

## Business Courses for Incoming Exchange Students

The College of Business at Clemson University values the partnerships we have maintained with our exchange partners. In order to aid incoming exchange students through the course request process, we have developed this guide to identify courses that may be a challenge to request for those who are not Clemson degree seeking students.

The following is a list of courses taught in the College of Business that are in high demand by Clemson degree seeking students. The availability for incoming exchange students may fluctuate each semester depending on availability. Students are welcome to request these courses given that they have the appropriate pre-requisites, but we recommend that back-up courses are identified in case they cannot be accommodated into the course.

Course Subject	Course #	Course Name
Accounting	ACCT 2010	Financial Accounting Concepts
	ACCT 2020	Managerial Accounting Concepts
	ACCT 3110	Intermediate Financial Accounting I
Finance	FIN 3060	Corporation Finance
	FIN 3110	Financial Management I
