GENERAL INFORMATION

The Master of Accounting (MAcc) program is a specialist program for people interested in pursuing a professional accounting qualification. This course incorporates the traditional Master of Accounting program and is designed to provide an opportunity for students with undergraduate training in other fields to gain a professional accounting qualification. The course covers introductory as well as advanced units in financial and management accounting, economics, finance, tax and business law, security appraisal and valuation and auditing. The MAcc offers a firm academic grounding in the accounting discipline and offers a hands-on appreciation of the accounting industry. The program is a powerful amalgam of foundational accounting skills, decision-making, leadership and financial literacy. The course is designed to help develop a student's ability to advise businesses on financial issues. The classes combine theoretical knowledge in accounting with practical insights delivered through case studies, guest lectures and work integrated learning. Session building is encouraged through group projects and communication skills are enhanced through class presentations.

PROGRAM INFORMATION

SUBJECT INFORMATION

Please note that ACCT71-601 has been replaced by ACCT71-111 From the May (202) semester.

BN-13012

Master of Accounting

Version	6				Masters Coursework
Total Subjects	12	Total Credit Points	120	Cricos Code	063115A
Structure	12 Required Subjects				

Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge.

Available	Code	Title	Assumed Knowledge	Requisite
You must complete the following required subjects:				
J/M/S	ACCT71-111	Accounting Information Systems	ACCT71-600
