PROGRAM INFORMATION				
The Master of Accounting (MAcc) program is a specialist program for people interested in pursuing a professional accounting qualification. This course incorporates the traditional Master of Accounting program and is designed to provide an opportunity for students with undergraduate training in other fields to gain a professional accounting qualification. The course covers introductory as well as advanced units in financial and management accounting, economics, finance, tax and business law, security appraisal and valuation and auditing. The MAcc offers a firm academic grounding in the accounting discipline and offers a hands-on appreciation of the accounting industry. The program is a powerful amalgam of foundational accounting skills, decision-making, leadership and financial literacy. The course is designed to help develop a student's ability to advise businesses on financial issues. The classes combine				
SUBJECT INFORMATION				
ASSUMED KNOWLEDGE				
Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.				
OPPORTUNITES				
Students may have the opportunity to participate in an international study tour experience or internship as a general elective. Those interested should consult with an Enrolment Officer in Student Assist for guidance and to check eligibility requirements (e.g., GPA, language proficiency, prerequisites).
