Date submitted to iLearn:	
Time submitted to iLearn:	

Submission of an assessment constitutes an agreement with the following declaration:

- I hereby declare that I have read and understood the University's [Academic Integrity Policy](#), [Student Grievance Management Policy](#) and [Student Code of Conduct Policy](#), and that the submitted work does not breach these policies;
- I certify that this assessment item has not been submitted previously for academic credit in this or any other subject;
- If this Assessment has also been submitted in hard or electronic copy, I certify that this is a direct equivalent of the other copy of my assessment; and
- I acknowledge that the assessor may:
  - Reproduce this assessment item and provide a copy to another member of the Faculty;
  - Communicate a copy of this assessment item to a plagiarism checking service (which may then retain a copy of the item on its database for the purpose of future plagiarism checking); and
  - Submit the assessment item to other forms of plagiarism checking.
- I declare that this assessment is my original work and no part was copied or reproduced from any other person's work or any other source (including artificial intelligence), without appropriate attribution.
- I further certify that in completing this assessment task:
  - I have not engaged in unauthorised use of Generative AI, where 'unauthorised' means beyond the scope of the approval to use Generative AI communicated by the lead educator for my subject; and
  - I have clearly disclosed within my work the extent of my use of Generative AI in completing the assessment task through identifying and referencing relevant parts which have been written by AI and those parts where AI has assisted with the development and writing. (note: This may be disclosed by a statement that relates to the entirety of the assessment task).
