

## Off Campus Accommodation

Bond University is the only university campus on the Gold Coast that is located at the junction of two residential suburbs, Robina and Varsity Lakes, right in the geographic heart of the Gold Coast.

**For students wanting to live nearby, this means there is a range of rental accommodation available within walking distance. Currently, the rental market on the Gold Coast is very tight with limited availability.**

We recommend living close to the University so you can still enjoy all the benefits Bond has to offer, from the gym to the social side of Don's Tavern and late-night study sessions in the library.

If you'd prefer to be closer to the surf, sun and sand, two major city bus routes stop at the campus, providing easy access to the Gold Coast's famous beachside suburbs. Or you can take advantage of our free, 24-hour parking on campus and drive to the University from anywhere in the city.

## OFF CAMPUS ACCOMMODATION OPTIONS

### Book your accommodation early!

As soon as you have accepted your offer, start thinking about where you want to live. Please do not pay any rent in advance apart from the two weeks that makes up your bond deposit. This will alleviate any issues that may arise later.

If you're over 18 years old, you can rent your own place or share with friends. Choose a place that's close to campus and make sure you visit the property before you sign the lease or pay a deposit.

We have links below to the rental properties within the local Bond area that you may wish to check out. Many of our students already live at several of these locations.

### MyRoomStay by AHN

There are several options available that are suitable to all students seeking a room, for example:

- A single bedroom with bathroom access, including utilities and access to shared common spaces for \$250 per week (similar to a share house)
- Alternatively, the above with the addition of some meals for \$290 per week
- Short term agreements, as little as 4 weeks are available to assist you in settling in before committing to a longer term rental agreement

There is a one-off matching fee of \$290 to ensure you are placed in the most suitable property and follow up support. [Click here for more information.](#)

The friendly staff at the [Australian Homestay Network](#) can help you find the best Homestay option most suited to your needs.

### Local apartment style accommodation options:

Properties in the area may be unfurnished, partially furnished, or fully furnished. Phone, internet and electricity costs are generally not included, so you will have to budget for this. Some properties provide water while others may charge for the amount you use.

Cost of renting depends on the size and location of the property you are looking at. Properties that are close to the beach, on the water or that have city views will be more expensive
