

# Student Information

## Bond University and Osler Clinical Placements Assessment Software

Students are required to log into <https://bond.force.com> and use their Bond University credentials to gain access. *Note: Osler is not supported correctly in Internet Explorer, please use another browser, i.e. Google Chrome, FireFox.*

Please watch the Medical Students instructional video – [click here](#)

To view your assessment to be completed click on the Assessment Tab

Supervisors will be set up in two different formats – Guest Assessor and Faculty User Assessor.

if your supervisor does not show up when searching for your Assessor on your assessment form, you will be required to ask them for their name and email address to invite them as a Guest Assessor. An email will be sent to the Assessor to invite them to participate as your Assessor.

### **Setting up the App on your phone/tablet**

Osler have enabled Bond University's Single Sign On credentials so you will be required to complete a step on the Osler App to allow the App to link to the Bond University Assessment. This is a one-off login process.

#### **Apple/iOS instructions**

Download the "ePortfolio" App via the App Store on Apple/iOS and follow the below instructions. The website to enter is [bond.force.com](https://bond.force.com) (no https://)
