

# 2024

**International  
Study Guide**

# Welcome to Bond University on Australia's Gold Coast

With more than 300 days of sunshine per year, a growing population and limitless opportunities, the Gold Coast has become known as Australia's favourite classroom. Located in the city's geographical centre, Bond University has earned a reputation as Australia's leading university for student experience, and as a home away from home for international students.

As Australia's first private, not-for-profit university, Bond has been modelled on the traditions of the world's best educational institutions to provide a tertiary experience of the highest international standards. Student experience is at the heart of

everything we do - 100 per cent of our tuition fees are reinvested into ensuring our students have access to world-class facilities and study resources, and can learn under the guidance of industry leading academics.

Bond University is recognised as a self-accrediting Australian university by the Tertiary Education Quality and Standards Agency (TEQSA), and our programs for international students are recognised with the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

## We're #1

#1 in Australia for undergraduate student experience for 17 years in a row\*

#1 in Australia for employer satisfaction\*\*

#1 in Australia for learner engagement\*\*\*

## 5 stars across the board†\*

Teaching

Employability

Academic Development

Internationalisation

Facilities

Inclusiveness

## Personal support and mentorship

Australia's equal lowest student-to-teacher ratio of 11:1^

## Proudly on the global stage

We're ranked in the top 300 universities worldwide in the Times Higher Education (THE) World University Rankings, a feat for a university with fewer than 5,000 students. Bond University is also ranked 43<sup>rd</sup> in Times Higher Education Young Universities world rankings.

† 2023 - 2026 QS Star ratings. QS Stars is a global rating system providing students with a detailed overview of a university's excellence. The rating explores program strength, facilities and graduate employability for education institutions across the world.

# Your experience

An investment in your education is an investment in your future success. At the end of your Bond journey, you'll be out in the workforce up to a year earlier than your peers at other universities, with the skills, perspective and transformative experiences to help you stand out in your career.

## Personalised support.

We provide individualised career development, personal attention, study support, skills development, and coaching.

## A deliberately different way of learning.

Prepare to take on future challenges at one of Australia's most innovative universities. Progressive and adaptable, we understand that everyone's learning journey is unique.

## The global advantage.

As a world-class Australian university, Bond's international partnerships and alumni network span the globe, with graduates working across all industries.

## The fast track.

Propel your career forward faster than your peers at other universities with one of our accelerated undergraduate degrees or our work experience-focused professional master's programs.

## A focus on wellbeing.

At Bond, we're committed to fostering your wellbeing, and will provide dedicated services to ensure you have all the support you need.

**Critical skills for a changing world.**

Embedded in our undergraduate programs, the Core Curriculum will ensure you're well-equipped to become a capable individual, effective collaborator, and global citizen.

**Your industry engagement and employability.**

You'll have multiple opportunities to strengthen your employability ahead of entering the workforce. Take advantage of the Career Development Centre's programs and careers experts, the Transformer start-up program, and internship opportunities.

**Immersive experiences.**

Take textbooks into the real world, with access to an abundance of enriched experiences including industry placements, international competitions, networking experiences and more.

**The support of a close community.**

The friendships and connections you make at Bond will last a lifetime in both your professional and personal life.

**Your professional and personal growth.**

Undergraduate students will engage with Beyond Bond, our degree-wide professional development program, which is designed to enhance your graduate employability and create a professional portfolio of evidence.

**An investment in your future.**

The value of a Bond degree is immeasurable. Emerge from university with the skills and knowledge necessary to skyrocket your earning potential. Plus, our accelerated degrees mean you will save on up to a year's worth of living costs.

**Vibrant campus life.**

Sporting and cultural clubs and societies, as well as student associations, provide opportunities to enrich your student experience and pursue leadership roles.

# Personal attention

Bond's student-to-teacher ratio is equal lowest in Australia\*, and it means you will have access to personalised support and attention throughout your studies. You will have unmatched access to your lecturers and tutors, who will actively mentor your progress, as well as personalised career and academic support to help you succeed in your studies, and plan for your career after graduation.

## Individual support

A key part of the Bond University difference is the personal support you will receive, every step of the way. At Bond, you will never get lost in the crowd - you will have access to an abundance of opportunities and our extensive support services, including the Academic Skills Centre and Career Development Centre.

## Developing key employability skills

Bond graduates stand out at university, and in the future. In addition to Bond's extensive career development support, the development of key skills are embedded into every Bond University degree. Our undergraduate degrees include three Core Curriculum subjects, plus the Beyond Bond professional development program, teaching invaluable skills you will take with you throughout your professional life.

## Entrepreneurship and Transformer program

At Bond, we focus on developing adaptive, tech-savvy and future-focused graduates with a strong entrepreneurial streak. Bond also offers a free extracurricular program called Transformer, which brings students together from all disciplines to collaborate on projects. Working in teams, they have access to industry experts, mentors, workshops and a dedicated co-working space.

## Shivam Rishi

CANADA. BACHELOR OF LAWS.

"When I was researching where to study, I quickly learnt that at Bond, I wouldn't be just another number - Bond offers small class sizes where you have access to valuable face time with your professors, all of whom you know by name and can approach for further guidance.

"Coming from Canada, another reason I chose Bond is because of its specialised Canadian law courses. It was important to me to attend a university that would help me get certified if I decided to practise in Canada.

"Bond has a long history of offering Canadian law courses that assist with accreditation exams back in Canada, and ultimately, these have distinctly prepared me for my future career as an international commercial lawyer."

## Building a better business with bots

What started in the guest bedroom of Neeti Mehta Shukla's house has now become a \$US6.8 billion robotic process automation (RPA) company.

Ms Shukla graduated with an MBA from Bond in 1997 and launched her company, Automation Anywhere, with her husband in 2003. Within minutes they already had their first customer. Now, Automation Anywhere has its global headquarters in San Jose, California and a client list including ANZ Bank, University of Melbourne, Dell, Sprint and more. It has also deployed over 2.8 million bots to support some of the world's largest enterprises.

The company allows users to create custom software bots with Automation Anywhere technology that automates manual, repetitive business and IT processes. The bots, which utilise artificial intelligence (AI) and machine learning, can be configured to perform tasks assigned and controlled by the user.

The headquarters are a long way from Bond University, but Ms Shukla keeps the university close to her heart. She's even a member of the Bond Business School Advisory Board.

"The education, professors and courses were so impactful and also really diverse. I had the time of my life. All the friends I made there have been for life, and we still keep in touch and meet when we can," says Ms Shukla.

"It was a good combination of education that stretched my boundaries and allowed me to get the best from the world."

Read Neeti's full story at [alumni.bond.edu.au/arch27](http://alumni.bond.edu.au/arch27)

# Live in a city of innovation and opportunity

The Gold Coast leads the way in entrepreneurship and innovation and attracts some of the world's best and brightest minds. The city has established itself as an entrepreneurial and innovation hub - in fact, more people on the Gold Coast own and run their own businesses than any other city in Australia.

## A diverse industry landscape

The Gold Coast features a diverse scope of industries offering strong employment opportunities, with Bond's dedicated Career Development Centre offering a range of valuable industry connections to help you make the most of the opportunity.

## A global community

Students travel from more than 90 countries around the world to study at Bond. The city is welcoming and diverse, with almost one in three residents born overseas. Here, you will join students from all corners of the globe, preparing you with an international perspective on study and work.

## Entrepreneurship opportunities

There is an array of opportunities for you to develop your entrepreneurship skills and nurture your ideas on the Gold Coast, and at Bond. Participate in the University's Transformer program, a free extracurricular program where students from all faculties and disciplines collaborate on big ideas and have access to industry experts and coaching. You can also major in Entrepreneurship and Innovation, and participate in network-building competitions and initiatives.

## Be eligible for a post-study work visa

While it is Australia's sixth largest city, the Gold Coast is classified as a regional city for migration purposes. This means that you may be eligible for an extended, post-study work visa after graduation.

# Be a standout graduate

What you do at university has never been more important in preparing you to succeed in your career. In an increasingly competitive job market, it's no longer about what you learn in the classroom - building your employability is an essential part of your university experience.

## Unmatched access to opportunities

At Bond, personal attention is at the core of our student experience. This means you have unrivalled access to the array of services, initiatives and experiences on offer. Unlike larger universities, where these opportunities are only available to a select few, every student at Bond can take advantage of an array of experiences that will set them up for success after graduation.

## Personalised career guidance

As a Bond student, you will have lifelong access to a variety of career development services through our Career Development Centre. The team of dedicated career professionals can help you with a full suite of career services, from preparing your resume, helping you hone your interview skills, to providing you with networking opportunities and putting you in contact with industry professionals.

## Industry placements

The Career Development Centre also assist with arranging work placements within your chosen industry. Through an industry placement, you can gain valuable experience and career contacts with leading Australian and international employers. We'll help you source placement opportunities, guiding you through the application process and supporting you through your placement and beyond.

# Life at Bond

As Australia's leading university for student experience, life at Bond is diverse and vibrant. The experiences you have and the friends you make will stay with you for a lifetime.

Beyond the classroom, there are many ways to get involved in the Bond community.

## Get to know your classmates at Orientation

Your first days at Bond will be spent in Orientation, an exciting program of academic and social activities where you can meet other students and get to know Bond's campus.

## Join a range of clubs and societies

Bond offers a wide collection of clubs and societies, organised and run by students, for students. Clubs and societies are based around a number of interest areas, from religious clubs and societies, to sporting teams, academic groups and more.

## Attend on-campus events

There's always something happening on campus! Whatever your interests, you can participate in events held regularly on-campus and facilitated by our student clubs and societies, including the Bond University Student Association (BUSA).

## Be part of our strong sporting tradition

At Bond, sport is in our DNA. We have a strong sporting tradition on campus, with students competing at the highest elite levels - as well as in more casual sporting competitions - and through partnerships with international sporting organisations like the World Surf League and The Chiefs Esports Club. In addition to our high performance and social sporting clubs, as a Bond student you will also have access to our state-of-the-art Sports Centre and facilities.

## Discover diverse dining and entertainment

There are a collection of cafes and restaurants on campus, catering to a range of dietary requirements including the provision of Halal meat and vegetarian options. Our main on-campus restaurant, Lakeside, features rotating menus inspired by international cuisines.

## Get personalised support

Studying in a new country is a big transition, and we're here to help you every step of the way. As an international student, you will have the full support of the University behind you. Whether you need assistance enrolling in your subjects, help with your study skills or assignments through the Academic Skills Centre, or need a hand with personal or advocacy support, we have a range of services entirely dedicated to assisting you.

## An inclusive community

Australia, the Gold Coast and Bond University provides a multicultural, inclusive and welcoming environment. And as a Bond student, you will join an open student community where you will be encouraged to meet and network with both likeminded and diverse students. You will also be supported through a number of religious clubs and societies, as well as a multifaith prayer room on campus.

# Living on the Gold Coast

The Gold Coast is one of the best places in the world to live and study – and Bond is in the centre of the city. It's a diverse and vibrant community filled with opportunity, and endless cultural, sport and leisure activities to enjoy. With public transport linking you to the very best the Gold Coast has to offer, you can finish class and be on the beach within minutes.

## Discover an unmatched lifestyle

The Gold Coast is recognised as Australia's favourite classroom for a reason. Not only will you discover the best of the nation's culture, education, and lifestyle, but the cost of living on the Gold Coast is more affordable than other larger cities in Australia. Please note the Australian Government's Department of Home Affairs requires international students to have access to a minimum of AUD \$24,505 per year to fund their living expenses.

## Accommodation

Bond is located in a residential neighbourhood with a wide range of on-campus and off-campus accommodation options within easy walking distance of all University study and recreational facilities. We also offer dedicated accommodation support staff who are able to connect you with local accommodation options and assist you with finding a place to live. Explore the full range of accommodation options and find the one that suits you best:

- On-campus housing
- Homestay
- Share accommodation
- Off-campus housing
- Couples and family accommodation

Take a surfing lesson at Currumbin.

Explore Springbrook's waterfalls and bush walks.

Finish up a week of study by heading out to Surfers Paradise or Broadbeach.

Enjoy diverse culture and food from around the world at Gold Coast Chinatown and Miami Marketta street food night markets.

## Vishal Mehrotra

SENIOR TEACHING FELLOW, BOND BUSINESS SCHOOL.

“The mission of Bond Business School has always been ‘building tomorrow’s business leaders, one by one’, and the ‘one by one’ speaks to this unique and personalised educational proposition that Bond is able to offer its students.

“We have some of the best business programs in the country – our actuarial science program is one of only seven in Australia, and the only one in Queensland; our Centre for Data Analytics is leading the country in terms of data science-based subjects; and entrepreneurship has been the lifeblood and the soul of Bond Business School from its inception.

“This is a great time to be alive – this is your time to be and do anything you choose, and Bond is the place to begin that journey.”

# The Bond University difference

Your time at Bond will enable career-enhancing opportunities, build valuable networks, and allow you to start achieving your career goals faster.

## Accelerated degrees

At Bond, you can complete your degree and start your career sooner. Our teaching calendar is based on three semesters per year rather than the usual two, allowing you to get into the workforce ahead of other universities. With semesters starting in January, May and September, you could complete a combined degree, or an undergraduate and postgraduate degree, in less time than it would take to complete a single degree at another university.

## Programs tailored to international students

In addition to our fast-tracked programs, we also offer a range of 92 weeks Professional master's programs. For students who would like to gain work experience in Australia after they graduate, Professional master's degrees incorporate a 20-week professional experience element and allow international students to be eligible to apply for an extended four-year Post Study Work visa.

## Minimum bachelor degree study time at Bond compared with other universities

## Master (Professional) degrees at Bond compared with other universities

# Australian university degrees explained

## Undergraduate

Applicants who have not previously studied at university will enrol in an undergraduate degree. For most students, this is a bachelor's degree or diploma program, which will be dependent on your qualifications and results from previous study.

## Entry requirements

To gain admission into Bond University, international students must meet the academic entry requirements for their chosen program, satisfy our English language requirements through an approved test or pathway, and ensure they have a valid visa to study in Australia. Entry requirements vary by country and program. Search your chosen degree and view the specific entry requirements via our program finder.

Learn more at [bond.edu.au/program](https://bond.edu.au/program)

## Bachelor's degrees

A bachelor's degree is an undergraduate award of 24 subjects which is commonly the entry qualification required for many professions or further study. Admission to a bachelor's degree is usually based on high school academic results and English language criteria.

## Postgraduate programs

Admission to postgraduate coursework degrees generally requires a bachelor's degree from a recognised university, however in some cases, extensive career experience in a relevant industry may meet the entry criteria.

Bond also offers Professional master's programs for students in a range of different study areas, where you can incorporate a 20-week work integrated learning semester to complement your postgraduate program. This extensive industry experience will improve your knowledge, skills and employability, helping you stand out to future employers

## Prerequisites

Some Bond University programs require students to have completed specific subjects, known as prerequisites, to be eligible for entry. These may have been completed in high school or through a pathway program such as a diploma. Please refer to individual program listings for more information.

## Combined undergraduate and postgraduate programs

Providing a seamless pathway from your undergraduate studies into a career-ready master's degree in occupational therapy, physiotherapy, nutrition and dietetic practice or medicine, Bond University offers undergraduate programs that upon completion, transition directly into postgraduate studies. Examples of this include:

- Bachelor of Biomedical Science and Master of Nutrition and Dietetic Practice
- Bachelor of Exercise and Sports Science and Doctor of Physiotherapy
- Bachelor of Exercise and Sports Science and Master of Nutrition and Dietetic Practice
- Bachelor of Health Sciences and Master of Nutrition and Dietetic Practice
- Bachelor of Health Sciences and Master of Occupational Therapy

This provides students with the flexibility to either streamline their university studies at Bond, commencing at the undergraduate level and going directly into their postgraduate degree upon completion of a bachelor's program, or to articulate directly into a master's program with an approved undergraduate degree from another international or Australian institution.

Learn more at [bond.edu.au/program](https://bond.edu.au/program)

## Double degree programs

A double degree provides an excellent way to build on your studies and develop either broad or specialist knowledge. You will be able to complete two complementary degrees in the time it takes to finish just one at other universities.

Explore double degrees at [bond.edu.au/program](https://bond.edu.au/program)

## English and academic pathways

If you don't meet the academic or English language entry requirements for your chosen bachelor's degree, you could study the Bond University College English program, Foundation Program, Diploma Preparation Program or a Higher Education Diploma as a pathway first.

## → Actuarial science and data analytics

For the number crunchers and interpreters. For those who don't want to just find the pattern, but find meaning within it.

### Professor Steve Stern PhD, MSci, BSc

INTERNATIONAL STATISTICS EXPERT.  
CUSTODIAN OF THE DUCKWORTH-LEWIS-STERN  
METHOD. PROFESSOR OF DATA SCIENCE.

"I don't teach facts, I teach ideas. I'm not interested in my students regurgitating facts and theories about stats; I want them to understand the real reasons behind data analysis methods and understand how and when analytic techniques should, and more importantly shouldn't, be used.

"Data analysis is the skill of the future. If you know how to understand and analyse data, there is no industry or career in the world you can't be involved in somehow."

# Featured programs

## Bachelor of Actuarial Science

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 083205M	6 semesters (2 years)	Jan, May, Sep	6.5 (6.0)	\$139,520

### Program overview

Use your love of crunching numbers to evaluate financial risk and create practical solutions for real-world problems with Bond's Bachelor of Actuarial Science.

The diverse skillset acquired in this program will equip you with the tools to analyse and manage risks of all types and develop techniques for the effective use of quantitative information to influence and improve business decision making.

Accredited by the Actuaries Institute, Bond's Bachelor of Actuarial Science will not only prepare you for a job that is in high demand, but also develop a knowledge base drawing from the core fields of mathematics, probability, programming, finance, economics, and data science that can be transferred across numerous industries and disciplines.

### Career outcomes

The demand for mathematical and quantitative modelling skills has continued to increase broadly across all sectors as organizations realise the benefits they can gain from augmenting traditional decision-making with high quality data-based analyses and predictive outcomes based on long-term risk assessment and management. Bond actuarial science graduates are very well placed in the job market with skills highly transferable between countries.

### Key features

- Personal mentorship through the Bond Business Mentoring program, where you will be supported by a network of academic staff, senior students, and alumni.
- Bond is one of seven universities in Australia and the only university in Queensland to be Accredited by the Actuaries Institute.
- Unrivalled access to state-of-the-art learning resources including the Bond FinTech Hub, Commercialisation Centre, Centre for Data Analytics, and Transformer.
- Learn from experienced academics and industry practitioners from a diverse range of business backgrounds.
- Gain internationally recognised Bloomberg certification used in the finance and banking sectors.

### Entry requirements

Successful completion of Australian Year 12 or equivalent with a minimum score of ATAR 90, IB 32 or equivalent. Students must also meet the University's minimum entry requirements and English language requirements. Students who don't meet the requirements for direct entry may pursue an alternative entry pathway. Learn more at [bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international](https://bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international)

## Master of Business Data Analytics (Professional)

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 098314E	5 semesters (92 weeks)	Jan, Sep	6.5 (6.0)	\$79,580

### Program overview

Bond's Master of Business Data Analytics (Professional) will equip you with the knowledge, understanding, and enhanced data analytics techniques. This will improve business decision-making, which can be applied within a vast range of industry sectors.

As a Bond Business School student, you will have exclusive access to facilities, including the Bond FinTech Hub. This facility enables the opportunity to gain a Bloomberg certification and will extend your data analytics knowledge with access to the Centre for Data Analytics and experts in this field.

Designed for international students, the Professional program follows the same structure as the Master of Business Data Analytics, with an additional 20-week professional portfolio component to ensure you are equipped with industry experience before you graduate.

### Career outcomes

In today's commercial industries, data analytic skills are highly sought after, as they enable organisations to make informed business decisions. A career in business data analytics opens doors for almost every industry imaginable. More businesses today require business analysts, who not only interpret data, but know how to apply data-based modelling to real-life scenarios, in a way that will impact behaviour, and improve business decision-making. These industries include health, sport, climatology, marketing, economics, management, finance, and many more.

### Key features

- Unrivalled access to state-of-the-art facilities and learning resources, including the innovative FinTech Hub and its 40 Bloomberg Terminals - the most of any Australian university.
- Gain hands-on industry experience while you complete your degree, so you can hit the ground running in your career.
- Broaden your knowledge and practical skills in the national and international business landscape, with opportunity to undertake an internship or global study tour.
- Access the latest technologies including the Bond FinTech Hub, Centre for Data Analytics and be mentored by Australia's leading economists, financial specialists, and statisticians.
- Opportunity to earn an internationally recognised Bloomberg certification during your degree. This may lead to more opportunities in the global market.

### Entry requirements

Entry into this program requires the completion of an undergraduate degree or equivalent in any business discipline. Students must also meet the University's minimum entry requirements and English language requirements.

## → Architecture

For the design makers and skyline shapers. For those who want to create the future with their very own hands.

Undergraduate programs	CRICOS	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
Bachelor of Design in Architecture	0101291	6 semesters (2 years)	Jan, May, Sep	6.5 (6.0)	\$137,520
<b>Postgraduate programs</b>					
Master of Architecture	078184J	4 semesters (1 year 4 months)	Jan, Sep	6.5 (6.0)	\$98,540
Master of Architecture (Professional)	0101342	5 semesters (92 weeks)	Jan, Sep	6.5 (6.0)	\$104,420
Graduate Diploma in Architecture	0101412	2 semesters (8 months)	Jan, May	6.5 (6.0)	\$47,400

### Fernanda Parnenzini

ARGENTINA, MASTER OF ARCHITECTURE.

"Bond University is a really exciting place to learn about architecture. The working and learning spaces are inspiring, and the creative atmosphere makes you push yourself to do better.

"I really like the small class sizes and opportunity for one-on-one feedback from world-renowned architects. Bond's global approach also really stands out to me - for instance, I had the opportunity to work on a project in Singapore and meet with students and architects from Singapore."

## → Business, commerce and entrepreneurship

For the self-starters and pioneers. For those who don't just want to get the job - but want to create it.

## Bachelor of Business

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 063055G	6 semesters (2 years)	Jan, May, Sep	6.5 (6.0)	\$137,520

### Program overview

Prepare yourself for leadership roles in today's global businesses with Bond's Bachelor of Business. Gain a comprehensive, multidisciplinary foundation to work as a business professional in varied business environments in just two years through Bond's accelerated three-semester-per-year study schedule.

During your studies, you design and run an actual business by applying the critical entrepreneurial, leadership and teamwork skills you develop.

Bond Business School students also have exclusive access to the Bond Business Commercialisation Centre that collectively offers a broad array of tools, networking opportunities, mentoring by industry and academic experts, and other resources, to encourage and support them throughout their business degree.

### Career outcomes

Bond's Bachelor of Business is a broad-based qualification accepted nationally and internationally by leading employers in a wide range of corporate disciplines. A business degree from Bond opens a great deal of employment opportunities leading to a range of different roles.

### Key features

Personal mentorship through the Bond Business Mentoring program, where you will be supported by a network of academic staff, senior students, and alumni.

Unrivalled access to state-of-the-art learning resources including the Bond FinTech Hub, Commercialisation Centre, Centre for Actuarial and Financial Big Data Analytics, and Transformer.

Learn from experienced academics and industry practitioners from a diverse range of business backgrounds.

Gain internationally recognised Bloomberg certification used in the finance and banking sectors.

### Entry requirements

Successful completion of Australian Year 12 or equivalent with a minimum score of ATAR 65, OP 15, IB 24 or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

Students may also pursue an alternative entry pathway.

Learn more at [bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international](https://bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international)

## Eimi Waki

### JAPAN, BACHELOR OF SPORT MANAGEMENT.

"Bond's small classes have allowed me to interact closely with my classmates and lecturers, and the accelerated program structure mirrors a fast-paced work environment, which has improved my organisational and time management skills. One of my highlights at Bond has been applying what I have learnt in lectures to real life scenarios.

"As I live on campus, I have had so many opportunities to meet new people and develop lifelong friendships. Easy access to on-campus facilities is also a plus!"

## Master of Business (Professional)

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 063520K	5 semesters (92 weeks)	Jan, May, Sep	6.5 (6.0)	\$79,580

### Program overview

Prepare to use your business prowess on the international stage with Bond's Master of Business (Professional). Designed for international students, this program takes a global approach to learning, providing the knowledge required to build a career in business. Whether you are entering the profession from another discipline, pursuing a management track, or simply looking to develop your existing industry skills, Bond's Master of Business (Professional) can help you get there.

Bond Business School is ranked in the top two per cent of business schools globally, earning the European Quality Improvement System (EQUIS) accreditation and topping the Australian charts for outstanding attributes such as learner engagement, learning resources and overall quality of educational experience. Students have unparalleled access to Bond's academics, comprised of industry leaders and experts, and innovative learning resources.

Designed for international students, the Professional program follows the same structure as the Master of Business, with an additional 20-week professional portfolio component to ensure you are equipped with industry experience before you graduate.

### Career outcomes

Bond's Master of Business is a broad-based qualification accepted nationally and internationally by leading employers in a wide range of corporate disciplines. A business degree from Bond opens a great deal of employment opportunities leading to a range of different roles.

### Key features

- Gain real-world experience to prepare you for an exceptional career in a business setting, with Bond's hands-on 20-week professional subject.
- Unrivalled access to state-of-the-art facilities, including the innovative Bond FinTech Hub, which is equipped with 40 Bloomberg Terminals for you to use throughout your degree.
- Customise your degree to your unique ambitions, advance your skillset with one of six business-related specialisations, or broaden your knowledge across a range of areas through electives.
- Enhance your national and global experience by undertaking an internship or study tour opportunities and emerge from your degree ready for your debut on the international business stage.

## Master of Sport Management (Professional)

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 096696B	5 semesters (92 weeks)	Jan, May, Sep	6.5 (6.0)	\$79,900

### Program overview

With south-east Queensland set to host the Summer Olympic Games in 2032, there has never been a better time to consider a career in sport management. The sport industry is already a major contributor to Australia's economic growth and that will be supercharged over the next decade as new opportunities arise in sport development, facilities management, event management, sponsorships, sports communication, law, marketing and so much more. Bond's Master of Sport Management will put you in the box seat to take advantage of the opportunities that will emerge, both here in Australia and overseas.

Designed for international students, the Professional program follows the same structure as the Master of Sport Management, with an additional 20-week professional portfolio component to ensure you are equipped with industry experience before you graduate.

### Career outcomes

The sport industry is already a major contributor to Australia's economic growth and that will be supercharged over the next decade as new opportunities arise in sport development, facilities management, event management, sponsorships, sports communication, law, marketing and so much more. Bond's Master of Sport Management is designed to build on your existing skills, education, and training to enable your transition to the next career level. Graduates of this program may find employment opportunities in the government, community, private and not-for-profit sectors including government, sport, tourism and recreation services, sport venue management, sport advertising, media relations, corporate partnerships and sponsorship, and marketing.

### Key features

- Unrivalled access to state-of-the-art learning resources including the Bond FinTech Hub, Commercialisation Centre, Centre for Actuarial and Financial Big Data Analytics and Transformer.
- Be taught by experienced sport business professionals in small, discussion-based groups that offer more interaction, support, and opportunities.
- Strong industry connections facilitate internships, work placements and volunteering with exposure to sport organisations such as Australian rules football, the rugby code and World Surf League.
- Bond Business School is among the top percentile of business schools worldwide to achieve dual AACSB and EQUIS accreditation.
- Ideal for people wanting to work in sport either transitioning from another industry or seeking promotion in their current role in sport.

### Entry requirements

Entry into this program requires the completion of an undergraduate degree or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

Bachelor of Film and Television	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 063066E	6 semesters (2 years)	Jan, May, Sep	6.5 (6.0)	\$137,520

### Program overview

There is no better place to study film and television than Queensland's Gold Coast. Home to the largest studio lot in the southern hemisphere at the Village Roadshow Studios, the whole region is a blockbuster hot spot, producing films such as Pirates of the Caribbean, San Andreas, The Chronicles of Narnia, Thor, Aquaman and Elvis.

Bond's Bachelor of Film and Television program draws on the University's strong connections with the local production industry to provide hands on experience and real-life projects for our film and television students. Gain industry credits and make contacts working on movie sets, television shows, and at broadcast events. You will be taught by internationally experienced producers, directors, writers, videographers and show runners.

### Career outcomes

The rapid expansion of streaming subscription entertainment and media platforms has driven strong demand for professionals in all industries who have the ability to craft stories for the screen.

Closer to home, the film industry is booming. Offering diverse location opportunities, an accessible environment, and strategic film attraction initiatives by federal, state, and local governments, Hollywood blockbusters and international film productions are flooding into the Gold Coast. \$71 million has been earmarked to be injected into Queensland's film industry, and with these productions come job opportunities and global connections.

### Key features

- Gain practical, hands-on experience and industry credits through internships on local film, television, and screen media productions.
- 24/7 access to editing and production equipment in one of the largest film and television production facilities in South East Queensland.
- Work alongside working industry professionals on campus at Screen Queensland's Creative Hub.
- Build your creative portfolio from day one with the opportunity to partake in multiple film projects in creative student collaborations, as well as live Outdoor Broadcasts (OB) of sporting events.
- Learn in small classes, mentored by international award-winning film writers, producers, and directors.

### Entry requirements

Successful completion of Australian Year 12 or equivalent with a minimum score of ATAR 65, OP 15, IB 24 or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

Students may also pursue an alternative entry pathway. ## Jorund Smidt Opheim

NORWAY, BACHELOR OF FILM AND TELEVISION.

"I chose Bond because I wanted to see and experience a completely different part of the world than Norway, where I'm from. It was especially important that I found a school that had both a great social and educational environment. Bond stood out to me as a university that would give me the perfect balance, and since arriving on campus, that has been proven to me time and time again.

"It was also inspiring to learn that one of Norway's biggest filmmakers, Tommy Wirkola, went to Bond. To see that someone from the same tiny corner of the world as me has taken a similar path and succeeded was extremely inspiring, and solidified Bond as the best choice for me."

## → Construction, property and planning

For the creators and city makers. For those who want to shape the future of our homes, communities, and cities.

## Master of Construction Practice (Professional)

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 071289A	5 semesters (92 weeks)	Jan, May, Sep	6.5 (6.0)	\$79,100

### Program overview

Bond's Master of Construction Practice (Professional) is designed specifically for international students to equip graduates with the essential knowledge, understanding and versatile skill-set fundamental to the successful management of complex construction projects.

With a program designed in close consultation with prominent professional industry boards and delivered in collaboration by both academics and industry professionals, students will learn about the latest techniques and technologies in a mix of learning environments from the classroom to practical experiences incorporating industry guest involvement, skills sessions, projects, and practical assessment pieces replicating workplace tasks.

### Career outcomes

Construction is a fast paced and evolving industry. As one of the largest economic sectors, the construction industry seeks graduates with distinctive skills, knowledge, and practical experience across a variety of fields. Our offerings will equip you with the necessary knowledge to deliver complex construction projects for the best chance at success in your chosen career. Our programs are designed to provide you with access to a wide range of career pathways including building and construction management, contract administration, site management, facilities management, building services, quantity surveying, property development, project management, cost management and general management.

### Key features

- Graduate with a professional portfolio and a professional qualification professionally recognised by some of Australia's leading industry bodies including RICS and AIQS.
- Additional 20-week component to enhance your practical work-ready skills.
- Be qualified to apply for an Open Builders Licence through the Queensland Building and Construction Commission (QBCC) with completion of the prescribed selective subjects.
- Learn in the University's Sustainable Development Building Precinct promoting sustainable practices of tomorrow.

### Entry requirements

Entry into this program requires the completion of an undergraduate degree or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

## Professor Alan Patching

PROJECT DIRECTOR OF SYDNEY OLYMPIC STADIUM. DIRECTOR OF INDUSTRY ENGAGEMENT.

"It's hard to imagine a better time to pursue a career in the construction, property and planning fields. The market is currently very strong, and with the Brisbane Olympics less than ten years away, I strongly suspect these sectors will continue with vigour, and that will translate to ongoing opportunity for employment and rewarding careers.

"Bond's programs are delivered by experienced academics, many with substantial practical experience, which means students can be assured of cutting-edge information based on the very latest research and industry findings."

# Featured programs

Bachelor of Biomedical Science	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 063085B	6 semesters (2 years)	Jan, May	6.5 (6.0)	\$137,520

## Program overview

Biomedical science is the interface between science and medicine. It is the science of how the body works, what happens when it goes wrong – and why – and is the critical backbone of scientific developments and advances in medicine and healthcare. The Bachelor of Biomedical Science is a broad-based degree designed to offer a pathway to medicine, allied health and scientific research degrees. The program will develop your understanding of the molecular, cellular, anatomical, and physiological processes that occur in the human body. You will be working in the laboratories right from your first week, analysing case studies and applying problem-solving techniques in a variety of clinical, research and allied healthcare settings. You will also develop important health communication skills.

## Career outcomes

Individuals with a Bachelor of Biomedical Science degree have many different career options. Graduates may wish to pursue further studies for a career in medicine to become a doctor, or allied health to become a physiotherapist or a dietitian, or to further your skills in scientific research.

Careers in biomedical science are often either research-oriented or laboratory-focused. After completing the Bachelor of Biomedical Science program, you could expect to find employment in a range of industry sectors including, but not limited to healthcare, pharmaceuticals, health services and medical devices.

## Key features

- Learn in a dynamic and interactive environment using virtual reality and augmented reality technologies.
- Access to laboratories and personal support from dedicated laboratory staff.
- Tailor your degree by majoring in either Laboratory/Research or Pre-Health Professional.
- Pathway to a postgraduate qualification in physiotherapy, occupational therapy, nutrition and dietetics, healthcare innovations or medical research.
- High achieving graduates may be eligible to enter Year 2 of the Bond Medical Studies\*

\* The Bond Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) (CRICOS 0101292) and the Doctor of Medicine (MD) (CRICOS 11520H)

## Program prerequisites

Some programs have specific prerequisites, such as subjects that must be successfully completed prior to commencing study. If you do not meet the minimum entry requirements for your chosen degree, you may be able to study a diploma or foundation program to gain entry into Bond. Students must successfully complete a) English and b) one of Mathematical Methods or Physics. Visit the program page to find out more.

## Entry requirements

Successful completion of Australian Year 12 or equivalent with a minimum score of ATAR 80, OP 10, IB 28 or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

Students may also pursue an alternative entry pathway.

Learn more at [bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international](https://bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international)

## Pathway to medicine

Our lateral entry pathway offers an opportunity to enter into Year 2 of our Bachelor of Medical Studies\*

\* The Bond Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) (CRICOS 0101292) and the Doctor of Medicine (MD) (CRICOS 11520H).

## Bachelor of Exercise and Sports Science

Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
6 semesters (2 years)	Jan	7.0 (7.0)	\$137,520

CRICOS course code 063085B

### Program overview

Combine your interest in sport with the knowledge and understanding of how cells, organ systems and the body, respond to exercise and nutrition through a degree in exercise and sports science. Bond's Bachelor of Exercise and Sports Science looks at the science of human movement and how it relates to performance and sport at the highest levels. Throughout your studies, you will dive deep into human anatomy, exercise and sport physiology, exercise biochemistry and molecular biology, biomechanics, motor learning and control, and exercise and sport psychology. Engage with and deliver a wide range of athlete testing, performance analysis, exercise prescription and delivery for healthy individuals and non-athletes, as well as strength and conditioning programs for elite athletes.

### Career outcomes

The Bachelor of Exercise and Sports Science can lead to roles as an accredited exercise scientist (AES), strength and conditioning coach, athletic/sport program coordinator and various positions as a health and fitness consultant, working in corporate and community settings as well as a wide range of other professional outcomes available to graduates.

The exercise and sports science workforce play an important role in empowering others to engage in active and healthier lifestyle. Sports scientists in Australia can work in elite or high-performance sport, while others also work in semi-elite and grassroots level sport.

### Key features

- Fastest pathway to a career in physiotherapy, occupational therapy and nutrition and dietetics.
- Gain 140 hours internship experience in a variety of sport, exercise, fitness, and healthcare environments, and become recognised in the industry as an Accredited Exercise Scientist (AES).
- Become proficient with the latest technologies in sports performance, including GPS technology and video analysis.
- Build your network with valuable industry contacts through work placements, group research projects, internships, and event volunteer opportunities.

### Entry requirements

Successful completion of Australian Year 12 or equivalent with a minimum score of ATAR 70, OP 12, IB 25 or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

Students may also pursue an alternative entry pathway.

Learn more at [bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international](https://bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international)

## Sarah Ashley Marko

CANADA. NUTRITION AND DIETETIC PRACTICE ALUMNA.  
PLANETARY HEALTH CAMPUS AMBASSADOR.  
FOOD PHOTOGRAPHER.

"Bond has prepared me for the future in ways that I didn't expect. I've developed the knowledge and skills required to excel in my field, but beyond this, I've developed leadership skills that stem from the opportunities a small cohort brings. The individualised support I've received from professors has helped me not only to recognise my strengths, but to build on them - making a world of difference to how prepared I feel as I embark on my career."

## Master of Occupational Therapy

CRICOS course code 106625H	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
	6 semesters (2 years)	May, Sep	7.0 (7.0)	\$149,280

### Program overview

Occupational therapy is a dynamic, diverse, and rewarding profession. You will work with individuals, community groups and organisations to help them overcome barriers imposed by illness, injury, disability, psychological impairment, developmental delay or through the ageing and dying process.

With a focus on functional outcomes, occupational therapists are practical problem solvers and have a broad perspective of health and wellbeing, underpinned by a solid scientific base.

Bond's Master of Occupational Therapy is an extended masters, renowned for its unique blend of case-based learning, practical application and 1,040 hours of fieldwork embedded in the program. It is also the first occupational therapy master's in Australia that gives you the choice between a Clinically-focused Research Pathway (preparing you for careers in research and academia) or a Business-focused Research Pathway (where you undertake business electives relevant to careers in management and/or the private sector).

### Career outcomes

The Master of Occupational Therapy program has been designed to prepare graduates with the professional qualifications, skills and competencies required to practice as an occupational therapist in Australia and abroad. The Master of Occupational Therapy also meets the minimum standards for students wishing to practice in the United States. High achieving students, who complete the Clinically-focused Research Pathway, may apply to progress to the Professional Doctorate of Occupational Therapy.

### Key features

- Gain over 1,000 hours of practice-based education in the full spectrum of clinical settings for example private practice, community health, mental health services, aged care, and hospitals.
- Tailor your studies to suit your career interests by choosing either a Clinically-focused Research Pathway or Business-focused Research Pathway.
- Learn in purpose built occupational therapy teaching environments, interdisciplinary alongside physiotherapy, nutrition, and medicine.
- Complete the full educational pathway to postgraduate qualifications in occupational therapy in just 4 years of study (2-year Bond undergraduate program and 2-year Master of Occupational Therapy).
- High-achieving graduates may be eligible to enter Year 2 of Bond's Bachelor of Medical Studies\*

\* The Bond Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) (CRICOS 0101292) and the Doctor of Medicine (MD) (CRICOS 11520H).

### Program prerequisites

Some programs have specific prerequisites, such as subjects that must be successfully completed prior to commencing study. If you do not meet the minimum entry requirements for your chosen degree, you may be able to study a diploma or foundation program to gain entry into Bond.

### Entry requirements

Entry into this program requires the completion of an undergraduate degree or equivalent in health sciences or a related discipline. Students must also meet the University's minimum entry requirements and English language requirements.

### Pathway to medicine

Our lateral entry pathway offers an opportunity to enter into Year 2 of our Bachelor of Medical Studies\*

\* The Bond Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) (CRICOS 0101292) and the Doctor of Medicine (MD) (CRICOS 11520H).

## Joshua Derko

CANADA. JURIS DOCTOR.

"My advice for future Bond students is to take advantage of everything Bond has to offer. There are great programs, great guest lectures, great clubs - we spent two years indoors, so get out there and enjoy Bond's beautiful campus."

# Featured programs

## Bachelor of Laws

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 093922K	8 semesters (2 years, 8 months)	Jan, May, Sep	7.0 (6.5)	\$183,360

### Program overview

Bond University is one of Australia's leading law schools, renowned for its practical focus on developing legal skills and the calibre of its graduates.

The Bachelor of Laws, in conjunction with the Graduate Diploma in Legal Practice (GDLP), will prepare you for a career as a legal professional. Studying law will provide you with a thorough understanding of key legal topics including criminal law, property law, climate law, corporate law, and more. With the option to specialise in a specific area, including the world-first climate law and legal transformation double majors, you can choose from a wide range of electives and tailor your qualification to your interests and ambitions.

### Career outcomes

Bond's Bachelor of Laws is an approved degree for the purposes of admission as a legal practitioner in all Australian jurisdictions. Please note that to be eligible for admission you must also satisfy the practical training requirements. i.e., the Graduate Diploma in Legal Practice or a traineeship.

The Bachelor of Laws degree may also be used to apply for admission in other jurisdictions. Please confirm admission requirements in the particular jurisdiction in which you wish to practice.

Our Bachelor of Laws prepares graduates to pursue careers in the public or private sector, including solicitors, barristers, government lawyers, in-house counsel, judge's associates, academics, and business leaders.

### Key features

- Integrated Skills and Professionalism Program embedded throughout the Bachelor of Laws degree.
- Specialisations and majors available in a range of areas of law, including climate law and legal transformation.
- Work experience opportunities available through the Bond Law Clinic Program.
- Opportunities to participate in our outstanding Mooting program.

### Entry requirements

Successful completion of Australian Year 12 or equivalent with a minimum score of ATAR, OP, IB or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

Students may also pursue an alternative entry pathway. Learn more at [bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international](https://bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international)

## Juris Doctor

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 093923J	6 semesters (2 years)	Jan, May, Sep	6.5 (6.0)	\$139,080

### Program overview

Bond University is one of Australia's leading law schools, renowned for its practical focus on developing legal skills and the calibre of its graduates.

Bond Law has strong links with Canada and has been training Canadian lawyers for more than 20 years. With more than 150 Canadian students studying law at Bond at any given time, our rapidly expanding network of Canadian Bond alumni practise as partners and senior practitioners in Canada and across the world. Future Bond students from Canada can access further information at [bond.edu.au/canada](https://bond.edu.au/canada)

Students from around the world are welcomed to complete the Juris Doctor program. Bond offers a six-subject credit towards the Juris Doctor degree to students who have completed a law degree in a non-common law country.

### Career outcomes

The Juris Doctor (followed by the Graduate Diploma of Legal Practice) is the postgraduate pathway to a legal career in the public or private sectors as a solicitor, barrister, government lawyer and in-house counsel.

The firm foundational understanding of the law developed throughout the Juris Doctor degree is an invaluable way to enhance almost any career.

### Key features

- Develop essential legal skills with Bond's practical skills and professional program embedded through the degree.
- Participate in a world-class mooting program, renowned for its national and global accolades, furthering your advocacy skills in both Australian and international competitions.
- Choose from specialisations like corporate and commercial law and practice, international business and finance law, dispute resolution, Canadian Law and practice, legal transformation, or legal practice.
- Gain credit into Bond's Master of Laws program.

### Entry requirements

Entry into this program requires the completion of an undergraduate degree or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

## → Project management and innovation

For the organised and innovative. For those who want to lead the change, and know there's a better way to do it.

Undergraduate programs	CRICOS	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)

Bachelor of Project Management	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 101294	6 semesters (2 years)	Jan, May, Sep	6.5 (6.0)	\$137,520

### Program overview

The Bachelor of Project Management program enables you to manage projects and programs (or aligned groups of projects) within a portfolio and make decisions that lead to successful financial, social, ethical, and environmental outcomes. We adopt a hands-on approach using authentic case studies and evidence-based research. You can apply your new capabilities to any type of project in any industry sector. Our main objective is to teach you how to 'make things happen'. This is the primary purpose of project management.

Projects are vehicles of change and project managers are change agents. Whether you lead change related to initiatives for product creation, service provision, or systems development, project managers set out to deliver outcomes that are on schedule, within budget, as specified and with no surprises. This is achieved through a mix of technical, tactical, and strategic decisions that maximise value and minimise unnecessary effort.

The Bachelor of Project Management is taught by an experienced team of industry professionals and research-informed educators using weekly interactive classes held over two years (six semesters) full time.

### Career outcomes

Project management is a global profession, with over one million certified practitioners registered with the Project Management Institute (PMI). More than ever, project managers are necessary in almost every sector of business. With specialist skills in problem-solving, team leadership, change management, stakeholder communication and risk management, you could find work in the government, community, or private sectors in industries including but not limited to construction, business, engineering, manufacturing, mining, healthcare, property development, information technology, and disaster management.

### Key features

- A direct career pathway from high school to professional certification as a project manager available through Bond, the first and only university in Queensland to provide this option.
- Program endorsed by the Australian Institute of Project Management (AIPM) and structured around the international management standard PMBOK® Guide, the international standard for project management.
- Graduate with the skills to measure project success and be an effective decision-maker, capable of delivering projects on time, within budget, as specified, and with no surprises.
- Optionally articulate to our Master of Project Innovation.
- Choose electives based on your career ambitions or that interest you from across the university.

### Entry requirements

Successful completion of Australian Year 12 or equivalent with a minimum score of ATAR 65, OP 15, IB 24 or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

Students may also pursue an alternative entry pathway. Learn more at [bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international](https://bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international)

## Master of Project Management (Professional)

Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
5 semesters (92 weeks)	Jan, May, Sep	6.5 (6.0)	\$66,990

CRICOS course code 078182M

### Program overview

Future-proof your career with Bond's Master of Project Management (Professional), designed to equip you with the comprehensive business-ready knowledge and skills required to launch a career, specialise, or excel in the field of project management.

Specifically crafted for international students, this experientially oriented program will enhance your knowledge across an array of areas including sustainable practices, business strategy, change management and measurable performance.

Graduates will be equipped with the critical professional skills that employers seek in communication, leadership, team management, negotiation, and risk management and will be able to apply these skills via predicative, adaptive and hybrid ways of working.

### Career outcomes

Bond's Master of Project Management (Professional) will provide you with the ability to progress into a wide range of career pathways in project management in all areas of industry, government, and the not-for-profit sector. The skill set gained can be applied to a range of sectors including architecture, construction, facilities management, finance, health care, information technology, and property, as well as civil engineering and mining. You will be equipped with a comprehensive knowledge of sustainable practices and will be able to seek work anywhere in Australia or around the world.

### Key features

- Highly accredited program with both national and international recognition and transportability.
- Flexible study patterns ranging from part time (one or two subjects per semester) to full time (three or four subjects per semester).
- Extracurricular learning opportunities are provided that enable topical areas of practice to be explored outside of enrolled subjects (no extra cost).
- Exchange opportunities with other PMI-GAC accredited universities in other countries.
- Work experience option built into the final semester of the program for approved students.

## ➔ Psychology, criminology and social sciences

For the 'people people'. For those who want to help others, no matter their circumstances, and make meaningful personal and societal change.

	Duration	Commencing	IELTS or equivalent	Total course fee (AUD)
CRICOS course code 062655C	6 semesters (2 years)	Jan, May, Sep	7.0 (6.5)	\$137,520

#### Program overview

Psychology is the science of human behaviour. Delving deep into the processes of the mind, it helps us explain why we act the way we do as individuals and how we operate collectively as a society.

Bond University's School of Psychology has earned a reputation as a leader in undergraduate and postgraduate teaching and research. The Bachelor of Psychological Science is the first step on the pathway to becoming a fully registered, practicing psychologist in Australia, giving you an introduction to a broad range of concepts including biological psychology; social psychology; cognitive psychology; personality, learning and behaviour; cross-cultural psychology; psychopathology; motivation and emotion; and developmental psychology.

#### Career outcomes

Upon graduating from this program, students can continue their psychology journey by applying for further postgraduate study, in order to complete the full coursework pathway. Bond University is proud to offer students the complete pathway to becoming a registered psychologist in Australia, with all programs accredited by the Australian Psychological Accreditation Council (APAC) and approved by the Psychology Board of Australia (PsyBA).

Whether your passion lies in mental health support and guidance, behaviour management, or improving performance - in the workplace, on the sporting field, or in everyday life - the Bachelor of Psychological Science opens the door to a wide range of rewarding careers where you can make a real difference in the lives of others.

With a strong emphasis on critical thinking, communication and analytical skills, undergraduate qualifications in psychology can be applied to careers in private enterprise, government, and community settings. Some of the many possibilities include education (counselling, behaviour management), business (change management and organisational psychology), human resources and career guidance, criminal justice and child protection, sports performance, rehabilitation (counselling) and research, to name a few.

#### Key features

- Fastest pathway to become a registered practising psychologist. Complete your bachelor's (equivalent to Year 1 - 3) in just 2 years and the full registration pathway in just 4 years 8 months.
- Develop a strong foundation in the science of psychology and human behaviour. Choose electives in specialised areas such as neuropsychology, forensic psychology, and positive well-being.
- Participate in practical research in the Cognitive Research Labs.
- Network with professional psychologists and counsellors at events run by the Bond Psychological Society.
- Learn from internationally recognised psychologists, in small, personalised classes.

#### Entry requirements

Successful completion of Australian Year 12 or equivalent (see page 30) with a minimum score of ATAR 65, OP 15, IB 24 or equivalent. Students must also meet the University's minimum entry requirements and English language requirements.

# Sport is in our DNA

Sport and education are entwined at Bond University. We have a proud sporting tradition and we provide opportunities for students to participate at a social, competitive, or elite level.

## Bond University Sports Centre

The University's multi-million dollar Sports Centre incorporates a state-of-the-art gymnasium, TRX Suspension Training Studio, boxing circuit training room, and a regular timetable of group exercise classes. Bond's Aquatic Centre includes a 50m Olympic-size heated swimming pool and a FINA-ratified 10-lane, 25m pool. The campus also features extensive outdoor sporting facilities including rugby and AFL fields, 3 x 3 courts, and tennis courts, as well as indoor facilities for basketball, netball, esports, futsal, badminton, volleyball, cricket, and squash. Access to the Sports Centre, group exercise classes, outdoor and indoor sporting facilities, and the Aquatic Centre is included as part of the Student Services and Amenities Fee.

## Sport clubs

Joining a sporting club is a great way to meet new friends, and Bond has more than 20 to choose from. Competing under the Bond Bull Sharks banner, you'll have the opportunity to compete in the UniSport Nationals.

## High performance sports

Bond has key high performance sports including swimming, rugby, rugby sevens (men and women), AFL (men and women), tennis, netball, equestrian, and esports, offering world-class coaching, facilities, and partnerships to ensure we compete at the highest level both domestically and internationally. Bond student athletes have competed at the Olympic and international levels.

## Esports

A recent addition to Bond's high-performance sports facilities is the state-of-the-art Esports Hub. Devoted to competitive video-gaming, the Esports Hub is equipped with 12 high performance gaming machines, a training and coaching facility for analysis and strategy, and the ability to stream to Bond's 500-seat theatre for an audience.

## Bond Elite Sport Program

Bond University is a member of the Australian Institute of Sport's Elite Athlete Education Network (EAEN), which provides flexible study loads and requirements for athletes at the very top of their sport. Athletes competing at a state, national, or international level in their chosen sport are invited to apply to the Bond Elite Sport Program. [bond.edu.au/elite-sport-program](http://bond.edu.au/elite-sport-program)

## Sports research

The Bond Institute of Health & Sport is a world-class teaching and training centre which regularly hosts international athletes and professional teams. Specialist training and preparation facilities at the Institute's High Performance Training Centre include a strength and conditioning gym and training facility, 25m indoor lap pool, temperature controlled recovery pools, oxygen-regulated altitude training room, and the sports science laboratories. The Institute is also used extensively by students studying exercise and sports science, physiotherapy, occupational therapy, and nutrition and dietetics.

## Usman Khawaja

AUSTRALIAN CRICKETER.  
QUALIFIED COMMERCIAL PILOT. MBA STUDENT.

"I believe an MBA from Bond will give me the right skills and knowledge to help me in a broad range of professions. I love the campus but the most important thing to me was the people and attention to detail.

"It's a relatively small campus in terms of admissions, so you have more chance to interact with your lecturers and tutors on a personal level."

# Get started

## Applying to Bond

You can apply to Bond at any time through our direct and free online application portal. The entry requirements you need to meet will vary depending on your program - we encourage you to browse our full range of programs on our website, and explore their related requirements. You may also prefer to apply through Bond's extensive agent network for additional support and guidance throughout the process.

## Undergraduate entry requirements

Bond recognises a variety of international secondary school qualifications including the ACT, Advanced Placement (AP), General Certificate of Education (GCE) A Levels, Global Assessment Certificate (GAC), International Baccalaureate (IB) Diploma, European Baccalaureate (EB) Diploma, and SAT. Minimum scores vary by program. Learn more at [bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements](https://bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements) The University also imposes minimum entry requirements for all undergraduate students regardless of citizenship. Applicants with recent secondary school education (within the past two years) are eligible to apply - please refer to [bond.edu.au/entry-to-bond/entry-requirements/undergraduate-admissions-criteria](https://bond.edu.au/entry-to-bond/entry-requirements/undergraduate-admissions-criteria) for more information. If you do not meet the University's minimum entry requirements, or the entry requirements for your program, you may be able to complete a pathway through a diploma or our Foundation Program. Learn more at [bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international](https://bond.edu.au/entry-to-bond/entry-requirements/international-entry-requirements/pathways-into-bond-international)

## Postgraduate entry requirements

Postgraduate entry varies by program, but is dependent on successful completion of a recognised undergraduate qualification. Some programs may require a higher GPA or completion of a degree in a related study area. For more information, visit [bond.edu.au/program](https://bond.edu.au/program) and select your program of choice to explore its admissions requirements.

## English language requirements

In addition to academic entry requirements, all Bond degrees have specific English language requirements, which can be met in a variety of ways. These include approved English language tests, the successful completion of education in English, or the completion of a Bond University College English Language program. Explore more at [bond.edu.au/english-language-requirements](https://bond.edu.au/english-language-requirements).

International English Language Testing System (IELTS) Academic	Test of English as a Foreign Language internet-Based Test (TOEFL iBT)	Pearson Test of English (PTE) Academic
IELTS 7.0 (no subscore less than 7.0)	TOEFL iBT 94 (no scores below 27 in Writing, 23 in Speaking, and 24 in Reading and Listening)	PTE 65 (no Communicative Scores below 65)
IELTS 7.0 (no subscore less than 6.5)	TOEFL iBT 94 (no scores below 24 in Writing, and 20 in Speaking, Reading and Listening)	PTE 65 (no Communicative Scores below 58)

IELTS 6.0 (no subscore less than 5.5)	TOEFL iBT 60 (no scores below 19 in Writing, 16 in Speaking, and 10 in Reading and Listening)	PTE 50 (no Communicative Scores below 42)
IELTS 5.5 (no subscore less than 5.0)	TOEFL iBT 50 (no scores below 16 in Writing, 14 in Speaking, 7 in Reading and 6 in Listening)	PTE 42 (no Communicative Scores below 36)

# Pathways to Bond University

If you don't meet the minimum entry requirements for your chosen degree, Bond offers a range of pathways through Bond University College to help you achieve the necessary academic results.

Our pathway programs are delivered on campus by Bond University College and consist of academic and English preparation programs designed to get you ready for your chosen degree. Integrated with the rest of the University, Bond University College programs offer students additional support in small class environments. Bond University College students have full access to the same on-campus resources and facilities as other students and are welcomed as valuable members of our community from day one. Successful completion of a Bond University College program will permit entry into a related Bond University undergraduate degree with varying credit awarded\*. For most study areas, the time to completion from a diploma to a bachelor's program is the same, due to the foundational knowledge you build during your diploma. Once your diploma is complete, you will enter your bachelor's program in Semester 3, which ensures you can still graduate ahead of your peers at standard universities. Through Bond University College, we also offer the Foundation Program to help non-native speakers meet our English language requirements, and the Diploma Preparation Program to enhance your academic skills ahead of undertaking a diploma.

For more information on admissions pathways, please refer to [bond.edu.au/pathways](http://bond.edu.au/pathways).

\* Not applicable to all bachelor level programs

## Admission pathways

### Higher education diplomas

**Duration:** 8 months (2 semesters)\*

**Starting:** January, May, September

Our diploma-level studies provide a pathway for students who do not meet the academic or English language requirements for direct entry into their chosen bachelor's degree, or who would prefer to start their university journey in a more supportive environment. Successful completion of your diploma qualifies you for entry into a Bond bachelor's degree with varying credit.

\* Excluding Diploma of Creative Design (CRICOS 105412G) Duration 3 semesters (1 year)

### Diploma Preparation Program

CRICOS course code 0101445

**Duration:** 4 months (1 semester)

**Starting:** January, May, September

The Diploma Preparation Program has been specifically designed for students to pathway into Bond University diploma programs. You will develop the core skills necessary for academic success, delivered by experienced and supportive teachers in small, personalised classes. The three subjects covered in this one-semester program are:

- Culture and Communication 1
- Culture and Communication 2
- Digital Solutions

### Bond University College Foundation Program

CRICOS course code 063151G

**Duration:** 8 months (2 semesters)

**Starting:** January, May, September

The Bond University College Foundation Program provides a pathway for international students to pursue undergraduate studies.

Students learn core academic and English language skills, as well as the independent learning skills required for entry into an undergraduate program at Bond University.

### English

CRICOS course code 103878M

**Duration:** Up to 7 study periods

The English (ELICOS) program is designed to improve your English language skills to enter university. Offered in 10-week blocks, the subjects are designed to increase English language proficiency and develop academic skills, digital literacies and intercultural competence in preparation for university study.

A 4-week subject is available for students seeking to improve their English skills in one sub-skill only; for example, speaking. The program provides a personalised teaching approach in a supportive environment with dedicated student support. English students can access the same support services, leisure, library and IT services available to all Bond University students.

## Pathways to Bond University

\* The average Bond University undergraduate program can be completed in two years, but this may be longer for some areas of study.

# Scholarships

Bond offers a number of part-fee scholarships and bursaries to high achieving international students for undergraduate, postgraduate, and research degrees. Scholarships are awarded throughout the year. When you apply for your chosen program, you will also be assessed for a scholarship – there is no requirement to complete a separate application.

For more information and eligibility criteria, please visit [bond.edu.au/scholarships](http://bond.edu.au/scholarships)

## International Undergraduate Excellence Scholarship

**Eligibility** Awarded to high academic achievers who are applying to study at an undergraduate level. Scholarships are awarded on the basis of academic excellence.

**Value** 50 per cent tuition remission.

## International Stand Out Scholarship

**Eligibility** Awarded to standout students who are applying to study at an undergraduate or postgraduate level. Scholarships are awarded on the basis of academic merit.

**Value** 25 per cent tuition remission.

# How to apply

1

## Select your program

Choose the program that best fits your interests and future goals. Explore our full range of programs at [bond.edu.au/program](http://bond.edu.au/program)

---

2

## Complete your application

Applications for most Bond programs can be lodged at any time, direct to Bond through our online application portal. There is no application fee. Be sure to submit all required documents, which may include academic transcripts, your passport and your English language proficiency test results.

---

3

## Submit your application

You can submit your application directly or via an agent. You or your agent will receive an email from Bond to confirm your application was successfully submitted.

---

4

## Receive your Letter of Offer

The application review process will normally take around two weeks, providing all supporting documentation has been submitted. If your application is successful, you or your agent will receive an email from us containing your official offer.

---

5

## Accept your offer

To accept your offer, log into our online application system and accept, and then pay the required fees as listed on your offer. If you applied via an agent, please contact them to find out how to accept your offer and pay.

---

6

## Get ready to start

As the semester approaches, we'll be in touch with details for your Orientation – your official welcome to Bond University. The Orientation experience features an exciting program of social activities where you can relax and meet people, and get ready for university life.

---

A young man with dark hair and a mustache, smiling broadly, stands in a well-lit hallway with large columns and a staircase in the background. He is wearing a dark blue short-sleeved button-down shirt with a small white pattern, light blue trousers, and a white belt. A yellow and red wristband is visible on his left wrist.

## Neil Josen Delos Reyes

PHILIPPINES, MASTER OF SCIENCE BY RESEARCH.

"My advice for prospective students is to choose the university that ticks most, if not all, of your boxes. For me, I loved the idea of Bond's small class sizes and accelerated courses.

"I wanted to pursue my tertiary education quickly without sacrificing any of the opportunities that could help me land a job after graduation, and Bond has really enabled me to do that."
