GENERAL INFORMATION									
You are registered into Beyond Bond which is a practical, activity-based program that extends across the duration of all undergraduate degrees.									
PROGRAM INFORMATION									
The Bachelor of Biomedical Science is a 2-year accelerated degree that provides you with the ideal undergraduate foundation for a career in the health sciences. The program develops your knowledge of the molecular, cellular, anatomical, and physiological processes of the human body and prepares you for graduate-entry programs such as medicine and the allied health professions. The program will develop your knowledge and laboratory skills across a range of disciplines, including anatomy, physiology, and pathophysiology, pharmacology, chemistry, biochemistry, cell biology, genetics, and microbiology. Extensive laboratory training from the first semester, as well as case studies and problem-solving techniques, are applied within a variety of clinical, research, and allied healthcare settings. The program focuses on real-world learning, where you will gain exceptional, high-quality, practical experience in our health science laboratories. You will be able to develop and master technical-scientific and research skills using some of the latest research equipment from the very first semester. Due to Bond University's small class sizes, you will be able to enjoy extensive use of this equipment to develop and refine your practical skills. The laboratories have dedicated laboratory staff to provide support and optimise your learning experience. An innovative feature of the program is the application of problem-based learning in the curriculum, a popular feature in medical programs that creates an engaging student learning experience to increase analytical reasoning and critical thinking skills.									
SUBJECT INFORMATION									
ASSUMED KNOWLEDGE									
Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.									

Available		Code	Title	Assumed Knowledge	Requisite
CC-60005 Bachelor of Biomedical Science					
Version		7	Lab Research Major		
Total Subjects		24	Total Credit Points	Bachelors Degree	Cricos Code 063085B
Structure		16 Required Subjects	8 Biomedical Science Major		
You must complete the following required subjects:					
J/M/S	CORE11-011	Critical Thinking and Communication			
J/M/S	CORE11-012	Responsibility, Integrity and Civic Discourse			
J/M/S	CORE11-013	Collaboration for Global Change			
J/M/S	BMED11-109	Principles of Human Structure and Function			
J/M	BMED11-110	Human Organ Systems 1	BMED11-109		
J/M	BMED11-114	Chemistry for Living Systems			
J/M	BMED11-203	Cell Biology			
J	BMED11-205	Medical Biochemistry 1			BMED11-114
S	BMED11-206	Microbiology	BMED11-203		
J	BMED11-207	Medical and Molecular Genetics	BMED11-203		
J/S	BMED12-114	Human Organ Systems 2			
S	BMED12-119	Biological and Physical Chemistry			
M	BMED12-120	Pathophysiology and Pharmacology			
M	BMED12-209	Medical Biochemistry 2			
M/S	HPER11-101	Australia's Health Issues and Priorities			
J	HPER12-101	Health Research Methods			
					Anti_STAT11-112
Major Subjects (8)					
J/M	BMED11-112	Human Control Systems			
J	BMED13-123	Advanced Bioscience Lab			
M	BMED13-214	Molecular Diagnostics			
M/S	BMED13-126	Research Project A			
S	BMED12-118	Laboratory Medicine			
S	BMED13-216	Immunology			
J/M/S	BMED13-127	Research Project B			
J/S	BMED13-125	Exploring Human Disease
