiency and conceptual rigour. Research initiatives and studio workshops led by eminent visiting professors and internationally recognised professionals will offer you an opportunity to develop their architectural skills on a global scale. In addition to the permanent Faculty of award winning practising architects and published scholars, the Abedian School of Architecture has developed partnerships with leading educators and professionals around the world who actively contribute to the architectural program. Some of the School's associations include the Architectural Association School of Architects (UK), The Bartlett School of Architecture, University College (UK), the Pratt Institute (USA) and Virginia Tech (USA).

Architecture students expand their skills within the landmark Abedian School of Architecture building. The building was designed by Sir Peter Cook and Gavin Robotham of internationally renowned firm Cook Robotham Architecture Bureau (London). The unique design of the School provides an exceptional student learning experience. The

---

**ENTRY REQUIREMENTS**
Entry criteria for the Master of Architecture include:
- A high quality portfolio of design work.
- Successful completion of an undergraduate degree in architecture deemed equivalent by the Dean.

---

**PROGRAM DESCRIPTION**
The Master of Architecture at the Abedian School of Architecture is designed to develop the emerging architectural professional to be fearless in their design ability, as well as possess the confidence to change the world and the habitats of the future through their creative design skills, imaginative vision, strategic thinking and technical proficiency. Delivered through a comprehensive design studio environment, current issues are debated through historical and philosophical architectural thought as well as contemporary states of urban habitation, challenges to a sustainable ecology and the ramifications of modern technology. Professional architectural concerns in law, contracts and ethics are also examined which prepare you for the commercial world of architectural practice.

Research initiatives and studio workshops led by eminent visiting professors and internationally recognised professionals will offer you an opportunity to develop their architectural skills on a global scale. In addition to the permanent Faculty of award winning practising architects and published scholars, the Abedian School of Architecture has developed partnerships with leading educators and professionals around the world who actively contribute to the architectural program. Some of the School's associations include the Architectural Association School of Architects (UK), The Bartlett School of Architecture, University College (UK), the Pratt Institute (USA) and Virginia Tech (USA).

Architecture students expand their skills within the landmark Abedian School of Architecture building. The building was designed by Sir Peter Cook and Gavin Robotham of internationally renowned firm Cook Robotham Architecture Bureau (London). The unique design of the School provides an exceptional student learning experience.
PROFESSIONAL OUTCOMES
This program academically prepares you to gain eligibility towards the professional status of architect in Australia or overseas. Professional status is governed at the State level in Australia. Professional registration overseas is governed by the relevant professional authority. The program enables you to enter the architecture profession in a variety of careers including architectural firms, government, construction, development, infrastructure and planning industries both in Australia and around the world.

The strategic thinking, visual creativity, public engagement, design and technology skills, strategic management and entrepreneurial outlook developed in this degree also provides you with a wide range of career opportunities in the creative industries. Many architectural graduates establish careers in design studios, virtual design, web and graphic design, fashion, advertising, industrial design, arts management and the visual arts.

The Master of Architecture also prepares you for a pathway into higher education. The research dissertation offers a level of academic work in a student portfolio that is typically acceptable in applications for doctoral studies.

PROFESSIONAL ACCREDITATION
The Australian Institute of Architects and the Board of Architects of Queensland currently recognise and accredit the Master of Architecture program. The Bachelor of Architectural Studies is recognised as the normal pathway to the Master of Architecture.

* Subject names and structure may change - please refer to bond.edu.au/fsd for updated information on program structure.
**BUILT ENVIRONMENT**

**MASTER OF BUILDING SURVEYING**  
CRICOS Course Code 071287C

**Duration:** 1 year 4 months full time (4 semesters). Students may seek approval to enrol in four subjects per semester (40 credit points) and complete their degree in 1 year. For further study schedule information refer to page 11.

**Starting:** January, May, September

**ENTRY REQUIREMENTS**  
Successful completion of any undergraduate degree or relevant qualifications / professional experience deemed equivalent by the Dean.

**PROGRAM DESCRIPTION**  
The Master of Building Surveying offers you the chance to increase your knowledge in the field of building surveying. You will study with world-class academics and experienced practitioners in one of Australia’s most environmentally friendly buildings. The program comprises two specialist subjects plus six shared core subjects. Completion of a further four postgraduate elective subjects, selected from the suite of programs offered by the Faculty of Society & Design will allow you to graduate with a Master of Building Surveying.

**PROGRAM STRUCTURE**  
This program enables you to exit after four subjects with a graduate certificate, after eight subjects with a graduate diploma or complete 12 subjects for a master’s degree.

- **Graduate Certificate in Building Surveying (4)**  
  - Building Controls and Regulations
  - Fire Engineering
  - Planning and Assessment Processes
  - Structures and Soil Mechanics

- **Graduate Diploma in Building Surveying (8)**  
  - Building Controls & Regulations
  - Building Pathology & Forensic Engineering
  - Expert Witness & Dispute Resolution
  - Fire Engineering
  - Planning and Assessment Processes
  - Real Estate Property Rights
  - Structure and Soil Mechanics
  - Sustainable Refurbishment & Retrofit

- **Master of Building Surveying (12)**  
  - Building Controls and Regulation
  - Building Pathology & Forensic Engineering
  - Expert Witness & Dispute Resolution
  - Fire Engineering
  - Planning and Assessment Processes
  - Real Estate Property Rights
  - Structures and Soil Mechanics
  - Sustainable Refurbishment & Retrofit

  Plus any four electives from the Faculty of Society & Design list of subjects.

**PROFESSIONAL OUTCOMES**  
Master of Building Surveying graduates will, with sufficient relevant experience, be able to practise as accredited building surveyors and certifiers. The program has been designed in consultation with the Australian Institute of Building Surveyors (AIBS) to ensure that the material covered is appropriate for people engaged in this field. Through this consultation graduates are assured that their qualifications meet the requirements of the profession. Graduates of the Master of Building Surveying program will meet the requirements under the AIBS Framework for accreditation as a Building Surveyor. The Building Professionals Board of New South Wales (BPB) will recognise graduates of the Master of Building Surveying program as meeting the requirements of Levels A1, 2, 3 and 4.

Bond University’s building surveying programs have been accredited by both the AIBS and the Royal Institution of Chartered Surveyors (RICS) thereby satisfying the educational requirements for accreditation at the level of Building Certifier Levels 1, 2 and 3 in Queensland. Upon gaining accreditation with the AIBS or RICS, graduates may be eligible for a licence as a building certifier with the Queensland Building and Construction Commission (QBCC). When licensed, graduates may practise in Queensland as building certifiers for local government or as private certifiers.

**PROFESSIONAL RECOGNITION**  
This program is recognised internationally by the Royal Institution of Chartered Surveyors (RICS) and nationally by the Australian Institute of Building Surveyors (AIBS). The BPB in New South Wales and QBCC in Queensland recognise the AIBS accreditation.

* Intensive mode delivery is a compact and time-efficient way for you to complete your postgraduate qualification with minimal impact on your work / home life. You will attend two three-day sessions per subject, scheduled Thursday to Saturday (approximately six to eight contact hours per day).

There will be a break of four or five weeks between session one and session two. You will receive 40 hours of combined lectures, discussion groups, case studies and workshops during these contact hours. International students are required to be on campus every week.
**MASTER OF CONSTRUCTION PRACTICE**  
CRICOS Course Code 071288B

**Duration:** 1 year 4 months full time (4 semesters).  
Students may seek approval to enrol in four subjects per semester (40 credit points) and complete their degree in 1 year. For further study schedule information refer to page 11.

**Starting:** January, May, September

**ENTRY REQUIREMENTS**
Successful completion of any undergraduate degree or relevant qualifications / professional experience deemed equivalent by the Dean.

**PROGRAM DESCRIPTION**
This program covers a comprehensive range of subjects in the field of construction practice, focusing on the management and delivery of complex construction projects. It also contains a strong sustainability theme which equips you with distinctive skills that are highly sought after in the built environment.

**PROGRAM STRUCTURE**
This program enables you to exit after four subjects with a graduate certificate, after eight subjects with a graduate diploma or complete 12 subjects for a master’s degree.

**Graduate Certificate in Construction Practice (4)**
You must complete the following two subjects:
- Measurement 1
- Understanding Buildings

Plus two subjects from the following options:
- Commercial Construction and Engineering
- Early Estimating and Cost Planning
- Measurement 2
- Principles of Project Management
- Project Contract Administration
- Structures and Soil Mechanics
- Sustainable Building Services

**Graduate Diploma in Construction Practice (8)**
You must complete the following two subjects:
- Measurement 1
- Understanding Buildings

Plus six subjects from the following options:
- Commercial Construction and Engineering
- Early Estimating and Cost Planning
- Measurement 2
- Principles of Project Management
- Project Contract Administration
- Structures and Soil Mechanics
- Sustainable Building Services

**Master of Construction Practice (12)**
To complete a Master of Construction Practice, you must complete all of the subjects below:
- Commercial Construction and Engineering
- Early Estimating and Cost Planning
- Integrated Measurement and Professional Practice
- Measurement 1
- Measurement 2
- Principles of Project Management
- Project Contract Administration
- Structures and Soil Mechanics
- Sustainable Building Services
- Understanding Buildings

Plus two subjects from the following options:
- Building Pathology and Forensic Engineering
- Expert Witness and Dispute Resolution
- Integrated Project
- Real Estate Property Rights
- Sustainable Refurbishment and Retrofit

**PROFESSIONAL OUTCOMES**
This degree will provide you with access to a wide range of career pathways in the construction industry both in Australia and overseas. Opportunities include building and construction management, contract administration, site management, facilities management, building services, quantity surveying, property development, project management, cost management and general management. The skill sets obtained in this degree may also be applied to related sectors such as civil engineering and mining.

**PROFESSIONAL RECOGNITION**
Graduates of this degree are internationally recognised by the Royal Institution of Chartered Surveyors (RICS). They are also nationally accredited with the Australian Institute of Quantity Surveyors, and will have met the educational requirement set by the Building Services Authority, Queensland for the granting of an Open Builders Licence.

* Intensive mode delivery is a compact and time-efficient way for you to complete your postgraduate qualification with minimal impact on your work / home life. You will attend two three-day sessions per subject, scheduled Thursday to Saturday (approximately six to eight contact hours per day).

There will be a break of four or five weeks between session one and session two. You will receive 40 hours of combined lectures, discussion groups, case studies and workshops during these contact hours. International students are required to be on campus every week.

** Subject names and structure may change - please refer to bond.edu.au/fsd for updated information on program structure.
**MASTER OF CONSTRUCTION PRACTICE (PROFESSIONAL)**
CRICOS Course Code 071289A

**Duration:** 1 year 4 months plus 20 weeks (92 weeks)
**Starting:** January, May, September

The professional program follows the same structure as the Master of Construction Practice with an additional 20-week Professional Portfolio component.

Professional Portfolio is a 45 credit point subject available to master’s (Professional) students in the Faculty of Society & Design. This subject is strongly experientially orientated and encourages students to develop their professional skills in a real world environment. The subject will ensure that students combine self-analysis and reflective learning skills with professional methodologies, so as to expand analytical and strategic thinking capabilities. It will provide practical experience for students to develop their skills in a profession relevant to their master’s specialisation.

All students will complete a 2,000 word scoping document, and either undertake a work placement in Australia for 210 hours (which includes an employer’s report) and reflective journal (up to 5,000 words) OR completed a collaborative research project totaling up to 15,000 words. All students will submit a final professional portfolio collection of documents, highlighting their practical and theoretical expertise in their profession of choice. The Professional Portfolio subject cannot be commenced until the student has successfully completed all 12 subjects of the master’s component of the degree.

External speakers from leading investment banks, credit agencies and portfolio fund managers contribute to case studies and workshops.

**PROGRAM STRUCTURE**
This program enables you to exit after four subjects with a graduate certificate, after eight subjects with a graduate diploma or complete 12 subjects for a master’s degree.

**Graduate Certificate in Project Management (4)**
- Principles of Project Management
- Project Planning
- Risk Management

**Graduate Diploma in Project Management (8)**
- Expert Witness and Dispute Resolution
- Principles of Project Management
- Project Finance and Procurement
- Project Planning
- Project Portfolio and Program Management
- Risk Management
- 2 x Elective Subjects

**Master of Project Management (12)**
To complete a Master of Project Management, you must complete all of the following subjects:
- Expert Witness and Dispute Resolution
- Principles of Project Management
- Project Finance and Procurement
- Project Planning
- Project Portfolio and Program Management
- Risk Management
- Research Methods in Humanities & Social Sciences
- Research Project (20 credit points)
- 3 x General Elective Subjects

**PROFESSIONAL OUTCOMES**
This degree will provide you with the ability to progress into a wide range of career pathways in project management, in all areas of industry, government and the not-for-profit sector. Opportunities include architecture, construction, facilities management, IT and property, with skills also applicable to related sectors such as civil engineering and mining. You will be equipped with a comprehensive knowledge of sustainable practices, and will be able to seek work anywhere in Australia or around the world.

**PROFESSIONAL RECOGNITION**
Graduates of this degree are internationally recognised by the Royal Institution of Chartered Surveyors (RICS). They are also nationally accredited by the Australian Institute of Project Management.

---

**MASTER OF PROJECT MANAGEMENT**
CRICOS Course Code 078813G

**Duration:** 1 year 4 months full time (4 semesters).
Students may seek approval to enrol in four subjects per semester (40 credit points) and complete their degree in 1 year. For further study schedule information refer to page 11.

**Starting:** January, May, September

**ENTRY REQUIREMENTS**
Successful completion of any undergraduate degree or relevant qualifications / professional experience deemed equivalent by the Dean.

**PROGRAM DESCRIPTION**
This program provides a comprehensive business-ready foundation that will equip students from any background with the knowledge required to develop a career and expertise in project management. The program features four distinct study themes including strategy, sustainability, managing complex problems and teams, and virtual teams and global working.

**PROGRAM STRUCTURE**
**PROFESSIONAL RECOGNITION**

**INTENSIVE MODE DELIVERY**
Intensive mode delivery is a compact and time-efficient way for you to complete your postgraduate qualification with minimal impact on your work / home life. You will attend two three-day sessions per subject, scheduled Thursday to Saturday (approximately six to eight contact hours per day). There will be a break of a break of four or five weeks between session one and session two. You will receive 40 hours of combined lectures, discussion groups, case studies and workshops during these contact hours. International students are required to be on campus every week.

**SUBJECT NAMES AND STRUCTURE MAY CHANGE - PLEASE REFER TO bond.edu.au/psd for updated information on program structure.**
MASTER OF PROJECT MANAGEMENT (PROFESSIONAL)
CRICOS Course Code 078182M

Duration: 1 year 4 months plus 20 weeks (92 weeks)
Starting: January, May, September

The professional program follows the same structure as the Master of Project Management with an additional 20-week Professional Portfolio component.

Professional Portfolio is a 45 credit point subject available to master’s (Professional) students in the Faculty of Society & Design. All students will complete a 2,000 word scoping document, and either undertake a work placement in Australia for 210 hours (which includes an employer’s report) and reflective journal (up to 5,000 words) OR completed a collaborative research project totaling up to 15,000 words. All students will submit a final professional portfolio collection of documents, highlighting their practical and theoretical expertise in their profession of choice. The Professional Portfolio subject cannot be commenced until the student has successfully completed all 12 subjects of the master’s component of the degree.

MASTER OF PROJECT MANAGEMENT (COMBINED)
CRICOS Course Code 063167F

Duration: 2 years full time (6 semesters). This program is delivered in a combination of weekly classes and intensive mode delivery.^^
Starting: January, May, September

The Master of Project Management (Combined) enables students to integrate project management with another discipline, and graduate with two masters degrees. Current combined degrees include:
- Master of Communication / Master of Project Management
- Master of Construction Practice / Master of Project Management
- Master of Criminology / Master of Project Management
- Master of International Relations / Master of Project Management
- Master of Valuation and Property Development / Master of Project Management (CRICOS Course Code 085564E)
- Master of Sustainable Environments & Planning / Master of Project Management (CRICOS Course Code 085567E)
- Master of Sports Management / Master of Project Management (CRICOS Course Code 085565D)
- Master of Business Administration / Master of Project Management (CRICOS Course Code 085563F)

^^ Intensive mode delivery is a compact and time-efficient way for you to complete your postgraduate qualification with minimal impact on your work / home life. You will attend two three-day sessions per subject, scheduled Thursday to Saturday (approximately six to eight contact hours per day). There will be a break of a break of four or five weeks between session one and session two. You will receive 40 hours of combined lectures, discussion groups, case studies and workshops during these contact hours. International students are required to be on campus every week.
MASTER OF VALUATION AND PROPERTY DEVELOPMENT
CRICOS Course Code 085561G

Duration: 1 year 4 months full time (4 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of any undergraduate degree or relevant qualifications / professional experience deemed equivalent by the Dean.

PROGRAM DESCRIPTION
The Master of Real Estate provides you with a wide range of skills that can be applied to global property markets. This program is designed to equip you with strong knowledge and advanced technical skills applicable to a variety of career paths such as investment, finance, asset management and research. This degree also provides the opportunity to specialise in property valuation.

PROGRAM STRUCTURE*
This program enables you to exit after four subjects with a graduate certificate, after eight subjects with a graduate diploma or complete 12 subjects for a master’s degree.

Graduate Certificate of Valuation and Property Development (4)
Complete two of the following subjects:
- Corporate Real Estate
- Property Development and Feasibility Analysis
- Project Finance and Procurement
- Property Investment and Valuation
- Real Estate Finance and Taxation
- Real Estate Investment Trust Analysis
- Real Estate Property Rights
- Risk Management

Plus electives from the postgraduate subject offerings in the Faculty of Society & Design.

Graduate Diploma in Real Estate (8)
Complete four of the following subjects:
- Corporate Real Estate
- Property Development and Feasibility Analysis
- Project Finance and Procurement
- Property Investment and Valuation
- Real Estate Finance and Taxation
- Real Estate Investment Trust Analysis
- Real Estate Property Rights
- Risk Management

Plus four electives from the postgraduate subject offerings in the Faculty of Society & Design.

Master of Valuation and Property Development (12)
- Corporate Real Estate
- Property Development and Feasibility Analysis
- Project Finance and Procurement
- Property Investment and Valuation
- Real Estate Finance and Taxation
- Real Estate Investment Trust Analysis
- Real Estate Property Rights
- Risk Management

Plus four electives from the postgraduate subject offerings in the Faculty of Society & Design.

Property Valuation Specialisation
You may use the four electives from the Master of Real Estate to specialise in Property Valuation. Completion of these subjects will result in recognition by the Australian Property Institute (API), and additional career opportunities in the property industry.

You must complete:
- Commercial Valuation
- Specialist and Statutory Valuation
- Planning and Assessment Processes
- Understanding Buildings 1

PROFESSIONAL OUTCOMES
This degree will provide you with the high level skills required to establish leadership within the property industry, and can be applied across global real estate markets. Graduates of this program will be able to offer expert, specialised cognitive and technical skills to complex property markets. Opportunities include property research and analysis, valuation, strategy, portfolio management, finance, investment, development, project management and general management.

PROFESSIONAL RECOGNITION
Students graduating with this degree are internationally recognised by the Royal Institution of Chartered Surveyors (RICS). They will also be recognised by the Australian Property Institute (API) for Associate Membership with Certified Property Practitioner Certification (CPP). Students who complete the relevant Property Valuation subjects as electives will qualify for registration with the Australian Property Institute as a Certified Practising Valuer with the Valuers Registration Board of Queensland, and New South Wales Fair Trading (conditional on meeting professional practice requirements).

* Intensive mode delivery is a compact and time-efficient way for you to complete your postgraduate qualification with minimal impact on your work / home life. You will attend two three-day sessions per subject, scheduled Thursday to Saturday (approximately six to eight contact hours per day). There will be a break of a break of four or five weeks between session one and session two. You will receive 40 hours of combined lectures, discussion groups, case studies and workshops during these contact hours. International students are required to be on campus every week.

* Subject names and structure may change - please refer to bond.edu.au/fsd for updated information on program structure.
MASTER OF REAL ESTATE (PROFESSIONAL)
CRICOS Course Code: 078177G

Duration: 1 year 4 months plus 20 weeks (92 weeks)
Starting: January, May, September

The professional program follows the same structure as the Master of Real Estate with an additional 20-week Professional Portfolio component.

Professional Portfolio is a 45 credit point subject available to master’s (Professional) students in the Faculty of Society & Design. This subject is strongly experientially orientated and encourages students to develop their professional skills in a real world environment. The subject will ensure that students combine self-analysis and reflective learning skills with professional methodologies, so as to expand analytical and strategic thinking capabilities. It will provide practical experience for students to develop their skills in a profession relevant to their master’s specialisation.

All students will complete a 2,000 word scoping document, and either undertake a work placement in Australia for 210 hours (which includes an employer’s report) and reflective journal (up to 5,000 words) OR completed a collaborative research project totaling up to 15,000 words. All students will submit a final professional portfolio collection of documents, highlighting their practical and theoretical expertise in their profession of choice. The Professional Portfolio subject cannot be commenced until the student has successfully completed all 12 subjects of the master’s component of the degree.

MASTER OF SUSTAINABLE ENVIRONMENTS AND PLANNING
CRICOS Course Code 079538B

Duration: 1 year 4 months full time (4 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of any undergraduate degree or relevant qualifications / professional experience deemed equivalent by the Dean.

PROGRAM DESCRIPTION
This program provides two specialisations: Environmental Management or Urban Design and Planning.

The Environmental Management specialisation provides an in-depth examination of environmental management, including field work. The content is globally focused, providing qualifications that are in demand worldwide.

The Urban Design and Planning curriculum equips you with the theoretical and practical skills required to undertake the design, appraisal and management of urban and regional developments. With this qualification, professionals from a built environment background will be able to undertake urban planning and development at a professional level.
PROGRAM STRUCTURE*
This program enables you to exit after four subjects with a graduate certificate, after eight subjects with a graduate diploma or complete 12 subjects for a master's degree.

Graduate Certificate in Sustainable Environments and Planning (4)
Complete four of the following subjects:
- Environmental Assessment
- Environmental Management and Climate Change
- Environmental Science Field Work
- Planning and Assessment Processes
- Planning Theory and Ethics
- Project Planning
- Regional Planning Policy and Practice
- Sustainable Communities
- Urban Design and Place Making
- Economics of Sustainable Development

Graduate Diploma in Sustainable Environments and Planning (8)
If you have obtained a relevant undergraduate degree and seek accreditation by the Planning Institute of Australia (PIA), you must complete the following eight subjects:
- Economics of Sustainable Development
- Environmental Management and Climate Change
- Planning Theory and Ethics
- Project Planning
- Regional Planning Policy and Practice
- Sustainable Communities
- Urban Design and Place Making
- 2 x Elective Subjects

If you are not seeking accreditation from PIA, you may complete eight subjects from the following:
- Economics of Sustainable Development
- Environmental Assessment
- Environmental Management and Climate Change
- Environmental Science Field Work
- Planning and Assessment Processes
- Planning Theory and Ethics
- Project Planning
- Regional Planning Policy and Practice
- Sustainable Communities
- Urban Design and Place Making

Master of Sustainable Environments and Planning (12)
To complete a Master of Sustainable Environments and Planning, you must complete all of the following subjects:
- Economics of Sustainable Development
- Environmental Assessment
- Environmental Management and Climate Change
- Environmental Science Field Work
- Planning and Assessment Processes
- Planning Theory and Ethics
- Project Planning
- Regional Planning Policy and Practice
- Sustainable Communities
- Urban Design and Place Making

Plus two electives from the postgraduate subject offerings in the Faculty of Society & Design.

PROFESSIONAL RECOGNITION
Graduates of this degree are internationally recognised by the Royal Institution of Chartered Surveyors (RICS). Graduates who have obtained a cognate undergraduate degree and complete all requisite subjects in the Urban Design and Planning specialisation, may also be eligible to be accredited by the Planning Institute of Australia (PIA).

* Subject names and structure may change - please refer to bond.edu.au/fsd for updated information on program structure.

** Intensive mode delivery is a compact and time-efficient way for you to complete your postgraduate qualification with minimal impact on your work / home life. You will attend two three-day sessions per subject, scheduled Thursday to Saturday (approximately six to eight contact hours per day). There will be a break of four or five weeks between session one and session two. You will receive 40 hours of combined lectures, discussion groups, case studies, workshops and field trips during these contact hours.

PROFESSIONAL OUTCOMES
This degree will provide you with access to a wide range of career pathways in the natural and built environments. You will be equipped with the knowledge and practical experience required to be sustainability professionals in business, industry, government, consulting firms and non-government organisations. You may progress into a wide range of careers in mining and energy, fisheries and agriculture, tourism, property, community infrastructure, city and regional planning, development assessment, transportation, strategic or social planning or urban design.

MASTER OF SUSTAINABLE ENVIRONMENTS AND PLANNING (PROFESSIONAL)
CRICOS Course Code 080639J

Duration: 1 year 4 months plus 20 weeks (92 weeks)
Starting: January, May, September

The professional program follows the same structure as the Master of Sustainable Environments and Planning program with an additional 20-week Professional Portfolio component.

Professional Portfolio is a 45 credit point subject available to master’s (Professional) students in the Faculty of Society & Design. This subject is strongly experientially orientated and encourages students to develop their professional skills in a real world environment. The subject will ensure that students combine self-analysis and reflective learning skills with professional methodologies, so as to expand analytical and strategic thinking capabilities. It will provide practical experience for students to develop their skills in a profession relevant to their master’s specialisation.

All students will complete a 2,000 word scoping document, and either undertake a work placement in Australia for 210 hours (which includes an employer’s report) and reflective journal (up to 5,000 words) OR completed a collaborative research project totaling up to 15,000 words. All students will submit a final professional portfolio collection of documents, highlighting their practical and theoretical expertise in their profession of choice. The Professional Portfolio subject cannot be commenced until the student has successfully completed all 12 subjects of the master’s component of the degree.
will also provide you with a wide range of career opportunities in the broader field of the creative industries. For students interested in establishing a pathway into higher education, the program provides the opportunity to identify and pursue research projects that could lay the foundation for doctoral studies.

MASTER OF COMMUNICATION
CRICOS Course Code 078660G

Duration: 1 year full time (3 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of an undergraduate degree in communications, education or humanities / arts. Graduates from other disciplines may also be considered.

PROGRAM DESCRIPTION
The Master of Communication will allow you to further your career in communication by equipping you with an appropriate mix of theory and practice suited to industry. It provides an ideal balance of theoretical knowledge, practical skills, problem solving abilities, interpersonal skills and a high level of written communication.

PROGRAM STRUCTURE
Foundation Subjects (8)
- Advertising Masterclass: Brand Experience and Advanced Strategic Planning
- Epistemology and Theory of Knowledge
- Human Communication Theory
- Public Relations Masterclass
- Relational Communication
- Research Methods in Humanities and Social Sciences
- Social Media: Risks and Opportunities
- Special Topic in Advertising: Design Communication

Studio Subjects (3)
- Advertising Studio I
- Advertising Studio II
- Advertising Studio III

PROFESSIONAL OUTCOMES
The Master of Communication program will enable you to enter the advertising industry in a variety of roles, ranging from management positions to creative roles in advertising or related professions. Designed and structured around a predominantly studio-based teaching environment, this innovative program will prepare you for the dynamic culture and interdisciplinary knowledge base that characterises the modern advertising industry. A particular focus of this program is for students to develop a strong portfolio of work, which is essential for starting a career in advertising and the creative industries in general. The strategic thinking, visual creativity, public engagement, design and technology skills, strategic management and entrepreneurial outlook developed in this degree
MASTER OF COMMUNICATION
(PROFESSIONAL)
CRICOS Course Code 063308C

Duration: 1 year 4 months plus 20 weeks (92 weeks)
Starting: January, May, September

The professional program follows the same structure as the Master of Communication program with an additional 20-week Professional Portfolio component.

Professional Portfolio is a 45 credit point subject available to master’s (Professional) students in the Faculty of Society & Design. This subject is strongly experientially orientated and encourages students to develop their professional skills in a real world environment. The subject will ensure that students combine self-analysis and reflective learning skills with professional methodologies, so as to expand analytical and strategic thinking capabilities. It will provide practical experience for students to develop their skills in a profession relevant to their master’s specialisation.

All students will complete a 2,000 word scoping document, and either undertake a work placement in Australia for 210 hours (which includes an employer’s report) and reflective journal (up to 5,000 words) OR completed a collaborative research project totaling up to 15,000 words. All students will submit a final professional portfolio collection of documents, highlighting their practical and theoretical expertise in their profession of choice. The Professional Portfolio subject cannot be commenced until the student has successfully completed all 12 subjects of the master’s component of the degree.

DISSERTATION / PORTFOLIO TOPICS
The Faculty of Society & Design has highly skilled academic staff who can provide supervision to students in the following research areas:
- Advertising and Brand Experience in a Multi-Channel Environment
- Advertising Creativity: Concepts and Applications
- Advertising Ethics and Corporate Social Responsibility
- Building Teamwork in the Virtual Workplace
- Convergence and Digital Industries
- Crisis Communication Strategies in a Digital World
- Effects of Different Leadership Styles on Organisational Culture
- Engaging Employees - Strong Advocates or Harsh Critics?
- Establishing Authentic Corporate Social Responsibility in a Sceptical Environment
- Global Factors Contributing to Organisational Change
- Impact of Social Media on Future Public Relations Practice
- Interactivity and Consumer Engagement on Social Media Platforms
- Interpersonal Communication
- Journalism in the 21st Century
- Journalism Reinvented
- Mobile and Pervasive Communications
- Opportunities and Challenges of Mobile and Real-Time Marketing
- Paparazzi - The New Face of Journalism?
- Role of Media Relations in a Social Media Future
- Serious Games and Gamification
- Significance of the Media in Bridging the Cultural Divide
- Social Media and User-Generated Content
- The Growing Significance of Citizen Journalism
- The Internationalisation of Advertising
- The New Journalism
- The Obama Effect - New Election Campaigning Strategies
- The Proliferation of Social Networking Sites
- Virtual Environments for Learning and Work

PROFESSIONAL OUTCOMES
This program will equip you with the skills to focus on:
- Interpersonal and group interactions in the workplace
- Communication challenges posed by an increasingly diverse and virtual workforce
- Planning for internal and external communication in private, public, and non-profit organisations
- Media relations
- Management of risks
Duration: 1 year full time (3 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Successful completion of an undergraduate degree from an approved institution in either international relations, political science, political studies, global studies and humanities / arts. Graduates from other disciplines may be considered.

PROGRAM DESCRIPTION
Bond University’s Master of Arts (Coursework) program offers an opportunity for graduates to continue studies in a particular area, or branch out into other areas. Graduates of this program will possess a strong and broad set of skills essential to all professions, no matter what their chosen career. A range of majors are available in the program allowing students to tailor their qualifications to suit their specific career interests.

PROGRAM STRUCTURE
Foundation Subjects (2)
- Epistemology and Theory of Knowledge
- Research Methods in Humanities and Social Sciences

Majors (6)
Choose six subjects (two majors) from the following list of subjects:

> Communication
- Advertising Masterclass: Brand Experience and Advanced Strategic Planning
- Human Communication Theory
- Public Relations Masterclass
- Relational Communication
- Social Media: Risks and Opportunities
- Strategic Organisational Communication & Leadership

> Criminology
- Crime Analysis and Profiling
- Forensic Criminology
- Genocide: A sociological and criminal approach
- Politically Motivated Violence
- Security and Strategy in the 21st Century
- Transnational Crime

> International Relations
- Diplomacy
- Genocide: A sociological and criminal approach
- Political Economy of Global Development
- Politically Motivated Violence
- Security and Strategy in the 21st Century
- Strategic Asia

Dissertation / Portfolio (4)
You must choose one of the following combinations of subjects as their dissertation / portfolio:
- Major Dissertation / Portfolio A
- Major Dissertation / Portfolio B
- Minor Dissertation / Portfolio A
- Minor Dissertation / Portfolio B
- Minor Dissertation / Portfolio C
- Minor Dissertation / Portfolio D
- Minor Dissertation / Portfolio A
- Minor Dissertation / Portfolio B
- Minor Dissertation / Portfolio C
- Internship and portfolio specific to your major

DISSEPTION / PORTFOLIO TOPICS
The Faculty of Society & Design has highly skilled academic staff who can provide supervision to students in many different research areas. For a full list of the dissertation topics offered in the Master of Arts (Coursework) program, please see the faculty website bond.edu.au/fsd.

PROFESSIONAL OUTCOMES
The Master of Arts (Coursework) is suited to all students wishing to further their undergraduate studies in a specialist area of choice.
MASTER OF ARTS (TESOL)
CRICOS Course Code 077993F

Duration: 1 year full time (3 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Completion of an undergraduate degree from a recognised institution in education, linguistics, applied linguistics or language related disciplines, or completion of a recognised qualification in teacher education. As tuition is delivered in English, all international students will be required to provide documented evidence of the required level of proficiency in English language.

PROGRAM DESCRIPTION
The Master of Arts (TESOL) program provides language teacher education in teaching and learning English as a second / additional language. The program aims to prepare prospective teachers of English as a Second Language for their future career and to assist current TESOL teachers in extending their professional knowledge. Subject content covers theoretical aspects of language, language teaching, language acquisition and the practical applications of these in language teaching. The Master of Arts (TESOL) prepares teachers for an international career in the diverse global world.

PROGRAM STRUCTURE
Foundation Subjects (8)
- Epistemology and Theory of Knowledge
- Language in Society
- Learning Through Observation
- Nature of Language
- Professional Practice in Language Teaching
- Research Methods in Humanities and Social Sciences
- Second Language Learners
- Teaching English in Diverse Contexts

Dissertation/Portfolio (4)
Students must choose one of the following combinations of subjects as your dissertation / portfolios:
- Major Dissertation/Portfolio A
- Major Dissertation/Portfolio B
OR
- Minor Dissertation/Portfolio A
- Minor Dissertation/Portfolio B
- Minor Dissertation/Portfolio C
- Minor Dissertation/Portfolio D

PROFESSIONAL OUTCOMES
This program will prepare you for work in diverse educational contexts. Our graduates teach English as a second / additional language at all levels, from primary to tertiary, across the globe. In Australia, the program is designed to meet the teaching standards of ELICOS, university language institutes and other language colleges. For details of English Language teacher qualifications in Australia, visit the National ELT Accreditation Scheme website www.neas.org. Our graduates also find employment in areas where the knowledge of different languages and cultures is highly valued including politics, diplomacy, economics, trade and drama.

ONLINE DELIVERY
This program is also available online to Australian students (not available to international student visa holders).

GRADUATE CERTIFICATE IN TESOL
CRICOS Course Code 063445E

Duration: 4 months (1 semester)
Starting: January (intensive mode)

ENTRY REQUIREMENTS
Completion of an undergraduate degree from an approved institution.

PROGRAM DESCRIPTION
The Graduate Certificate in TESOL is a full-time program designed to provide initial training for teachers of English as a Second Language. It provides the basis for language teaching methodology and its practical applications.

You are required to complete at least 100 hours of a theoretical component and a minimum of six hours supervised classroom teaching. This program provides specialist training in English language teaching theory and practice for teachers or those planning to become teachers. It provides the theoretical basis and practical language teacher training required.

PROGRAM STRUCTURE
You must complete two subjects:
- Language Teaching Methodology: TESOL
- Teaching Practicum: TESOL

In cases where participants wish to continue in the Master of Arts program, they will receive credit for two subjects (equivalent to 20 credit points).

PROFESSIONAL OUTCOMES
Successful completion of this program qualifies someone who holds either a recognised, pre-service teaching qualification or a recognised degree or diploma and 800 hours of teaching ESL experience, to teach in an Australian ELICOS institute or the school system. Internationally, the graduates of this course teach in many countries across five continents. For more details about requirements of teacher qualifications in Australia visit the National ELT Accreditation Scheme website. Graduates could expect to find employment as a:
- English Teacher
- English Teaching Trainer

ONLINE DELIVERY
This program is also available online to Australian students (not available to international student visa holders) for January and September only.
The Faculty of Society & Design has highly skilled academic staff that can provide supervision to students in the following areas:

- Global Political Economy and Global Development
- Historical International Relations Systems
- International Relations Theory
- Middle and Great Power Theory (Australia, South Korea, India and China)
- North Korean Politics, Foreign Policy and Diplomacy
- Pandemics and National / International Security
- Politically Motivated Violence and Terrorism
- Popular Geopolitics
- Public Diplomacy - Theory and Practice
- South Asian International Relations
- Space Policy, Strategic Competition and International Security
- The United Nations

**ENTRY REQUIREMENTS**
Successful completion of an undergraduate degree in international relations, political science, political studies, global studies or humanities / arts. Graduates from other disciplines may be considered.

**PROGRAM DESCRIPTION**
Bond University’s Master of International Relations program is an innovative, forward-looking program that is attuned to the dynamics of the globalising world and its multiple diplomatic channels. You will gain a solid grounding in contemporary, theoretical and cultural issues.

**PROGRAM STRUCTURE**
**Foundation Subjects (8)**
- Diplomacy
- Epistemology and Theory of Knowledge
- Genocide - A Sociological and Criminological Approach
- Political Economy of Global Development
- Politically Motivated Violence
- Research Methods in Humanities and Social Sciences
- Security and Strategy in the 21st Century
- Strategic Asia

**Dissertation / Portfolio (4)**
You must choose one of the following suites of subjects as your dissertation / portfolio:
- Major Dissertation / Portfolio A (20 credit points)
- Major Dissertation / Portfolio B (20 credit points)
  OR
- Minor Dissertation / Portfolio A
- Minor Dissertation / Portfolio B
- Minor Dissertation / Portfolio C
- Minor Dissertation / Portfolio D
  OR
- Minor Dissertation / Portfolio A
- Minor Dissertation / Portfolio B
- Minor Dissertation / Portfolio C
- International Relations Internship and Portfolio

**DISSERTATION / PORTFOLIO TOPICS**
The Faculty of Society & Design has highly skilled academic staff that can provide supervision to students in the following areas:
- ASEAN and Southeast Asian Regionalism
- Australian Foreign Policy and Diplomacy
- China’s Defence Policy
- China’s Foreign Policy
- Chinese Strategic Culture
- Chinese Strategy and PLA Military Modernisation
- Conduct of Future Warfare (Transformation of Defence Policy in the 21st Century)
- Diplomacy, Theory And Practice (Including Sports-Diplomacy)
- Dynamics and International Relations of Greater Central Asia
- East West Diplomatic Culture and Practice
- Futures Studies and International Relations

**PROFESSIONAL OUTCOMES**
This program will equip you with the critical thinking skills and strategic development required to expand your global career. You could seek to further your career in diplomacy, international trade, government and business through an enhanced understanding of regional and global politics, development, strategic decision making, sociology and economy.

**MASTER OF INTERNATIONAL RELATIONS (PROFESSIONAL)**
**CRICOS Course Code 063306E**

**Duration:** 1 year 4 months plus 20 weeks (92 weeks)
**Starting:** January, May, September

The professional program follows the same structure as the Master of International Relations program with an additional 20-week Professional Portfolio component.

Professional Portfolio is a 45 credit point subject available to master’s (Professional) students in the Faculty of Society & Design. This subject is strongly experientially orientated and encourages students to develop their professional skills in a real world environment. The subject will ensure that students combine self-analysis and reflective learning skills with professional methodologies, so as to expand analytical and strategic thinking capabilities. It will provide practical experience for students to develop their skills in a profession relevant to their master’s specialisation.

All students will complete a 2,000 word scoping document, and either undertake a work placement in Australia for 210 hours (which includes an employer’s report) and reflective journal (up to 5,000 words) OR completed a collaborative research project totaling up to 15,000 words. All students will submit a final professional portfolio collection of documents, highlighting their practical and theoretical expertise in their profession of choice. The Professional Portfolio subject cannot be commenced until the student has successfully completed all 12 subjects of the master’s component of the degree.
PSYCHOLOGY, COUNSELLING AND SOCIAL SCIENCES

MASTER OF COUNSELLING
CRICOS Course Code 084234J

Duration: 1 year full time (3 semesters)
Starting: January

ENTRY REQUIREMENTS
Completion of a bachelor degree in a field cognate to the program. Counselling practice is central to effective professional practice in a number of disciplines. A non-exhaustive list of cognate fields includes psychology, education, vocational guidance, allied health, social work, welfare, human services or related fields.

PROGRAM DESCRIPTION
This professional program is designed to provide graduates with expertise in delivery of individualised assessment and therapy procedures suited to the presenting problems which occur in the counselling context. The Master of Counselling degree extends teaching content across the lifespan (i.e. childhood, adolescence, and adulthood) and range of presenting issues which impact adversely on the capacity of individuals to function effectively in their day-to-day lives. This degree incorporates coursework, practical experience gained in class and during practicum placement, and research. The teaching curriculum emphasises development of personal competencies, broad-based knowledge, and applied skills required for registered practicing counsellors. The Counselling program draws from a range of theoretical models derived from current research and practice.

Graduates complete a number of practicum placements under the supervision of appropriately qualified and experienced supervisors where they gain experience in applying best-practice models which meet the standards for appropriate ethical and professional practice. The philosophy which underpins the processes used to train graduates is embedded in core principles which are considered to guide ethical and professional practice in the counselling context.

PROGRAM STRUCTURE
Foundation Subjects (8)
- Research Methods in Humanities and Social Sciences
- Epistemology and Theory of Knowledge
- Counselling Skills and Theories
- Interventions in Counselling
- Functional Analytic Therapy in Counselling
- Professional Practice in Counselling
- Supervised Practice in Counselling
- Theory and Practice of Changing Human Behaviour

Dissertation / Portfolio Subjects (4)
You must choose one of the following suites:
- Major Dissertation/Portfolio A
- Major Dissertation/Portfolio B
OR
- Minor Dissertation/Portfolio A
- Minor Dissertation/Portfolio B
- Minor Dissertation/Portfolio C
- Minor Dissertation/Portfolio D

PROFESSIONAL OUTCOMES
The Master of Counselling is designed to train students for work as general or specialist counsellors. Graduates of this program are also suitable for careers as mental health professionals. This program also assists teachers who are interested in developing expertise in the area of counselling.
MASTER OF FUNCTIONAL BEHAVIOUR ASSESSMENT (AUTISM SPECTRUM DISORDERS)
CRICOS Course Code 080640E

Duration: 1 year full time (3 semesters)
Starting: January

ACADEMIC ENTRY REQUIREMENTS
Completion of a Level 7 bachelor degree in a field cognate to the course. A non-exhaustive list of cognate fields is: education, psychology, counselling, allied health (e.g. speech therapy, occupational therapy, social work, welfare and human services or related fields).

PROGRAM DESCRIPTION
The Master of Functional Behaviour Assessment (Autism Spectrum Disorders) professional program is designed to provide graduates with expertise in application of Functional Behaviour Assessment to the challenging behaviour of individuals with an Autism Spectrum Disorder. Functional Behaviour Assessment is a specialisation within the fields of Special Education, Behaviour Management, and Psychology. This subdiscipline has been created to remediate the highly challenging behaviour that often occurs in children, adolescents and adults with developmental disability and in particular individuals with an Autism Spectrum Disorder.

PROGRAM STRUCTURE
Foundation Subjects (8)
- Research Methods in Humanities and Social Sciences
- Epistemology and Theory of Knowledge
- Theoretical Perspectives and Assessment Issues in Autism Spectrum Disorders
- Observation and Measurement of Behaviour in Natural Contexts
- Action-Based Research Methods in Functional Behaviour Assessment for Autism Spectrum Disorders
- Data-Driven Intervention for Challenging Behaviour in Autism Spectrum Disorders
- Applications of Functional Behaviour Assessment for Autism Spectrum Disorders in the School Context
- Ethical and Professional Issues in Functional Behaviour Assessment for Autism Spectrum Disorders

Dissertation / Portfolio Subjects (4)
You must choose one of the following suites of subjects as your dissertation/portfolio:
- Major Dissertation / Portfolio A
- Major Dissertation / Portfolio B
- Minor Dissertation / Portfolio A
- Minor Dissertation / Portfolio B
- Minor Dissertation / Portfolio C
- Minor Dissertation / Portfolio D

PROFESSIONAL OUTCOMES
The Master of Functional Behaviour Assessment (Autism Spectrum Disorders) is designed for people interested in working with individuals across the age range and functional continuum. Graduates will be prepared, via exposure to professional practicum and applied research experiences, to provide specialised assistance to those individuals with an Autism Spectrum Disorder who also exhibit challenging behaviour within educational and other service provision contexts. The degree has an applied focus to enhance graduates’ capacity to conduct direct, group, and consultative applications of Functional Behaviour Assessment.
Dr Bitsika has specialised in the assessment and treatment of individuals with an Autism Spectrum Disorder for over 25 years. As well as working with children, adolescents and adults on the autism spectrum, Dr Bitsika has also trained parents in techniques for managing the behavioural challenges their children experience in the home environment. She has also been heavily involved in development and delivery of numerous professional development programmes for practitioners in the field. Dr Bitsika has acted as consultant to various government organisations responsible for service delivery to individuals with an autism disorder both in Australia and internationally.

TEACHING SUBJECTS

ACADEMIC ACHIEVEMENTS
Dr Bitsika received an ALTC award in 2009 for development of innovative curriculum in Behaviour Management and was awarded a Winston Churchill Fellowship in 2010 to travel to the USA and UK to investigate best practice intervention technologies for individuals with an Autism Spectrum Disorder.

RESEARCH GRANTS
• VC Research Grant in ASD Bullying 2012
• VC Research Grant in Prostate Cancer 2013
• Education Queensland Research Grant 2013
• IBSEN Research Grant 2013

BEST THING ABOUT BOND
Working in an environment that recognises there are groups of people in the community who need help, and supporting its academics to create meaningful changes for those people. Through our research in the Centre for Autism Spectrum Disorders we have worked with over 300 families to learn more about the barriers that prevent children on the autism spectrum from reaching their potential. Our work brings us face to face with children, giving us the opportunity to assist them, and also provides us with a strong basis for conducting intentionally recognised research. For me as a clinical researcher, being supported to do research that makes a difference to people in the here and now is exciting and highly rewarding.
The Faculty of Society & Design has highly skilled academic staff that can provide supervision to students in the following areas:

- Crime Analysis and Profiling
- Epistemology and Theory of Knowledge
- Forensic Criminology
- Genocide - A Sociological and Criminological Approach
- Politically Motivated Violence
- Research Methods in Humanities and Social Sciences
- Security and Strategy in The 21st Century
- Transnational Crime

**Dissertation / Portfolio**

You must choose one of the following suites of subjects

- Major Dissertation / Portfolio B
- Minor Dissertation / Portfolio A
- Minor Dissertation / Portfolio B
- Minor Dissertation / Portfolio C
- Minor Dissertation / Portfolio D

**Dissertation / Portfolio Topics**

The Faculty of Society & Design has highly skilled academic staff that can provide supervision to students in the following areas:

- A Critical Examination of the Criminal Justice System and Why Mistakes Happen
- Analysis of an Effective Response to the Illicit Drug Problem
- Analysis of Regulations Pertaining to Crime and Criminal Justice
- Case Analysis of Miscarriage of Justice
- Comparing Efficiency of Different Methods of Criminal Profiling
- Consequences of Wrongful Convictions
- Copycat Crime and New Media
- Corruption and Bribery in the Justice System
- Criminal Justice and Youth Crime
- Cyber Bullying - Where Does the Responsibility Lie?
- How Stalking Victims Prolong the Intensity or Duration of Stalking
- Indigenous Crime and Justice
- Looking at Criminal Investigations and Understanding the Social and Criminological Context Within Which These Operate
- Measures to Prevent Violence in the Workplace
- Media Coverage of a Topical Crime Genre
- Preventing Assaults on Drivers of Public Transport
- The CSI Influence on Juries
- The Link Between Self Esteem and Crime
- Understanding the Role Victims Play in the Criminal Justice System

**ENTRY REQUIREMENTS**

Successful completion of an undergraduate degree in criminology or sociology or legal studies or psychology or humanities / arts. Graduates from other disciplines may be considered.

**PROGRAM DESCRIPTION**

The Master of Criminology program provides you with skill development and training as well as scholarly appreciation of crime, justice and forensic issues. The course provides an understanding of a broad range of issues involving criminology theories, contemporary information on crime prevention, the theory and practice of punishment, criminal offenders, the police, courts and correctional institutions, including current crime and deviance issues. You will be provided with both knowledge and research skills and techniques required for the analysis of criminological issues and an understanding of how to critically evaluate published research.

**PROGRAM STRUCTURE**

**Foundation Subjects (8)**

- Crime Analysis and Profiling
- Epistemology and Theory of Knowledge
- Forensic Criminology
- Genocide - A Sociological and Criminological Approach
- Politically Motivated Violence
- Research Methods in Humanities and Social Sciences
- Security and Strategy in The 21st Century
- Transnational Crime

**Dissertation / Portfolio (4)**

You must choose one of the following suites of subjects

- Major Dissertation / Portfolio B
- Minor Dissertation / Portfolio A
- Minor Dissertation / Portfolio B
- Minor Dissertation / Portfolio C
- Minor Dissertation / Portfolio D

**Dissertation / Portfolio Topics**

The Faculty of Society & Design has highly skilled academic staff that can provide supervision to students in the following areas:

- A Critical Examination of the Criminal Justice System and Why Mistakes Happen
- Analysis of an Effective Response to the Illicit Drug Problem
- Analysis of Regulations Pertaining to Crime and Criminal Justice
- Case Analysis of Miscarriage of Justice
- Comparing Efficiency of Different Methods of Criminal Profiling
- Consequences of Wrongful Convictions
- Copycat Crime and New Media
- Corruption and Bribery in the Justice System
- Criminal Justice and Youth Crime
- Cyber Bullying - Where Does the Responsibility Lie?
- How Stalking Victims Prolong the Intensity or Duration of Stalking
- Indigenous Crime and Justice
- Looking at Criminal Investigations and Understanding the Social and Criminological Context Within Which These Operate
- Measures to Prevent Violence in the Workplace
- Media Coverage of a Topical Crime Genre
- Preventing Assaults on Drivers of Public Transport
- The CSI Influence on Juries
- The Link Between Self Esteem and Crime
- Understanding the Role Victims Play in the Criminal Justice System

**PROFESSIONAL OUTCOMES**

The Master of Criminology program enables those with an existing knowledge or early career in criminology to develop research skills as they relate to various areas of criminological enquiry, and communicate the results of any research findings to both technical and non-technical audiences. It will equip graduates with the critical thinking skills and strategic development required to expand their criminology careers.

**MASTER OF CRIMINOLOGY (PROFESSIONAL)**

**CRICOS Course Code 063307D**

**Duration:** 1 year 4 months plus 20 weeks (92 weeks)

**Starting:** January, May, September

The professional program follows the same structure as the Master of Criminology program with an additional 20-week Professional Portfolio component.

Professional Portfolio is a 45 credit point subject available to master’s (Professional) students in the Faculty of Society & Design. This subject is strongly experientially orientated and encourages students to develop their professional skills in a real world environment. The subject will ensure that students combine self-analysis and reflective learning skills with professional methodologies, so as to expand analytical and strategic thinking capabilities. It will provide practical experience for students to develop their skills in a profession relevant to their master’s specialisation.

All students will complete a 2,000 word scoping document, and either undertake a work placement in Australia for 210 hours (which includes an employer’s report) and reflective journal (up to 5,000 words) OR completed a collaborative research project totaling up to 15,000 words. All students will submit a final professional portfolio collection of documents, highlighting their practical and theoretical expertise in their profession of choice. The Professional Portfolio subject cannot be commenced until the student has successfully completed all 12 subjects of the master’s component of the degree.
BACHELOR OF PSYCHOLOGICAL SCIENCE (HONOURS)
CRICOS Course Code 063047G

Duration: 8 months full time (2 semesters)
Starting: January, May, September

ENTRY REQUIREMENTS
Completion of an accredited three year sequence of study in Psychology in Australia or equivalent. IELTS score of 7.0 with no band score less than 6.5. Applicants must have a minimum GPA of 2.5 on the Bond University 4.0 scale for all second and third year Psychology subjects and are assessed on academic merit.

PROGRAM DESCRIPTION
The Bachelor of Psychological Science (Honours) is designed to provide students with an integrated, comprehensive, and complete education in the discipline of psychology. You will undertake advanced training in a range of methodological (research methods, psychometrics, statistics) and applied areas, and develop competence in conducting research. All applied material is based on the scientist-practitioner model, and evidence-based approaches to psychological intervention are stressed.

The program will provide you with advanced education and training in the core psychology graduate attributes, including but not limited to the following:
- Advanced theoretical and empirical knowledge in some of the core research areas of the discipline
- Knowledge of the theoretical and empirical bases underpinning the construction, implementation and interpretation of some of the most widely used cognitive and personality assessments
- Knowledge of the theoretical and empirical bases underpinning evidenced-based approaches to psychological intervention
- Explaining how the science and practice of psychology is influenced by social, historical, professional and cultural contexts

PROGRAM STRUCTURE
Foundation Thesis Subjects (2)
- Honours Thesis 1: Research Seminar and Ethics
- Honours Thesis 2

Foundation Coursework Subjects (3)
- Human Experimental Psychology
- Multivariate Research Methods
- Principles of Psychological Assessment

Elective Subjects (2)
Choose two of the following:
- Clinical Psychology
- Community and Health Psychology
- Forensic Psychology
- Industrial and Organisational Psychology
- Neuropsychology
- Social Cognition
- The Scientist Practitioner Model

PROFESSIONAL OUTCOMES
This program prepares you for a career in psychology. On completion of this course, you may apply for provisional registration as a psychologist providing you enrol in further postgraduate studies or undertake two years’ supervised training.

Under supervision, you will be able to pursue a career in the professional practice of psychology including clinical, forensic or organisational psychology, counselling, clinical neuropsychology, health and community psychology, sports psychology, research and other specialist areas.

PROFESSIONAL RECOGNITION
The Bachelor of Psychological Science (Honours) is fully accredited by the Australian Psychology Accreditation Council.

GRADUATE DIPLOMA OF PSYCHOLOGICAL SCIENCE
CRICOS Course Code 063195G

Duration: 8 months full time (2 semesters)
Starting: January, May, September

ACADEMIC ENTRY REQUIREMENTS
Completion of an accredited three-year sequence of study in psychology in Australia or the bridging Graduate Diploma of Psychology or equivalent. IELTS score of 7.0 with no band less than 6.5. Applicants must also have a minimum GPA of 2.0 on the Bond University 4.0 scale for all second and third year Psychology subjects and are assessed on academic merit.

PROGRAM DESCRIPTION
The Graduate Diploma of Psychological Science prepares you for entry into a career in psychology (that is provisional registration as a psychologist in addition to two years of supervised training). The program also prepares you for the fifth and sixth years of your professional training.

PROGRAM STRUCTURE
Foundation Thesis Subjects (2)
- Diploma Thesis Subjects 1: Research Seminar and Ethics
- Diploma Thesis 2

Foundation Coursework Subjects (3)
- Human Experimental Psychology
- Multivariate Research Methods
- Principles of Psychological Assessment

Elective Subjects (2)
Choose two of the following:
- Clinical Psychology
- Community and Health Psychology
- Forensic Psychology
- Industrial and Organisational Psychology
- Neuropsychology
- Social Cognition
- The Scientist Practitioner Model

PROFESSIONAL OUTCOMES
The program prepares you for a career in psychology. On completion of this course, you may apply for provisional registration as a psychologist providing you enrol in further postgraduate studies or undertake two years’ supervised training.

Under supervision, you will be able to pursue a career in the professional practice of psychology including clinical, forensic or organisational psychology, counselling, clinical neuropsychology, health and community psychology, sports psychology, research and other specialist areas.

PROFESSIONAL RECOGNITION
The Graduate Diploma of Psychological Science is fully accredited by the Australian Psychology Accreditation Council.
PROFESSIONAL OUTCOMES
Under supervision, you will be able to pursue a career in the professional practice of psychology including clinical, forensic or organisational psychology, counselling, clinical neuropsychology, health and community psychology, sports psychology, research and other specialist areas.

PROFESSIONAL RECOGNITION
The Graduate Diploma of Psychological Science is fully accredited by the Australian Psychology Accreditation Council.

MASTER OF PSYCHOLOGY (CLINICAL)
CRICOS Course Code 063429E

Duration: 2 years full time (6 semesters)*
Starting: May

ACADEMIC ENTRY REQUIREMENTS
Completion of an Australian Psychology Accreditation Council accredited four year sequence of study in Psychology (such as Bachelor of Psychological Science (Honours) or Graduate Diploma of Psychological Science) or equivalent within the last 10 years and have achieved a minimum upper second class honours (H2A) or equivalent. Applicants must also be eligible for provisional registration as a psychologist. IELTS score of 7.0 with no band less than 7.0. Applicants are assessed on academic performance, referee reports and personal suitability via interview.

Those who have obtained their qualifications outside Australia must have their qualifications assessed prior to applying for this program and prior to applying for registration with the Psychology Board of Australia. The Australian Psychological Society provides this assessment service for the Board and the assessment assists the Board in determining if your qualifications are equivalent to an ‘approved qualification’. However, it is important to note the final decision on equivalence rests with the Board. For more information on equivalency assessments please visit psychology.org.au.

If you obtained your qualifications outside Australia please submit evidence of your Australian Psychology Society equivalency with your application. You must obtain provisional registration from the Psychology Board of Australia before commencing the program.

PROGRAM DESCRIPTION
This program is designed for individuals seeking registration as a clinical psychologist or for registered psychologists seeking to upgrade their existing qualifications. The program provides in-depth training in the diagnosis, assessment and treatment of psychological disorders across a wide range of client populations. There is an emphasis on the scientist-practitioner approach.

This program is also designed to provide education, knowledge, training and clinical skills in professional psychology to meet the requirements for registration as a psychologist.

Placements are an integral part of this program. You will undertake practical placements as part of their clinical training.

PROGRAM STRUCTURE
Foundation Subjects (7)
• Advanced Psychological Assessment
• Counselling Psychotherapies and Clinical Skills
• Health Psychology
• Psychopathology and Therapy: Adults 1
• Psychopathology and Therapy: Adults 2
• Psychopathology and Therapy: Families, Children and Adolescents
• Research Methods, Professional Practice and Ethics

Elective Subjects (1)
One of the following electives:
• Forensic Psychopathology
• Psychopharmacology and Pharmacotherapy
• Special Category Offenders

Dissertation Subjects (4)
You must undertake a research project that allows you to investigate and report on a specialised topic in the area of clinical psychology. This component is equivalent to four subjects.

Practical Placements (2)
You must complete the first two-semester internship at the Psychology Clinic on campus under staff supervision and two externships* in a clinical community setting under external supervision.

PROFESSIONAL OUTCOMES
This program meets the requirements set out by the Psychology Board of Australia. Graduates will be eligible to apply for full registration after two years of probationary registration. You will be eligible to apply for membership to the Australian Psychological Society (APS) and associate membership to the APS College of Clinical Psychologists.

PROFESSIONAL RECOGNITION
The Master of Psychology (Clinical) is fully accredited by the Australian Psychology Accreditation Council and has full approval of the APS, for the purpose of associate membership to the APS College of Clinical Psychologists.

* Students may be required to travel outside the Gold Coast region to undertake their external placement. Students are responsible for arranging their own transportation to and from externship locations. If external placements are not completed on time students may need to extend beyond the six semesters in order to complete all the necessary components of the program. This may have an impact on Australian students in receipt of Centrelink benefits, and students are responsible for informing themselves on this matter.
MASTER OF PSYCHOLOGY (FORENSIC)  
CRICOS Course Code 063430A

Duration: 2 years full time (6 semesters)*  
Starting: January

ENTRY REQUIREMENTS  
Completion of an Australian Psychology Accreditation Council accredited four year sequence of study in Psychology (such as Bachelor of Psychological Science (Honours) or Graduate Diploma of Psychological Science) or equivalent within the last 10 years, and have achieved a minimum upper second class honours (H2A) or equivalent. Applicants must also be eligible for provisional registration as a psychologist. IELTS score of 7.0 with no band less than 7.0. If you obtained your qualifications outside Australia please submit evidence of your Australian Psychology Society equivalency with your application. You must obtain provisional registration from the Psychology Board of Australia before commencing the program.

PROGRAM DESCRIPTION  
This program provides an in-depth analysis of the interface between psychology and law in relation to the criminal courts, as well as family and civil matters. The course covers all stages of the criminal justice system from investigation and interview through to pre-trial psychological assessment, involvement at the pre-sentencing stage and the treatment of convicted offenders. There is an emphasis on the scientist-practitioner approach.

This program is also designed to provide education, knowledge, training and clinical skills in professional psychology to meet the requirements for registration as a psychologist.

Placements are an integral part of this program. You will undertake practical placements as part of your training.

PROGRAM STRUCTURE  
Foundation Subjects (7)  
- Advanced Psychological Assessment  
- Counselling Psychotherapies and Clinical Skills  
- Forensic Psychopathology  
- Psychology and the Law 1  
- Psychology and the Law 2  
- Research Methods, Professional Practice and Ethics  
- Special Category Offenders

Elective Subjects (1)  
One of the following electives:  
- Advanced Criminal Profiling  
- Psychopharmacology and Pharmacotherapy

Dissertation Subjects (4)

This may have an impact on Australian students in receipt of Centrelink benefits, and students are responsible for informing themselves on this matter.
HIGHER DEGREES BY RESEARCH

MASTER OF ARTS (RESEARCH)
CRICOS Course Code 063454D

Duration: 2 years (6 semesters)
Starting: Anytime throughout the academic year

ENTRY REQUIREMENTS
Minimum requirement for admission is:
- A four year (eight semesters) honours degree – First Class, 2A, 2B; or
- A qualification or combination of qualifications deemed to be equivalent to the above by the Higher Degrees by Research Committee.

MASTER OF PHILOSOPHY
CRICOS Course Code 072092F

Duration: 2 years full time
Starting: Anytime throughout the academic year

ENTRY REQUIREMENTS
The minimum requirement for admission to the Master of Philosophy is the completion of a Level 7 qualification (bachelor degree) in the same discipline and English language proficiency at IELTS score of 6.5 with no band less than 6.5.

This program offers you the opportunity to undertake an extended and focused study in a specific area of research interest, or development of creative works. In certain circumstances, it may be used as a pathway to PhD studies, pending appropriate approvals.

Candidates will be required to submit a piece of work totalling 30,000 to 40,000 words, or an equivalent weight of work for a creative arts project.

The topic must be approved by the Faculty and appropriate supervision must be available.

DOCTOR OF PHILOSOPHY
CRICOS Course Code 063150J

Duration: 4 years full time
Starting: Anytime throughout the academic year

ENTRY REQUIREMENTS
Minimum requirement for admission is:
- A four year (eight semesters) honours degree – First Class or 2A; or
- A research master’s degree; or
- A qualification or combination of qualifications deemed to be equivalent to the above by the Higher Degrees by Research Committee.

Candidates who have completed more than nine months of a master’s by research and who meet the requirements for admission to PhD candidature may apply to be admitted to confirmed PhD candidature. In successful cases, the PhD candidature will be considered to have begun at the time of commencement of the research master’s degree.

Prospective candidates for whom English is not a first language must be able to demonstrate proficiency in English as specified by the University’s English language requirements.
Bond University offers postgraduate research degrees, at masters and doctoral level in all faculties. These include the Master by Research, Master of Philosophy, Doctor of Legal Science, and Doctor of Philosophy (PhD).

The University fosters innovative and entrepreneurial research that contributes to new ideas in regional, national and global contexts. Our partnerships with private enterprise, industry organisations, government agencies and international universities give candidates opportunities to learn and work with world-leading ideas and people in a range of knowledge economy disciplines.

Be a part of a high quality research environment and benefit from our strong focus on postgraduate research studies. The Bond experience brings broader benefits including:
- Access to external and University scholarships;
- Our team supervision approach which provides students with access to a broad range of research skills and expertise;
- Access to a broad range of undergraduate or postgraduate subjects;
- Foundational research training including the theory of knowledge, research methodology, ethics and research communication;
- An innovative induction and professional development programs to enhance the education experiences of postgraduate research students; and
- Comprehensive research support including publications, grants and ethics.

The Research Training Scheme provides fee-free postgraduate research degree places to eligible Australian or New Zealand citizens, or Australian permanent residents. For more information and to make an expression of interest visit bond.edu.au/postgradresearch.

Each Faculty offers specialist expertise and independent research capability in a range of disciplines.

**FACULTY OF BUSINESS**
- Accounting
- Actuarial Studies
- Business Analytics / Big Data Analysis
- Business Ethics

SPORTING
Bond University has an active sporting and recreation program on campus housing a fully equipped gymnasium including an Olympic size swimming pool, spa and sauna. Also located on campus are beach volleyball courts, a sports hall for basketball and netball, tennis courts and sports fields. Students compete in both the summer and winter competitions of the Australian University Games. Some students also play competitive sport representing Queensland or Australia in national and international sporting codes.

LIBRARIES
Bond University’s John and Alison Kearney Library includes over 235,000 volumes and 1,800 journal titles in print, as well as hundreds of DVDs, laserdiscs, CD ROMs, and video and audio cassettes. Access is provided to over 22,000 full-text electronic journals and over 100 journal databases.

Bond University's John and Alison Kearney Law Library has an extensive collection of specialised law materials available for the Australian and selected international legal systems.

TECHNOLOGY
The Balnaves Foundation Multimedia Learning Centre is a technology-rich and architecturally exciting learning environment. It provides you with access to collaborative-friendly study spaces and the latest audio visual and computer technology in a spectacular location. You will have access to a laptop bar, study booths with LCD screens for interactive learning, a collaborative learning room with a Smartboard, HD projector and video conferencing facilities and flexible furniture arrangements to accommodate group work and discussion.
OUTDOOR AMPHITHEATRE
The ADCO Amphitheatre is quite a feature at Bond University. With a seating capacity of more than 400 and facilities including change rooms, ancillary lighting and state-of-the-art audio and video equipment, the amphitheatre has become a cultural and artistic venue for all Bond students, staff, alumni, family members, friends and the broader Gold Coast community. It is also the venue for the weekly event, Wednesday by the Water, a free barbeque for all Bond students.

CAFÉS AND RESTAURANTS
Bond University offers a range of dining styles on campus. The Brasserie offers, dine-in and takeaway options, Papyrus Café offers dine-in and takeaway and the University Club hosts dine-in lunch overlooking the lake. Bond caters to most dietary requirements including gluten free, halal, vegetarian and vegan options.

LEARNING FACILITIES
Our first-class learning environment will give you the opportunity to learn in facilities that are as close to the real world as possible. Future lawyers will practise in our Moot Court which is a replica of the Supreme Court of Australia. Future physiotherapists will train with the best in sports equipment. Future stockbrokers will learn using equipment that simulates real trading in the Macquarie Trading Room and future news reporters will experience reporting in a real television studio.
Bond students benefit from the range of support services available on campus, relating to every aspect of study, medical and personal well-being and career development.

**SUPPORT SERVICES**
Bond values the cultural differences and diversity brought to the campus by its Australian and international students and makes every attempt to ensure you feel welcome.

**COMPUTER SUPPORT**
Information Services operates a Service Desk to help students needing computer support. The Service Desk supports all University-owned equipment, as well as providing instruction for connection of privately owned equipment to the network.

**COMMERCIAL CENTRE**
Your everyday needs are well catered for and easy to access at the on-campus Commercial Centre where you will find ATMs, the University bookshop stocking all required textbooks, a printing shop, a travel agent and a coffee shop.

**COUNSELLING SERVICES**
Qualified psychologists offer a totally confidential on-campus counselling service to assist with anything from transitioning or returning to university, to study pressures and personal problems.

**DISABILITY SUPPORT**
If you have a disability, illness, injury, mental or health condition that you believe may affect your capacity to complete your studies, exams or assessment tasks, we have a dedicated Disability Office here to help you. They will discuss strategies and / or academic adjustments that may be required for your assistance. If you would like to be considered for support, you will need to complete an application form and submit it with recent and comprehensive specialist documentation to the Disability Office before Week 4 of each semester.

**MEDICAL SERVICES**
The on-campus Student and Staff Medical Clinic provides general medical treatment, advice and testing, referrals, immunisation and vaccinations. The campus doctor and nurse are available for appointments from Monday to Friday.

**PASTORAL CARE**
Bond University is a non-denominational campus. However, we have prayer rooms on campus and our Pastoral Care Services can provide information about local worship centres and different faiths.

**SAFETY ON CAMPUS**
The Bond University campus is patrolled 24 hours a day, seven days a week, by our on-staff security officers and monitored by security cameras. Security officers can be contacted at any hour by phone to assist in an emergency or even just to walk you to your car after dark.

**STUDENT LEARNING SUPPORT**
This centre is designed to help all students improve their academic skills. You can seek assistance with understanding assignment questions, organisation, structure and referencing, grammar and presentations. English language help is also available for international students and Bond English Language Assessment (BELA) test can be taken for international students to assess your English level. Workshops and individual appointments are available.
CAREER DEVELOPMENT SERVICES

The Career Development Centre is a one stop shop for all of your career and employment support. Our qualified and experienced team of Employment Services Specialists will assist you with everything from part time employment, internships and work experience, through to graduate opportunities and alumni career support. Our Business Development Specialists work closely with industry partners from top tier blue chip and multinational companies through to small and medium enterprises to assist them in recruiting top Bond University talent.

They provide a broad range of personalised services including:

- Careers advice and guidance
- Career path planning
- Graduate recruitment resources and assistance
- Graduate training program
- Career clinics and seminars
- Resume and job application reviews
- Interview preparation and coaching
- Internships and work experience support
- Volunteering opportunities
- Beyond Bond is an innovative, student-focused, personal development program which includes professional development and community engagement.

The Centre also provides a broad range of career development resources:

- **Scout** - An online portal providing you with a diverse range of careers and employment resources and information, including job advertisements, company profiles, events, news, industry and degree-specific information.
- **Going Global** - An online resource that provides career information for 24 countries.
- **Vault** - An online subscription-based resource used by over 900 universities worldwide.
- **Job Search Guide** - Taking you step-by-step through the career planning and job application process.

In addition to the services provided by the Career Development Centre, Bond students develop vital employment contacts and business networks by liaising with their professors and through access to the high profile industry, government and political identities who regularly visit the campus as guest lecturers.

For more information about the Career Development Centre please visit bond.edu.au/cdc.
Bond has a real community feel and a vibrant student social life. From sporting, social and special interest clubs, as well as a full calendar of events and gatherings, there’s so much to enjoy. Once your Student Activities Membership is paid you will have access to a variety of facilities and events on campus as well as discounted prices on some services offered through the Sports Centre.

STUDENT ACTIVITIES MEMBERSHIP
The Bond University Student Activities Membership (SAM) is a compulsory charge in accordance with the provision of the Student Services and Amenities Fee legislation.

SAM provides you with access to the Sports Centre and clubs offered by the Bond University Students Association (BUSA). The fee is used solely to support a wide and varied range of student events, activities and student services as well as to purchase important equipment for the Sports Centre and to support the activities of Bond’s wide range of social, sporting and cultural clubs.

The fees are paid each semester. The 2015 fees are $95 for full-time and $71.50 for part-time students.

BOND UNIVERSITY SPORTS CENTRE
- Access to all group exercise classes
- Access to Sports Centre facilities and sports equipment hire
- Discounted prices on massage services
- Discounted prices on personal training packages

BOND UNIVERSITY STUDENTS ASSOCIATION (BUSA)
- Discounted or waived sports coaching fees
- Discounted or waived ticket prices for BUSA events
- Discounts and special offers from local businesses
- Eligibility for membership of University sporting clubs
- Financial support for those travelling to university sports championships and university games
- Membership of BUSA
- Representation on academic and administrative issues
- Support for new sporting clubs and events

CLUBS, SOCIETIES AND FACULTY STUDENT ASSOCIATIONS
You can sign up to over 70 student clubs at Club Sign On Day, held the first Friday of each semester. Below are a few examples of clubs and activities that you can access:
- Athletics and Running Club
- Badminton Club
- Basketball
- Bond Children’s Holiday Camp
- Bond Christian Connection
- Bond Music Society
- Business Students’ Association
- Canadian Law Students’ Association
- Cheerleading
- Cricket
- Drama Society
- Equestrian Club
- Golf Club
- International student events
- Journalism Students’ Association
- Law Students’ Association
- Make a Difference - Global Health Group
- Muslim Students’ Association
- Netball
- Rowing
- Rugby
- Soccer
- Tennis
- Touch Football
- United Nations Club
- Waterpolo

WEDNESDAY BY THE WATER
Wednesday by the Water is a weekly student event. Funded by your student activities fee it is a great excuse to be outside enjoying the beautiful blue sky while having a free barbeque lunch with friends by the lake.

RES WARS
Resident students also get to take part in the weekly Res Wars where teams from each residential complex compete in a variety of sporting activities and other traditional university events.

UNIVERSITY SPORT
Bond students also have the opportunity to represent the University in their chosen sport. One of the highlights of each year is our participation at the Australian University Games. The Bond Bullsharks have a proud success history in the Games, including winning the 2013 per capita trophy and finishing in the top ten universities in Australia. Bond University has also been named the overall per capita champion for 2013 by Australian University Sport.
Bond has a distinctly global perspective aspiring to a 50:50 ratio of Australian to international students. So while studying you will have the opportunity to build a worldwide network that will last a lifetime.

ACCOMMODATION OPTIONS
With the variety of accommodation options, there’s something to suit most students’ preferences, whether you wish to live on or off campus.

ON-CAMPUS ACCOMMODATION
Bond offers a variety of accommodation options, all within easy walking distance of lecture theatres, Don’s, restaurants, Bond’s Sports Centre, sporting facilities and faculties.

In addition to the one-on-one academic and personal support available from the live-in team of Senior Resident Fellows, Resident Student Fellows and Tutor Fellows, resident students enjoy a great social life as they mix with classmates at mealtimes and in study sessions. And there’s always someone around to talk to in the shared common areas.

All on-campus accommodation is air-conditioned with the following options available:

- **Single Room - Private Ensuite**: Single rooms with private ensuite facilities.
- **Single Room - Share facilities**: Single room with shared bathroom facilities.
- **Single Room - Flat**: Single room in a flat comprising two or three bedrooms with shared bathroom and limited cooking facilities.
- **Twin Share Room - Standard**: Twin room with two single beds and a shared ensuite. Bed Linen only is supplied.
- **Twin Share Room - Premium**: Larger shared accommodation with two private rooms and a shared ensuite. Bed Linen is supplied.

Applying for on-campus accommodation, visit www.myroom.bond.edu.au.

While residing on campus, it is mandatory to have a dining plan which can be used at The Brasserie, Papyrus Café, Don’s, Coffee Cart, Serum Coffee, Bond Xpress, Coffee @ Don’s and the University Club. Flexible dining plans are available allowing students to purchase on-campus meal options. You can top up your dining plan starting at $110.

Current residents are welcome to stay in residences during the May and September semester vacations, if Bond University has booked these rooms for outside conferences all belongings are to be packed and placed into storage. Students are required to vacate rooms over the Christmas period. If no outside conferences are booked and you choose to stay in University accommodation during April and August vacation periods, you will be charged a weekly rate (please refer to the website for accommodation costs).

For more information about Bond University on-campus accommodation, please visit our website at bond.edu.au/accommodation or email student_residences@bond.edu.au.

OFF-CAMPUS ACCOMMODATION
There is a wide range of rental accommodation surrounding the University if you would like to live off campus. Options include houses or apartments on a single or shared basis with weekly rent varying, depending on size, location and the number of bedrooms. You will also need to budget for a security deposit (bond), food, electricity, telephone, internet and cleaning. Students who reside off campus can also purchase a dining plan starting from $110. For information on dining plans please visit bond.edu.au/accommodation.

GETTING AROUND
The University is 30 minutes drive from the Gold Coast Airport and just over one hour from Brisbane International and Domestic Airports. Airport transfers can be booked via www.myroom.bond.edu.au for either airport and transport you to your accommodation housing. A rail service operates between Robina and Brisbane. Regular bus services operate from the University to the main shopping, residential and tourist areas on the Gold Coast and Brisbane. In addition, there are a number of shops, cafés, restaurants and facilities within walking distance of the campus at Varsity Lakes.
Your university degree is one of the most important investments you will make in your lifetime. As with all investments, you must consider the rate of return of both the short term career opportunities and your long term lifetime earnings.

FINANCING YOUR DEGREE
Bond University is a not-for-profit, independent university which means that fees are directly reinvested to provide outstanding education and facilities for students.

Tuition is charged at the beginning of each semester as you enrol. The fees payable by international students are the same as those for Australian students.

FEE-HELP
If you are an Australian citizen or holder of a permanent humanitarian visa and have a tax file number, you will be able to access the Australian Government's loan scheme called FEE-HELP. FEE-HELP is an interest free loan that helps eligible fee paying students pay their tuition fees. The accumulated debt is indexed annually according to the Consumer Price Index (CPI).

Eligible students who wish to pay for part or all of their tuition fees through FEE-HELP must complete a Request for FEE-HELP Assistance form by the end of the second week of the semester. You can elect to pay a portion of fees directly to the University, and the remaining debt will be deferred as a loan through the Australian Taxation Office, or you can also choose to defer the full amount.

If you want to use FEE-HELP to cover all tuition costs and do not complete the form by the end of Week 4, you will be liable for payment of all tuition fees.

For 2015, the maximum loan available through FEE-HELP is AUD$122,162 for Medicine and AUD$97,728 for all other programs. The loan is repaid to the Australian Taxation Office taking compulsory repayments through the taxation system when your income exceeds AUD$53,345 in the 2014 - 2015 financial year. A five per cent bonus is granted for any voluntary repayments over $500 paid directly to the Australian Taxation Office. Please note that the voluntary repayment bonus could be removed by the Australian Government from as early as 1 January 2015. For further information please go to: http://studyassist.gov.au/sites/studyassist/payingbackmyloan/loan repayment/pages/loan repayment. A loan administration fee of 25 per cent applies for undergraduate programs. Please visit www.studyassist.gov.au for current loan thresholds and to view the government publications on FEE-HELP. Maximum loan limits are adjusted each year.

STUDENT ACTIVITIES MEMBERSHIP
The Bond University Student Activities Membership, commonly known as SAM, became a compulsory fee from May 2012 semester in accordance with the provision of the Student Services and Amenities Fee legislation.

SAM provides students with access to the Sports Centre and clubs offered by the Bond University Students Association (BUSA). The fee is used solely to support a wide and varied range of student events, activities and student services as well as purchase important equipment for the Sports Centre and to support the activities of Bond's wide range of social, sporting and cultural clubs.

Australian citizens and holders of an Australian Permanent Humanitarian visa who are enrolled in a program at Bond University are eligible to defer their Student Activities Membership fee through a loan program called SA-HELP. Eligible students must complete the Request for SA-HELP form and provide their tax file number by the census date of the semester. There is no administrative loan fee for SA-HELP and there is no interest on the debt. The accumulated HELP debt is indexed annually. Repayment arrangements will be the same as other HELP loans. For more information, visit bond.edu.au/sa-help-loan.

YOUTH ALLOWANCE / AUSTUDY
If you are an Australian citizen or permanent resident aged 16 years or over and studying full time, you may be eligible to apply for Austudy / Youth Allowance benefits from the Commonwealth Government. For more information, please contact Centrelink directly.

STUDENT OPPORTUNITY FUND
You will have the opportunity to undertake a range of experiences and activities which will enhance your university and learning experience while studying at Bond. To assist you in accessing these opportunities the Student Opportunity Fund was created for students to apply for financial assistance up to AUD$2,000. For more information on eligibility and application closing dates, visit bond.edu.au/student-opportunity-fund.
FAMILY LOYALTY DISCOUNT
A 10 per cent rebate of tuition fees is available to students where an immediate family member is also studying at Bond or has graduated from Bond (conditions apply).

For more information, please visit bond.edu.au/loyalty-discounts.

ALUMNI LOYALTY DISCOUNT
A 10 per cent discount on tuition fees is available to students who have completed a full degree program at Bond University and are granted admission to a further degree (conditions apply). For more information please visit bond.edu.au/loyalty-discounts.

LIVING COSTS
You should allow approximately AUD$6,200 - $9,000 for living costs each semester that you live on the Gold Coast. This may vary depending on your budget for rent, food, transport, clothing, recreation, textbooks, telephone, electricity and other living expenses. Please note this figure has been calculated using shared off-campus accommodation. For more information visit bond.edu.au/study-at-bond/study-abroad/living-expenses. At Bond University you will not need to budget for on-campus parking as it is made available free of charge to all students.

BOOKS AND STUDY MATERIALS
The costs for books, stationery, software and other resources tend to be the same at most universities. Allow around AUD$300 per semester to help offset this cost, you may choose to sell your old textbooks and buy secondhand at the Bond Book Sale held the Friday of Week 1 each semester.

PART-TIME WORK FOR INTERNATIONAL STUDENTS
Australian Government regulations permit international students to work up to 40 hours in a fortnight and full time during semester breaks. Please note you cannot commence work until you commence your degree program in Australia. As work can’t be guaranteed, it should be viewed as a supplementary source of funds only and not relied on to cover tuition or living costs.

HEALTH COVER FOR INTERNATIONAL STUDENTS
Overseas Student Health Cover (OSHC) is an Australian Government requirement for all international students and their dependents, and needs to be paid prior to visa issue. Allianz Global Assistance is the preferred OHSC provider for international students at Bond University. They offer excellent incentives, such as discounts and protection against future rate rises. Please note that the Australian Government requires students to be covered for the length of the visa. OSHC assists towards the costs of fees for doctors, surgery, shared hospital ward accommodation, emergency ambulance transport and some other medical services.

You can opt to pay a higher level of private medical health insurance. This will give you extra cover for the cost of services such as optical treatment, physiotherapy and private hospital treatment with a doctor of your choice.

In some circumstances, Norwegian, Swedish and Belgium students are exempt from OSHC. Please check with your local representatives to confirm whether you will require health cover to study in Australia.

** Covers one valid student visa holder plus either one adult spouse or recognised de facto partner or one or more dependent children.
One of the key ways Bond University identifies future leaders is through our Scholarship Program. Available to Australian and international students, full and part tuition scholarships are awarded to applicants who have demonstrated outstanding academic ability, community involvement, sporting achievements and strong leadership skills.

**AUSTRALIAN STUDENTS**

**BOND UNIVERSITY SCHOLARSHIPS**
Bond offers a number of scholarships for domestic students.

For more information on the selection criteria, deadlines and conditions of our domestic scholarships, please visit bond.edu.au/scholarships/australian-applicants or contact your Manager for Schools and Community (refer to page 106 for contact details).

**AUSTRALIAN POSTGRADUATE AWARDS**
These scholarships are funded by the Australian Government for Australian students seeking to undertake research-based postgraduate degrees. Information is available from www.education.gov.au/australian-postgraduate-awards.

**INTERNATIONAL STUDENTS**

**BOND UNIVERSITY SCHOLARSHIPS**
Bond offers a number of scholarships for international students. For further information on the selection criteria, deadlines and conditions of our various international student scholarships, please visit bond.edu.au/scholarships/international-applicants or contact your International Regional Manager.

**AUSTRALIAN GOVERNMENT SCHOLARSHIPS**
The Australian Government offers a number of scholarships to increase access to and the quality of education and training for people in partner countries.

Some of the major scholarships offered include:

- **Australia Awards Scholarships and Fellowships**
  (administered by Department of Foreign Affairs and Trade)
  Aimed to provide opportunities for people from developing countries, particularly those countries located in the Indo-Pacific region, to undertake full time undergraduate study.

- **Australia Awards Endeavour Scholarships and Fellowships**
  (administered by the Department of Education)
  Merit-based scholarships that support citizens of the Asia-Pacific, the Middle East, Europe and the Americas to undertake study, research and professional development programmes in Australia.

For further information on these external scholarships, please visit the respective organisations’ websites or www.australiaawards.gov.au.

**INTERNATIONAL ASSISTANCE**
Bond University has developed significant relationships with a number of international government agencies which provides international students looking to study at Bond University with the opportunity to apply for financial support and scholarships.

For information on country specific financial assistance please visit bond.edu.au/financing-your-study or contact your in-country representative.
This section contains application and entry information for domestic students (Australian citizens, Australian Permanent Resident Visa Holders and New Zealand citizens, but not Permanent Resident Visa holders of New Zealand). For information relating to international students please refer to page 100.

ENTRY INTO BOND

Bond University’s entry criteria are based on more than just your academic history. There is also an emphasis on leadership qualities, extracurricular activities, life experience and potential.

HOW TO APPLY

How to Apply
1. Complete the online application form at bond.edu.au/apply.
2. Bond University will assess your application.
3. If your application is successful, Bond University will send you a Letter of Offer and other information.

Bond University accepts direct applications for all programs except for the Bachelor of Medicine / Bachelor of Surgery.

Bond University Bachelor of Medicine / Bachelor of Surgery Applications

Applications for the Bachelor of Medicine / Bachelor of Surgery must be lodged through QTAC at www.qtac.edu.au. For information on application closing dates, visit bond.edu.au/timeline.

To apply for the Bachelor of Medicine / Bachelor of Surgery:
1. Lodge an application through QTAC at www.qtac.edu.au. You will be required to provide all accompanying documentation, providing evidence of your subject results in Chemistry, English and Maths B (or equivalent).
2. Applications will then be assessed by the Faculty of Health Sciences & Medicine to determine your eligibility based on an assessment of academic performance.
3. Short-listed applicants will be asked to attend an on-campus interview.

ENROLMENT PROCEDURES

Successful applicants will receive a formal Letter of Offer from Bond University, accompanied by a Response to Offer form and information on fee payments and accommodation.

To accept your place, return the Response to Offer form and your initial fee payment equivalent to the fee for one subject to the Office of Admissions or complete a Request for FEE-HELP assistance form* online. For further information on accepting your offer, visit bond.edu.au/accept.

An enrolment guide and information about Orientation Week will be available on the Bond website approximately one month prior to semester commencement. Once you have accepted your offer, you can enrol in your subjects online via eStudent at any time prior to or during Orientation Week. The balance of your semester’s fees must be paid to Bond University prior to the end of Orientation Week.

To apply for on-campus accommodation or for assistance finding somewhere to live off campus, visit www.myroom.bond.edu.au.

DEFERMENT

Once you have been offered a place, you may apply to postpone your first year of study by completing Bond University’s Response to Offer form, selecting the deferment option and returning it to the Office of Admissions.

Deferral is not available to students offered a place in the Bachelor of Medicine / Bachelor of Surgery, Master of Psychology (Clinical) and Master of Psychology (Forensic). Deferments of scholarships will only be granted in exceptional circumstances.

CLOSING DATES

Bond University accepts applications up to the semester of commencement. However, International students are encouraged to apply early as there are no guarantees that you can commence study in time without an international student visa.*:

</tbody>
</table>

* Except for Bachelor of Medicine / Bachelor of Surgery, Health Sciences Honours Programs, Doctor of Physiotherapy, Master of Psychology (Clinical) and Master of Psychology (Forensic). Please refer to bond.edu.au/timeline for application closing dates.
APPLICATION AND ENTRY PROCEDURES

HOW TO APPLY
You must lodge your application directly with the University by completing an online application form at bond.edu.au/apply or from your local in-country representative.

Please note there is no application fee for Bond University. Applications should be accompanied by certified / notarised copies of supporting documentation as well as official translations if applicable. Evidence of English language proficiency is also required. Documents should be sent to arrive no later than one month prior to the commencement of the relevant semester. However, it is recommended that they be sent at least three months before your starting date to ensure visa formalities are in place before arriving. Applicants who do not provide all documentation may experience delays in processing.

HOW WE ASSESS YOU FOR ENTRY
International students applying to Bond University need to satisfy academic entry requirements and English language requirements. Students with tertiary or professional qualifications may be eligible for credit towards a Bond University postgraduate degree.

ENROLMENT PROCEDURES
To accept your offer for a place in a program, return the Response to Offer form, your payment (in Australian dollars) for your first semester’s tuition fees*, Student Activity Membership fees, and your Overseas Student Health Cover (OSHC) payment to the Office of Admissions.

For more information on accepting your offer, visit bond.edu.au/accept.

An Enrolment Guide and information about Orientation Week will be available on the Bond website approximately one month prior to semester commencement. Once you have accepted your offer, you can enrol in your subjects online via eStudent at any time prior to or during Orientation Week.

To apply for on-campus accommodation or for assistance finding somewhere to live off campus, visit www.myroom.bond.edu.au.

DEFERMENT
Once an offer of a place in a Bond University program has been made, you can apply to postpone the commencement of your first year of studies by:

• Selecting the deferment option on your Bond University Response to Offer form.
• Returning the form to the Office of Admissions as soon as possible.

Deferment is not available to students offered a place in the Master of Psychology (Clinical) and the Master of Psychology (Forensic).

Please note that deferment of scholarships will only be granted in certain circumstances, such as illness, family bereavement or essential overseas travel. Students seeking deferment of scholarships should send a letter stating the reasons for seeking deferment, with supporting documentation, to the Office of Admissions.

ENGLISH LANGUAGE REQUIREMENTS
All Bond University courses are conducted in English. As such, international students must meet certain language requirements. These requirements differ from course to course (see the table on page 103 for degree specific details).

* Some students from countries where government loans / aid / grants are issued are required not to pay the full semester amount. Please contact Bond to discuss at international@bond.edu.au.

Bond University’s entry criteria are based on more than just your academic history. There is also an emphasis on leadership qualities, extracurricular activities, life experience and potential.
ORGANISING YOUR VISA
When Bond University has received your payment, signed Financial Capability Declaration form and signed Response to Offer, you will be sent a Confirmation of Enrolment (CoE). The CoE forms part of your Student Visa Application. For further information regarding student visa applications, please contact your local representative, the nearest Australian diplomatic mission or the Department of Immigration and Border Protection at www.immi.gov.au.

ENGLISH LANGUAGE REQUIREMENTS
Applicants whose previous study was not completed in one of the countries listed where English is considered the first language must provide documented evidence of the required level of proficiency in the English language. For details please visit: bond.edu.au/english-requirements.

1. APPROVED ENGLISH LANGUAGE TEST
The University accepts the International English Language Testing System (IELTS), Academic Test of English as a Foreign Language Internet-Based Test (TOEFL iBT), the Cambridge English Advanced (CAE) and the Pearson Test of English Academic (PTE).

Please note that approved English language test results must have been achieved not more than 24 months before the applicant commences their degree.

2. SUCCESSFULLY COMPLETED EDUCATION IN ENGLISH
Applicants who present evidence of successfully completed secondary education (equivalent to Australian Senior Certificate of Education) or greater that was taught and assessed in English in one of the countries listed below where English is the first language are not required to complete an English language test:
- Australia
- Canada
- England
- New Zealand
- Northern Ireland
- Republic of Ireland
- Scotland
- South Africa
- United States of America
- Wales

Please note: In the interests of ensuring students’ academic competency, students admitted under any of the above, who are having academic difficulties due to English language, may be asked to undertake an English language test at the discretion of the faculty or Institute of enrolment.

These entry requirements are correct as of December 2014 and are subject to change. These are presented as a guide only and Bond University reserves the right to make the final decision regarding admission to the University.

3. BOND UNIVERSITY ENGLISH LANGUAGE INSTITUTE’S (BUELI) ENGLISH FOR ACADEMIC PURPOSES
Where individual Bond University programs require an IELTS result of 6.5 or equivalent, an applicant may use BUELI’s English for Academic Purposes (EAP) Level 3 to meet the English language requirements. EAP level 3 students must successfully complete all assessment and achieve an overall pass. Successful completion of the Bond University English Language Test (BELT) may also meet English language entrance requirements. Students who attain a grade of Distinction or higher in EAP 3 will gain direct entry into University programs that have an entry requirement of IELTS 7.0. Due to specific accreditation requirements the Bachelor of Medicine/Bachelor of Surgery, Doctor of Physiotherapy, the Master of Psychology (Clinical) and Master of Psychology (Forensic) require and IELTS test to satisfy the English Language requirements.
