GENERAL INFORMATION					
NA					
PROGRAM INFORMATION					
The Graduate Certificate in Health Systems will positively challenge the way professionals understand and work within Australian and international health systems. The way in which the diverse population interacts with and uses healthcare services will be explored to promote equitable systems. Professionals will be facilitated to compare and benchmark health systems and identify opportunities for evidence-informed innovations.					
The Graduate Certificate can be completed for up to sixteen months part-time. Two core subjects and two elective subjects must be selected.					
SUBJECT INFORMATION					
HPER71-112: Is offered in both the January and May semesters.					
HPER71-118 Assumed knowledge: A minimum of one year of work experience in a clinical or quality improvement role within any healthcare setting, including hospitals or community care.					

CC-63055		Graduate Certificate in Health Systems		
Version	3			
Total Subjects	4	Total Credit Points	40	Cricos Code
Structure				NA
Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.				
Available	Code	Title	Assumed Knowledge	Requisite
You must complete the following required subjects:				
J	HPER71-110	Evidence Based Practice and Policy		
S	HPER71-111	Health Systems: Australia and International		
Directed Electives 2				
Choose two subjects from the following options.				
J/M	HPER71-112	Knowledge Translation in Healthcare		
S	HPER71-113	Generating Evidence Using Research Methods		
M	HPER71-114	Educating the Health Workforce		
M	HPER71-116	Planetary Health		
S	HPER71-117	Sustainable Healthcare		
J	HPER71-118	Translational Simulation in Healthcare	See 'Subject Information'	
J	HPER71-119	Leading Innovation in Healthcare		
M	BMBA71-301	Data Analytics for Decision Making		
M/S	ENFB71-104	Entrepreneurship and Innovation		
J/M/S	MGMT71-104	Managing People
