

YOUR GUIDE TO

Orientation

SEMESTER 251
14-18 JANUARY 2025

In the spirit of reconciliation, Bond University acknowledges the Traditional Owners and Custodians of the land on which the University now stands. The Kombumerri people have walked and cared for this land and wildlife for thousands of years, and their descendants maintain spiritual connection and traditions. We thank them for sharing their cultures, spiritualities and ways of living with the land and wildlife in this place we all now call home. We pay respect to Elders past, present and emerging.

How room numbers work.

Bond's rooms are labelled in the order of building number, then level, then room number. For example, 06_02_01 indicates Building 6, Level 2, Room 1.

Understanding the semester code [251].

At Bond, we refer to each semester with a three-digit number. The upcoming January 2025 semester is 251. To work out the semester number, take the last two digits of the year (e.g. 2025 - '25') and the number of the semester (we're in semester 1, so use '1').

Parking on campus.

Parking is free for all students at Bond with a valid digital parking permit. Register your details [online](#) now.

BUSA's Top Tips

Plan your semester

Practise your time management! Know when your assessments are due and plan ahead when you know you have busy periods. Don't forget to collect your wall planner!

Study early, revise regularly

Ensure to effectively manage your time to finish your notes early, so you can revise your study materials frequently and commit them to your long-term memory!

Give yourself frequent breaks

If you think you need a break, take one! Don't forget to treat yourself and interrupt your studies with active moments to rejuvenate your brain (exercise is great for this!)

Hang out with your friends

Although it might feel like you have no time, socialising is important for maintaining your mental health. Make sure to rely on those close to you for support when needed, they will know first-hand the stress that your studies can bring!

Seek feedback from those who know best; your teachers and tutors

Don't ever feel afraid to ask for help from teachers and experts in your subjects. It's their job to help students

Make sure you sleep!

Your body needs rest in order to recover and perform, so don't forget to treat your body and give it the rejuvenation it needs.
