# **COMPLEMENT YOUR DEGREE WHILE STUDYING ABROAD**

**SUBJECT PACKAGES IN THE  
FACULTY OF HEALTH SCIENCES & MEDICINE**

## The Faculty of Health Sciences & Medicine at Bond University is recognised for the excellence of its education and research in the medical, health and sports sciences.

The Faculty offers a personalised educational experience and is able to create custom Study Abroad subject packages for students pursuing careers in Nursing, Nutrition / Dietetics, Kinesiology and pre-professional degrees such as Pre-Medicine and Pre-Physical Therapy.

Below are sample study abroad packages to specialise in during your studies at Bond University. More information on subject availability and entry requirements can be found at [bond.edu.au/subjects](http://bond.edu.au/subjects).

Bond's Biomedical Sciences program delivers individualised and unique learning experiences by bringing new technology into the classroom. Augmented reality, virtual reality, 3D printing and mixed reality helps students step away from the textbooks and learn in 3D space.

Our students interact with and are mentored by professional sports scientists while gaining real-world expertise in exercise science and / or strength and conditioning.
