Profile of the Gold Coast

Time Zone: AEST - Australian Eastern Standard Time (UTC+10)

Located approximately 90 kilometers SSE of Brisbane, the Gold Coast is the fastest growing, sixth largest city in Australia. Its current population is 710,650. This is expected to continue to grow by 13,000 to 16,000 people per year, so that by 2026 the City of Gold Coast will be home to more than 730,000 residents. Gold Coast City has been identified as one of the most desirable places in the world to live ranked on political, social, economic and environmental factors, personal safety and health.

Stretching along 57 kilometres of stunning coastline, the City of the Gold Coast is best known for its surf, sand and sunshine, bordered by its lush hinterland.

The tourism destination spans Beenleigh and South Stradbroke Island to the north, Cabarita and Kingscliff to the south, west to Beaudesert including World Heritage Listed national parks. Our natural beauty, relaxed lifestyle and ideal location make the Gold Coast one of the most unique cities in which to live and work.

The Gold Coast offers one of the largest choices of themed attractions in the southern hemisphere with interactive experiences and plays host to exciting events, a year-round balmy climate, extensive services and some of Australia's largest shopping centres.

Infrastructure is well established with professional tourism and business services. There are more than 65,000 bed spaces, more than 40 resort and championship golf courses, around 500 restaurants and major convention and exhibition venues.

Weather

The Gold Coast has a comfortable sub-tropical climate ideal for outdoor enjoyment all-year round. We average 245 days of fine and sunny weather each year with an average rainfall of about 1,400mm annually, the majority of which falls in the summer period (December - February). Daytime temperatures on the coast are generally in the mid 20°C.

Australian Taxation Office

Before you start work, or soon after, you may need to obtain a tax file number (TFN). The tax you pay will include income tax, which is charged on income you receive. To avoid being over taxed, we recommend that you apply for a TFN. Information regarding how to apply for a TFN is found [here](#). The Financial Year in Australia runs from 1 July - 30 June.

At the end of the income year (30 June), most people need to lodge an annual tax return.

Superannuation

Superannuation in Australia refers to the arrangements which people make in Australia to have funds available for them in retirement and is compulsory for Bond University to pay into a nominated fund. In your employment pack, you will find information pertaining to superannuation. More information can be found [here](#).

Please note that we are unable and are not authorised to provide advice regarding taxation and superannuation.

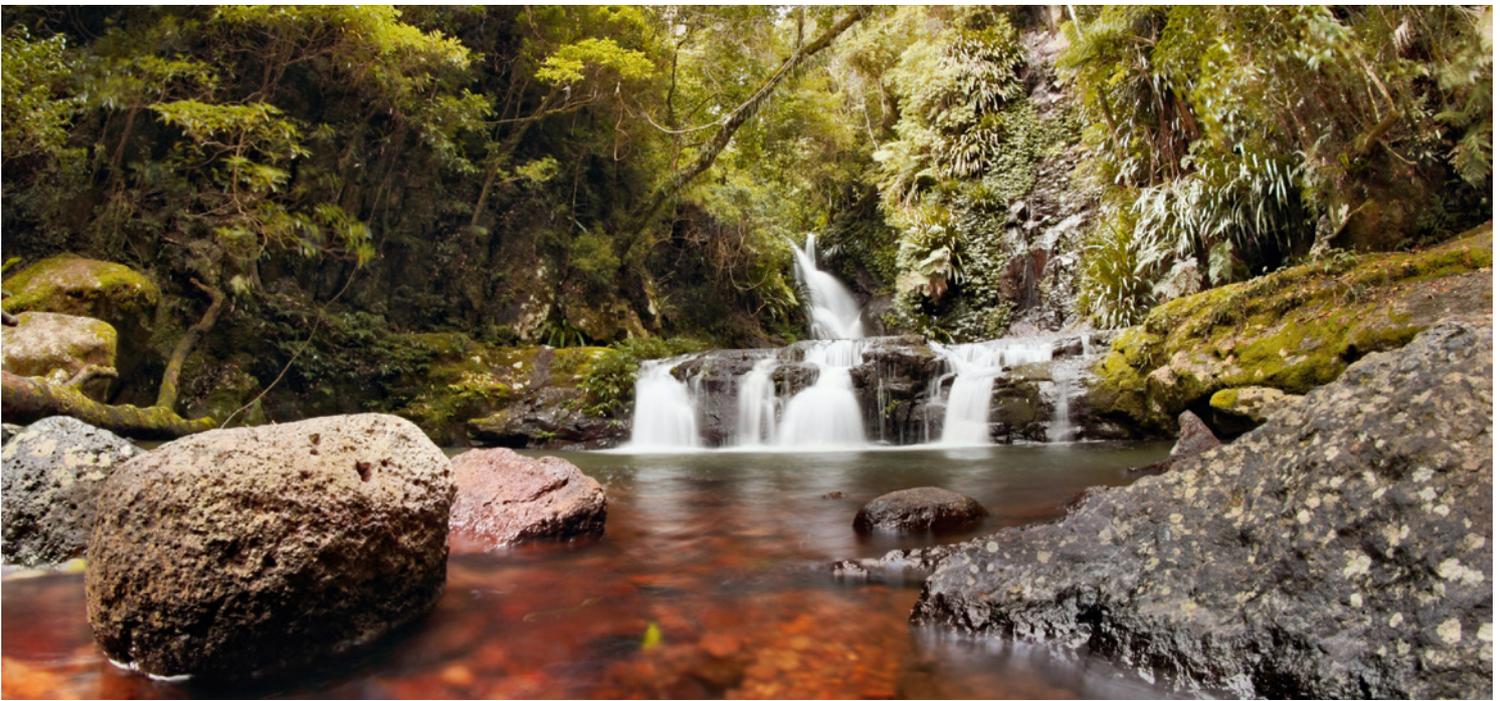

Public Transportation

Public transport is available on the Gold Coast via trains, buses and the light rail system. The preferred and most economical method of payment is via a Go Card (cashless system). These cards can be purchased on-line or via some news agencies and train stations.
