GENERAL INFORMATION					
PROGRAM INFORMATION					
This diploma program is designed to build on undergraduate studies in health and related sciences to develop specialist knowledge, skills, and attitudes relating to occupation and health. For entry students, this program is useful for graduates with ambitions to enter post-graduate medical programs, or for those with existing occupational therapy qualifications requiring professional updates before applying for Australian qualification recognition or re-entering the workforce. These studies also prepare graduates to work in rehabilitation, aged care, and disability services in roles such as allied health assistant, aged care assistant, or disability support worker.					
SUBJECT INFORMATION					
CC-63059		Graduate Diploma in Occupation and Health			
Total Subjects 8		Total Credit Points 80		Cricos Code	106624J
Structure					
Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.					
Available	Code	Title		Assumed Knowledge	Requisite
You must complete the following required subjects:					
M/S	OCTY71-100	Foundations of Occupational Therapy			
S	OCTY71-101	Health Conditions and Multidisciplinary Management			
S	OCTY71-102	Neuroscience for Health Professionals			
J/M	OCTY71-103	Enabling Environments: A Systems Approach			
S	OCTY71-107	Evidence based Practice for Health Professionals			
Directed Elective Choose three subjects from the following options					
J	OCTY71-104	Engage: In Occupation			OCTY71-100, OCTY71-101
