GENERAL INFORMATION					
PROGRAM INFORMATION					
The Graduate Certificate in Evidence Based Practice will transform the way professionals interpret and keep up to date with the growing volume of research evidence. It will deepen professionals' ability to critically read and translate published research in order to sustain high-quality practice and inform improvements where appropriate. It will also provide an understanding of research methodologies for students considering higher research degrees. The Graduate Certificate can be completed for up to sixteen months part-time. Two core subjects and two elective subjects must be selected.					
SUBJECT INFORMATION					
HPER71-112: Is offered in both the January and May semesters. HPER71-118 Assumed knowledge: A minimum of one year of work experience in a clinical or quality improvement role within any healthcare setting, including hospitals or community care.					

CC-63054 Graduate Certificate in Evidence Based Practice				
Version	2			
Total Subjects	4	Total Credit Points	40	Cricos Code NA
Structure				
Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.				
Available	Code	Title	Assumed Knowledge	Requisite
You must complete the following required subjects:				
J	HPER71-110	Evidence Based Practice and Policy		
J/M	HPER71-112	Knowledge Translation in Healthcare		
Directed Elective Choose two subjects from the Directed Elective options				
S	HPER71-111	Health Systems: Australia and International		
S	HPER71-113	Generating Evidence Using Research Methods		
M	HPER71-114	Educating the Health Workforce		
M	HPER71-116	Planetary Health		
S	HPER71-117	Sustainable Healthcare		
J	HPER71-118	Translational Simulation in Healthcare	See 'Subject Information'	
J	HPER71-119	Leading Innovation in Healthcare		
M/S	ENFB71-104	Entrepreneurship and Innovation		
J/S	MGMT71-326	Project Innovation and Change		
J/M/S	MGMT71-104	Managing People		
M	BMBA71-301	Data Analytics for Decision Making		
J/M/S	SSUD71-103	Principles of Project Management
