

## First Response Fire Training Quiz For students attending clinical placement

Details	
Student Name	
Date	
Ward	

Fire related and other emergency incidents have the potential to seriously injure and kill personnel. It is therefore necessary to have the knowledge and skills to protect yourself and others. Students, just like employers also have a responsibility to ensure emergency procedures are understood and followed in a safe manner. This questionnaire will ensure that you have understood these requirements.

Instructions
Please Read the training information you have been given. For each question, please indicate if True or False by placing a tick (✓) in the boxes below.
