<b>PROGRAM INFORMATION</b>		
<p>The Graduate Diploma in Business Administration is a generalist management program which can be undertaken as a standalone qualification or a pathway to the Master of Business Administration. Designed to blend industry-relevant research with practical applications and challenges, the intended learning outcomes are centred on the three pillars of leadership, global business and entrepreneurship, developing graduates who can think critically and strategically in this context. The program is designed to provide graduates with the core underlying technical skills that inform effective decision making, framed around the development of the interpersonal, cross-cultural and communication skills that are required to lead in the implementation of these decisions.</p>		
<b>SUBJECT INFORMATION</b>		
<p><b>ASSUMED KNOWLEDGE</b></p> <p>Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.</p>		
<p><b>OPPORTUNITIES</b></p> <p>Students may have the opportunity to participate in an international study tour experience or internship as a general elective. Those interested should consult with an Enrolment Officer in Student Assist for guidance and to check eligibility requirements (e.g., GPA, language proficiency, prerequisites).</p>
