LAWS11-310	Corporate Law	JMS	10
LAWS11-313	Equity	JMS	10
LAWS11-317	Administrative Law	JMS	10
LAWS11-318	Evidence	JMS	10
LAWS11-325	Civil Dispute Resolution	JMS	10
LAWS11-326	Legal Profession	JMS	10
STAT11-112	Quantitative Methods	J | M | S	10
Innovation Option 10	Students must choose 10 credit points (10CP) subject from the Innovation Option		
ENFB11-101	Everyday Entrepreneurship	S	10
MGMT13-311	Leading Innovation and Change	M | S	10
Enterprise AI Option 20	Students must choose twenty credit points (20CP) from the Enterprise AI option:		
DTSC13-301	Deep Learning Through Neural Networks	JM	10
DTSC13-305	Financial Trading Systems	S	10
DTSC13-306	Modern Machine Learning Models	S	10
ENAI11-111	AI for Business Professionals	J | S	10
FINC12-201	Financial Applications and Analysis	J | M | S	10
MKTG13-315	Marketing Analytics	M | S	10
Law Elective 70	Students must choose seventy credit points (70CP) of subjects from the Law Elective selection		
Optional Law Major	Students are encouraged to undertake an optional Major. This will substitute sixty credit points (60CP) of Law elective subjects.		
Optional Law Specialisation	Students are encouraged to undertake an optional Specialisation. This will substitute forty credit points (40CP) of Law elective subjects.		
General Elective 30	Students must choose thirty credit points (30CP) of undergraduate subjects from across the University.		

Program structure and sequence plan

Available J | S	Program Overview	Cricos 121234J	Version 1

The Bachelor of Enterprise Artificial Intelligence/Bachelor of Laws is a combined undergraduate degree comprising 440 credit points completed over 11 semesters (approximately 3 years and 9 months full-time). Students complete 30 credit points of Core Curriculum subjects, 280 credit points of required subjects, a 10 credit point Innovation Option, 20 credit points from Enterprise AI Options, 70 credit points of Law Electives, and 30 credit points of General Electives, with opportunities to undertake optional law majors or law specialisations. The degree prepares graduates to work at the intersection of technology, artificial intelligence, business, governance, and law, equipping them for careers in AI strategy, technology consulting, data and analytics, legal technology, regulatory compliance, cybersecurity, digital transformation, and the legal profession.

Assumed Knowledge

Assumed knowledge is the minimum level of knowledge of a subject area that students are assumed to have acquired through previous study. It is the responsibility of students to ensure they meet the assumed knowledge expectations of a specified subject. Students who do not possess this prior knowledge are strongly recommended against enrolling and do so at their own risk. No concessions will be made for students' lack of prior knowledge. Please check for all requirements on your subject outline prior to enrolment.

Opportunities

Students may have the opportunity to participate in an international study tour experience or internship as a general elective. Those interested should consult an Enrolment Officer in Student Assist for guidance and to check eligibility requirements (e.g., GPA, language proficiency, prerequisites).

Additional Notes

Bachelor of Laws Major
Students may choose to complete an optional Law Major in Climate Law (60cp) or Legal Innovation and Technology (60cp). To be eligible for a Major, students must complete six elective subjects (60cp) from either the Climate Major subject options or the Legal Innovation and Technology subject options. Please see details of the Major options on the Bachelor of Laws/Subjects webpage.

Bachelor of Laws Specialisation
Students may choose to complete an optional Law Specialisation (40CP). Students must complete a minimum of four Law Electives within one of the specialisation areas (see below). Eligible students will receive a Specialisation Certificate. Please see details of the Specialisation options on the Bachelor of Laws/Subjects webpage.

The available Law Specialisation (40cp) options are:
- Canadian Law and Practice
- Climate Law
- Contemporary Legal Issues
- Corporate and Commercial Law
- International and Comparative Law
- Legal Innovation and Technology
- Legal Practice

Bachelor of Laws (Hons)
Bachelor of Laws degrees are awarded with Honours according to the student's cumulative percentage average of Law subjects and the grade awarded for successful completion of LAWS13-569 Legal Research Project (as an elective) for students commencing a Bachelor of Laws program in or after 2015. For students who commenced their Bachelor of Law program prior to 2015 and for further information on the Bachelor of Law (Hons), please see the Law Honours / Distinction information webpage.
