PROGRAM INFORMATION					
The Master of Sport Management (Professional) explores the professional challenges for managers in the international sports industry. This program is designed to enhance the career of established professionals, as well as assist individuals aspiring to forge a career in this unique sector. It explores the many aspects of sport management from a grassroots level through to elite professional sport organisations and events.					
SUBJECT INFORMATION					
ASSUMED KNOWLEDGE					
Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students’ lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.					
OPPORTUNITES					
Students may have the opportunity to participate in an international study tour experience or internship as a general elective. Those interested should consult an Enrolment Officer in Student Assist for guidance and to check eligibility requirements (e.g., GPA, language proficiency, prerequisites).
