<b>GENERAL INFORMATION</b>						
Bond's Bachelor of Health Sciences (Honours, Intensive) allows you to complement your undergraduate studies with a focused research project of your choice, over a 7-month (two semesters) period. You will be required to conceptualise, plan, organise, undertake, and report on an independent research project while being supervised by an academic staff member.						
<b>PROGRAM INFORMATION</b>						
The honours (Intensive) program is an intensive period of research training and independent research culminating in the production of a research thesis and presentation of a research seminar. Students undertake an intensive program of coursework and research in which they conceptualise, plan, organise, undertake and report on an independent research project, whilst being supervised by a member of the academic staff. Focussed research projects in the various disciplines will vary on an annual basis.						
<b>SUBJECT INFORMATION</b>						
CC-62012		Bachelor of Health Sciences (Honours, Intensive)				
Version	1	Total Credit Points			90	
Total Subjects	5	Structure				
<b>Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.</b>
