

Three steps to health protection

Please show this document to your doctor to help you complete your health protection tasks.

STEP 1	Request new blood tests All students must request new blood tests (even if you have had them in the past) for the following: <ol style="list-style-type: none">1. Hepatitis B2. HIV and HCV (Complete the Protection: NSW Health Blood Borne Virus Student Declaration Form (BBV Form) when you receive your results.)3. Measles, Mumps and Rubella (MMR)4. Varicella
STEP 2	Locate your vaccination history from childhood to now You must provide official medical records (Doctor/Government/Pathology Lab, etc.) of your vaccination history for Hep B, Varicella, MMR, COVID, influenza and dTPa . Ensure all records include both your name and the name of the issuing organisation/clinic/doctor, etc. You can locate your records by: <ol style="list-style-type: none">1. Asking your parents for your baby/childhood records2. Asking your past and/or present family doctor/s3. Contacting the Immunisation Registry in your country4. Requesting school vaccination program records from the local city council or the local public health unit in your school's area. Google the contact details or call your school for more information. For students vaccinated in Australia, you can obtain your official Australian Immunisation Register here . If, after trying all the above avenues , you have been unable to obtain the required vaccination evidence, please email HSMCompliance@bond.edu.au . (You may be required to have further vaccinations as part of the compliance process.)
STEP 3	Ensure your vaccinations are up to date If your dTpa vaccination will expire <i>during your studies</i> (10-year validity), you will need to have a new Adacel or Boostrix vaccination at the commencement of your program to meet compliance requirements. If your serology is negative for Measles, Mumps, Rubella, Varicella and/or Hep B, please request the relevant vaccinations from your doctor.

NOTE: After you obtained your results and documentation, save as PDF using the naming conventions listed for each task and upload to Osler during Orientation week or as required during your program.
