## GENERAL INFORMATION

## PROGRAM INFORMATION

Bond University's Graduate Certificate in Evidence Based Practice is specifically designed for health professionals from all medical, nursing and allied health disciplines, health administrators, academics and others interested in how to apply evidence based practice in health care. It aims to develop a diverse cohort of problem solvers who can apply their knowledge of evidence-based practice to the health workforce and healthcare, to bring about sustainable models of care within the health system. The program forms part of a suite of awards in the Master of Health Innovations program. It can be undertaken part-time over two semesters to enable busy health professionals to work at the same time.

## SUBJECT INFORMATION

### CC-63054 Graduate Certificate in Evidence Based Practice

Version	1			
Total Subjects		Total Credit Points	40	Cricos Code
Structure				NA

**Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.**
