## GENERAL INFORMATION

## PROGRAM INFORMATION

The Digital Business specialisation incorporates the most current industry-relevant research with applications to information system design and analysis, business process modelling, information security and the impact of information technology on business process and operations and seeks to enhance graduates' planning, analytical and interpersonal skills in preparation for senior management roles.

## SUBJECT INFORMATION

Students can choose 1 General Elective Subject (10CP). General elective – A subject that may be chosen from any subject on offer across the University provided requisites, enrolment restrictions and any other faculty requirements have been met.

### BN-13122 Master of Actuarial Science (Specialisation)

Version 5

Total Subjects 16

Total Credit Points 160

Cricos Code 092655K

Structure

11 Required Subjects

1 x 4 Subject Specialisation

1 General Elective

**Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge.**

Available	Code	Title	Assumed Knowledge	Requisite
<b>You must complete the following required subjects:</b>				
J/M/S	ACCT71-600	Accounting Principles
